From The Board of Directors

Our MISSION as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Participate in Your Community

by Jan Fischer

Once upon a time in a land far far away in the deepest part of the southwest, located on ancient land, once occupied by the Apache, Yaqui and Papago Indians, is a community called Sun City Oro Valley. This community is populated by people from all parts of the country and the world. They are welcomed by all.

Our residents are as diverse as the universe and all are welcomed with open arms to participate in all activities the community offers. The most important of those activities are the various committees which are tasked with continuing to define our community and maximize the lifestyle we have chosen.

Our community is distinctly unique, and, our name is well known throughout the country. Our residents embrace the lifestyle offered and enjoy our many amenities. However, it is important for all of us to understand that the lifestyle we enjoy takes all of us working together on the various committees to provide continued success within and outside our community. It is important that we continue to reinforce our position as an upscale, unique community within Oro Valley.

As a Board member, I experience the magic of our community on a daily basis and observe the hard work that the various committees perform. However, the committees need the participation and input from our many residents. I have personally observed residents, with backgrounds in various aspects of the business world, who have offered their expertise to committees and the amazing outcomes that information has provided.

It is important for our community to continue to be recognized for our originality, innovation and ability to set ourselves apart from other communities. Our extraordinary and unique financial position provides all of us with innovations and activities that enhance the community in which we have chosen to live.

I want to welcome our new residents and invite all residents, to participate in the committees. These committees provide outstanding information and recommendations that continue to set our community apart from others. We continue to attract new residents who bring new ideas and information to our community.

General Manager - Bob Mariani

Board of Directors Goals and Community Direction

Every year the Board establishes new goals which provide general direction to staff and influence the Community's direction. This year the process is different in that the Board is not only establishing goals but is also developing objectives, strategies and tactics. This in-depth planning identifies specific tasks that should be completed and a tracking system so that progress can be identified.

In addition to the in-depth goal plan, the Board's goals are both long and short-term. Typically, the primary focus is to complete most if not all of the goals during the upcoming year. Although I am confident that considerable progress will be made in achieving each of the goals, it is evident that they are all goals that this Board will attend to for the next few years and if future Boards consider these goals worthwhile, work will continue on them.

You will quickly recognize the long-term approach after a brief review of these goals:

1. "Continue to maintain, develop and promote Sun City Oro Valley as a premier active adult community." The use of the word "continue" conveys that this is an ongoing goal.
2. "Initiate a long-term review concerning the future of our housing stock, common areas and other related issues in SCOV and recommend changes including, if any, on an ongoing basis, to our governing documents and internal monitoring functions." The use of the word "long-term" says it all.
3. "Develop a sustainable process and program of encouraging community members to become active in serving on Association committees, task forces and Board." Great progress may be made this year in attaining this goal, yet it must be an ongoing effort, year after year.
4. "Continue to emphasize the importance of Board and administration communication with the members of our community and encourage further transparency and openness between the community and our operating committees, task forces and Board and staff leadership." Again, the word "continue" conveys long-term.
5. "To meet our obligations for protecting, preserving and enhancing members' property values, employ best financial practices to assure that SCOV achieves and maintains a high level of financial strength including reserves for community improvements." It's obvious that achieving this goal is a long-term process.

It's More Than Living... It's A Lifestyle... in Sun City Oro Valley

Fitness, Swimming and Sun City Oro Valley = Senior Olympics Team

Story and Photo By Paul Mercer

Are you one of our physically active residents? No matter how you answer that question, there is a program here in Sun City Oro Valley with all the coaching and facilities you need to gradually increase your fitness and strength. The Senior Olympics for swimmers could be just what you are looking for. This season we have a triathlete, Tim Cronk, competing in the Ironman competition to provide additional inspiration.

The swimming pool at the Aquatic & Fitness Center opens daily at 5 AM with athletes waiting in line to begin their workout. As you probably know, swimming offers cardio and improved muscle tone. For an added edge, you can complement your swim training with light weight workouts in the weight room of our new gym, and, there is coaching on deck if you want it. There is a training program for our Senior Olympics team that will start up again in November. You may want to start now to condition yourself and gain a competitive edge.

