Smile, You're on Candid Camera

by Chris Ludwig

On March 21, 2020, then SCOV BOD President John Wilson conducted the first Board meeting via Zoom, facilitated by our incredible administrative staff, who subsequently assisted other committees and clubs in setting up their own Zoom meetings. Over the past two years, I have participated in close to 100 Board, committee, and club Zoom meetings. While there were numerous technical problems to be worked out, there was also a learning curve for participants as all of us had to master Zoom etiquette. Hundreds of residents have tuned in to watch, listen, and participate in their pj's with coffee cup in hand, and guess what? Everyone can see you. Oh, the things we have seen and heard over these past two years: Amazon delivery person arriving at the door, the cleaning lady vacuuming, barking/whining dogs, hollering spouses, leaf blowers outside, contractors working inside, sweet spouses bringing coffee and a smile to list a few. The most memorable for me was when SCOV BOD President Joy Huxtable was out of state and conducted our three-hour Board meeting sitting in her car outside Wendy's (her only WiFi connection). With her computer battery running low, Joy's always prepared husband was there with a backup battery.

While Zoom technology has allowed us to engage many more residents in meetings than was ever the case in person, you need to be aware that if you can see yourself in a Zoom box, so can everyone else. And, they can see your first and last name. So, carrying on a conversation, flossing your teeth, taking a nap, communicating with your pet and using four-letter words should be avoided. If your camera is sitting on your lap, the view to the other participants is up your nose. The way to avoid these potentially embarrassing moments is to use the mute button on your Zoom screen. There is one that mutes the audio and another that controls the video. You can still see and hear everything that's going on during the meeting, but the other participants cannot see or hear you. This will ease the distraction to all involved.

This article is intended to take a look back at where we've

come, to laugh at ourselves, and to think, hope and pray we can go back to the good 'ole days of in-person meetings. I hope to see you there.

At a Glance Observations

Many of you may be going to cooler country for the summer very soon. Please remember to make arrangements for your property to be looked after while you are gone. Yards especially get overlooked and unsightly weeds are the result. Having someone take care of your yard will keep our community looking good.

The Posse is again driving around our community at night. Many thanks and a big shout out to those on the Posse for volunteering their time and efforts to keep our community safe.

SCOV elections went well thanks to the efforts of the Nominating Committee, Election Committee and staff with Robin Coulter in the lead. Well done, all of you.

The Activity Center Renovation continues with demolition completed and steel studs being erected. The team of six residents and three staff meet weekly with the contractor's team and every other week with the architects. So far, we are told, we are on time and under budget.

The Board of Directors for 2022-2023 elected officers the first week of April. They are: President, Ronna Heinig; Vice President, Mike LaBarbera; Secretary, Elaine Deeter and Treasurer, Rocky Gedrose. Congratulations to all and thank you for being willing to serve in these positions.

At a time when words of hate and animosity seem to prevail around the world, my thanks goes out to those of you who provide kind words and support to myself, staff and other residents in our community. You are truly what makes Sun City Oro Valley great.

A reminder: if you have a concern about a staff member please contact me instead of the staff member. I will work to resolve the issue.

The restaurant continues to generate record revenues and serve record numbers of meals. Our gratitude goes out to our residents for supporting the restaurant.

Staying Safe in SCOV

by Marsha Dean

Recently the website, ElitePersonalFinance, published a list of the 30 Safest Places in Arizona 2022¹. Extracted from the latest data from the FBI crime statistics in the United States, Oro Valley ranked number one as the safest place to live in Arizona. Violent crime was used as the main criteria.

According to the Oro Valley Police Department's crime statistics, larceny-theft has the highest incidence of the reported crimes in Oro Valley. Be sure that you are not a victim. One of the easiest things you can do is keep your doors locked and garage door closed. The SCOV Posse has resumed nightly patrols following a two-year Covid-19 hiatus. These patrols help to deter potential thieves, but they are not a substitute for exercising caution on your part.

The Arizona Attorney General's Office has a website full of resources that seniors may find useful: Care facilities and hiring a caregiver, legal information and services, businesses and their licensing—such as contractors, and programs and services for seniors. You may want to bookmark this page www.azag.gov/seniors/.

The Posse is back on patrol

The Attorney General's website also has scam alerts. Consider signing up for monthly scam alerts sent to your email. These alerts contain important information on topics specific to seniors such as gift card purchases, computer tech support, home repair fraud and phishing.

There is also a helpful section for life care planning.

The frequently asked questions (FAQ) may be very helpful as you begin to prepare a Living Will and Durable Health Care Power of Attorney.

