Have you made a New Year's Resolution?

by Susan Jakosa

Statistically, 45% of Americans usually do make a resolution, 17% infrequently do and 38% have never bothered to make even one.

Three of the top 10 resolutions include staying fit and healthy, maintaining strong social ties and learning something new or just doing new things to enjoy life even more. Some resolutions may be difficult to maintain, but in SCOV we can continue working on them all year long. The really good news is that there is no better place to be than SCOV to effectively accomplish these resolutions.

To support our fitness, the AFC with state of the art equipment, is open and welcoming 16 hours a day. Sign up for gym equipment orientation, held every Thursday at 1 PM. Additionally, there are tennis, pickleball, racquetball courts, two pools, exercise classes and a golf course to play on with paths you can walk on in the early morning and the evening. Consider becoming involved in the Active Health Committee too. Its objective is also to keep us fit, healthy and active.

An easy accomplishment here in SCOV is to spend more time with your current friends and to meet many new folks. Joining any club, attending unique events in the community or attending special evenings at The Views Restaurant will never fail to reward you with new experiences and, most likely, brand new friendships. Our new website will enable you to find information about all of the clubs and all special events.

Getting involved on committees in SCOV is certainly an option for everyone to do something new or even to learn something new. The website calendar lists the dates, times and location, for committee meetings. All meetings, plus Board meetings are open to residents and of course, our residents are always needed on every committee including the Board.

Make a resolution. Stay involved. Be grateful for our wonderful community, and let's all stay in the top 45% of Americans making resolutions. You still have time. Happy New Year.

SCOV Budget

First, I want to wish everyone a happy, healthy and prosperous 2016. With that stated, it's hard to believe that we just passed the mid-way point of this year's fiscal cycle, and here we are beginning our first serious thoughts about the 2015-2016 Budget. There's a long way to go before a budget is formulated and considerable evaluation and analysis still to complete, but here's some initial considerations before us that may have budget impacts.

Over the past several months a maintenance plan has been developed for Chalk Creek Wash. This plan will call for preventative maintenance work in the wash. If costs associated with this preventative maintenance are prepared in time for the upcoming budget, some factor for this work may be included in the budget, which should reduce future repair work costs.

Walls that are the maintenance responsibility of the Association are another factor that may be considered in the next fiscal year. The Properties Committee along with management are evaluating ways to determine which walls are the responsibility of SCOV and what the projected costs may be for these walls. If this information is available, funding allocation for future costs may be added to the Asset Reserve Fund.

As usual, considerable thought will be given to the revenue/expense challenges that The Views Golf Club and Restaurant have on the budget. As we get closer to the budget process conclusion, we'll know better how these operations will impact the 2015-2016 Budget.

A proposal that the membership will vote on in March may have a dues reducing impact. This proposal from the Board is to increase the Capital Contribution fee. Part of the fee will continue to be dedicated to new capital improvement projects and part to the Asset Reserve Fund. Money that is allocated to the Asset Reserve Fund is planned to offset some money that would come from dues, thereby putting downward pressure on dues.

There are dozens and dozens of other factors that will be considered during the four-month budget process, yet I thought I'd pass a few high level issues by you during this very early stage of the budget process.

Heroes Among Us Nominations Sought

The Board of Directors is requesting residents to submit candidates for the Heroes Among Us award. This award is designed to honor residents who make remarkable contributions to our community. Nominations should be submitted by January 15 by filling out a hard copy of the form available in the Administration Office, or by completing the form sent out via email in early January. The Board will review the nominees and select the recipient(s). The award will be presented at the SCOV Annual Meeting in March.

It's More Than Living... It's A Lifestyle...

Just take those old records off the shelf
Or, better yet, listen live at Rock and Roll Club dances
by Jim Mitchell

Do you relate to Bob Seger's "Still like that old time rock and roll. That kind of music just soothes my soul. I reminisce about the days of old with that old time rock and roll?"

