Association News

From The Board of Directors

Our MISSION as the Sun City Oro Valley Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Reflections and Visions

by Jan Fischer

It has been said that a journey of a thousand miles begins with a single step. My single step was to become a candidate for the SCOV (Sun City Oro Valley) Board of Directors, of which I am now a proud member.

Looking back, the excitement of opportunity and the fear of failure for a new board member is scary. And now, as I enter into this final season of my term, I know that even though the winter has come quickly, I realize that when its over, it is over. I am looking forward to the New Year even as I realize that I am in the winter of my term as a SCOV board member. Board members make many decisions, some good, some bad. The good I supported with my whole heart, the bad I just did not agree with.

During the past two years I have met many of you and made many new friends. I have learned much about our community and how talented you are; many of the ideas and experiences from you provided me some important lessons that will stay with me long after my term on the Board is over.

As I look around the community during this winter of my Board term, I wonder what I can offer to my community. I will volunteer when I can and encourage you to join me. We can work together to inform our residents and continue to live the lifestyle we have chosen.

The candidate forums are scheduled and soon you will receive ballots to elect a new Board. This is one of the most important functions in this community. The new Board will make many decisions – some you will like, others you will not. The decisions will be based on the life experiences of the Board members, and we residents need to support them. I plan on working with those who are elected and trust that their decisions will enhance our community and make us proud to live in Sun City Oro Valley.

Holiday Closure - Monday, February 17 President's Day

Administration and the SCOV Library will be closed.

General Manager - Bob Mariani

Volunteer For A Committee

Every year about this time a very important process begins. That process is seeking new members for the many Association committees. As I did last year, I am once again asking the very talented pool of SCOV (Sun City Oro Valley) residents to please consider serving on one or more of your very valuable and productive committees.

If you haven't served on a committee or even if you have, it might be difficult for you to realize how much the committee structure means to SCOV. The Board and staff work hard and perform many tasks to help keep the community operating as well as possible. However, the investigations, evaluations and projects that the committees undertake equate to a significant portion of the Association's work. Simply put, without the committees there would be a need for a much larger staff (more expense to the homeowners), or the community would not be able to accomplish the volume of work that is presently undertaken.

So, please consider being part of the solution and volunteering for one or more of our vital committees. In addition to ad hoc committees that the Board may appoint from time to time, the committees you are urged to consider joining are: Ambassadors, Active Health, Architectural Control, Communications, Community Assistance, Community Directory, Consumer Referral, Election, Emergency Preparedness, Finance/Budget, Food and Beverage (Café), Gift Shop, Golf Advisory, Government Affairs, Marketing, Neighborhood Pride, Nominating, Posse, Properties, Strategic Projects and Tipster Editorial.

Now is your opportunity to get involved in shaping the future of your community. We urge members to complete and return the committee application form that will be found in the March Tipster or go to the Association website at www.suncityorovalley.com to complete the form.

Depending on the number of responses, we may not be able to place each interested resident on a committee. Our goal, however, is to build a database of interested volunteers who can step into a committee assignment not only now but also in the future.

Board Candidates Answer Questions

Don Coleman

What is your personal vision for the future of SCOV?

SCOV is the active adult community of choice in Arizona. It is well-maintained, attractive and inviting; a community of diverse interests and backgrounds, with facilities, amenities and clubs to satisfy all. We value communication and seek consensus. We enjoy a sound financial footing and strive to keep our expenses as low as possible so that SCOV

remains affordable for all residents. We are not static; we plan for and make improvements that are necessary to keep pace with the marketplace.

Why do you want to serve as a Board member and what do you feel you will specifically contribute to the Board if elected?

I want to ensure that SCOV is always as appealing to current residents and prospective buyers as it was when I moved here and remains today.

I have over 40 years of executive experience at the corporate level. Managing over 5,000 employees has given me the ability to interact effectively and sensitively with SCOV residents and staff; to gather and accurately assess information, a predisposition for foresight and planning and strong financial management skills which will contribute to fiscal responsibility and efficiency at SCOV. My years of software development and related technological experience would greatly benefit SCOV efforts to improve our communications systems and streamline financial management.