The Consumer Financial Protection Bureau² provides some helpful tips to protect yourself from scams:

- Don't share numbers or passwords for accounts, credit cards, or Social Security.
 - Never pay up front for a promised prize. It's a scam if you are told that you must pay fees or taxes to receive a prize or other financial windfall.
 - After hearing a sales pitch, take time to compare prices. Ask for information in writing and read it carefully.
 - Too good to be true? Ask yourself why someone is trying so hard to give you a "great deal." If it sounds too good to be true, it probably is.
 - Watch out for deals that are "good today only," and that pressure you to act quickly. Walk away from high-pressure sales tactics that don't allow you time to read a contract or get legal advice before signing. Also, don't fall for the sales pitch that says you need to pay immediately, for example, by wiring the money or sending it by courier.
 - Put your number on the National Do Not Call Registry. Go to www.donotcall.gov or call 888-382-1222.
- Remain vigilant and do your part to keep Oro Valley a safe place to live.

Congratulations, Kris Ahlstrand, Distinguished Service Award Recipient

by Chris Ludwig

The Board of Directors' Distinguished Service Award is given to the member-volunteer who has made an exemplary contribution to the quality of life in SCOV. Over the past two years, many volunteers have kept things running as we all have been confronted with unprecedented challenges. However, one person stands out, Kris Ahlstrand, co-chair of the Architectural Review Committee (ARC). If you haven't gotten ARC approval for a project since Covid, you may not be aware that pandemic restrictions necessitated the transition from a paper to an electronic application and review process. Kris was instrumental in this transition.

Looking back, Kris and her husband, David Murphy, moved to SCOV in 2008, and Kris joined the ARC in 2018, starting her four-year involvement. Having a background in the garment industry and home remodeling, this was a natural fit. After serving 18 months as a committee member, ARC business-as-usual was suspended by Covid restrictions. No more stopping in to talk with Katy, no more site visits to review applications, and no more meetings to discuss compliance, modifications, and approvals. Residents and contractors were in high anxiety mode regarding their submittals. How are we going to handle new applications? The first step was to ask Kris to be co-chair of ARC, and she got to work immediately.

Needless to say, the learning curve was steep, there were a number of false starts, and a supreme effort was needed from staff, committee members and applicants. What had been a paper-based submittal process has morphed into an entirely electronic process. Welcome to online applications, digital plot plans and aerial photographs, new submittal logging and tracking software, masked and distanced site visits, email correspon-

dence, and Zoom review meetings. Through it all, Kris was the catalyst, motivator, leader and tireless worker. As SCOV residents retreated to their social bubbles, they planned remodeling projects. During one eight-month period of her co-chair tenure, ARC approved 381 submittals. This not only allowed resident projects to move forward, but it also helped keep our valuable contractors in business.

Not to be overlooked is Kris' dedication to assisting homeowners and resolving neighbor disagreements. In 2019, SCOV members voted to ensure that homeowner views would not be significantly compromised by home expansions. This was followed by Board Policy ARC-006, Home Expansions and Patio Covers. Kris worked to develop procedures implementing these new ARC review responsibilities. Going forward, ARC will meet with homeowners prior to their submitting an application so that potential points of non-compliance can be identified and modified before money is spent on professional services. Kris has spent many hours meeting with applicants and neighboring residents to resolve issues concerning a proposed expansion. Lastly, she also oversaw two revisions of the Development Standards (including the new Talavera front door colors), so that they would reflect the ever-changing remodeling desires of homeowners.

Kris will be leaving her position as ARC co-chair this month but will continue to serve on the board of the Gift Shop. She looks forward to designing pillows and runners using fabrics from around the world and guiding SCOV homeowners with their remodels. She is committed to working on new home colors and hopes to continue advising on the renovation of the Artisan Center.

How It's Made - Committee Version

I find shows about how something is made fascinating. My granddaughter and I watched a show about how rainbow sprinkles were made. Who knew so much effort and so many steps went into those colorful confections that dot scoops of ice cream? That had me thinking about the way committees are made in SCOV. You may not know how many steps go into establishing this amazing volunteer tool for SCOV, so, let's find out how committees are made.

The vote for directors is determined at the end of March. During early April the new Board meets to select its leadership, including the Board president. The new Board president is responsible for recommending committee chairs for the standing and advisory committees plus populating the entire Nominating and Election Committees. The General Manager is responsible for the Service and Support Committees. (Note: Ad Hoc and Task Force are short-term committees and are established as needed, so they are populated individually.)

Once the committee chairs have been selected by the Board president, they will start interviewing applicants from an earlier call to the community for committee members. All

completed applications are submitted to the committee chair who then interviews the applicants and makes recommends to fill vacant positions. At the same time, the current committee membership is reviewed to identify those who have remaining time in their three-year term. Sometimes those who have served for three years are recommended for an extension of their membership, which is approved by either the Board or the General Manager, based on the type of committee. At a May Board meeting the committee chairs and membership are approved by the Board. The committee work year begins June 1. And that's how SCOV committees are made.