"I'm too busy", "I'm too out of shape" and "I'm too fat" are common reasons given for being inactive, and that's not even mentioning "I don't want to, I'm too lazy", the most popular and truthful reason. You should consider this as you run through the litany: if you do it right, changing your routine is pretty easy.

Start at five minutes per day, six-seven days a week, at the same time of day if possible. You will be able to increase your time quickly that way, and give your self-confidence a big boost.

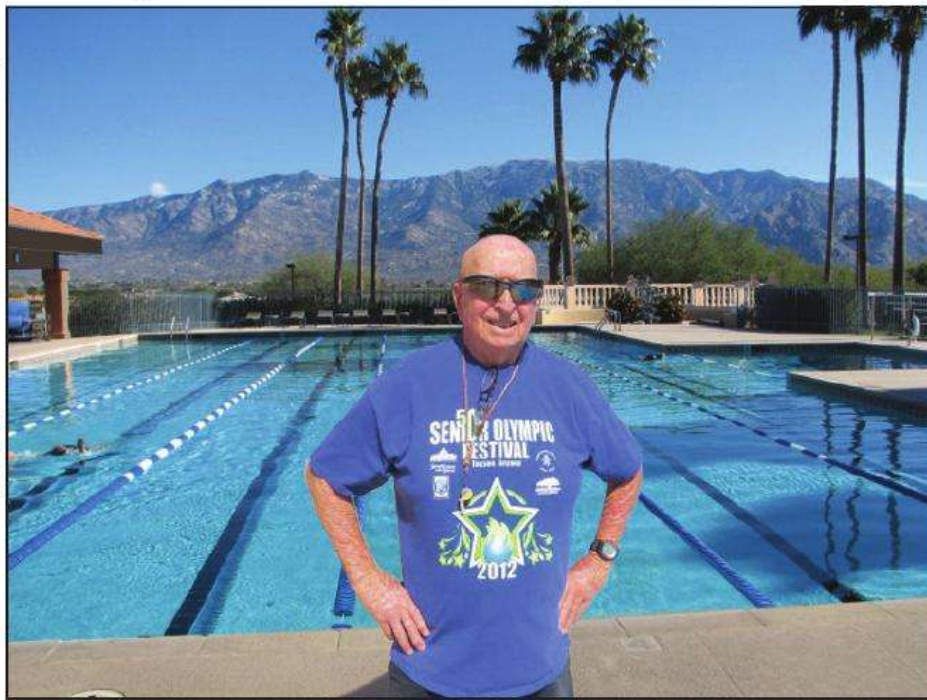

Right now, there are about twenty members of the Senior Olympics Swim Team and the group is looking to increase their membership. "What we are doing is good for Sun City and we want more people to enjoy the fun" says Gordon Gillin, a Master Swimmer and a leader of the group. The affable Gordon will be happy to introduce you to the various programs here. Contact Gordon at 825-8261 or swimgordon2@gmail.com. Coach Joe Bolze, along with Corinna and

Dave Goodman are some of the other resident coaches available to you. Joe has training tips available for swimmers. He suggests using a different stroke for each pool length you swim: the backstroke, the breaststroke, the freestyle or crawl, and finally, the butterfly.

All of the current swimmers are awaiting the return of the Mileage Chart to the remodeled area to help keep track of their progress and miles swam. Then you can plan and develop your training schedule the same way as if you were still going to work. There are also clinics held by the coaches to help you. All of our coaches are Master Swimmers, meaning they belong to U.S. Master Swimming, an organization promoting fitness among its members.

