Looking Forward to Another Exciting Year

by Lauren Strassburg

The 2016 election is over and you, the residents, have selected three new directors. We on the Board are looking forward to another exciting year in SCOV. The ballot issues all passed and will be included in the Bylaws and Master Declaration to be voted on in June by the residents. That ballot will be included with your annual bill. I encourage each of you to return a positive vote. These two governing documents more closely resemble the current operating procedures for SCOV. A thank you to the GDRC (Governing Documents Review Committee) for the fine work they have done.

The coming year will see some exciting changes in our community. The Pro Shop is now open, the restaurant/lounge/terrace is under construction. Soon construction will start to install solar energy power for us. We can be proud to live in such a forward-thinking community.

By the time you read this, the 2016-2017 budget will have been approved. The Budget process remains unchanged. Each department head is required to submit their requests to the General Manager. Each department budget is reviewed on a line-by-line basis. Every item must be justified. At this point an overall budget is put together by the General Manager and Controller. This budget is reviewed by the Finance and Budget Committee. Input by residents is encouraged. The budget is then forwarded to the Board for formal approval.

This year's budget calls for a 4% increase in our annual dues. This increase still keeps us in the low side when compared to similar HOAs.

Since many of you will be leaving for your second home, enjoy the summer knowing your community is prospering and remains in good hands.

Vacant House Tips

This article is essentially a re-print of a 2015 article, yet I think the information below is valuable enough to warrant another visit. Taking a few extra steps to best assure your SCOV home is secure and properly maintained is a benefit to you and your neighbors. Whether you are gone all summer or for a few weeks, the following measures are very much worth following:

- Fill out a mailing address form so you can be contacted in case of an urgent situation with your home, such as storm damage or water line leak etc., and you will not miss this summer's SCOV election mailing. Login to www.scovaz.com > Members > Member Services > This and That > Read More > Address Change.
- Have someone keep your landscaping in good condition. Shrubs need trimming and weeds need to be kept under control whether you are living here or are away.
- Before leaving trim your bushes and trees, especially if they rest right next to your house. This way, if anyone is trying to get in, they will be more noticeably visible.
- Check all the locks before you leave. If a lock seems loose or rusty, replace it or tighten it.
- If you regularly turn your outdoor lights on, set them on a timer so that they continue to turn on each evening. Keep them off if they aren't normally on. Set some of your indoor lights on a timer too so it looks like someone is home.
- Call the Oro Valley Police Department, 520-229-5080 and ask them to provide you with *Darkhouse* service. You'll receive regular checks of your home while you're gone.
- Ask a trusted neighbor to pick up any newspapers and items left at your door while you're gone and keep a watch on your home. To stop *The Explorer* newspaper call 520-797-4384.
- Let the Post Office know you'll be away so they hold your mail or forward it.
- Draw your blinds or curtains. This doesn't allow anyone to take a sneak peek at your belongings and it will keep your interior at a lower temperature.
- Disconnect electrical items, including your TV, radio, toaster and anything you possibly can. Not only does this avoid fire damages, but it saves on energy too. You can even go as far as turning off your water heater or water to the interior of your house.
- Make sure you don't have anything in your yard that can catch and retain water and serve as a breeding ground for mosquitoes.

It's More Than Living... It's A Lifestyle...

SCOV's Own Lifelong Learning Program

A Great Way to Stay Young with Friends!

by Lei Bammel

What do you get when a great idea is put in a receptive environment and then is nurtured by skillful, caring and thoughtful people? For SCOV the 2003 idea of Gene Bammel blossomed into an extremely successful and popular club, The Institute of Learning in Retirement, a Lifelong Learning program, known simply as the ILR.

All of the literature about successful retirement recommends keeping the mind and body actively engaged and having social contacts. This is exactly what the ILR facilitates. Members have commented: "I can say unequivocally, that since taking ILR classes... my mind has been stretched, never to return to its original shape." "ILR is one of the very best things living in SCOV offers to all of us on a reliable and continuing basis. Keeps us young and involved in life." "One only needs to see the numbers of people who avail themselves of this amazing resource... to realize that we have a real gem available to us. How fortunate we are!"

ILR's mission is to provide a broad range of educational opportunities to its members and the residents of SCOV primarily through offering courses and presentations. It has grown from about 100 members in 2003 to about 800. There were six classes that first year and in more recent years around 30. Summer courses were added in 2015.