What three goals would you like to help the Board achieve during your term?

1. To maintain the high standards and quality of life we now enjoy while keeping a sharp eye on the affordability of our decisions.

2. To value full and open communication, always seeking consensus.

3. To further improve our property values and members' enjoyment of SCOV through awareness of the active adult marketplace and future residents' needs when planning for the future.

What is your personal vision for the future of SCOV?

Healthy adult community. An active adult community where all members are engaged to the extent of their personal comfort level, where residents respect one another, embrace and recognize the diversity of our culture.

Why do you want to serve as a Board member?

Give back to our community. Board service requires a large time commitment, as well as energy, and a high level of interest. I am ready to use my experience, energy and interest to continue the excellent tradition of board service to our community.

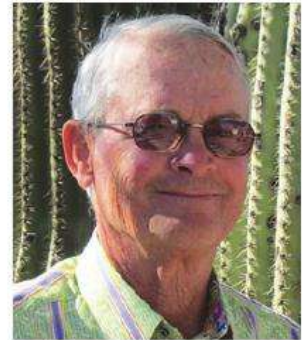

What do you feel you will specifically contribute to the Board if elected?

Achieve consensus on all issues. I have advised boards and city councils as an attorney, and have been a member of governing boards such as a public utility, YMCA, and a city council. I believe my experience will help in the governance of SCOV through collaboration, thoughtful deliberation and patient determination of our best interests.

What three goals would you like to help the board achieve during your term?

Maintain and improve our quality of life by:

1. Support and encourage programming in all activity areas.
2. Maintain affordability through modest dues increases.
3. Provide for continued financial stability.

Election Committee

Forums, Coffees, Ballots & Validations

During the month of February the Election Committee will conduct two Board of Director Candidate forums. These forums will be Thursday February 6, 6:30 PM; Wednesday, February 12, 11 AM, both in the Auditorium. Please attend and be informed about the position these candidates have on issues important to you and the Association.

On Tuesday, February 18, the ballot will be mailed to all homeowners. You will be voting for the Board of Directors.

There are two positions for a three-year term. You may cast two votes.

Also starting in February and continuing through March the Election Committee will be validating ballots. The ballot validation process is as follows:

- Homeowners receive their ballots, a white BALLOT envelope and a blue envelope. Residents mark their ballots, seal them in the white BALLOT envelope and then seal that envelope in the blue envelope on the out side of which they record their name and unit/lot. The blue envelope is then mailed or placed in the locked ballot box.

About SCOV (Sun City Oro Valley)

Susan Jakosa

What is your personal vision for the future of SCOV?

SCOV continues to be one of the finest active adult communities in southern Arizona and remains a friendly, vibrant, well-maintained, well-managed community with ever-increasing levels of homeowner involvement. Our facilities will be creatively enhanced as required. A well-informed, fiscally responsible Board that bases all decisions on the best interests

of the homeowners, continues to oversee the management and resources of the community.

Why do you want to serve as a Board member and what do you feel you will specifically contribute to the Board if elected?

My belief is that it is important for homeowners to be actively involved in the community, socially and/or by participating in its governance. Serving as a Board member requires being a good steward for our community's many resources, ensuring that the HOA thrives and continues to move forward. Besides bringing different ideas, experiences and points of view to the Board, I believe I have skills and qualities which enable me to be a meaningful contributor to the decision making process. And for me, that process necessitates having all sides of an issue presented, processing all relevant facts collected, voicing opinions, listening to others and finally, voting for the best possible option for SCOV as a whole.

What three goals would you like to help the Board achieve during your term?

As an individual, there are no specific new goals that I would submit to the Board at this time. But, there are numerous high-priority issues that previous Boards have handled, future Boards will continue to follow and may, when possible, develop even better solutions. Some of these include:

1. To maintain and continue strengthening our current fiscal position.
2. To ensure that, in a competitive environment, we always remain an attractive community moving forward. Along with our lifestyle and amenities, this creates and supports the value of our homes and our community in its entirety.
3. To engage the entire membership in community activities by enhancing both the scope of activities and our means of communication. We need to always be seeking new avenues for even more effective two-way communication between members, clubs, committees and the Board.

