From The Board of Directors

Our MISSION as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Stability-Evolution-Diversity

by Don Coleman

Our community is active, adult and adaptive with high standards meeting the diverse needs of both longtime owners and prospective members.

Unlike the first few years, the number of homes and residents in SCOV is now very stable.

Since that time resident diversity has increased; about a third of us are newer residents (0-7 years), on the other hand about a third of us are longtime residents (15+ years) leaving a third of us occupying the midrange (7-15 years). This diversity is very likely to remain stable.

Typically, a new resident will stay here 20 years or more, evolving and taking on the unique characteristics of each of the three groups. For simplicity, let's call residents as they evolve through each group by the following names: Nancy Newbie, Al Average, and Sally Savvy.

Nancy Newbie, the newer resident, may still be working, is physically very active, up on all the current values, comes with a set of skills that are current, eager to get involved and make investments in her new community. Her income level is based on current economics. She is interested in improvements that keep SCOV current and can be enjoyed for the next 15-20 years.

Al Average is at the midpoint of his stay here and is able to appreciate values of the other two groups. Al is a major contributor to the viability of the community and has energy and insight. He is the owner of needed skill sets and has helped to fund many enhancements.

Sally, the long term resident, who may sell her house in a few years, is knowledgeable and largely satisfied, still active and has also helped fund all community enhancements. She may have an income level based on yesterday's economics and be concerned about cash flow and resale values.

How should a Board member best represent the diverse interests of all three groups?

The set of priorities I follow are:

- To maintain our "Standards and Quality-of-Life" at their current high level.
- To invest in enhancements and amenities that materially affect our home values.
- Finally, to ensure SCOV is managed with rigorous fiscal responsibility and restraint.

General Manager - Bob Mariani

Long Range Planning

Over a period of several months, the astute, hard-working members of the Strategic Projects Committee lead by Chair Tut Tustison, developed several reports that included 90 recommendations. These reports and recommendations were submitted to the Board of Directors. The recommendations were either accepted, approved, not approved or placed on hold for possible further consideration.

Areas of attention included in the reports are renovations/ use of the Activity Center; a proposed Café; a proposed Lounge; golf operations; golf course issues such as eventually replacing the putting greens; surveys; pickleball courts and marketing. Most of the 90 recommendations are now considered "Board Initiatives," and were assigned to committees and/or staff for evaluation, implementation or plan development. The key committees that will be working on these initiatives are the Long Range Planning, Golf Advisory and Marketing Committees. Although not directly assigned, it's very likely that other committees such as the Finance-Budget and Properties Committees will assist in dealing with a number these initiatives in some way.

Several of the initiatives are minor in nature; however, many of the Initiatives are of sufficient importance that constant attention to and understanding of them is very important to the membership and the future of SCOV. For example, the Initiatives include recommendations to develop new amenities or replace assets that currently exist. All of these projects will necessitate capital expenditures or investments in the community. Other initiatives concern how future communications, surveys and marketing will take place.

It is recommended and completely feasible to complete all of the projects noted above and other projects with existing and future Capital Fund money, thereby eliminating any special assessments. Therefore, there should be no concern about an additional financial burden on Association members. However, many of these Initiatives will influence future SCOV amenities, communications, marketing and more. Thus, it is important to, at minimum, pay attention to what transpires in regard to the Initiatives and, at best, become part of the process by joining committees and/or providing input to the committees and the Board. It's the future of your Community.

How About a Walk in the Park? The Vistoso Hiking Club Takes it to New Heights

by Jim Mitchell

Ever heard the term, "It's just a walk in the park?" Well, that has an entirely different meaning for the 260 members of the Vistoso Hiking Club.

Some of their most popular hikes are in Catalina State Park, just a few miles down Oracle Road. The Romero Pools Trail is a seven-mile trek to the upper pools, with around a 1,600 foot elevation gain. You can hike one to two miles anywhere in the park to enjoy seasonal wildflowers and running water.

At the east end of Tucson, Sabino Canyon trails offer a variety of beautiful vistas. And near Green Valley, Madera Canyon trails meander along a creek or challenge club members to a climb up the 9,455 foot Mt. Wrightson.