Spring is Here

As our seasonal residents leave, we wish them all safe travels and look forward to seeing them back in the fall.

I am sure we are all counting the days until we have a new Activity Center that will allow us to bring you bigger and better entertainment and fun. Plans are in the works for more TAD Management shows and new forms of entertainment. Please be patient as we look ahead.

The smart phone class in April brought out an unexpectedly large number of residents. In order to supply you with better information for your particular phone, we will be having smaller classes in the Technology Lab that are geared for the make of phone that you have, either an iPhone or Android. Please look for times and dates for these events in "This Week In SCOV." Your patience is always appreciated.

Making Changes to Your Home

Many of our residents have already left or are leaving to go to greener pastures for the summer. We wish you safe travels.

Whether you have gone or are intending to go away for any extended time, please make arrangements with a landscaping service to arrange for monthly service to monitor overgrowth, weeds, spent wildflowers, dead plantings, etc. It is the owners' responsibility to maintain their yards whether here or elsewhere. Please do not rely on a neighbor or a Courtesy Notice from the Association to let you know if things look really bad. If we get a heavy monsoon, weeds will be prolific, and plantings will grow exponentially. Be proactive and schedule regular maintenance while you are gone so that those who remain here during the hotter weather can enjoy our beautiful neighborhood looking as it should. Thank you for your consideration.

I attended the Tucson Festival of Books for the first time. It was an amazing experience.

Former Sun City librarian, Kate Cusumano, reviewed several new books that were presented at the festival. You can locate these books in our Library by typing in "Tucson Festival of Books 2022" in the search bar of our Webopac system. The last book on Kate's list will be released on May 3 and added to our collection. If you are interested in previous festival books available in our Library, these can be searched using the same procedure and simply changing the date.

The Library is adding a new historical fiction series, *After Dunkirk*, by author Lee Jackson. From the beaches of Dunkirk to the codebreakers of Bletchley Park, the *After Dunkirk* series is a panoramic tale of war, love, courage, sacrifice and betrayal. A family scattered across Europe, doing their duty for king and country while war rages. Books 1-3 will be available in early May. Book 4 will be released in June. Stop by the Library and check out this new series.

How Much Sunscreen Should I Use, and How Often Should I Apply It?

Use enough sunscreen to generously coat all skin that will be not be covered by clothing. Ask yourself, "Will my face, ears, arms or hands be covered by clothing?" If not, apply sunscreen. Most people only apply 25-50 percent of the recommended amount of sunscreen. Follow the guideline of "one ounce, enough to fill a shot glass," which dermatologists consider the amount needed to cover the exposed areas of the body. Adjust the amount of sunscreen applied depending on your body size. Apply sunscreen to dry skin 15 minutes before going outdoors. Skin cancer also can form on the lips. To protect your lips, apply a lip balm or lipstick that contains sunscreen with an SPF of 30 or higher. Reapply sunscreen approximately every two hours, or after swimming or sweating, according to the directions on the bottle.

Special Note From the Aquatic and Fitness Center (AFC)

Contact Lonnie Davis, AFC Coordinator, to discuss questions or concerns with the AFC. Hours of operation for the AFC and Desert Oasis are on page 2.

Zoom meetings Second and Fourth Tue., 2 PM

The new Revised Development Standards have been approved by the Board of Directors. Please take a look at the changes that continue making our community high on the list of desirability. Members > Documents > Development Standards.

Mountain views obstructed by trees continue to be a major concern with the homeowners in our community. The objective is not to get rid of trees and bushes, it is to be aware of the views they might block. The Development Standards has a list of prohibited plant species and also a new list of approved trees that hopefully will be used if you are considering a new plant. As you are all aware, water is a valued commodity in our world today, so please consider this when planting. We moved to the desert because of its beauty, so why not plant drought-tolerant cacti and succulents?

For submittals pertaining to home expansions and patio covers, Board Policy 006-002 has been revised for clarity and to simplify preparing an application. The privacy walls

section has been expanded to allow tubes matching your slatted patio cover to cascade downward along the sides of your patio. Acceptable colors have also been added to slatted patio covers, and window colors have expanded to include black, the new bronze and cream. Permit guidelines have been established so you can plan accordingly with your vendors.

Continuing the desirability of our community does not happen unless you become involved. Please consider joining the ARC team, a great way of meeting neighbors and having a fun and rewarding experience.