Gene Bammel had been a President of U of A's SAGE (now OLLI), a Lifelong Learning program and thought a similar program could be established here with much lower fees. He and his wife Lei, both emeritus professors, set to work. They determined there was interest, a board was established and the first moderators (instructors) recruited. ILR courses, after a one-time initiation fee of \$25, are each only \$10. Very few programs the size of the ILR exist independently of an institution of higher education. The U of A wanted the ILR to be a satellite location, but the Bammels wanted it to be independent for program and financial decisions. Fees are low because everyone involved is a volunteer being extremely generous with time, energy and expertise.

The vast majority of course moderators are SCOV residents. A member commented, "My wife and I have often marveled at the depth and variety of talent represented in the residents of SCOV. The range and quality of the courses offered by ILR

drawing on this talent epitomizes this." Course offerings and Samplers have represented a wide range of subject areas including anthropology, archeology, art, finances, history, language, literature, mathematics, music, philosophy, religion and science. There has been everything from fairly serious courses on human evolution, fractals, Einstein Lite, the brain and philosophy to much lighter fare of music for

smiling, folk dancing, learning to play the Native American flute and drawing on the right side of the brain.

Some moderators have taught only one or a few courses, the Bammels over 45. In that mix are quite frequent and popular contributors like Jim Williams, Jane Myerson, Jim Ford, Sig Olney and Barbara Gates. Many courses are offered only once. Others repeat after a few years. Often moderators of timely courses like Don Shepperd's on *Modern Middle East* are asked to repeat fairly quickly. Class size is determined by the subject matter, moderator's preference, and/or method of instruction. The Curriculum Committee is always looking for new course moderators.

A counterbalance to the courses, which doesn't require ILR membership, advance registration or course fees, is the "Samplers." During the fall and winter, there are weekly presentations on Thursdays at Catalina Vista featuring a different pre-announced topic and presenter. These programs offer additional variety and flexibility for the members and a service to the SCOV community. Course and Sampler descriptions, and more, are on the club's website SunCityILR.com.

This club also supports other educational endeavors within and outside SCOV. Last year \$16,000 was contributed to the SCOV Library for computers, renovation and materials. Donations have also been made to selected Pima County and Tucson non-profits.

Two other members have commented that, "The ILR gives me a chance to explore new subjects with people who have rich life experiences to share with curious people" and this "provides the opportunity to form long-lasting friendships."

Community Directory Update

The days of the printed telephone directory appear to be winding down. Smart phones allow for easy access to data on the web, including our website, resulting in less demand for paper copies of the telephone directory. We are seeing this trend with our telephone directory vendor.

In the past, our directory was printed through AT&T Yellow Pages which then became Southwestern Bell Advertising Group. Southwestern Bell left the telephone book-printing business around 2012. The book was bought out by the group that was securing the advertising and they continued the operation. This company prints the books for SCOV, SaddleBrooke, Green Valley and Sunflower. They have recently dropped Sunflower due to the lack of advertising.

The logistical portion (printing, editing, delivery, etc.) has become an increasing challenge. Additionally, we have been informed that the individual they have used to sell ads may no longer continue in this role, and they have not provided us with a production schedule for next year yet.

The next steps are unclear. We're in a holding pattern until we hear from them.

Programs/Facilities Director - Pam Sarpalius
 psarpalius@suncityorovalley.com 917-8077

Monitors

From October through May we are at our busiest time in SCOV, shows, special events, programs, parties and the list goes on. All of the room set ups are performed by our monitor team. This year has been very busy. To meet the needs of the community, we have hired four new monitors to replace those who have left.

Monitors have a set of rules that residents should be aware of. It's their job to follow the rules, and we ask that you respect them and the rules they operate under.

I can't say "thank you" enough to this team of great people who make your meetings and events go smoothly. I would hope that if you see a new monitor, you would say "hello" and welcome them. Show you appreciate them; thank all monitors for a job well done.

ARC Submittal Process

Our community is constantly upgrading and updating. Hurray for us.

However, delays with contractors and suppliers or the ARC (Architectural Review Committee) can be frustrating. Those of us trying to get approval from the ARC to initiate construction can add an additional two-three weeks if we don't have the necessary paperwork to my office in time. In time means the week before the meeting.

I sometimes have to shake my head and say, "Sorry, you

missed the paperwork deadline." Unfortunately, this has been occurring more often, and so I am reminding you of important dates for ARC submittals.