What is your personal vision for the future of SCOV?

Our community has withstood the continued pressures of social and physical changes.

We must find ways to continue replacing those who have left us with people who become our residents and continue to present to these residents the challenges to keep us vibrant, attractive and interesting.

Why so you want to serve as a

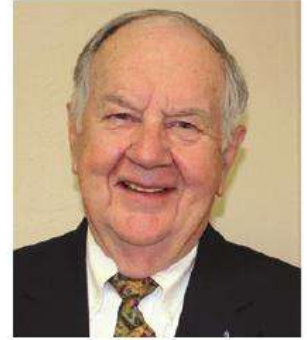

Board member, and what do you feel you will specifically contribute to the Board if elected?

As an 18 year resident SCOV is my only home. My professional background lends itself to staying aware of problems and ways to resolve these problems into opportunities with attention to detail regarding the interests of our residents. The details involve monetary expenditures as well as physical renewable attributes to our community.

If elected to the Board I will bring 40 years of managerial experience in dealing with customers and potential customers and resolving problems regarding prices, service and products. I will use this experience to become aware of residents' concerns and work in ways to find solutions.

What three goals would you like to help the Board achieve during your term?

1. Continued beautification of the common properties.
2. Constantly finding ways to reduce water and power usage.
3. Continued studies of ways to increase revenue at the golf course and the Café.

Jack Saatkamp

Two Board of Director Candidate Forums

Thursday February 6, 6:30 PM;

Wednesday, February 12, 11 AM

both in the Auditorium.

- On the ballot validation dates, posted on the bulletin boards, the Election Committee checks the unit/lot and name against the membership list of eligible voters. A check is placed beside the eligible voters name to indicate a ballot is received. The ballots are then stored by unit/lot. If a subsequent ballot is received for the same unit/lot, both ballots are discarded as per the governing documents (Bylaws 11, 2.2).
- Before the counting begins, the blue envelope is opened and the sealed BALLOT envelope is removed. The white envelopes are placed in bundles of 25 to be counted. The counting will be done on Tuesday, March 25.

This process validates that individuals are eligible to vote (blue envelope with unit/lot and name) AND it ensures that the vote is received anonymously (white envelope containing the ballot with no identification). The blue envelopes are kept as per the governing documents for a specified period of time.

All residents are welcome to observe the validation process. See the bulletin boards for ballot validation dates.

Please remember that all trash containers must be covered and may not be stored on the lot where they are visible to your neighbors or from the street. If that is not possible, the container must be stored in the garage. No garbage in bags or boxes may be put out for collection and all covered containers put out for collection should be curb side for the least amount of time as possible and should never block the sidewalk.

The meeting rooms in the Activity Center are now well

equipped with audio and visual facilities. Clubs using these rooms may request the equipment they wish to use. Club representatives are responsible for requesting which services they require. Each club should have a tech person in their membership who is capable of using the equipment, but assistance is available or training is offered. Help Needed was set up through the *Tipster* by the Communication Committee in the hopes of recruiting more volunteers to learn the usage of our audio and visual equipment. Care to volunteer? If you have ideas for additional ways to communicate to the residents, we can always use more bodies on our committee.

Aluminum Can Donations: Put those aluminum cans to work for Sun City Oro Valley. Deposit empty, rinsed aluminum cans in the box outside the Activity Center kitchen. For safety reasons, do not deposit unrinsed cans, which can attract bees and may become a hazard. Profits fund the equipment for the Loan Room.

On December 31 we delivered 500 pounds of aluminum cans to the recycle center. We received \$295. We have received a total of \$1,085 year-to-date.

