Having a Say

by Richard Babin

Should the members of our association – the people who pay the annual homeowner fee – have a say in how money is spent on large capital improvement projects? Well of course they should. At present, however, members get to vote only on new construction that exceeds 5% of the previous year's revenue, about \$337,000. They have no say on renovation projects regardless of cost.

What if instead of making a distinction between new construction and renovation we use the concept of a capital improvement project, i.e., a project that involves the renovation of existing facilities, new construction, or both? Often the two go hand in hand. The current plan for a lounge in the space previously occupied by the Pro Shop, the construction of an adjacent covered patio, and a Café remodel is an excellent example.

We should also consider increasing the trigger percentage of the previous year's gross revenue for bringing a project to the membership for a vote of approval given the concept of a capital improvement project. Personally I favor 7.5%, about \$506,000. It seems to me that our community should be able to decide whether to proceed with projects that cost more than one half a million dollars. The current lounge/patio/Café project would be one such project. I feel comfortable with the Board deciding on projects below the 7.5% amount. (The Board would continue to have exclusive control over emergency repairs and replacements.)

Our Bylaws must be changed if we are going to change the rules for bringing a project to the community for approval. Bylaw changes must be approved by two thirds of those voting. At its October meeting the Board created a committee to draft a proposal for a Bylaw change. I was a member. In November the committee recommended the capital improvement idea and a 7.5% trigger. By the time you read this the Board may have already acted to place a Bylaw change on the March ballot. But regardless of Board action or inaction the issue remains an important one that deserves membership consideration during the next election cycle in March.

General Manager - Bob Mariani

Restaurant-Lounge Project

The restaurant-lounge project that was approved by the Board on November 12th, as with many or most sizable projects, has its supporters and detractors. There are valid reasons for and against the restaurant-lounge project or at least for and against the cost. I fully respect all positions regarding this project and would like to express why it was wise for the Board to approve this work and why it will be an enjoyable benefit for the membership.

As I think nearly every resident will acknowledge, SCOV is an incredible community. While that is so, new communities are continually being developed and other existing communities are enhancing their amenities. As you know, buyers are attracted to these amenities. A perfect example of a very desirable amenity is the SCOV Fitness Center. This is a state-of-the-art facility that has and is attracting new buyers and is enjoyed by a large number of residents.

When viewing the competition, whether it be in the local area or similar communities I have visited as a part of industry workshops and conferences, the only shortcomings SCOV has, other than the ongoing updating that is needed, when compared to many of the most desirable communities, is the main pool area and the restaurant. In regard to the pools, I'm referring to the resort-style pools that truly are an attraction to home buyers. Of course, developing a resort pool area is very expensive, typically at least one-to two million dollars or more to build correctly. If this kind of project is undertaken in the future, a membership approval will be required and possibly a special assessment.

On the other hand, the restaurant-lounge project, while not a small investment, is far less than the cost of a resort-style pool and one that will be paid for with available Capital and Asset Reserve Funds. Plus it will be an amenity you can be very proud of, enjoy on a regular basis and can be confident that this beautiful facility, which will rival restaurants in nearly any other community, will attract new buyers to SCOV. With a fixed supply of homes in SCOV and an increased demand, not only will you enjoy this new amenity but you may also enjoy increased property value.

Playing in the Mud What Happens in the Clay Club

Article and photos by Joan Kelley

The SCOV Clay Club has been operating at the Mountain View complex since the dawn of Association activities. From a small room with a single kiln it has expanded during past years into a larger area with a membership of over 110 and still growing. The rooms inside our door are overflowing with clay buckets and busy potters who find themselves attracted to getting muddy and working in community with others of like mind.

In order to accommodate our burgeoning membership, the studio has turned into a true cooperative with groups volun-

teering for various teams to serve the needs of the whole. Those with more experience teach others to do the necessary work to keep the ware flowing through the system: to make glazes, fire the kilns and clean the studio.