If those lyrics bring music to your ears and memories to your mind, the Rock and Roll Club is for you. With 355 members, SCOV's largest club holds themed dances in the Auditorium throughout the year. The 2016 lineup includes: a January 30 Hippie Fest with East 2 West; February 14 Member Appreciation night, free to members, with Gus D Oldie and Ms. Gina; March 19 Motorcycle Rock and Roll dance with The Rave, May 14 '50s theme with Heartbeat, July 16 Born in America dance

profit that supports homeless youth in the community. Over the past two years, efforts have raised over \$55,000 for the group, which is now a partnered organization. This year's fundraising event is scheduled for January 31.

Most dances include live bands, which are usually local, but have also come down from Phoenix. Nate Norris, club co-secretary, boasts, "Every band is delighted to be here. They want to be our house band. They usually don't have the stage and sound system we do. Our facilities are fabulous."

Most dances also have skits that involve a spoof of a song based on the theme of the dance. For example, last July's Beach

Ball skit was based on Connie Francis' "Where the Boys Are" and switched images on the big screen from 1960s Ft. Lauderdale beach to our own AFC pool. The Hollies' "Long Cool Woman in a Black Dress" provided the spoof for September's Rock, Rhythm and Blues dance. Dave Martin videotapes the skits, which you can view on YouTube.

Kate Cusumano, who's produced the skits in collaboration with other members for the past eight months, credits Walt Nalewicki, who organized skits since their inception. "He taught me a lot about the details and what all is involved," she says.

Members can reserve tables, but the club keeps at least an equal number of tables open for other members and their guests. Except

for the New Year's Eve and member appreciation dances, the club caters desserts and provides mixers and coffee. Dances are \$20 for members and \$25 for non-members, except for the New Year's Eve event, which includes finger foods, desserts and beverages which cost \$30 for members and \$40 for non-members. Doors open at 6:15 PM

with Backbeat, September 17 Rillito River Band bash. All of these dances will most likely have skits. Then October will have the ever-popular Monster Mash with the Retro Rockets; ending 2016 with the band Heartbeat for New Year's Eve.

Club president, Francine Saccio, recalls, "One of the main reasons we moved here was the Rock and Roll Club." We thought, "Any place that has a Rock and Roll Club has to be great."

Chartered in September 2008, the club was founded by Kris and Earl Cohen. Eighteen charter couples put in \$10 apiece and sold tickets to the club's first Monster Mash that October. Earl deejayed, Kris baked and the club grew to 93 members by the end of the year.

Kris explains, "What I enjoy the most is seeing everyone having a good time, singing along with music they may not have heard since high school. And I'm most proud of the legacy of fundraising the club has done."

The club initiated fundraising for Youth On Their Own, a non-

with music from 7 to 10 PM, except for the New Year's Eve dance when doors open at 8 PM and the band plays 9 PM to midnight. Annual membership is \$10. For more information about membership, contact Judy MacGregor, judymacmv@yahoo.com or 415-971-0236.

Website Features #3

The website highlight this month is the *Tipster*. The *Tipster* is found under the News & Info section. From this section you can find the current issue of the *Tipster* and a year's worth of previous issues. Articles for future issues may be submitted from this location as well as photographs. The Article Standards is a document created by the *Tipster* Editorial Committee. It is to be used by article submitters to write articles so as to create cohesive reading throughout the document.

By clicking on the current issue of the *Tipster* you open a full screen version of the *Tipster* which you can virtually flip through. In this version the email addresses and website links are live. If you're on a tablet or smart phone you may want to download the Issuu app from the App Store. Issuu (correct spelling) is the server where the *Tipster* resides and it is best viewed on mobile devices from this app.

From your PC there are several options when viewing the *Tipster*. On the bottom left there is a bar with a plus and minus. By clicking plus, the text size increases and clicking minus makes the text smaller.

In the bottom right corner are five small icons. The first icon is a folder with an arrow . This is a share button. You can share items from the *Tipster* to social media platforms such as Twitter, Facebook, Tumblr, Google+ and LinkedIn. You can email a link of the *Tipster* to someone. There is a download feature resulting in a .pdf of the *Tipster* and within the .pdf there are many features to explore. The Get Link option copies the link to your clip board allowing you to paste it in an email or document.

The next icon is a magnifying glass  which provides a search feature.