Thank you for coming out in support of our annual Pancake Breakfast. It was a success as usual due to the many volunteers who mix, cook and serve the breakfast and our faithful residents who eat it. The Pancake Breakfast helps support our community's Loan Room providing equipment for friends and family visits, parties and medical issues. The Eyes Have It

Next time you are out at your mailbox, take a look. Could it use a fresh coat of paint? Perhaps it's time to paint the pole, box and flag. Check with Consumer Referral for names of people who will do it for you at a nominal cost, if you don't wish to do the actual painting yourself.

Another item that needs mentioning, since it is the responsibility of the homeowner, is raised pedestrian walkways (sidewalks). If the cement is raised where a walker could trip and fall, it needs to be repaired. Take a walk on your sidewalk, and take a look. Is yours OK?

Reminder: All wrought iron perimeter fences in the community need to be painted the Weathered Brown color by January 1, 2016, so think ahead and plan. Perhaps you and your neighbor can share in the cost if the fence runs between the two yards. It might be a good idea at least to get a quote. Take a look, and then you'll know how to prepare.

Our top priority recommendation to the Board for the next capital improvement involved modifications to the Auditorium stage. The initial concept involved extending the stage into the floor area. Subsequent input determined that floor area reduction would negatively impact present uses for that space, so an alternate plan has been devised which will take some area on either side of the stage but eliminate all encroachment into the floor. The estimates will determine whether the stage project remains our top recommendation.

The committee was tasked to see if there is any available room space for the Modelers' Club. An initial survey indicates that there may be such space, but its availability is dependent on the degree of utilization by clubs to whom it is presently assigned. An update of such utilization will provide us with the information required to develop a recommendation.

The Posse Committee meeting on January 7 was transition day for the outgoing chairperson, Del Balston, and the incoming chairperson, Bob Hefner.

One of Del's many accomplishments was fostering and maintaining the Posse's close relationship with the OVPD (Oro Valley Police Department) during his four-year tenure as chairperson. In recognition of that, Del was presented with a Certificate of Appreciation by OVPD Chief Danny Sharp.

Photo shows Chief Sharp, (left), making the presentation to Del Balston with Bob Hefner looking on (right).

New residents and returning seasonal residents, are you looking for an easy yet rewarding way to serve your community? Look no further. Join the Posse and patrol often. Patrols are not only beneficial to the community, they can be fun too. You may spot bobcats, owls, hawks, mule deer, javelina and even an occasional person. Sign up today.

Going Paperless...

Rewarding, but a Little Awkward Still

One page of paper...that is what I filed for the January 2014 Study Session packet. When I pulled the January 2013 packet for recycling there were 31 pages...a fairly normal size for a packet. We now access our packets digitally (paperless). Saving paper is important, saving storage space is important, but it hasn't come without challenges. It's been a learning experience using my iPad to view the packet of information and breaking the habit of wanting to feel the paper between my fingers. Frankly, I feel a little insecure in the process, but I know the feeling won't last and it's a better solution overall.

I'm not the only one that can look at the packet digitally, you can too. The packets are now placed on our website under the Association tab and on the Board Meeting page.

New Events

I just wanted to tell you how our two new events in December were a big success. The Cookie Exchange was a fun afternoon and the ladies and men who participated had a great time enjoying the afternoon having coffee and cookies and meeting new friends. The selection that they took home was impressive. This event will return, by request, next year.

First Place

Our second event was the Holiday Golf Cart Parade. The judges had a hard time picking our winners. We had 20 carts in the parade on the streets of the community. Those that entered the parade and the parade watchers rated it another success. It was a pleasure to see so many newer residents in the community participate in both events.

Winners were:
first place,
Dea Calvin;
second place,
Mario
Siracudse;
third place,
Don Hess.

Head Golf Professional - Kim Griggs

Happy Valentines Day! Make sure to buy your special someone a nice gift before February 14. Come in to our Pro Shop and check out our wide variety of merchandise. Pass Holders receive 30% off and residents receive 15% off everything except golf balls, sale items and golf clubs.

Sun City Oro Valley residents/guests, new residents and renters, come see our beautiful 18-hole championship golf course. The views are breathtaking and the course is in excellent condition. Ask us about our memberships, our clubs, and our fully stocked Pro Shop.