From mid-October through the end of May, the club offers at least one hike a day and as many as four, says Gaston Meloche, club president. Hiking continues year-round, although there are fewer hikes in the summer. Different difficulties of hikes accommodate all skill levels. The lowest level, 'D', is under a four-mile round trip. The most popular level, 'C', varies from four to eight miles. A 'B' hike is eight to 16 miles and an 'A' hike is more than 16 miles. Elevation gains vary from 500 feet at the 'D' level up to more than 3,500 feet for the 'A' level. All hikes are guided and require a minimum of four people for safety.

In addition to exercise, hikes can have different purposes. Some guides, like Bob Cratty, Larry Klein, and Jim Williams, have led hikes explaining the history of a trail, place or canyon; some guides discuss the geology and others the flora and fauna.

For those interested in joining, there's a guided orientation hike, usually a 'D' or perhaps 'C' level, a waiver required to be signed, and annual dues of \$7. This level of hikers typically meet around 8 AM at the Welcome Center parking lot, bring a snack and are back around 1 PM. For more information, contact Dave Fraser 825-4344 or frazd36@gmail.com or Clive Probert 825-8719 or c.probert@comcast.net.

The club website, www.vistosohikes.org, lists all hikes, along with their difficulty and guide contact. To be included, members can register online or just call the guide by 4 PM the day before the hike. The website also allows members to see their mileage. At the end of September, the total club mileage was 383,286 miles.

Two long-time members, Leslie and Bob Esparza, have each logged more than 10,000 miles of club hikes. "We began with the club in 1996," explains Bob. "Our favorite hike

in the Tucson area is probably Wasson Peak, an eight-mile round trip with an 1,800-foot elevation change."

"The most difficult was the year 18 of us decided to do the Grand Canyon rim-to-rim, 23 miles one way, in one day. It was 85 degrees when we left the South Rim at 4:30 AM. We learned the next day that it reached 130 degrees at the

bottom when we hiked through the canyon. At Roaring Springs, up North Kaibab, we rested and hydrated for two hours, then reached the North Rim at 6:30 PM. We were tired."

The club also enjoys a few social events each year. There are spring and fall picnics, usually in Catalina State Park a wine and cheese-party in SCOV in March and a New Year's Eve party, last year's at Dove Mountain.

Gaston and his wife, Louise, began hiking 25 years ago. They were cycling in Corsica, but encountered a lot of rain. "My wife said 'Enough'," he recalls. "We saw people hiking along trails of GR 20 (a 112-mile-long mountain range traversing the island), so we took up hiking."

Club hikes beyond the Tucson area have included those in the Galapagos, the Dolomites in Northeast Italy, and in Mexico and Canada; states as far as Alaska and New Hampshire and National Parks like Glacier, Zion, Bryce Canyon and Death Valley. Volunteer guides for these hikes present plans to the club's board for approval.

"People join for a variety of reasons," explains Gaston. "I think it's the socialization, the protection of the group, the exercise with fresh air and just being out in nature."

For whatever reason, you may want to consider joining. After all, "It's just a walk in the park."

Architectural Review

Chair Sandy Lawyer 847-826-2640 selawyer@gmail.com
Second and Fourth Tuesday, 1 PM, WC1

We review approximately 10-15 submittals each meeting, and we perform courtesy home inspections at the homeowner's request in addition to the inspection of the 215 sold homes last year. The approximate 150-plus homes that have been sold this year are inspected as well. We assist homeowners with locating where a satellite dish can be installed within the Standards which still enables good reception. With the holidays only a few weeks away, we will be taking a break.

The ARC will only meet the second Tuesday in December to review submittals; however, the rest of the services will still continue. Happy holidays everyone, and if you're traveling have a safe journey.

Winter holidays are here! Check out the Gift Shop for those last-minute gifts and ornaments. Featured artists are Roland and Elaine Deeter and Deb Cofer. Deb is displaying her knitted scarves and hand warmers, perfect for the season.

After building two homes Roland scaled down to create smaller woodworking projects. He started making end-grain cutting boards for the family, then bowls, pepper and salt grinders made from exotic and local woods. He makes pens, flashlights, wine openers and magnifying glasses from both wood and acrylic materials.

Elaine started creating greeting cards for personal use, then began making cards to sell in our Gift Shop. She enjoys seeing people appreciate her work and hearing how their friends and family are happy to receive a handmade card. She also makes gift bags and wine bags that are holiday-related.

As always, new consignors and volunteers are welcome.