To qualify as a Senior Olympian is easy: men and women

must be at least fifty years old. There are no fees or dues for the Sun City Olympic Swim Team. It is free. There are periodic team practices and our seniors compete in four local meets: Tucson, Phoenix, Green Valley and Saddlebrooke. These meets are held about once a month in late winter. There are eight age groups and about 30 events at each meet. In the meets all four strokes are used. You can do one or all of them. This may sound daunting, but it only adds to the fun by providing lots of

winners. The first meet this season will be in January 2015 in Tucson. That date gives even the newest swimmer plenty of time to train and condition for the easiest events like the 25 meter (roughly 25 yards), 50 meter (roughly 50 yards) events or longer if you wish. There is plenty of time to be ready if you start now. Medals are awarded for the winners at the meets.

Does your spouse say "Honey, isn't it time you add a little dimension to your otherwise boring and listless life?" If so, this is the perfect opportunity to reach out, show everyone what you are made of and start training.

Architectural Review

Chair Sandy Lawyer 847-826-2640 selawyer@gmail.com
Second and Fourth Tuesday, 1 PM, WCI

Weathered Brown wrought iron fences, January 1, 2016, what do they have in common? Our Development Standards state that all visible perimeter wrought iron fencing and gates will be painted Weathered Brown by this date. Much has been done already and our community is starting to take on a new look. A number of positive comments have been made from homeowners about the results of using the new fence color. As the date approaches questions are being asked about this Standard such as, ownership of fences, the role of our Association, common area guard rails and hand rails and, of course, the utility boxes. For this reason a Frequently Asked Questions document has been written and is available to you on the SCOV website or at the Welcome Center. If you have questions please look for the answers in this document. We hope you find it informative and helpful.

Aluminum Can Donations: Put those aluminum cans to work for SCOV. Deposit empty, rinsed aluminum cans in the box outside the Activity Center kitchen. For safety reasons, do not deposit unrinsed cans which can attract bees and may become a hazard. Profits fund the equipment for the Loan Room. Please continue to save your aluminum cans because this supports our Loan Room, providing a way to purchase new equipment as needed.

On May 13, we delivered 600 pounds of aluminum cans for which we received \$384. This brings our year-to-date total receipts to \$2,253.80 with a total of 3,820 pounds recycled.

The Loan Room continues to be open Tuesdays and Thursdays, 8-9 AM throughout the summer. You will no longer be able to make telephone reservations until the Telephone Committee begins again in November, but you can always reserve the items you need by coming to the Loan Room. We have many items to loan, from medical items, to cots and rollaway beds, tables and chairs and some children's items. Please feel free to visit us when we are open to see what we have.

What's right around the corner?

Any day now, our monsoon season will arrive in full force. Put some much-needed rain with our summer heat, and the growth of our foliage takes off! This is a surprise to new residents of our part of the country and an annual reminder to the rest of us that things really do grow here in the desert. Notice weeds which will pop up in the cracks of cement and where the sidewalk meets the street. It is the homeowner's responsibility to get rid of those weeds and help keep our community looking nice, even in the middle of summer.

Notice the roofs in your neighborhood, as strong winds can sometimes lift and move the tiles. Be a good neighbor and let others know if you see roof damage. With so many of our residents away, it's helpful to keep an eye out for each other. Please take pride not only in your property but those of your neighbors and friends.

Are neighbor's newspapers piling up in their driveway or flyers accumulating on their front door? Why not be a good

neighbor and fight crime by getting rid of these things for them. Allowing them to build up is like hanging out a sign on their house stating "Thieves Welcome."

Now that our winter residents have left for the summer, it is more difficult filling our nightly Posse shifts. If you are not a member, you could help by joining the Posse. If you are already a member, you can help by scheduling additional patrols.

Assistant Manager - Robin Coulter

The Big Picture

I was recently discussing the organizational structure of our community with a friend. His company is not a homeowners association and yet we found many similarities in the way we do business. We both have a Board, committees, customers (our customers are our residents) and employees. He was recounting a meeting he had with a leader in his business who provided some intuitive insight. He noted that because of his position as a leader, he was able to see the big picture and my friend, the employee, was in the trenches. They had talked about how helpful and essential both roles were to their organization.