Our Community Directory is on the SCOV website, and it's updated every month. Remember, new homeowners are unlisted by default, even if you moved within SCOV. To update your listing in the directory, the preferred method is to complete the online form "Change your directory listing." Otherwise, you can fill out an orange card at the Welcome Center.

Do you have a gorgeous photo of a SCOV setting that would be perfect for the cover of our Community Directory? It's time for our annual paper directory cover contest. Submit your best SCOV photo by Sunday, June 19. Go to www.scovaz.com/members/services/miscellaneous/ and click on SCOV Photo Contest Form. Your masterpiece could end up on the cover of the Community Directory or the *Tipster*.

Featured artists for May are Don Jovag and Elaine Woods.

Don is known for his food-safe wooden bowls and platters that feature intricate designs created with different colors and varieties of wood. When you feel one of

Don Jovag and Elaine Woods

these bowls, you get an appreciation for the quality of his work and his meticulous attention to detail. Don also makes beautiful and durable wooden bracelets, hoop earrings, charcuterie boards and urns.

Elaine Woods is a gourd sculptor. After carving the gourd, she dyes the outside, drills holes around the gourd, then prepares pine needles, softening them to a certain pliability to be able to work with them.

Elaine also makes silver pendants from the prickly inside of the cleaned gourd, using the lost wax casting method. They look very detailed, lacy and delicate.

Please come in and enjoy the work of all our wonderful resident artists in a cool space on a hot day.

Before We Know It

Before we know it, summer will be here, and we bid farewell to those who leave our community for the hot months ahead. Remember to have someone look after your home and yard while you are away, even if you are only gone for part of the time. A messy yard is an indication that you are gone, and it puts your home and belongings in what could be an unsafe situation.

During our monsoon season, weeds grow in abundance and need to be removed as quickly as possible. With possible storms, there are times when it's necessary to reach homeowners due to roof tile damage and/or downed trees. Don't forget to leave your summer address and phone number with Administration in the event they need to reach you.

Have a great summer knowing that your community and home here will look just as nice when you return as when you left.

Posse

Chair Linda Simón 520-789-7169 posse@SLP.com
First Tue., 3 PM, Desert Oasis
www.scovaz.com/members/committees/posse

The Posse needs you. Welcome to the new Posse members. We're delighted to have you. We continue to need volunteers to go on posse patrols, six hours a year (two 3-hour shifts).

We also are looking for two new board members. Two current board members have served 10 and 18 years each and are ready to move on to other endeavors. This is an opportunity for you to help the Posse and serve your community. Call Linda Simón 520-789-7169 for information.

Properties

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, WC1 and via Zoom

The Properties Committee conducts a number of facility and Chalk Creek Wash inspections throughout the year. During the inspections, participants make notes and take photos of their observations relating to safety, functional or appearance issues. Those notes and photos are assimilated into a draft report that is reviewed and edited by all committee members. The final report is then forwarded to Association management for resolution by staff. The committee is pleased to report that most recent observations have been appearance issues. The number of safety and functional issues have decreased during the past several years. Our recent meetings have been in person and via Zoom. Please see the calendar on the SCOV website for scheduled meeting dates, times and meeting format.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

We had another busy and successful season this year. Our new rates and membership information for the 2022-2023 season will be available on the website the first week of May, www.theviewsgolfclub.com.

Please be aware of some important dates coming up regarding the maintenance of the golf course. At the end of April, we aerated tees and will be continuing throughout the summer, as needed. A pre-emergent herbicide was applied to tees, fairways and roughs to prevent the goosegrass from growing during summer and fall.

During the first week of May, aeration of the roughs continues with no closure necessary. On May 12, the practice green will be aerated starting at 9 AM and will be closed until the project is complete.

The greens aeration begins May 16 with the back nine being closed for the day, but allowing play on the front nine. On the following day, May 17, the front nine will be aerated and the back nine will be open. Please indicate when booking starting times, whether you will play nine holes only, or play the same nine twice.

Starting on May 31, the fairways will be top-dressed and solid-tine aeration begins on the back nine, which will be closed through June 2. The following week, June 6-8, the front nine will be closed for aeration.

Thank you for a great season, and we look forward to continuing to serve you in the months and years ahead.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

This May will be both the same and different than previous years in regard to golf course maintenance. This year is different without the process of transitioning winter ryegrass out of the Bermuda grass since we didn't overseed.

This was one of the big reasons the fairways weren't overseeded, because it will allow the Bermuda grass a full growing season to establish a better root system without the competition from another grass growing on top of it.

However, the maintenance of the fairways, tees and greens

will be the same as every summer. In May, the greens will be aerated and topdressed to reduce compaction and encourage new root growth. The fairways are going to be aerated and heavily topdressed in June. Even though the fairways were not overseeded, the Bermuda grass still needs the addition of sand to improve soil conditions while reducing organic content. The combination of no transition this year and performing our normal maintenance practices will result in very thick roughs and fairways.