Cleaning days turn into social hours and a chance to talk about ideas and get to know each other better. Veteran potter Mary Thul's reflection on a recent work day, "There were no hitches, just the usual cooperation and camaraderie.

Our group is so easy to work with." As many as 15 members will show up for a scheduled cleaning day and usually stay to snack. We are left with happy workers and a healthy work environment as a result.

Few of our members had much experience in working with clay before retirement. Many share their memories of making mud pies as children as their only reference to clay. Orientation classes are a must, and new members leave with their first piece drying on the shelf. Patti Pepelnjak has recently volunteered

to organize classes given by members to help others stretch their experience and learn more advanced techniques. New member, Zora Saunders, states, "How pleased I am, having completed my first pottery class. Gretel Wagner is a wonderfully patient teacher. I learned so much."

Experienced potter, Bob Arms, teaches wheel throwing to

more advanced students with a laid-back approach that is quite Zen in nature. He does not schedule classes, but simply offers that "when the student is ready, the teacher will appear." He has the ability to translate what his hands naturally can do with clay into a lesson for a frustrated new thrower stuck in collapsing wet clay. When their pots begin to grow in size and stability, the smiles are a delight to see.

The Clay Club is a complete teaching studio, thanks to the competence and organizational skills of our members. Former

classroom teachers teach pottery skills, organizers plan workshops or parties, and skilled workers create fixtures and do the physical work to keep the place running smoothly. When asked to write a simple process for firing kilns to help facilitate teaching others, kiln team leader Pam Dage, wrote a complete training manual. Our kiln volunteers can refer

to it at any time they have a question and find solutions immediately.

Many of our members simply make hesitant seekers warmly welcome. As Patti Owen-Slater reflects, "I have been very happy to be a part of this supportive community in the clay room. The constant positive input from all the members encourages me to value my own work as much as I value others' work."

Members of the Clay Club enjoy the opportunity to work independently in the studio at any time night or day. A monitoring system is currently being developed to accommodate resident nonmembers who wish to work on Association-provided equipment. For now, resident nonmembers can attend by appointment. Check the monthly Clay Club update for contact information. For annual dues of \$15, resident members have access to glazes, classes, club-owned equipment, social activities and acquire voting rights at our monthly meetings. We gather at 1 PM in the studio on the first Thursday of every month from September through May to review club activities, issues and budget items. The club also serves the wider community with pottery creations donated to the Empty Bowls project supporting local food banks.

As new member, Maureen Salz, writes, "The more I hang out in the clay room the more I'm enjoying it and the members!" That says it all.

Veteran potter Patti Bloom on right, works with novice Patti Owen-Slater on hand-building projects.

Janice Moll plans her next move on the potter's wheel.

Association Committees

Committee meetings are open and all residents are welcome to attend.

Active Health

Chair Janyce Lundstedt 503-475-0520 janyce.lundstedt@gmail.com
October-May, Second Tuesday, 1:30 PM, WCI
www.suncityorovalley.com/members-login/committees/active-health

The Active Health Committee has three activities to share this month.

First, on Friday, December 11, 1 PM, Auditorium, Kathy Khalsa, occupational therapist and Clinical Coordinator for the Senior Behavioral Health Unit at Oro Valley Hospital, will present *Boost Your Mood, Build Resistance, and Add to Life's Enjoyment*. Kathy's passion is working with adults and seniors to achieve their functional goals. Just as it requires effort to build physical health, the same can be said for mental health. Being mentally and emotionally healthy is more than being free of depression, anxiety or other psychological issues. Improving your emotional health can be a rewarding experience that adds to your overall enjoyment of life.

Second, by popular demand, the indoor walking group will continue Mondays and Fridays, 1-2 PM, AFC. Newcomers are welcome.

Third, an introduction to walking our golf course will be held Tuesday, December 8, 7:30 AM; come meet the leader, Clive Probert, outside the new Pro Shop. Walk for up to 45 minutes. This is for people who have not walked the golf course before. Bring water and wear walking shoes, a hat and sunscreen. Please register with Clive at 825-8719 beforehand.