Immediately my thoughts drifted to the organization of SCOV. Each year our General Manager asks us to set goals and throughout the year to assess our progress. I thought of how often I'm in the trenches working through these goals. It affirmed my belief that our leadership has set an organizational structure into place that provides both the big picture and the hands to accomplish our goals.

Some of my goals in 2013-2014 were to develop and implement the AFC technological requirements to provide a techno-savvy fitness center; facilitate the tabulation and distribution of our resident and new resident surveys, provide continual customer service training for our staff, manage the installation of our signage, refine the execution of our marketing program which includes a strong emphasis on increasing golf play—our most prominent asset, implement the secure access in our buildings and begin the process for redesigning our website. As I look back on the year and my goals, I was pleased with the progress made. The organization worked well. We were able to see the big picture because of the many residents involved in leadership and we were able to execute the plan because of the hands of our employees. We have a system that works.

Programs/Facilities Director - Pam Sarpalus

Summer is Here

Are you cooling off in one of our pools? Are you enjoying happy hours at The Café?

Are you walking inside the AFC with Lonnie on Monday and Friday from 1-2 PM to avoid the heat?

Can you help collate the *Tipster* once a month and enjoy the company of others and meet new friends? Have you visited the library to get a book or movie to enjoy? Have you played the Wii system at the Desert Oasis? Have you tried some of the new menu items at The Café? Why not try a new craft in our Artisan Center. Keep in mind that even if the temperatures are hot outside, there is plenty to do inside at SCOV.

The most important thing is my yearly reminder to please remember to drink plenty of water. The rule is "if you drink water when you are thirsty... it's too late" please have a drink of water every hour or half hour. Be safe this summer and enjoy our free Sun City Singers show on the 4th of July.

Superintendent - Michael Kropf

July is the traditional beginning of the monsoon season in southern Arizona. In regards to golf course maintenance, the start of monsoons is bitter-sweet. The good news is the golf course will start to green up quickly from the harsh dry weather of June because of the increased humidity combined with hot temperatures. However, the monsoons also bring the chance of heavy rain that has the potential of causing serious damage to holes located near washes.

This summer many construction projects are taking place in the washes to prevent damage from the monsoon storms. In June, the wash between holes number 4 and 5 was reshaped and dredged to re-establish a channel to direct water flow away from the turf areas. This work should help during most storm events, but nothing can prevent damage from a very large storm. Rocks were again placed in vulnerable areas to protect the turf and excess sand was removed from the culverts under Del Webb to improve water flow.

The wash that runs behind #11 green and between the right side of the hole and the houses is also going to get some work. The area where the water turns corners behind the green and near the houses is going to be reinforced to protect both the green and the houses from heavy water flows. Further down, the wash between the left side of hole #10 and the houses is also going to get reinforcement to protect those houses that have already experienced serious erosion near their homes.

Golf Advisory

Chair Janet Kimball 825-3172

First Wednesday, 2 PM, WC3

Special thanks to Howard Schulz for serving as Golf Advisory chairman this past year.

A new, lower cost bid has been received for new fencing in the chipping area. We hope to have improvements finalized this summer.

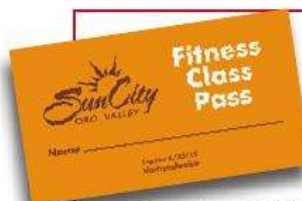

Combo tees are progressing, as ratings for the different tees are currently being received. There will also be recommendations on which set of tees to use based on your handicap. Expect new scorecards to be in place later this year.

Greens will be plugged in late June and again, with smaller holes, in August. Over-seeding is scheduled to start on September 20 with course re-opening on October 10.

Check out new products in the Pro Shop, including new wide-brimmed hats for hotter temperatures and new sun lotions.

Please remember to use the 90 degree rule for golf carts to put less stress on the fairways. Our golf course depends on your care.

Golf Advisory will not meet in July and August.