At ARC meetings, approvals are granted or denied. They are held every second and fourth Tuesday of the month. The week prior to a meeting, ARC members physically review each home. This enables them to explain projects to the rest of the committee members at the meeting.

It is imperative that you have your paperwork presented at my office no later than 11 AM the Tuesday prior to the meeting. Please come to my office with the necessary forms, plans, sketches, dimensions, colors, material samples and brochures. The information you give me at that time helps committee members to make timely decisions with no further delay.

Have you noticed a lot of new titles on our shelves lately? Thanks to a gift from the ILR we are increasing our collection of nonfiction large print books, and a recent grant from the SCOV Community Foundation is being used to add to both audiobooks and large print fiction. We are very appreciative of the generosity of both organizations. To browse what's new go to the SCOV website www.scovaz.com > Library > Link to Online Catalog/Account > Browse New Items. On the left of the screen you will see an option to Browse New Items. Click on that to see what's new in the last couple of weeks in all our collections.

Here's a quick look at some of our newest titles: *Extreme Prey* by John Sandford in fiction; *The Obsession* by Nora Roberts in large print; *Most Wanted* by Lisa Scottoline in audiobooks, and *The Revenant* in video.

What Happens to Muscle as We Age?

As many of us have already noticed, muscle mass decreases as we age. Beginning in the fourth decade of life, adults lose 3-5% of muscle mass per decade, and the decline increases to 1-2% per year after age 50. Muscle keeps us strong: it burns calories and helps us maintain our weight, and it is also an essential contributor to our balance and bone strength. Without it, we can lose our independence and our mobility. The good news is that muscle mass can increase at any age in response to exercise.

At the request of several attendees at our February presentation on *Nutritional Interventions for Boosting Brain Health*, we have posted a list of books referred to by our speaker, Wayne Gustin, on the SCOV Active Health Committee website. Favorite Books for Information on Healthy Living includes well-researched topics related to preventive and restorative approaches to maintaining a healthy, active lifestyle. Each book has a very brief description of the contents. Wayne's favorite book is: *How Not To Die* by Dr. Michael Greger. Copies of the list have also been placed in the magazine rack outside the library in the Welcome Center. Architectural Review

Chair Lou Gard 520-825-4773 lougard@q.com
Second and Fourth Tuesday, 2 PM, WC3

Are you thinking of putting your home up for sale? If so, why not contact the ACT (Architectural Compliance Team), a subcommittee of the ARC (Architectural Review Committee). ACT will come to your home to do an evaluation to ensure it meets the existing Development Standards. If there are any violations, you as the home owner, can make corrections prior to putting your home on the market. Remember, this evaluation must be done at some time, so why not get it done prior to a pending sale when it goes into escrow? If you wait until escrow and there are violations, the sale of your home may be held up, or you may need to negotiate with the prospective buyer, to resolve the issue.

Contact Katy Mosier, the Community Services Coordinator, 917-8058, and she will arrange for an ACT representative to do the evaluation.

If you are a neighbor or friend of someone putting their home up for sale, remind them of this service.

The Views Restaurant & Lounge Task Team Committee Co-Chair, Pat Munson; Food and Beverage Director, Christopher Sapp; Food and Beverage Committee Chair, Del Peterson; Town of Oro Valley Mayor, Satish Hiremath; BOD President, Don Coleman; SCOV General Manager, Bob Mariani and W.E. O'Neil Construction Project Supervisor, Jim Hibbard.

The ground-breaking ceremony took place, April 5, signifying the Restaurant construction project is officially underway. Thanks to everyone for continuing to dine at the restaurant while this project takes place. The end result will be outstanding.

The readership of *The Explorer Newspaper* voted The Views Restaurant Second Place for Best Family Dining and Third Place for Best Fine Dining. A big thank you and congratulations to the staff for all their hard work.

Friends of the Library

As many of you leave SCOV for summers elsewhere, please remember that the library will remain here. The library has so many books, audio books, DVDs, newspapers, most anything you can think of that a library might have. Our diligent volunteers behind the desk are very helpful.

In the fall when the FOL (Friends of the Library) board reconvenes, they will be discussing other great books and authors luncheon, a home tour scheduled for Saturday, February 18, 2017, and other issues brought to our attention. If you have input in any of these activities, give us a call or drop by the library and we will refer you to the right person.

from your fellow SCOV residents Monday through Saturday, 9 AM-12:30 PM.