The third icon looks like a box with hash marks on either side . This is a gallery feature that when pressed brings up all the pages in the *Tipster* like a photo gallery allowing you to scroll through the pages.

The fourth icon  toggles your view between a single page at a time or two pages at once.

The final icon is two arrows  that by selecting either point out or in. When selecting the arrows pointing out, the *Tipster* will take up the whole screen, and when selecting the arrows pointing inward, it creates a smaller view.

Just a few statistics (I can't help myself). The November issue had 2,897 impressions; that's how many times it showed up on a webpage. It was read 898 times. The average time the document was up on a web browser was six minutes and 36 seconds. The total time all readers spent on the November issue was a little over four days. Six people shared something from the *Tipster* (one would be us placing it on our Facebook page). There were 29 clicks on links within the document. I found this next stat interesting. November 20 was the day with the highest readership of 30. We've been using this digital version of the *Tipster* since October of 2010, posting 63 beautiful issues of the *Tipster* which can all be viewed here: <http://issuu.com/home/publications>. And the best part is that you may enjoy this informational newsletter whether you're here in Oro Valley or somewhere else in the world.

Another Year in Paradise

Here it is another year in paradise for us in SCOV. Great weather allows us many outdoor activities and wonderful indoor entertainment.

There is always something to do in SCOV, The Town of Oro Valley or Tucson. Be sure to take advantage of all the fun that is offered in SCOV and southern Arizona.

I would like to encourage you all to take our AED class that is offered once a month, by Lonnie Davis. Our AED machines have saved several lives in SCOV. If a loved one or friend of yours was having a heart attack. I know that you would want to help. The AED machines are very, easy to use and the machine tells you every step to take. The machines are located near bathrooms in all facilities. Have a great, happy, healthy New Year.

A New Beginning

The New Year is a time for reflection and starting over. Over the time you have lived here, many of you have made upgrades to your homes. In most cases these changes have been approved by the Architectural Review Committee in advance of construction. However, for one reason or another there have been times when some have failed to go through the process either because they didn't know it was necessary or didn't feel it was necessary. Regardless of the reasons, our governing documents, to which we all agreed when signing at escrow, clearly define what exterior projects need the approval of the ARC in advance of work. Those upgrades such as roof lift and relays, replacement windows, room additions, patio screens and covers, rolling sun screens, walls, fences, gates, house paint and awnings all need prior approval.

If you have remembered after the fact that you installed a new roof, etc. without the approval, it is important to update your resident file by going through the process. Your resident file will be up-to-date when it is time to sell your home and you will avoid the hassle of trying to bring your property into compliance at that time.

New Year, New Exercise

It's a new year, and maybe you have resolved to start an exercise program. If so, good for you. Getting regular physical activity is one of the most important things you can do, and it's one of the most common New Year's resolutions among Americans each year. Just make sure you start off on the right foot with these helpful tips:

- Take it slow, set small goals—after all, you're in this for a lifetime.
- Talk to your doctor before getting started especially if it's been 8-12 months or longer since you've last exercised, you've had a large weight gain, or you've had a noticeable change in health.
- Evaluate your personality. Do you like to exercise alone, in a large group, or with a partner? The answer to this question will help you decide what type of exercise will keep you motivated to stick with your new routine.
- Be safe. If exercising outside, make safety a priority. Dress for the weather, wear reflectors and light colors if out when it's dark and carry a cell phone with you.

Association-Sponsored Fitness Classes

Purchase a fitness punch card at the Welcome Center/Administration Office. \$20/10 classes or purchase an Annual Fitness Class Pass on sale now for \$300. You may use these cards for all SCOV-sponsored fitness classes. The punch cards can also be used for your guests. There is a \$3 drop-in charge if you do not have a punch card or annual card.

October-May, Second Tuesday, 1:30 PM, WCI

www.suncityorovalley.com/members-login/committees/active-health

Your Active Health Committee has three topics to share.

First, if one of your New Year's resolutions is to exercise more, you will want to come to our presentation, *Keep Moving*. It will be presented by SCOV resident and Personal Trainer, Ray Jerkins, ACE, CPT on January 15, 1 PM, Auditorium. Ray will focus on a well rounded exercise program that includes aerobics, balance, strength training, and flexibility. He will provide tips for staying enthusiastic and committed to an individualized program. There is no cost for attending, but you must obtain a ticket at the Welcome Center beginning January 4.