It's time once again to be hot, hot, hot. Don't get dehydrated playing your round.

It's better to keep drinking water, even if you don't feel you need it.

We had a great influx of new members this past season, and we hope this trend continues. If you know of any potential members, by all means encourage them to join in the fun. Have a great summer braving the heat, and happy golfing.

Pres. Barbara Gates 825-7645

VP Jeff Amthor 825-4571 scov.great.books@gmail.com

October-May, First and Third Wednesday, 2 PM, Catalina Vista/Mt. Lemmon

We will be on summer vacation until October 1. All residents are invited to join us then when we will begin discussion of *Immigrant Voices: 21st Century Stories*, an anthology of 18 contemporary short stories written by recent immigrants to the United States and just published by Great Books Foundation (ISBN 978-1-939014-65-9, see www.greatbooks.org, also available through Amazon.com). The short stories provide important perspectives on the experiences, concerns, and aspirations of those who left their homeland for a new life in the United States. The volume editors state "The stories collected in *Immigrant Voices* are about daily life in a changing America, and about the kinds of relationships immigrants in the United States have with each other, with the people and places around them, and with those who remain in their home countries. *Immigrant Voices* presents a cross-section of new voices and ideas about these experiences."

On October 1 the story *Letting Go to America* will be discussed. Contact Jeff Amthor if you would like to lead discussion of a particular story.

SCOV Book Club

Jane Fairchild 520-909-5069 janemail1@yahoo.com
First Monday, 1:30 PM, Catalina Vista/Pusch Ridge

At our July meeting we will discuss the *The Rosie Project* by Graeme Simsion. Meet Don Tillman, a brilliant yet socially challenged professor of genetics, who's decided it's time he found a wife. In the orderly, evidence-based manner with which Don approaches all things, he designs the Wife Project to find his perfect partner: a 16-page, scientifically valid survey to filter out the drinkers, the smokers, the late arrivers. *The Rosie Project* is a rare find: a book that restores our optimism in the power of human connection.

At our August meeting we will discuss *The Last Runaway* by Tracy Chevalier. Ohio 1850. For a modest English Quaker stranded far from home, life is a trial. Untethered from the moment she leaves England, fleeing personal disappointment, Honor Bright is forced by family tragedy to rely on strangers in an alien, untamed landscape. Drawn into the clandestine activities of the Underground Railroad, a network helping runaway slaves escape to freedom, Honor befriends two exceptional people who embody the startling power of defiance. Eventually she must decide if she too can act on what she believes in, whatever the personal cost.

Newcomers and guests are always welcome. Light refreshments will be served.

Our Different Drummers Women's Circle continues to welcome experienced hand drummers or the never-held-one variety. Though we do offer tips on drumming techniques, and buying drums, you do not need to make a purchase until you can decide which type is right for you. Our members play either African

djembes or Native American frame and hoop drums, as well as small percussion instruments. Come, relax and try drumming. There are no tests; we promise.

Our circle takes a summer break and will not meet again until October 5.

"Music was my refuge. I could crawl into the space between the notes and curl my back to loneliness." Maya Angelou

Joyce Patten 825-0774 jpatten007@comcast.net

Second Wednesday, 1 PM, Catalina Vista/Pusch Ridge

If you would like to join the Summer Group for various activities, contact Zona or Joyce to be included. Dues need to be paid by July 31 if you want to be included in the Member Yearbook. Our next full meeting will be Wednesday, October 8. Happy gardening and be safe during the monsoon storms.

Gardening Tips: Native summer annuals can be planted from seed such as Arizona Poppy (*Kallstroemia grandiflora*), Chinchweed (*Pectis papposa*) and Devil's Claw (*Proboscidea parviflora*). These annuals can be difficult to germinate, but soaking the seed overnight in water may help initiate the germination process. With proper plant selection, you can provide your garden with color as there are many native and desert-adapted plants that will continue to flower through the summer and into the fall.