The thickness of the fairways and roughs eventually leads to problems. The grass grows faster than it can be mowed, which results in lots of clippings and eventually scalped areas. The scalped areas turn brown, and the excess clippings lead to messy conditions that impact playability. In response, the fairways will be verticut multiple times to thin the turf canopy, and mowing heights will be raised.

By not overseeding this year, the fairways will be extremely healthy leading to problems most golf courses wish they had, having too much grass.

Fourth Thu., 1 PM, Desert Oasis www.foundationscov.org

At 7:45 AM, most of us have not even gotten our eyes open yet. But, there is a group of Sunrisers Exercise Club members who cannot wait to get moving.

With their regular classes canceled due to Covid, this group continued to meet on the Kiva Patio lead by YouTube videos on an iPad. With the commencement of the Activity Center construction, the group began meeting in Studio 1 and 2 of the Fitness Center but found the TVs were old and not compatible with streaming.

Following a request to your Sun City Vistoso Foundation, a grant was made for the purchase of a new TV so that all of the participants could see and follow the videos.

If you need to get your blood flowing on Monday, Wednesday and Friday mornings (and at our age, don't we all?), join this active group. You will feel better and your day will be terrific.

On March 11, Clay Club members Bill Snead and Beth Colaizy presented a class focusing on the aesthetic considerations of the visual and tactile beauty of mug handles. The class of five participants soon came to realize that Bill likes nothing better than teaching. For the last 12 years, he has concentrated on throwing large bowls, but he has a special interest in mug handles as well. Bill says, "I like the mug to be both comfortable and pretty."

Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

If you have a knit or crochet project, or would like to learn, come and join us. An ongoing group project is making crocheted mats out of plastic shopping bags. You can participate in this project by cutting the bags into strips, stringing the strips into plastic yarn (plarn) and/or crocheting them into mats.

If you wish to donate bags, please flatten clean Fry's, Safeway, or Walmart bags and stack them by color. You can then fold all the stacks over into one, no need to fasten them together. This effort on your part greatly streamlines the cutting and crochet process. Please do not drop off newspaper bags as they do not work for this project, unfortunately.

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

What is this and what's it made of? Models are often representational (ships, cars, trains) or derived from science fiction or fantasy (think *Star Wars* or *Lord of the Rings*). Sometimes they are completely works of imagination. You will have to decide for yourself whether this object is animal, vegetable or mineral. Typically, our club members build kits or make their models from scratch using wood, plastic, metal and paint. John Collin fashioned this exotic creature in full color using a bit of desert flora, which is the seed pod of the plant known as devil's claw. Stop by the Modelers Room in the Artisan Center, or join us for our next monthly meeting on May 13 and kickstart your creative juices.

Tues., Wed., Thu. and Sat. 9 AM-1 PM, Catalina Vista/Art Studio

Artists: Some of you may have already left for the whole summer, and others will be leaving on short trips. While you are away enjoying the scenery, take photos, make sketches with colored pencils or try watercolor. Try something new. For those of you staying in SCOV, come to the Art Studio to paint with other artists.

Sculpture

Pres. Laurie Lichaa 520-991-9953
Mon., 9 AM-5 PM, Catalina Vista/Art Studio

The Sculpture Club meets Mondays in the Art Studio in Catalina Vista. If you are interested in becoming a member of our club or learning more about what we do, please stop by Monday mornings or contact Laurie Lichaa, president. If you would like to see some of our work, we have sculptures in the display cases in Catalina Vista and the SCOV Library.

This picture was taken in April at the Sculpture Club's annual pizza party, prior to members starting their summer travels. During this year, the club gained seven members that signed up and participated in a class taught by Aleda Haug. Several projects have been completed by various members, and some of the pictures have been shared in the past year *Tipster* articles. The club also had to deal with supply chain issues, as polymer clay orders were delayed; however, that did not hamper the creativity of the members of the sculpture group.

Casa Amigas

Sigrid Flatness 425-213-6689
Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

The Sewing Room is quieter these days after the departure of seasonal residents. It's a time to slow things down, even though we continue to work on our projects. Currently, we are sewing capri pants for girls, which include a colorful tank top. There are a few quilters working on child and baby quilts. It's also time to clean out closets and cupboards and take stock of what's on hand. Even though we are small in number, we're mighty in spirit. Now would be a good time to join Thimblelenas and get oriented to the Sewing Room. Or, stop in any Monday or Thursday morning to discover what Casa Amigas is all about.

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com
Wed., 1-3 PM, Artisan Center/Sewing

Cheer Bears have been very busy this winter and we have filled our shelves. We really enjoy spending time together and will now be distributing many of our bears to new homes this summer.