Second, we are considering offering an exercise class focused on balance and fall prevention. The class would include a group of simple Tai Chi moves that have been proven to decrease fall risks among older adults (like us). If you are interested in attending, please let Ester Leutenberg know at Ester36@gmail.com or 818-0016.

Third, an introduction to walking our golf course will be held on Tuesday, January 5. This is for people who have not walked the course before. Meet the leader, Clive Probert, outside the new Pro Shop at 7:30 AM and walk for up to 45 minutes. Bring water and wear walking shoes, a hat and sunscreen. Please register with Clive at 825-8719 beforehand.

Architectural Review

Chair Lou Gard 520-825-4773 lougard@q.com
Second and Fourth Tuesday, 2 PM, WC3

The intent of the SCOV Development Standards is to preserve the desert environment, to preserve the Sonoran Desert southwest architectural character of our community and maintain and to enhance community property values.

The Development Standards provide an overall framework and a comprehensive set of guidelines which allow the community to develop and progress in an orderly and cohesive manner. They establish criteria for architectural style and design, landscape concepts, site improvements, colors and materials. They also establish a process for judicious review of proposed new developments and changes within the community. These standards also set forth the means by which the standards and guidelines may be changed and amended to better serve the needs of an evolving community.

Welcome to a new year in the Gift Shop with lots of beautiful and new things to see, as always. Featured artist this month is Kathy Mashburn, who is brand new to the shop. As a newcomer to SCOV, Kathy has jumped right in. Originally from Utah, she

Crafting has always been interesting to me when I had the time. Now with the sun on my back and no deadlines, I am enjoying making felted dogs, leather belts, tatted items, knitted scarves, jewelry and even bug offs, beaded covers for food and drink. Loan Room - Community Assistance

Chair Gay Russell 825-5763

Tuesday and Thursday reservations and pickup 8-9 AM

Meeting Third Thursday, 3 PM, WCI

The Loan Room is located at the end of the Cart Barn and is open Tuesdays and Thursdays, 8-9 AM. Beginning in January we will no longer have a reservation phone line so all reservations will need to be made at the Loan Room in person. A current SCOV ID card is required at the time of reservation or at pick up of items. Reservations may be made up to two months in advance. Medical items are loaned for two months and most other items are for two weeks. This is a free service to SCOV residents and is funded with your recycled aluminum cans. Recent purchases for the Loan Room are several car seats and pac-n-plays. Car seats are date-compliant.

Donate aluminum cans by depositing empty, rinsed aluminum ones in the box. For safety reasons, do not deposit unrinsed cans which can attract bees.

On December 15 we delivered 540 pounds of cans to the recycling center; we received \$216, which brings our year-to-date total to \$600 for the Loan Room-CAC.

Neighborhood Pride

Chair Tempe Johnson 825-6994

Third Tuesday, 2 PM, WC3

Let's Try Again

If you have not already made a New Year's resolution, it's not too late to do so. Let's try once again to make one and keep it this new year. How about making a resolution to take pride and care of ourselves, our homes and our property where we live? Most of us already do that, but just think

how wonderful our community would look if we all did.

Our committee members have certainly enjoyed seeing the beautiful holiday decorations throughout the community over the past few weeks. As a friendly reminder though, seasonal decorations should be removed by Friday, January 15. We appreciate all residents who continually take pride in the appearance of their property, and we are most pleased with how beautiful our community is looking to usher in the new year. We wish each and every one of you a happy, healthy and prosperous 2016.

LED lighting was installed on the pickle ball courts in early December. Initial reports indicate that the lights are brighter with better color rendering than the previous lights. The LED lights are 150 Watts per fixture. The older lights were a mix of 400 and 1,000 Watts per fixture.

The Solar Project was approved by the Board on November 18. The Properties Committee is currently working with Management in the final reviews of the Solar Services Agreement. It is anticipated that the agreements will be signed by the first of the year. The solar company will be completing design, obtaining permits and procuring materials in the first four months of 2016. Installation of the system is tentatively expected to begin by early May and to be completed in October 2016.