The featured artists this month are husband and wife team Carmelita and Darrell Martin.

Carmelita began working with gourds by painting some she had grown and then began using traditional techniques like burning and carving designs onto the gourds. This led to additions of inlaid beads and other objects, creating unique and lovely art objects for the home.

Darrell started making jewelry because, he "married a lady whose family were rockhounds." He started cutting gemstones they found, then needed to make settings for the stones. Darrell's art has evolved to making pieces that feature symbolic images. His finely-woven silver chains are stunning whether alone or supporting one of his imaginative creations.

Governing Documents Review Committee

The Governing Documents Review Committee has completed the task to improve our CC&Rs (Master Declaration) and Bylaws. In March, you approved five changes to the documents that the Board of Directors and the committee considered important enough to be voted on separately before final editing. Those changes have been incorporated into the documents. The documents are now ready for your vote and may be reviewed on the SCOV website at scovaz.com: Member > Member Services > Vote where you may also ask any questions you may have. Documents are also available at the Welcome Center and in the Library. The ballot will be mailed to you in June along with the Annual Homeowner Dues invoice. Your SCOV Board recommends approval of these new, improved documents.

Loan Room - Community Assistance Committee

Chair Gay Russell 825-5763
Tuesday and Thursday reservations and pickup 8-9 AM
Meeting Third Thursday, 3 PM, WC1

The CAC has been in existence since before 1992. While it is a SCOV Board of Directors appointed committee, it does not (and never has) received any monetary support from the Association. The Association does provide us with room space and help with transporting the aluminum can collections; but provides no funds.

The CAC raises money three ways: by donations from those using the Loan Room, through the Annual Pancake Breakfast in January and the aluminum can collection program.

All functions of the committee are staffed by volunteers from the community.

Currently the funds accumulated by the CAC are being used to computerize the Loan Room services. A small yearly technical support fee will be added to the CAC yearly

expenses after the computerization.

In April we delivered 580 pounds of aluminum cans to the recycling center. We received \$220.40 which is less a new 5% foreign material charge. This brings our year-to-date total to \$1,228.40 for the Loan Room - Community Assistance Committee. We are behind in both in poundage and dollars from last year.

Marketing and Publicity

Barbara Ross 818-0701 bfgnye@gmail.com
Fourth Thursday, 3 PM, WC1

This has been a very busy year. Thank you to all the Marketing Committee members. Some of the projects we have been involved with include: New Website Introduction; New Website Training Sessions; page 4 Articles for the *Tipster*; first Annual Golf Club Fair; Remodeling Forum; Community Forums on March Ballot Issues; new tag-line for The Views Golf Club "See the views... Play The Views"; Grand Opening Celebration of The Views Golf Club Pro Shop ground-breaking ceremony for The Views Restaurant expansion.

We are planning for another exciting year 2016-2017.

It's Right Around the Corner

Summer is on the way, and we bid farewell to those who leave our community for the hot months ahead. Remember to have someone look after your home and yard while you are gone, even if it is only for part of the summer. A messy yard is an indication that you are gone and puts your home and belongings in a possibly unsafe situation. During our summer monsoon season, weeds grow in abundance and need to be removed as quickly as possible. With our summer storms, there are times when it's necessary to reach homeowners due to roof tile damage and/or trees down. Don't forget to leave your summer address, phone number and current e-mail address with Administration should someone need to contact you.

Enjoy your summer knowing that your community and home will look just as nice when you return as when you left.

Posse

Chair Larry Clark 404-7664 2larrydark@gmail.com
First Tuesday, 3 PM, Catalina Vista
scovaz.com/committees/posse/ (must be logged in first)

Why does the Posse patrol SCOV every night? The number one reason is to find open garage doors. Last year we found 947 garage doors open. When we find an open door, we turn on our vehicle's flashing lights, and then look up your phone number so we can call. If we don't have the correct number for you or your renters, we must call 911 and get assistance from OVPD (Oro Valley Police Department). We want your garage doors closed so that you will find your golf clubs and tools still in your garage tomorrow morning. And just as important, you will not find a rattlesnake under your car where it came in looking for warmth. Safety and security are very important to us that serve on the five Posse squads in our community. Please volunteer and become a member.

Properties

Chair Ed Zwerling 631-741-9934 EZwerling@yahoo.com
Third Thursday, 9 AM, WCI

This month the Properties Committee is looking for new members again. See page 7 for information.