We have put some of our Cheer Bears in the Gift Shop

for sale, and all funds will go to our club to purchase the supplies we need to keep on marching. So, stop by the Gift Shop to see the bears and maybe purchase one for that grandchild you want to thrill.

Our thanks go to the Tennis Club for the generous cash donation from the tournament they held last month. Costs for material and stuffing have increased. Thank you also for your donations of stuffing and flannel.

The Tapestry Hooking and Fiber Arts group meets Tuesday mornings in the Sewing Room. If you are interested in our group, stop between 9-11 AM. The group provides materials and instruction for those interested in learning hooking. People involved in other arts using fiber are invited to join our group.

Shown here is Carol Sallmann's project. The top left shows her project drawn on vellum paper (tracing paper). Carol then used a hot iron transfer pencil to outline the pattern. Monk's cloth on the top right is the material she chose for the foundation. The image was then transferred to the foundation using a hot iron. On the bottom right is the outcome of the transfer. Some of the lines appear faint but can be darkened with a marker.

Finding new interests can result in helping others. A member for three years, Linda Terp joined Show 'n Share on the recommendation of neighbor Marilyn Al-

letzhauer. Linda brought greeting cards to work on, then discovered the need for greeting cards for nursing home residents through fellow member Debra Dirks. Linda especially enjoys the camaraderie of creating with others, the intent of Show 'n Share. Linda participates in Pet Beds, volunteering her time with fellow "cut-ups" for the Humane Society. She enjoys walking and time spent with her husband, John, and their cat, Mittens.

Silversmith and Lapidary

Pres. Rich Rozehnal 520-638-6368 rozehnal@comcast.net

Shop hours: Mon.-Fri., 9 AM-Noon, 1-4 PM, when monitors available

Member meetings first Mon. of each month, 2 PM, Artisan Center/Silver Shop

SCOV residents interested in joining: Please visit the shop and speak to the monitor about scheduling training.

Our featured artist of the month is Rose Stapfer, an Arizona native. She joined the Silversmith Club, "Los Plateros," 27 years ago, after trying four or five other art forms. She recalls that Keith Staley was her mentor. He was a very accomplished silversmith and geologist and was active in the club until age 99. Rose served on the board for several years as treasurer, secretary and membership chairman. She is also one of the shop monitors and a trainer for new members. Rose believes that silversmithing is a very rewarding hobby. You use your creativity in

Rose Stapfer

both the cutting of stones and making the silver piece. Upon completion, you have created a piece of jewelry that you can enjoy wearing. She strongly recommends giving it a try, especially if you like to create something with your hands. Rose's beautiful jewelry is on display in the Silversmith Shop windows.

Bonnie's ultimate goal: this gorgeous stained glass parrot. John just loves creating, such as this winsome and cheery balloon fused-glass piece.

We are extremely fortunate to call the Kearsings fellow members of our glass studio. They are talented and ingenious artists, who have created hundreds of pieces of artistic glass items. They both spent many years instructing others and researching the art of designing with glass.

The SCOV Glass Club was one of the main reasons for choosing a home in our community. Our club far exceeds what most clubs do, according to John. Bonnie and John both agree on what makes our club superior. Our members are exceptionally friendly and always willing to share their knowledge. Both like the fact that any and all tools necessary are accessible. Interestingly, Bonnie and John resided in a motor home for fifteen years and visited all fifty states. Isn't it nice that they chose Oro Valley as their permanent residence?

Pertinent information above. Please visit us soon. We generate innovation.

Wood Carving

Bob Ash 520-282-3688 SCOVcarvers@gmail.com
Sat., 9-Noon, Artisan Center/Lapidary

Come by the Artisan Center/Lapidary Room on Saturday morning, meet some wood carvers and see what projects they are working on. While you're there, check out the Carvers' Club window displays of bark carvings, wood carvings and gourd art. If you think you might be interested in wood carving, we can help you get started with some basswood, tools, a project and basic instruction. If you are already a wood carver, bring your tools and a project and join the conversation.

VP Karen Curry 708-822-3057 kindheart77@att.net
Next meeting Thu., May 19, time and place TBA
www.scovwoodworkingclub.com

A new training program has just been designed for all Woodworking Club members who wish to enhance their woodworking skills. This has been a joint effort by some of the Wood Shop's senior monitors, including this month's featured woodworker, Dave Goff.

Dave developed a love for woodworking in junior and senior high school. After 40 years as a structural engineer, he rediscovered this early love after moving to SCOV four years ago. He speaks freely about the high level of talent among his fellow woodworkers and their friendly willingness to share their knowledge and experience. Dave spends his summers

in Washington. While here, he's created several beautiful pieces of woodworking artistry (see photo).