AFC Advisory Committee

Chair Michael Takerian 520-256-3213 michaeltakerian@gmail.com
First Wednesday, 11:30 AM, WCI
afc@suncityorovalley.com

We all want to have an enjoyable experience while working out at the AFC (Aquatic & Fitness Center). Here are a couple of points to keep in mind while at the AFC.

In the pool, if you plan on doing laps, whether walking or swimming, you are to sign up for a lane. This will avoid potential misunderstandings. Lanes are to be shared.

Inside the AFC, cell phone conversations are not to take place. The lobby or outside in the breezeway are acceptable areas.

Please stay hydrated as water is still considered the best for replenishing lost fluids. Regular exercise, by building strength and stamina, prevents loss of bone mass and improves balance, actually reducing your risk of falling.

Your comments and suggestions can be written, and placed in the Suggestion Box in the AFC lobby or by email.

Architectural Review

Chair Lou Gard 520-825-4773 lougard@q.com
Second and Fourth Tuesday, 2 PM, WC3

The intent of the SCOV Development Standards is to preserve the desert environment and the Sonoran Desert southwest architectural character of our community and to maintain and enhance community property values.

The Development Standards provide an overall framework, and a comprehensive set of guidelines, which allow

the community to develop and progress in an orderly and cohesive manner. They establish criteria for architectural style and design, landscape concepts, site improvements, colors and materials. They also establish a process for judicious review of proposed new developments and changes within the community. These standards also set forth the means by which the standards and guidelines may be changed and amended to better serve the needs of an evolving community.

As we celebrate during the month of December, take a moment to think about the true meaning of the holiday season. The more we find ourselves separated from family and friends the more precious is the time we spend together. Meet a friend at The Views Restaurant to share a meal or a cup of cheer. Bring your guests to Happy Hour and enjoy the festive atmosphere. A big thank you to the staff will mean so much to them. Happy Holidays to all.

Your SCOV Gift Shop is a great place to find unique items for your holiday gift list. December featured artists are Elaine Woods (left) and Patt Bloom (right).

Patt got hooked on clay when she took a class in sculpture. "I liked the creativity of working with clay, and that led to slab and wheel work. It is a never-ending process that you can get lost in for hours. I like knowing my functional pottery can be put in the microwave, oven and dishwasher safely."

Elaine decorates gourds. "After carving the gourd, I dye the outside, drill holes around the gourd, then weave and sew on long pine needles." Her jewelry includes silver pendants cast from the prickly inside of the cleaned gourd. They are lacy and delicate and very individualistic. She also makes pendants from Mata Ortiz shards that come directly from the village in Mexico.

Website Features #2

The website is experiencing a lot of use, which is exactly our desired outcome. Residents are posting items to the bulletin board, 45 items to date, and rentals, 12 to date. This article will address a few more features. Also, be watching in January and February for training on the website provided by our Marketing Committee.

Dynamic website: One of the new features of the website is that it is a dynamic website. This means that whether you access it from your computer, tablet or smart phone, it has the same look and feel but adjusts to the size of the device accessing it. You don't have to enlarge the screen on your smart phone to read the text.

Calendar Update: Several have asked where the calendar from the old site went. Remember, it was the really big, long calendar that filled several screen pages. It's still there, but has been broken into manageable pieces of information where appropriate: for example Board items on the Board page, exercise information on the AFC page, etc. However, if you still want to access the big calendar, we've added it back into the new site by going to News/Calendar and then scrolling to the bottom of the calendar page where you will find a link.

Board Information: From the Members/Board tab all the information about the work of your Board of Directors is accessible from their calendar to agendas, packets and minutes.