Government Affairs

Chair Debra Arrett 825-5703 debra@myfastmail.com

Second Wednesday, 3:30 PM, WCI

President of the League of Women Voters of Greater Tucson, Judy Moll, had an interesting editorial entitled, *Candidates Hide behind Dark Money that Buys Them*, in the *Arizona Daily Star*, November 5. She laments about the same problem the Government Affairs Committee experienced in the 2014 election cycle: the unwillingness of some political candidates to participate in candidate forums.

For almost a century the League has sponsored nonpartisan forums to provide citizens the opportunity to be informed voters. The Tucson chapter had to cancel five forums for candidates running for statewide offices. According to the editorial, it was because some candidates in each of the races declined to attend.

The SCOV Government Affairs Committee held candidate forums for the Oro Valley Mayoral/Town Council and Arizona District 11 Legislature, Senate and House candidates; however, we scheduled forum dates for gubernatorial candidates and those running in our district for US Congress. They, too, were cancelled because some candidates declined to participate.

Loan Room - Community Assistance

Chair Gay Russell 825-5763

Reservation line Monday, Wednesday and Friday only, 8-9 AM, 917-8052
Meetings Third Thursday, 3 PM, WCI

The Loan Room is operated by the Community Assistance Committee and is a free service to SCOV residents. It is funded by recycling of aluminum cans throughout our community and the annual Pancake Breakfast held in January.

The Loan Room provides rollaways beds, cots for children, tables and chairs, car seats and some children's toys. We also loan medical equipment such as walkers, wheelchairs, toilet risers, shower seats, etc. We are open from 8-9 AM, Tuesdays and Thursdays throughout the year. Reservations can be made at the Loan Room, November-April, or by telephone on Monday, Wednesday and Friday, 8-9 AM only.

Note: You must be able to transport your borrowed items from the Loan Room to your vehicle. If you need additional help, you should make arrangements for that help. The Loan Room personnel/volunteers cannot assist you. You are responsible for transporting the borrowed items.

Aluminum can donations: deposit empty, rinsed aluminum cans in the box outside the Activity Center kitchen. For safety reasons, do not deposit unrinsed cans which can attract bees. We need to make sure all new residents are aware of our recycling program, which provides cash for purchasing new equipment, so please, if you have new neighbors, let them know about this program.

Long Range Planning Committee/Ad Hoc LRPC Task Team

Chair Leslie Platt 818-1963

Vice Chair Debra Arrett 825-5703

Second and Fourth Monday, WC3, 2 PM

The LRPC (Long Range Planning Committee's) Pro Shop Task Team was overjoyed to present its proposal for a new Pro Shop to more than 300 members of our community on November 8. The reaction was very favorable, and there were many helpful questions and suggestions. Those were reviewed at the November meetings, where the Team also discussed its presentation to the Board of Directors at their December meeting. Once this presentation is made, the LRPC's Café & Lounge Task Team will begin action on its proposal. We encourage your attendance and participation.

Marketing and Publicity

Chair Jim Mitchell jtmitch45@gmail.com

Fourth Thursday, 3 PM, WCI

At its October meeting, the Board added new responsibilities to the Marketing Committee's charter. They include developing a plan to assess community sentiment through surveys, consulting with staff to manage a website-based Frequently Asked Questions (FAQ) process, proposing improvements to the SCOV website and providing assistance to the Board and committees with communications projects.

Because the fourth Thursday of December is Christmas Day, our next meeting will be Thursday, January 8.

Neighborhood Pride

Chair Tempe Johnson 825-6994

Third Tuesday, 2 PM, WC3

'Tis The Season

We wish you a most happy holiday season. Our community is looking absolutely beautiful, and we should indeed feel proud of the way we look not only to neighbors and ourselves, but also to those individuals who visit with the thought in mind to buy a home and move here. We sincerely thank you for your cooperation in helping to make SCOV such a wonderful place to live.

Posse

Chair Robert Hefner 825-4825

First Tuesday, 3 PM, Activity Center/Hopi

www.scovaz.com/committees/posse/

Sixty-eight members of the Posse were honored at a Service Award breakfast on December 2. There were 19 members who celebrated five years of service in 2014, 30 who celebrated 10 years, 10 with 15 years and nine who have been active members for twenty years. Our community is blessed to have so many residents who are willing to patrol our neighborhoods. They not only help SCOV be the safest community in Oro Valley, but they also call residents who have forgotten to close their garage doors. Open garage doors are invitations to critters and bad guys. If you are not a member of the Posse and are willing to donate as little as twelve hours a year, we encourage you to join us now.