We have recently teamed with TEP (Tucson Electric Power) and their partners to replace all interior incandescent lighting with highly efficient LED lights at a minimal cost to the HOA. We are investigating ways to reduce our gas and water costs. Upon completion of the solar project, we will review exterior lighting to see if it is adequate and efficient.

Subcommittees have been formed to assist staff with determining HOA liabilities due to party walls and to monitor the condition of the Chalk Creek Wash to identify potential damage to adjacent properties.

Tipster Editorial

Co-Chairs Lou Phillippi 638-6957 lnpillippi@yahoo.com
Del Salvaterra 834-5146 dslittlebrown@gmail.com

The Tipster Editorial Committee is taking steps to address legitimate complaints from readers who have asserted over the years that it is very difficult to find specific articles.

The committee is considering the order of clubs should be in the same order as the newly-revised website. We will be proposing changes which should be made to make our communications consistent. You will hear more about this in the coming months.

Next Tipster Editorial Committee meeting is Friday, May 13, 9 AM, WCI.

Superintendent - Michael Kropf

One of the toughest challenges on maintaining a golf course is accomplishing many tasks with only a small number of employees. The maintenance crew is not only responsible for maintaining the grass, but also traps, sprinkler systems, pump station, ponds, desert and numerous other items. Most golfers are unaware of the amount of work that goes into golf course maintenance, but the Nine Hole Men's Golf Club has been volunteering their services to the maintenance department for several years.

The Nine-Hole Men's Golf Club wanted to help on the golf course, so they organized volunteers to fill divots on the tees and fairways. Over time, they have created a system where these volunteers have each adopted their own hole. These people not only repair the divots, but also fix the ball marks on the greens and some even rake the traps when necessary. The work that this club accomplishes throughout the week has freed up at least two maintenance employees to concentrate on other aspects of the golf course. This directly leads to an even better-maintained golf course without added expense.

The golf course maintenance department also gets volunteers from other clubs which help with marking the hazards for tournaments, painting the yardages on cart paths, and helping with the weeds around the desert edges. The maintenance department would like to take this opportunity to express our gratitude to all the members who donate their time and energy to help make this one of the best courses in Tucson.

Golf Advisory

Chair Tim Kelley 734-645-8199

First Wednesday, 2 PM, WC3

The Committee has been discussing how tee times will be managed on Tuesday for the 2016-2017 season.

Historically, Tuesday has been a single shotgun day with course maintenance in the morning and a single shotgun start for the late morning.

Mike Kropf has offered to conduct the maintenance work in a manner that allows for tee times all day during the winter.

The Women's 18-Hole Club, along with other groups, will be able to start their weekly event by using a crossover approach for tee-sheet management. The groups will schedule tee times in a short window of time off both front and back tees. This allows the groups to schedule social time and avoid long periods of waiting.

Bible Study

Men's Bible Study

Darwin Thornton 638-7024 Rick Thomas 591-0475

October-May, Tuesday, 7:30 AM, Catalina Vista/Mt. Kimball

We've completed our sessions for this spring and will take a break through the summer. It has been a season of learning and reward as we looked at the truth and application of what the *Bible* teaches.

"All Scripture is inspired by God and is useful to teach us what is true and to make us realize what is wrong in our lives. It corrects us when we are wrong and teaches us to do what is right." 2 Timothy 3:16.

You can experience this same renewal of spirit by joining us when we reconvene October 4.

Precept Women's Bible Study

The members of our Precepts Bible Study have ended this year's session with the completion of the first half of Acts. We also enjoyed our annual luncheon, post-class. As usual, we will be taking a break for the summer. We encourage you to join us in the fall, as we will begin an eight-week study of the second half of the book of Acts. More information about that will be forthcoming in the June issue. We look forward to your participation in our fellowship.

Monday, Wednesday, Friday, behind the SCOV Welcome Center
vistosocyclists.wildapricot.org

We meet year-round starting from 1565 E. Rancho Vistoso Blvd., behind the Welcome Center, to enjoy an unparalleled combination of amazing desert vistas and the ever improving infrastructure of bike lanes and dedicated paths. New riders are always welcome.

A monthly schedule of our 20-60 mile rides is available on our website. Our well-tested loop routes support a wide variety of abilities and usually include a mid-ride coffee stop. We also offer a mountain bike route on Wednesdays which most often heads out into the Tortolita rangelands.