One of the biggest changes between the old and new was separating the business of the committees from the services they provide residents. On our old site these items were all categorized by committees and if you wanted to find their services, you had to know which committee provided that particular service. The new site has separated the business of the committee from the services they provide residents. Committee business ie minutes, agenda, reports, etc. can be found under Members/Committees. The services our committees provide to residents can be found by going to Members/Member Services; you must first be logged in as a member.

Member Services: By going to Members/Member Services you can have access to information and resources provided by our Association and committees. You can find information for your home, guests, safety, health, catering and more. Take a look at this useful page.

Directory: On the Member Services page is the community directory. One of the new features to this, if you are accessing the community directory from your smart phone, it will dial from the numbers listed in the directory. Also, you can search this system for a name or a street, etc.

Vendor List: This fabulous service, provided by the Consumer Referral Committee, provides information on those valuable vendors for air conditioning, plumbing, etc. This list can also be searched, as well, by vendor type or name.

The site is updated multiple times a day. It is intended to be a valuable tool for SCOV. Enjoy and use this new amenity.

Happy Holidays

It's hard to believe another year is about to end. I hope you are looking forward to 2016 with both joy and hope. Holiday visitors will be in the community, and those that are from snowy areas of the country will be thrilled to be here. You can pick them out because they have shorts on or no coats, LOL. There is much to do in SCOV and Oro Valley this time of year, so take full advantage of it. Keep the spirit of the holidays in your heart all year.

Friends of the Library

If you haven't as yet stepped into the new library you are missing out on a treat. Over the summer the library became computerized. All of the checking in, checking out and reserving of books is done by computer. Don't let that scare you as we do still have our faithful volunteers doing the work for you. There is a separate section of ILR materials plus another section of Sun City authors' works.

Not only is there a computer system, there has also been redecorating where we feature SCOV artists, a reading nook with beautiful chairs, a new front desk and additional bookshelves.

We welcome you to visit us from 9-Noon and 1-4 PM. On Saturdays the library is open from 9-Noon.

In nonfiction we have *Thomas Jefferson and the Tripoli Pirates: The Forgotten War that Changed American History* by Brian Kilmeade. Stay Active

Exercise is probably the first thing to fall off your to-do list during the holidays, but it's your best ally in the battle against holiday bulge, as well as holiday stress and depression. Don't worry if you can't maintain your regular workout routine due to travel or other commitments. Simply challenge yourself to add some physical activity to your day. After a big meal, keep the conversation going while taking a stroll or excuse yourself for a solo walk.

Golf

Head Golf Professional - Kim Griggs

kgriggs@theviewsgolfdub.com 917-8053

The Pro Shop will close at 2 PM on Thursday, December 24. We will be closed on Christmas Day, Friday, December 25.

In December we will change our walking signs once again. Walkers will need to be off the golf course no later than 7:45 AM. Tuesday's walkers will need to be off by 11:15 AM. At times there will be exceptions to these hours, and we will try to communicate that to you at the time.

If you walk or drive your golf car in the evenings, please understand that there will be golfers on the course and you must yield to them so that you do not get injured by a golf ball.

Please do not use the golf course as a shortcut to get to the Pro Shop, The Views Restaurant, AFC or Welcome Center. Please use Rancho Vistoso Blvd to avoid any accidents and to ensure you do not upset the golfers playing.

Please come in and check out our new Pro Shop. The shop will be fully stocked when we decide how much space we have. Please be patient during this process.

Just a reminder that our dress code applies to the driving range, chipping area and putting greens: no denim, must have a collared shirt, no cut offs, gym shorts or swim wear. Also, there is no chipping above your waist on the lower putting green. Use our chipping area down below for those types of shots. Happy holidays.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 917-8063

December is historically the time of year when the temperatures get cold enough to bring frost. Now is a good time to review the damage that occurs during frosty mornings and the procedures to follow.