We are asking everyone to submit their January *Tipster* articles in early by Friday, December 5. Due to the holidays, the closed printer offices and our early collation, we will have an extremely tight turnaround on the January *Tipster*. Thank you, in advance, for your help.

If you are a *Tipster* submitter, you must attend at least one *Tipster* Article Writers' Class. Sign up for either the Monday, January 5 or February 2 *Tipster* Article Writer's Class, 9-11 AM, WC3, to learn the *Tipster* article standards and when and how to submit an article. Please go online to sign up for a class at: www.scovaz.com, hold your cursor over News & Events, click on Events. Click on the class you want to attend and fill out the registration form.

The next *Tipster* Editorial Committee meeting is Wednesday, December 10, 9 AM, Activity Center/Hopi.

Process Improvement

Process improvement is an aspect of organizational development in which a series of actions are taken to identify, analyze and improve existing business processes within an organization to meet goals and objectives, such as increasing profits and performance, reducing costs and accelerating schedules. This concept resonates with me. Staff is constantly looking for how we might improve a process. Our many committees accentuate this process and assist in identifying opportunities for improvement. Often they develop methods for improvement as well.

Our new website maintenance procedure is one of these identified areas that needed improvement. The website refresh task force, along with the new website design company, will be developing this new procedure. It will address topics such as creating tickler files for removing outdated material. It will develop a process for vetting materials that are placed on the website. It will provide an overarching guideline to assess the viability of the website and assist in identifying when it's time to refresh it.

Another area of process improvement was the implementation of a point-of-sale-system in the Administration's front office. It has created greater accuracy and efficiency in the sales of our tickets, golf passes, etc. The automatic receipt printer has saved a lot of time and helps us provide better customer service.

Software called IBS (Integrated Business Systems) is used for our point-of-sale-system in the Café, Pro Shop and now Administration. This year we are focusing on improving our understanding of the Event module with the intent of making our catering and/or golf events more efficient. This module provides functionality that will reserve equipment and document services needed. It provides a calendar for these departments showing the event. It creates contracts and invoices and automates some of the functions in setting up an event within the module.

So, as our daily work is being done, we are keeping an eye to how we can improve what we do, all with the intention of providing excellent service to the residents of Sun City Oro Valley.

Holiday Wishes

It's that time when we reflect on the past year and start to think about New Year's resolutions. We are lucky to live in a climate that allows outdoor as well as indoor recreation during winter months. New pickleball courts and bocce ball courts might urge you to try them out. Our heated pools are something that not all communities in Arizona have which allows pool useage all year round. Sitting on the covered patio in the winter and enjoying the view and lunch at The Café is always a treat. Golfers get year-round play and enjoy the views. Is it any wonder why we named the golf course The Views?

Please look at the facility holiday hours that are listed in this *Tipster* and on all the bulletin boards. I hope your holidays are happy and the year ahead healthy.

Recreation and Fitness - Lonnie Davis

When you visit the AFC and need help, have a question, complaint or suggestions please see me, Lonnie Davis. I am the AFC Coordinator. I can instruct you on the use of the weight machines or free weights and help you start a workout program using our equipment. If there is a problem with the equipment or the facility, bring it to my attention, so that I can handle it in a timely and proper manner. For example, styrofoam dumbbells are now being replaced with a different style which will not come apart or break and plug up the pool filtration system.

If you arrive at the center and don't see me, I could be teaching one of our many wonderful Association-sponsored fitness classes. For questions call 917-8073 or email ldavis@suncityorovalley.com. If we have not had the pleasure of meeting, please stop in for a chat about what I can do for you.

Superintendent - Michael Kropf

December is the time of year when the temperatures get cold enough to bring frost. It would be a good time to go over the kind of damage that occurs during frosty mornings and procedures to follow.

Walking or driving on frosted grass causes damage to green leaf tissue which eventually leads to the grass dying. When the roughs go dormant and turn brown they are no longer susceptible to frost damage, but the overseeded fairways, tees and greens are damaged. Every cold morning that frost is possible, a message will be left before 6 AM on the frost-delay line stating what the conditions are on the course and how those conditions will impact the golfers. Also, a message will be left on the web page about the details of the delay in case the phone line is busy. If the frost is not bad, we might not have a delay, but golf carts could still be restricted for a determined amount of time. If the frost is more severe, the delay will reflect the earliest time the golf course can be ready to start play. This year the delays might be significantly longer due to the overseeded apron areas around all the greens.