Bunkers: Do not enter bunkers from the high side as you will cave in the sand on the wall of the bunker. Please leave the handle outside the bunker and the head of the rake inside the bunker. Please remember to rake the bunkers before you exit them. Leave the sand smooth for the next player. Thank you for your cooperation.

Lessons are available from Kim Griggs and Rick Sample (PGA Members): 30 minutes \$45, 45 minutes \$55. Please ask us about our series of lessons.

Finally, I want to remind everyone that athletic wear, t-shirts, tank tops, short shorts and blue jeans are not permitted when using the golf facilities, including the driving range and chipping area. Please remember these requirements when coming to use the practice facilities or inviting your friends.

Superintendent - Michael Kropf

February is part of the peak golfing season when the weather is beautiful and the golf course is in great shape. The fairways, tees and greens are in some of the best conditions of the entire year. Due to these excellent conditions the only maintenance performed on the turf is mowing, fertilizing, and watering. However, conditions begin to decline in March and April without some of the required maintenance, so this year changes will occur in March.

Toward the end of spring the greens become hard and stop holding shots. The greens get compacted from the increased play, the constant mowing and rolling over the winter months, and the irrigation water. In the past, these conditions persisted until May when play decreases and the greens are aerified. The aerification not only alleviates the compaction, but also removes the salts to allow for better root growth and transition back to Bermuda grass.

To prevent the greens from becoming too hard in the spring and to promote a better transition in the summer, the greens are going to be aerified in early March. The tines

are going to be smaller and the hole spacing will be wider than normal summer aerifications. This will allow the greens to heal quicker and be ready for tournaments at the end of March and early April. The tees and fairways will also be aerified in March to promote a better transition in the summer, but this will be much less impactful on playability.

Golf Advisory

Chair Howard Schulz 825-0797

First Wednesday, 2 PM, Welcome Center/Conference 3

The next Hits and Giggles golf outing is scheduled for Sunday, February 23. Due to the success of the January outing, spots may be limited, so sign up early.

Golf leagues, men's and women's clubs, are underway and welcoming new members. It is easy to get involved and play. To learn more, talk to a league representative.

The greens are scheduled to be aerated with smaller holes and wider spacing on Monday and Tuesday, March 10 and 11. Based on green conditions last spring and the need to support root growth, a decision was made to conduct this work before the major aeration projects coming this summer.

Feedback on the playability of the proposed changes to Hole #5 have been received, and comments are generally positive. Adding turf area on the far side of the wash to reduce the length of carry is being investigated.

Your Sun City Vistoso Foundation has been quite active in the past year: We supported the AFC (Aquatic & Fitness Center) renovation with a grant to provide the art work required by the Town of Oro Valley and then helped with furnishing the lobby area, buying cabinetry and other projects. The opening of the AFC in January added another dimension to the lives of our residents. Other clubs and organizations within Sun City Oro Valley also benefited: the Vistoso Bike Club who helped the ICS Food Bank and the

Wheels for Kids, the Sun City Singers, Emerge! and the new Tee Box markers for the golf course. It is always rewarding to be able to help some of the local schools in our area with worthwhile projects such as the Ironwood Ridge High School Veterans' Project, the CDO International Baccalaureate program and the Sun City Oro Valley Rock and Roll Club to help the Youth on Their Own program. Other groups benefiting from grants include the Pima Council on Aging, Alzheimer's Association and AARP. To help improve the quality of life here in Sun City Oro Valley, the Foundation also sponsors the Dispose-a-Med and Shred-It Days. The Foundation does work for all of us. Don't forget that you can help with your donations.

Special Thank You

by Paul Mercer

Ever wonder how all the information in the Sun City Oro Valley phone directory is kept current? The ever-busy Carolyn Lerch handles all of the telephone directory updates for Sun City Oro Valley. Okay, so you may have already known that Carolyn does that.

Did you know she supervises the distribution of the two-thousand-plus books, that are hand delivered to all the SCOV homes each a year?