A new member orientation is held at the Wood Shop the first Wednesday of each month at 4 PM. Call Bill Norton at 480-980-5493 for further instructions. For questions or more information, please visit the website or call an officer.

Metaphor is a figure of speech that allows poets to embellish their writing by creating vivid images that transcend literal meanings. Metaphors tend to activate imagination and broaden the reader's understanding of what the writer wishes to convey. "Playing with Metaphor" is an excellent example of club member Christa Lubatkin's skillful use of this device to describe a real or imaginary couple (this poem

was previously published in "The Write Launch"):

His eyes were sunshine / my eyes pooling rain drops
together we were morningdew / moonbeams searching
the dark
the torch of peace in the night / cascades of wisteria in
purple and white
we were yoke and withers / trotting together to unseen
commands
we reveled in each other's goodness / costumed for the
ball of our lives
god and goddess frolicking/parting waters weathering
fire and ice

Our present plan is to continue Zooming our meetings throughout the summer, enabling those who change locations to participate. Newcomers are always welcome to receive an invitation.

This is a month for "Thank You" and "Welcome Aboard." Thank you goes to the outgoing Fido's Friends board members, Chic Garner and Carol Tombre. Chic served as president and co-president over the years and is instrumental on getting many improvements completed at the K-9 Korral. Carol

We welcome three new board members: Pres., Mary Murck; Co-Sec., Bertha Medina and Co-Membership/Treas., Marion Olson. Thank you all for stepping forward.

One final special thank you goes out to Rick Price and his staff at the Views Golf Club. They put on the Yappy Hour that our dogs and owners enjoy so much. - Adjust your drip-irrigation timer to meet plant needs in warmer weather.
- Apply regular watering to fruit-producing plants such as citrus.
- Fertilize container flowers, roses and citrus late in the month.
- Prepare beds for monsoon vegetable gardening.
- Remove fading cool-season annuals and replace with warm-season growers.
- Keep your compost pile moist and turn it weekly.
- A container garden using five-gallon tubs is a good option for keeping a small garden.

Enjoy your summer. Our next meeting will be in October.

This club provides an enjoyable social evening monthly during fall and spring, to get to know your SCOV neighbors who enjoy cooking (and eating) interesting food. Our four dinners in members' homes (December - March) provide relaxing fun as we explore various cuisines (e.g. German, Indian, South American) or get creative with more ambiguous themes, such as Color. The March theme was Seafood Feast (see photo; many additional mouth-watering photos are on the website). Since everyone brings part of the shared meal, the hosts can be spared huge effort. Each dining group decides how to translate the month's theme into menus. We also have catered events and an occasional summer potluck. We'll email our members about this coming summer. Questions or suggestions? Please contact a club officer.

Last month's highlight was dancing to live music with Sun City's very own Klezmer Group.

Folk dancing is a wonderful way to exercise both your body and mind while socializing in the company of a warm and welcoming group. We encourage everyone who is fully vaccinated and boosted to join us and tour the world in music and dance. We review each dance prior to dancing, keeping in mind that the only mistake you can make is to not have fun. No experience, no partners required. Bonus: No meetings, no minutes, no dues; just dance, dance, dance. There is even a club website which lists each week's dances along with a video link to each dance for those who like to watch or review dances at home.

Please give it a try. Questions? Come and see, check out the website or call Raven.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

To get the full benefits of Pilates, a person should understand the basic principles. This may take a little time and patience, as the exercises may be different from others you are familiar with, but they are fun, interesting and challenging. Pilates can even become addictive. It teaches proper balance, breathing and how to focus on strengthening your core (your abdomen and back muscles). Constant movement from one exercise to another results in developing strength and stamina, and your posture is improved. The spine lengthens and joint flexibility and mobility increase. SCOV has two experienced instructors who teach mat Pilates classes and, if necessary, can modify many of the moves for us. The cost is \$8/class and annual club dues are \$20 pp. Please stop by and watch a class. Call Mary.

Vistoso Cyclists membership is only \$15/year, hard to believe, given we are one of the best cycling clubs for seniors in the nation. Aside from the rides, our members enjoy our very useful website, including a searchable member directory, club classifieds, online ride schedule, cycling resources and more.

We offer several hundred scheduled rides year-round, among four different ride subgroups, from 20 to 60+ miles, to cafe destinations within Tucson and nearby towns, utilizing both pathways and roadways. Occasional away rides are offered as well. Our cafe stops offer coffee and conversation, greatly enjoyed by our members.

The club has e-bike, mountain biking, and Women on Wheels subgroups. There's also our monthly club newsletter email.