A couple additional reminders: the lower putting green, driving range tee and chipping area all have overseeded grasses so they will also be closed until the Pro Shop is notified of their opening.

Thank You Corner

This section allows residents to express thanks to the community. Articles should not exceed 50 words and should not contain thanks to specific persons.

Once again, a huge thank you to all the volunteers who helped organize and deliver our 2014 SCOV Telephone Directory. Your help made the whole project go so smoothly. Would love to see you all and even more helping next year. Thanks.

Carolyn Lerch

On October 23-25, 14 members of the SCOV Astronomy Club traveled to Safford, AZ, to tour the Mt. Graham National Observatory. The group toured the world's largest binocular telescope and site facilities.

The guest speaker for the December 18 meeting of the Astronomy Club will be Mark V. Dr. Sykes' topic will be Protoplanetary Bodies: *The Dawn Mission at Vesta & Predictions for Ceres*. Come spend an interesting evening with us and bring a friend or neighbor. Any SCOV resident and members from the surrounding community are welcome.

Monday, Wednesday, Friday, Mountain View Plaza
www.scovaz.com/dubs/cyclists/

While we meet year-round starting in the Mountain View Plaza parking lot (Rancho Vistoso Blvd. at Sun City Blvd.), the coming months are prime time. Cyclists come here from all over the world to experience an unparalleled combination of near perfect weather; amazing desert vistas and excellent infrastructure of bike lanes and dedicated paths. Yet all we Vistoso Cyclists have to do is roll down our driveway. New riders are always welcome to join us in our cycling camaraderie.

A monthly schedule of our 20-60 mile rides is available on our website. Our well-tested loop routes support a wide-variety of abilities and usually include a mid-ride coffee stop. We also offer a mountain bike option on Wednesdays which most often heads out into the Tortolita rangelands.

Tuesday morning our WOW (Women on Wheels) group takes somewhat shorter rides nearer to SCOV. In addition, we hold a number of social events each season. Call Tom or Bonnie Bethea for more information.

Vistoso Cyclists partner Wheels for Kids: Donate your seldom-used, tax-deductible bicycle to Wheels for Kids. We refurbish such bikes and distribute them to kids and teens, thus giving youth in need the freedom, fun and fitness that results from cycling. See www.azwfk.org to arrange for a drop-off or pickup. Your cash donations are also tax deductible.

Pres. Barbara Gates 825-7645

VP Jeff Amthor 825-4571 scov.great.books@gmail.com

October-May, First and Third Wednesday, 2 PM, Catalina Vista/Mt. Lemmon

Our 2014-2015 season is underway and all residents are invited to join us as we discuss *Immigrant Voices: 21st Century Stories*, an anthology of 18 contemporary short stories written by recent immigrants to the United States (ISBN 978-1-939014-65-9). We are presently finishing the *Coming Over* section of the book, and starting the *Being Here* section.

On December 3, Richard Kopp will lead a discussion of the story *Grandmother's Garden* by Meena Alexander, an award-winning poet who was born in India, grew up in Sudan, studied in England and returned to India to teach. Alexander has been awarded a wide range of fellowships, including ones from the Guggenheim Foundation, the Fulbright Foundation, the Rockefeller Foundation and the Arts Council of England. She is currently Professor of English at City University of New York.

Michelle Brisance will then lead discussion of *Otravida, Otravez*, by Junot Diaz, on December 17. Diaz, who was born in Dominican Republic, moved to New Jersey as a youngster and completed a graduate degree at Cornell. In 1999, Diaz was named to the list of 20 notable North American fiction writers under the age of 40 by *The New Yorker*, and his 2007 novel *The Brief Wondrous Life of Oscar Wao* won the Pulitzer Prize for Fiction. He is currently Professor of Comparative Media Studies/Writing at MIT.

Jane Fairchild 520-909-5069 janemail1@yahoo.com
First Monday, 1:30 PM, Catalina Vista/Pusch Ridge

At our December meeting we will discuss *Me Before You* by Jojo Moyes. Louisa Clark is an ordinary girl living an exceedingly ordinary life (steady boyfriend, close family) who barely has been farther afield than her tiny village. She takes a badly-needed job working for ex-Master of the Universe, Will Traynor, who is wheelchair-bound after an accident. When she learns that Will has shocking plans of his own, she sets out to show him that life is still worth living.