The committee is also working on Chalk Creek erosions control and SCOV common-wall programs.

Golf

Head Golf Professional - Kim Griggs

For those of you who haven't stopped by the new Pro Shop, please do so. We have a wide variety of merchandise and if we do not have your size or color, we will be more than happy to special order merchandise for you. We have a variety of items to choose from (towels, golf shoes, clothing, hats and much more). Also, just a reminder that annual golf pass holders will receive 30% off in the Pro Shop, and residents will receive 15% off. This excludes balls, clubs and sale items.

On Wednesday the morning shotguns will start at 8:30 AM unless there is a frost delay. The afternoon shotguns are now scheduled to go out at 1 PM not 1:30 PM as in previous years. This is being done, so that we can possibly get the afternoon shotgun in before dark.

Remember golfers that the frost delay hotline 825-0322. Walkers and riders please remember to remain on the paths at all times. Should frost be present, you may damage or kill the underlying grass if you walk on it. Thank you.

As everyone knows, we are now open to the public which makes us a semi-private golf course. Please be aware that when new people play our course, they may be a little slow as it may be their first time here. Our rangers are aware of this and will help move them along. We advise every one of our rules, and hand out playing tips to them in the Pro Shop. So please be patient and courteous to these guests. We try to fill in empty times with these guests as a way to increase our revenue.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 917-8063

Happy New Year from Golf Course Maintenance. January is the time of year when the activity in the golf course maintenance department really slows down. The cooler temperatures decrease the growth rate of the grass so the amount of mowing required is greatly reduced. Less fertilizer for maintaining turf health is needed, and less water is required. This allows our department to catch up on other areas of the golf course: drainage projects, tree trimming and irrigation maintenance.

This winter's drainage projects are going to be spread around the golf course. The first one will be to the right of the driving range tee, behind the new ball kiosk. This area is always wet from the water running off the cart paths. Then the lower fairway on #9 near the 100 yard marker and the approach on #4 are going to get some drainage to improve areas that are chronically wet.

Trees are being trimmed around tee boxes. Trees have encroached in line of play and limited playability from the tee. #1 blue tees, #8 red tees and #16 blue tees have already had trees trimmed to open views. Several more tees will have restored views during the winter.

Over the years of topdressing greens with sand have caused the sprinklers around the greens to sink. Last winter the front nine heads were raised, and this winter the back nine heads will be raised. Sprinklers are also being moved closer to the cart paths to improve efficiency of the irrigation system.

Golf Advisory

Chair Tim Kelley 734-645-8199

First Wednesday, 2 PM, WC3

The Golf Advisory Committee met on December 2.

The classification of the hazard (wash) between the first and second segments of the fairways on hole #5 will be changed from a "red stake lateral" to a "waste area." This has been discussed for several months by the Golf Advisory Committee and the women's and men's golf clubs. The change is being made in hopes of improving the enjoyment of the hole and pace of play. While we do not anticipate that this change will impact the AGA course ratings, AGA representatives will be asked to review this change. Please refer to your rule book so that you are aware of how this change impacts play from a waste area. Call Kim Griggs or Rick Sample with questions.

Send me an email, tkelleykcs@gmail.com or give me a call 734-645-8199 with comments, suggestions, or concerns.

Pres. Barbara Gates 825-7645
VP Jeff Amthor 825-4571 scov.great.books@gmail.com
October-May, First and Third Wednesday, 2 PM, Catalina Vista/Mt. Lemmon

We are beginning the new year with a new book *Imperfect Ideal: Utopian and Dystopian Visions*, an exciting collection of modern and ancient literature by Dostoevsky, Homer, Aristotle, Rachel Carson, Vladimir Lenin, Oscar Wilde, Augustine of Hippo, Thomas More and 15 other significant thinkers (ISBN 978-1-939014-20-7; available from Great Books Foundation). The collection tackles questions about how communities should be structured and governed for

the welfare of their citizens, illuminating some of the best and worst aspects of utopian and dystopian visions.