Did you know that the resident listings are updated once a month? And did you know there were a total of 300+ changes in 2013?

Did you know you can help Carolyn by updating your own listing on the SCOV site? You can find it in the Members Only section. Carolyn noted that the email addresses for our residents are also listed there as well.

Carolyn is one of many volunteers that help keep our Association one of the best around. The next time you see her, give her a big thank you for her work.

If you're browsing the internet without a script blocker, you're placing yourself in harm's way. You need to know a few basic fundamentals and you need the right tools to help protect your computer from being attacked by a growing number of pervasive web threats. This presentation discusses defensive browsing techniques and various script-blocking tools. We will be serving Valentine's Day cake and beverages. Door prizes.

The new Folk Dance Club of Sun City Oro Valley offers instructions for every dance each session. No prior experience or partners required, but experienced dancers are welcome. Most dances are easy to learn, done in a circle holding hands and seldom require twirling. If you haven't yet seen our club's dancers in action, Search Google SCOV Folk Dancers Youtube and see what you too can learn to do.

www.scovaz.com/clubs/hiking

On New Year's Eve the Hiking Club held its 13th Annual Celebratory Hike. Two groups of hikers converged in Alamo Canyon at Dove Mountain. There they enjoyed beautiful Indian flute music that was provided by fellow hikers, Frances and Dennis Everson. Afterward, we all shared a delicious pot luck and yummy culinary treat that was cooked up by a committee chaired by Mike and Kathy Moyer, who have been doing this for many years. And then came the hard part... What did the hikers know about our country's national monuments? Needless to say, we all learned a thing or two and had a delightful time doing so.

This picture shows the plaque that the Hiking Club will erect on the clock tower. It identifies landmarks in the Catalina Mountains and will be put in place in early February for all to enjoy.

The Winter/Spring 2014 semester began last month with 15 classes offered, which range in length from three to 12 weeks. In addition, each Thursday for 10 weeks, a Sampler, which doesn't require registration or a fee, will be presented for anyone who would like to attend. (See Workshops and Classes in this issue for more details.) If you have never registered for ILR classes, but would like to know a bit more about what the club does, pick up a copy of the current course descriptions at the ILR Library in Catalina Vista, the Sun City Library lounge (at the end of the magazine rack) or the website listed above.

The Curriculum Committee is in the midst of planning for Fall 2014. If you have an idea for a class, or have a neighbor or friend you believe could teach a particular subject, please contact us. We try to assemble an agenda that will appeal to a broad sector of the community, but each individual class may be attractive to only a relatively small group. Don't stay away because you didn't attend college or like school; you may be surprised at what your senior mind welcomes.

Elise Asch 818-1345

Mondays, 9:30-11:30 AM, Welcome Center/Conference I

A newcomer to the Poets Corner has captured the essence of the group and his feelings about participating. Ted Dare's poem begins with this description: "souls bared, bare souls/educated consideration/offered without rancor/an atmosphere of exploring" and ends with "somehow slipped unnoticed/into a grad school tutorial/overwhelmed with juicy free flow/wanting more."

We are always glad to welcome new members and will be accepting all comers in February since the facilitated workshop planned has unavoidably been cancelled. Some volunteer tutorials have been suggested as a substitute and should serve to give us new ideas, directions, insight and impetus to stretch our poetic parameters.

We will not meet February 17 because the Welcome Center will be closed.

Leslie's Movie Review: "Philomena"

Judi Dench plays the main character, which I will admit already gives the film a 4 star rating in my book. The story is about an Irish woman in her late sixties who goes in search of her son, who was taken from her and given up for adoption to an American couple, on what would have been his 50th birthday. Philomena connects with a writer, Martin Sixsmith and together they begin the search for her son.

What adds interest to the story are the differences and attitudes of the main characters. Despite all she suffered as a young mother at the hands of the nuns, Philomena has not lost her faith. Sixsmith, on the other hand is a fallen away Catholic, a professed atheist and a strong critic of the church. He is angry for Philomena.

I recommend this film highly. It is not merely a chick flick. All should enjoy.