All schedules can be found within the excellent member area of our website. We also host social events and support both the Interfaith Community Services Food Bank and Wheels for Kids. For more information or to join, visit our website.

The little non-descript Bell's Vireo is often heard, but rarely seen. Its cheery song is loud and, here in SCOV, it lasts most of the summer. Listen for it: the Bell's song is a jumble that usually ends with "meet cha." There are eight species of vireos in Arizona, but this is the only one likely to hang in SCOV. All vireos are gleaners and eat insects off the tree leaves.

We are a 90-plus member, activity-oriented group and all SCOV residents are invited to join us on our field trips to learn more about the birds here in Arizona. Below is a list of upcoming bird outings. If you are interested in going on any of these, be sure to contact the trip coordinator for details at least three days in advance and ask to be added to our mailing list.

Scheduled hikes are posted on the website

April showers bring May flowers. Really? Join us for a hike and find out.

While we offered an average of 50 hikes per month during our winter season, the month of May starts our summer

season of fewer, shorter and earlier hikes. We need more sunscreen, more water and more electrolytes, but we're still hiking.

Our newly elected 2022-2023 SCOV Hiking Club officers started April 1: Pres., Georgene Porter; VP, Jake O'Neill; Treas., Claude Janus; Sec., Jane Budden and Chief Guide, Laurie Payne.

The picture was taken from the trail of our Bear Canyon/Sycamore Canyon key exchange hike, where one group hiked uphill 1,000 ft. and 3,000 ft. downhill, while another group hiked uphill 3,000 ft. and downhill 1,000 ft. We met halfway on the 11-mile trail and literally exchanged car keys.

The three winners received prizes and gift certificates. Entry fee was nonperishable food which was donated to IMPACT of Southern AZ Food Bank. The club has already made a monetary donation to the food bank.

Attendance has increased for table tennis while room availability has decreased. Many other clubs are now using rooms that were originally designated for table tennis. As a result, our schedule for play fluctuates considerably, and it is recommended that players call Catalina Vista at 520-825-8613 for room availability the day they want to play.

Please note that Tuesdays, 1:30-3:30 PM, are reserved for women only.

Tennis Club members gather for spring social and fun

Tennis Club members gathered at the spring social last month. We celebrated and welcomed 30 new members to the SCOV Tennis Club who joined since the be-

ginning of the tennis season this past year. Our growing tennis club outpaces the USTA impressive growth of tennis nationwide and is the biggest increase in two years. Welcome new members. A study by Medicareful living, found that senior tennis players "displayed high aerobic capacity, greater bone density, lower body fat, and more strength." Another study found that "playing tennis may increase your life expectancy by nearly 10 years," not to mention the health benefits of good company and fun. So dust off that racket and come join in the game. There is always room for more at any skill level. If you are interested in the great sport of tennis, or joining any one of the organized tennis groups, contact Jim Benshoof (listed above) for all available days and times.

Wallyball

Pres. Chris Baird 520-344-9170 cbaird0622@gmail.com
 VP Don Kahl 605-310-3270 kahl.don@gmail.com
 Treas. Janell Raty 530-401-2477 janell066@yahoo.com
 Game days, Tue., Fri., setup 12:45 PM, play 1-3 PM, AFC/Racquetball Ct.

Wallyball is volleyball played on a racquetball court with three to five players on a side. Players use the side walls to create angles, but the ball cannot hit the ceiling or the back wall of the opposing team. It is a terrific aerobic activity that tones muscles and improves coordination and balance.

Come join to see if this game is for you. Men and women are welcome, and tryouts are encouraged. We play on Tuesdays and Fridays from 1-3 PM. It's great fun and we look forward to seeing you there.

 Recreational play Sun., Thu., 1-3 PM,
 Advanced play Mon. 1-3 PM, Tue., 10 AM-Noon, Desert Oasis pool

Recreational play is for anyone regardless of their ability. Some advanced players play on recreational days, but the pace is more casual so anyone can participate. Competitive play is for the more advanced players. The most important component for playing is laughter, laughing at each other or even ourselves when we miss an easy shot. If you are curious stop by, but bring your suit because you may be compelled to join the fun.

LET OUR FAMILY HELP YOURS | WWW.BRENDAOBRIENTEAM.COM

Brenda was absolutely the angel we needed to expedite everything we needed to get done for our sister's estate. She not only handled the real estate sale with finesse, it sold day one on the market with three offers and closed 30 days later, but her efforts went way beyond what one would expect. She was invaluable in many ways, having to organize this from a different state. Due to her help we were able to hire an estate sales company, attorney, repair man, cleaning service, and she met roofers and got estimates. We can't thank her enough for making a difficult situation absolutely manageable. *Roxanne, Home Seller*