Tuesday morning our WOW (Women on Wheels) group takes somewhat shorter rides nearer to SCOV. In addition, we hold a number of social events each season.

Vistoso Cyclists' partner, Wheels for Kids asks you to donate your seldom-used, tax-deductible bicycle. We refurbish such bikes and distribute them to kids and teens, thus giving youth in need the freedom, fun, and fitness that results from cycling. See www.azwfk.org to arrange for a drop-off or pickup. Your cash donations are also tax-deductible.

Great Books

Pres. Barbara Gates 825-7645

VP Jeff Amthor 825-4571 scov.great.books@gmail.com

October-May, First and Third Wednesday, 2 PM, Catalina Vista/Mt. Lemmon

All residents are invited to join us as we discuss *Imperfect Ideal: Utopian and Dystopian Visions, A Collection of Modern and Ancient Literature* by Dostoevsky, Homer, Lenin, Oscar Wilde, Augustine and 17 other noteworthy thinkers (available from Great Books Foundation). The collection considers ideas about structuring and governing communities for the welfare of their citizens, revealing some of the best and worst aspects of utopian and dystopian visions.

On May 4, Sandy Rice will lead the discussion of a selection from *Book I in Mencius* (c. 300 BCE) by the Chinese Confucian philosopher Mencius (Meng Ke or Master Meng). Master Meng is famous for his claim that human nature is good. Then, May 18, we will discuss a selection from *Book VII in Aristotle's Politics* (c. 350 BCE) that considers an ideal city and the external goods, goods of the body and goods of the soul (psyche) of its citizens.

SCOV Book Club

Jane Fairchild 520-909-5069 janemail11@yahoo.com
First Monday, 1:30 PM, Catalina Vista/Pusch Ridge

At our May meeting we will be discussing *Ordinary Grace* by William Kent Krueger, New Bremen, Minnesota, 1961. The Twins were playing their debut season, ice-cold root beers were selling out at the soda counter of Halderson's Drugstore, and Hot Stuff comic books were a common sight on every barbershop magazine rack. It was a time of innocence and hope for a country with a new, young president. But for thirteen-year-old Frank Drum, it was a hard, sad summer in which death visited frequently and assumed many forms: accident, nature, suicide and murder.

Registration Karen/Sherwin Koopmans skkooops@gmail.com

Samplers Gaston Meloche ILRSamplers@gmail.com

suncityilr.com

Four free summer classes begin in July. Check the ILR website for information. Summer registration is handled by Jane Myerson.

Registration for fall courses will resume August 8. Do not send anything before that as it will sit unprocessed over the summer. You will only hear from the Registrars if you did not make it into a class. If you have registered, do something so that come fall you will remember what courses you will be attending, and when and where that course meets.

The Curriculum Committee is always looking for future course moderators. A course can be as short as two weeks or as long as ten weeks. Have an idea? Contact Curriculum Chairman Jane Myerson.

Thank you to this year's moderators, committee members and all of those who contribute their volunteer efforts to allow the ILR to provide a valuable service to SCOV residents. Their continued efforts to bring high-level courses and Samplers into our community is greatly appreciated.

More than 130 guests visited the Modelers Room during the Easter open houses. While enjoying the operating model trains, the visitors watched Barry Entin building his model of the Harvey which is an 1845 Baltimore clipper ship.

Photo by Tom Prall

At the same time, Dave Scoles continued working on a victory tug boat which is a scale model of the Lord Nelson yacht.

If you have not seen the Modelers Room, please stop by any time you see someone working in the room. You are more than welcome.

All SCOV residents are welcome at our monthly meetings. You are free to use the Modelers Room, which is open 24/7 to all members. The room provides space to build models and to assist in building and operating the new HO train layout. At our meetings you will see what we are about, and you may enjoy a cup of coffee and a sweet roll. From time to time we schedule field trips of interest to modelers.

We celebrated the end of the winter-spring pickleball season with a great patio party April 7, but there's still plenty of good pickleball play. The summer schedule offers a lot more open court time. If you haven't given pickleball a try yet, come on out to the courts. It's a fast-paced but not too-demanding sport that's fun no matter what your experience and ability level is.