All residents are invited to join us January 6 when Corinne Kulick will lead discussion of our first selection from *Imperfect Ideal*: a selection from the 1896 Zionist pamphlet *The Jewish State* by Theodor Herzl. Then, January 20, Barbara Gates will coordinate discussion of the book *Persuasion* by Jane Austen, the wrap-up of our *Parent and Child* readings from autumn 2015.

While it is wonderful to be so popular, we will be addressing how to manage the winter-season attendance to enable enjoyable and effective discussions.

In January we will be discussing *The Boys in the Boat* by Daniel James Brown, a story of how nine working-class boys from the American West showed the world at the 1936 Olympics in Berlin what true grit really meant.

In February we will discuss *The Sleepwalker's Guide to Dancing* by Mira Jacob. With depth, heart, and agility, debut novelist, Mira Jacob, takes us on a deftly-plotted journey that ranges from 1970s India to suburban 1980s New Mexico to Seattle during the dot-com boom.

Clay

Pres. Joan Kelley 734-255-9644
September-May, First Thursday, 1 PM, Artisan Center/Pottery

It's all clay. These few words announce a merger between the Ceramics Club and the Clay Club. The term ceramics is usually associated with the process of pouring liquid clay into molds and then concentrating on using the product as a canvas for surface treatment. But ceramics is also a term used to bring all forms of clay under one umbrella. In the Clay Club, pliable, solid clay is formed by hand or on a wheel as the main focus, and the decoration and glazing

are sometimes a painful afterthought. The combined club will retain the Clay Club name in tribute to the medium, but we will work together to integrate our shared interests as equal members in a common joy of playing with dirt. We have much to learn from each other, and we look forward to welcoming our new clay friends. It's truly just all clay.

Pilates

Mary Ayers 638-7916 scov.pilates@gmail.com
Monday, 3 PM, Thursday, 1:30 PM, AFC/Studio

It's a new year and time to commit to a new exercise routine. Why not try out Pilates? Forty years after his death, the system of exercises developed by Joseph Pilates to strengthen your core muscles has never been in such high demand. Fortunately, SCOV offers his Pilates classes here twice per week. People ask, "Can the benefits of the Pilates method, which come from the strengthening and stretching exercises we do, really develop the body's core (abdomen and back muscles), increase spine mobility and build flexibility?" The answer is "yes," and additional benefits you'll see from taking our group mat classes will also be better balance, more muscle tone and increased stamina. Not only do we have experienced instructors, the cost is only \$8/class and annual club dues are \$20 pp. Please join us or just stop by and watch. Call Mary Ayers.

Poets Corner

Sharyn Rafieyan 825-6762 srafieyan@icloud.com
Monday, 9:30-11:30 AM, WCI

There is much hidden, as well as visible, talent among the SCOV poets who meet to read and critique their poems on Monday mornings. Nonetheless, it is such a rewarding pleasure when one of our members presents us with a practically perfect gem such as the following description of *Writing Poetry* by Pearl Joseph. "Finding the perfect word/ Sharp black against white paper/ But sounding soft within/ The empty void fills/ A sharp sibilant explosion/ Shoots high above/ Back and forth/ All the while/ Under the shuttlecocks/ Of sound/ A woven net of meaning."

Based on the individual backgrounds and personal experiences of our members, there may be differences of opinion concerning elements of style, word choice and other poetic devices which produce lively discussions. However, each poet receives positive feedback along with suggestions for improvement and gets to determine how or if a poem should be revised.

Toys, toys, wonderful hand-made toys. The fruits of our labors were distributed to four agencies which have established relationships with children in their areas who might have bleak Christmases without our toys. Toys were distributed to Tri-Community Food Bank and Thrift Store which serves Mammoth, San Manuel and Oracle; Aviva, which serves many smaller non-profit agencies in Mid-town; Family First in Oracle, which provides parent education classes, diapers, and other needed items; and Three Points Clinic, which gives toys to their patients. The work continues as members make toys at home, in the Sewing Room, or the Wood Shop. If you are interested in helping with Seniors For Kids in any capacity, contact the club President, Sharon Larsen. Your assistance would be greatly appreciated.