Walking or driving on frosted grass causes damage to green leaf tissue which eventually leads to the grass dying. When the roughs go dormant and turn brown they are no longer susceptible to frost damage, but the overseeded fairways, tees and greens can be damaged. Every morning when the cold weather arrives, a message will be left before 6 AM on the frost delay line stating what the conditions are on the course and how those conditions will impact golfers. Also, a message will be left on the webpage about the details of any delay in case the phone line is busy. If the frost is not really bad, we might not have a delay, but golf carts could be restricted to the paths for a determined amount of time. If the frost is more severe, the delay will reflect the earliest time the golf course can be prepared for golf and golfers allowed to start play.

The putting green, driving range tee and chipping area have all been overseeded, so they will also be closed when there is a frost delay until the Pro Shop is notified of their opening. Please don't drive or walk on any areas of the golf course until the frost delay is over.

Golf Advisory

Chair Tim Kelley 734-645-8199
First Wednesday, 2 PM, WC3

The Golf Advisory Committee met on November 4 and we listened to reports from our department heads and our men's and women's clubs.

Pace of play continues to be a point of discussion. It is a contributing factor towards the enjoyment of the game and enjoyment is important in our lives. Playing the game in a manner that matches your skill set allows you to succeed and it increases your enjoyment. LPGA great Judy Rankin says, "If you can't hit a 7 iron into some par fours, you're playing from the wrong tees. When you think about it, the only one who cares that you're playing a shorter course is you."

The Views has eight tee combinations. Try it, move up a tee and see if you have more fun.

Give me a call. Send an email tkelleykcs@gmail.com with comments, suggestions or concerns.

Play Wednesday

Happy Holidays to all. The course is in great shape and the golf season is in full gear. Remember to turn in your golf membership renewal forms before Tuesday, December 15. The forms are in the back of the Pro Shop. Our next Bash is December 9. The food at the last Bash was good and we did not run out. The Men's Club game that day was a Two-Man Shamble. Raffle prizes and the 50/50 drawing was a hit. The new Pro Shop should be in operation by now. Men's Club outings for December have a couple of scrambles, a couple of two-man team games and an individual Stableford to finish the year out. So come and join the club.

The new entry/exit gates are in effect for winter golf. Remember

to drive on the fairways, staying off the rough keeps it healthy for next summer. Finally, let's keep up with the group in front of us and keep the course moving along behind us. Enjoy the season and have some great golf.

Play Thursday

The 2015-2016 season for The Views Men's Nine-Hole Golf Club is well underway and the course is in wonderful condition. Members are reminded that the shotgun starting time for club play changes to 8:30 AM in December. In the event of cold weather in the early morning, members should call The Views Frost-Line phone at 825-0322 to find out if there is a delay in the shotgun starting time due to frost.

The December schedule and games are as follows: December 3, Powerball; December 10, Play With Buddies; December 17, High and Low; December 24, Take Two; and December 31, Odd/Even. Finally, there will be a club meeting on December 10, Activity Center, immediately following play that day.

This month's golf quote comes from Jeff Marion, "The closest I've ever come to a Hole-in-one was the time I bent down too quickly to pick up my ball and ripped my pants."

Play Tuesday, 11:30 AM, Shotgun

At our first board meeting of the year, Barbara Hall was awarded the HIO (Hole-In-One) award as the only club player making a HIO in 2015. She aced Hole #7 using a hybrid for 125 yards. Most of us

celebrate getting the first, but Barbara has had nine in her golfing career. She even had two in one round many years ago. Asked her secret, she says "It's mostly luck... but playing a lot of golf will increase your luck." Those who know her well, know the answer too... Practice, practice, practice. So if you are ready to make these prize shots, it is time to join a club and play more golf. We invite you to join us on Tuesdays for fun, fellowship and frequent HIOs.

Thank You Corner

This section allows residents to express thanks to the community. Articles should not exceed 50 words and should not contain thanks to specific persons.