Pilates

Mary Ayers 638-7916 scov.pilates@gmail.com
Monday, 3 PM, Thursday, 1:30 PM, AFC/Studio

The Joseph Pilates system of exercises has never been in such high demand. His exercises have been around now for 40 years. Fortunately, SCOV offers the Joseph Pilates classes here twice per week. People ask, "Can the benefits of this Pilates method, which come from the strengthening and stretching exercises we do, really develop the body's core (abdomen and back muscles), increase spine mobility and build flexibility?" The answer is a definite "Yes." Additional benefits you'll see from taking our group mat classes will include better balance, more muscle tone and increased stamina. We have two instructors who are both very experienced in the Joseph Pilates system. The cost is only \$8/class and the annual club dues are \$20 pp. Please feel free to stop by and watch one of our classes. Call Mary 638-7916.

Poets Corner

Sharyn Rafieyan 825-6762 ssrafieyan@icloud.com
Monday, 9:30-11:30 AM, WCI

Some poets adopt a particular style or format and stick with it. Others prefer variety and consider how the content they wish to express would be better presented. In the following selection from a poem entitled, *Medical Center* by Poets Corner member, James Pavlakis, the poet has chosen a dialogue format which is very effective. This section, called *Oncology* has two speakers, a mother and a son. The markings to indicate line breaks also indicate where the speaker changes.

"Mom, there's other doctors./Stop it, Danny./And better clinics./You're not helping me./I don't like the way he talks to you./He explains everything. He tells me the truth./Maybe it's not as bad as he says./I'm 84. I've fought this for seven years./Mom, that doesn't matter./You're not helping me."

The language is that of ordinary conversation and the discussion is one we've likely overheard or even experienced ourselves. One can imagine it might be similar, or distinctively different, if the speakers were a husband and his wife or even two siblings. It's easy to picture the scene and reflect

about the death that isn't mentioned, as well as the choices each of us may one day have to face. Poetry often helps us deal with a difficult subject. Poets Corner welcomes all resident poets.

games on the court, also play pickleball on Thursdays and socialize thereafter at The Views Restaurant. Pres. Darwin Thornton 520-638-7024 scv.repub@gmail.com

Watching the national campaign scene, one can be somewhat amused and angry all in one day. Our local scene has not escaped the same grind with more hats being thrown into the ring, so to speak.

This month our meeting will feature a former Arizona State Senator as our keynote speaker in her run for the position of US Senator against Sen. McCain. I hope you will come and listen to Dr. Kelli Ward give us her position. We expect a large crowd, so be early to get a good seat.

Even though we are having warm weather, SFK members are already thinking about Christmas and children who might not get gifts next Christmas. Sewers are sewing and woodworkers are sanding. These activities go on all year long in our SCOV homes or in some of our summer retreat locations. The Wood Shop and Sewing Room are places to work with friends on these projects all year round. If you would like to work in the Wood Shop on wooden toys contact Larry Miller, 825-1784. Also, diapers and hand-made baby items are delivered all year long to local charitable organizations such as Three Points Clinic and Family First in Oracle. Diapers are purchased with some of the funds earned at the Courtyard Sale with the successful sale of food, beverages, rummage and a raffle with many wonderful items, either singly or in baskets.

It's very rewarding to realize a child's face lights up with a brand new outfit or quilt, especially knowing it's not a hand-me down. Want to be part of our caring group? Stop by this week. Guiding you through a project that you will thoroughly enjoy is our goal.

Tai Chi can improve your balance, flexibility and strength. Most of us think of Tai Chi as a way to prevent falls, improve breathing and reduce stress, but it is so much more. The Harvard Medical School Health publication stated that Tai Chi is medication in motion, and research by Tufts University School of Medicine credits Tai Chi with decreased pain, improved sleep and mood and better quality of life.

Our instructors, Jose Hernandez-Rivera and Donna Drzenovich, stress the use of Tai Chi in daily life.

Next meeting May 18, 1:30 PM, Desert Oasis/Saguaro

Several times each year, the Woodworking Club is asked by Association committees and functions to do woodworking projects for them. When a request is received, it is up to individual woodworkers to agree to volunteer their time to work on a project. Examples of such projects include book shelves and book trucks for the library and benches for the fitness center.

The most recent request came from the Pro Shop committee. They needed two merchandise display cabinets. Our club's Vice President, Gary Brown, agreed to build them. They are completed and installed and they look great.

Another project just starting is the installation of sliding doors for the new lounge. Larry Miller and Norm Wells are volunteering to work on this project. There will be more about this project on the club's website as it progresses.

Reminder: Everyone who enters the woodshop is required to wear proper eye protection.