At our January meeting we will discuss *Wild* by Cheryl Strayed. At 22, Cheryl Strayed thought she had lost everything. In the wake of her mother's death, her family scattered and her own marriage was destroyed. Four years later, with nothing more to lose, she made the most impulsive decision of her life: with no experience or training, driven only by blind will, she would hike more than 1,000 miles of the Pacific Crest Trail from the Mojave Desert through California and Oregon to Washington State, and she would do it alone. Newcomers and guests are always welcome.

We are looking forward to another great potluck for our Christmas Party, which will be Thursday, December 18. This time all spouses are invited. I also want to mention that in January we will be electing new officers for the club. Plan to step forward and lead the club for the next year.

Give your dog the gift of free run exercise at our K-9 Korral dog park. Dogs love to socialize with other dogs. They need a safe place to run off some energy, maybe chase balls and frisbees and just be a dog. So, if you'd like to bring your pet to the K-9 Korral dog park in SCOV contact Elaine Deeter to arrange to join the Dog Club and get a key to the park so you and your dog will be able to use it whenever you like.

Our next meeting is in January, so watch for more information in the January Tipster.

No more excuses for putting your research on the sidelines. Call Joan Allen and she will get you started on becoming a room monitor.

Our December speaker will be David Fryxell, founder of *Family Tree Magazine*. David is an oft-repeated speaker here at the Society, and this month he brings us *Best Websites for Finding European Ancestors*. Most U.S. citizens trace their heritage to Europe. All are welcome.

Forty years after his death, the system of exercises developed by Joseph Pilates has never been in such high demand. Fortunately, Sun City offers his Pilates classes here twice per week. People ask "if the benefits of the Pilates method, which come from the strengthening and stretching exercises we do, really develop the body's core (abdomen and back muscles), increase spine mobility and build flexibility?" The answer is, "yes," and additional benefits you'll see from taking our group mat classes will also be. Better balance, more muscle tone and increased stamina. Not only do we have experienced instructors, the cost is only \$8/class and annual club dues are \$20 pp. Please join us or just stop by and watch. Call Mary Ayers.

Poets Corner

Sharyn Rafieyan 825-6762
Monday, 9:30-11:30 AM, Welcome Center/WCI

Morning Nocturne is part of a twelve-part sonnet sequence by Jill Bialosky. While the poem adheres to the standard 14 lines in mostly iambic pentameter, it differs considerably from a sonnet by Shakespeare and others who follow strict rhythmic patterns. The language is contemporary American and the subject matter deals with "the absurdities and realities of modern domestic life." It begins very simply: "I am glad today is dark. No sun...I prefer cumulus on my morning beach run. What more can we worry about?" Her worries include parents getting older; children leaving and a new roof damaged by rain. She fears the "thrashing of the sea in its unrest, the unforgiving cricket. But that's not it. The current is rising. The dramas are playing out." The poet amply demonstrates how to update a traditional form and have it speak directly to readers of today. Trying new approaches enhances the dynamism of our weekly meetings.

Thursday, 10-11:30 AM, AFC/Studio I

A new session of classes begins January 8. Improve your balance, flexibility and strength with the physical art of Tai Chi.

Most of us think of Tai Chi as a way to prevent falls, improve breathing and reduce stress, but it is so much more. Our instructors, Jose Hernandez-Rivera and Donna Drazenovich, stress the use of Tai Chi in daily life.

Why not mark your calendars for January 8 and prepare to join us? Sessions run for eleven weeks and the first class is free.

Leslie's Movie Review: "The Judge"

I highly recommend this movie. Admittedly I like both of the main actors, Robert Duvall and Robert Downey, Jr. This film is a throwback to the former legal whodunits such as John Grisham's "THE FIRM" and "A Time to Kill". The basic story line is about the father, who is a respected local judge, a know-it-all and an enigma in his small town. He is arrested for a hit and run murder of an ex-con he once put away. Robert Downey, Jr. plays Hank Palmer who is a hotshot Chicago lawyer who returns home to attend the funeral of his mother and winds up having to stay and defend his father from whom he is estranged. Although the legal battle is riveting, the better part of the movie shows the interaction between the father and his sons, the interaction between the brothers and my favorite scene of compassion, where the father who is aging, loses control of his bowels and his estranged son goes into the bathroom and helps him with dignity to get cleaned up. Going from constant verbal battering to this showed true growth. I would not be surprised if both actors wind up with Oscar nominations.