The Vistoso Cyclists SCOV food bank effort was a resounding success again this year. We surpassed our goal of \$25,000 by raising \$25,656 in food and monetary donations. As the Thanksgiving and Christmas holidays approach, the Interfaith Community Services Food Bank will be well supplied and ready to meet the needs of those seniors, individuals and families less fortunate. Thanks to everyone who contributed to this wonderful effort.

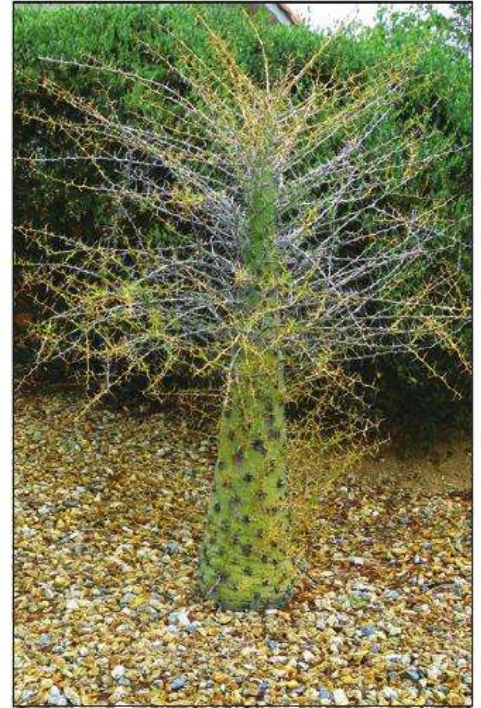

Dave and Marlys Nelson
Co-Chairs of the Vistoso Cyclists Club

A big thank you to all who contributed to the success of SCOV Women's Auxiliary Fall Luncheon and Accessories Boutique. You purchased tickets to the event, donated boutique items, donated money and shopped in the Boutique. All net proceeds will go directly to Emerge! Center Against Domestic Violence. They will be used to support the many valuable services for abuse victims.

October-April Dances: Third Friday

Remember all those romantic dances of past New Year's Eve? The danceable music, exotic drum rhythms and hummable tunes, dressing your best for someone special, the temptation of romance.

Revisit the past by sharing New Year's Eve at the Villanellas-sponsored dance ending with the televised lowering of the ball in New York City. This is an open, no membership required, BYOB evening of dancing to the music of THORs-Sounds. There will be hors d'oeuvres all evening, a light buffet, and a celebratory beverage for the dropping of the ball. Just think: friends you know, no long distance drive, no overly crowded dance floor and reasonably priced.

Reserve your tickets now. Seating is open, but you can also arrange a special table of friends if you prefer. If you can't make it to the ticket sales, contact one of the officers listed above.

Often a modeler needs special tools to build a model. The picture shows model builder, Bob Watson, holding a device used to hold two pieces of a model while gluing at a 90 degree angle. Bob received assistance from woodworking member, Larry Miller to help him build the device.

All SCOV residents are welcome at our monthly meetings and may use the Modelers Room. The room is open 24/7 to all members. The room provides space to build models and to assist in building and operating the new HO train layout. At our meetings, you will see what we are about, and you may enjoy a cup of coffee and a sweet roll. From time to time, we schedule field trips of interest to modelers.

Pilates

Mary Ayers 638-7916 scov.pilates@gmail.com

Monday, 3 PM, Thursday, 1:30 PM, AFC/Studio

It's time to think about avoiding the stress of the holidays by exercising. Twice a week we have a professional instructor come to SCOV and teach a Joseph Pilates mat class. The Pilates exercises work to strengthen your core as well as your entire system of bones and joints and are not just sets of simple exercises. Your abdominal muscles, arms, back, hips and more are strengthened and toned. This allows for better posture, flexibility, strength and balance. The classes are one-hour total body workouts and include many warm-up stretches. Because these are Pilates mat classes for seniors, all exercise movements can be modified for different levels of performance. Our instructors can be very helpful with this. The cost is only \$8/class and the annual club dues are \$20 pp. Please stop by and watch one of our classes. Call Mary Ayers.