Monitor Training Joan Allen 825-4464

October-May, Second Tuesday, 1 PM, Activity Center/Navajo
www.scvgs.org

Have you tried and are you now using the new method of volunteering to be a room monitor? This online system doesn't require you to trot down to the lab and see which day/time is available to volunteer your services as a monitor. Go to our website and click on the link Club Room Calendar. Follow the instructions and it's all done. If you approve of it, please tell Mike Carroll, 818-0556, as this has been his hard work setting up this trial edition for room sign-ups.

If you find the temperature too high this month and don't have enough material at home to read, drop in at the club library. Locate a book or other instructional material that will help to get answers for your searches to confront those brick walls that face you. The monitor will help you check it out.

Pictured from left to right are Rob Simms, Myrna Simms, Barbara Antrobus, Bob Esparza, Judy Newton, John Newton, Barbara Pendas and Paul Bishop.

Late in May a group of our more adventurous members undertook the awesome challenge of hiking the Grand Canyon rim to rim, a distance of approximately 24 miles accomplished in three days. Very early on the first day they descended the North Rim via the North Kaibab Trail, lodged two nights at Phantom Ranch and then on the third day they began the ascent of the Bright Angel Trail to the top of the South Rim. Well done hikers!

Please note a change in the hike leader for the orientation hikes through September. The orientation hike is a requirement prior to joining the club. If you wish to join the club, give Jim a call or an email.

As the summer months continue, we are offered a choice of hiking in Catalina State Park, the Tortolita Mountains as well as hikes around our beautiful Views Golf Course. You may want to head out to higher trails such as Mt. Lemmon or Madera Canyon. The latest hiking schedule in our newsletter offers a good variety of both. We hope to see you on the trail.

Monday, 3 PM, Thursday, 1:30 PM, AFC/Studio 2

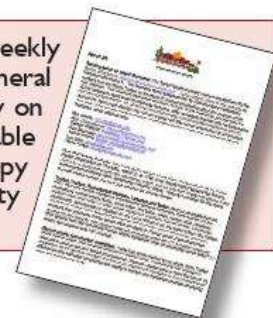

People are always asking "Is Pilates good exercise for Seniors?" The answer is definitely "Yes." Group mat classes with professional instructors like ours make all the difference. We start with warm-up exercises and deep breathing. The strenuous exercises are modified for those of us with limitations. The benefits can't be beat and include increased core strength (abdomen and back muscles), balance, flexibility, muscle tone, stamina and well being. Joseph Pilates, the founder, practiced well into his eighties. Give our classes a try or just come by and watch. The cost is only \$8/class with annual club dues of \$20 pp. Contact Mary.

Poets Corner

Sharyn Rafieyan 825-6762
Monday, 9:30-11:30 AM, Desert Oasis

Surely poems about love abound in every language but one that deals with anger, an equally potent emotion, must be scarce. April Bernard begins her "Anger" poem with a bang, almost literally: "When in a farmhouse that smelled of old rinds and wet cigarette butts I hoisted the shotgun to my shoulder and aimed but did not fire at the man who had just taken my virginity like a snack, with my collusion, but still—" There are other vivid examples, but the poem keeps returning to the initial incident and ends somewhat enigmatically with "I always lie when I always say I didn't know the gun was loaded."

Bernard has managed to safely discharge her pent up feelings about this real or imagined happening within the confines of her poem. It might even be said that poetry is more effective and less expensive than psychotherapy at helping the poet cope with a strong emotion.

Leslie's Movie Review: "Malificent"

Sleeping Beauty was always my favorite fairytale, and admittedly I did not give Malificent much thought, other than she was a "bad" fairy and rather scary looking. I never knew why she was bad, why she was so much bigger than the other fairies, or why she was so angry at the baby princess Aurora. The first line of the movie "Let us tell an old story anew and see how well you know it" appealed to me as it gave me the back story and answered most of my questions.

Angelina Jolie plays a wonderful Malificent - she is beautiful, more angular if possible, frightening and magnificent. This film will NOT go down as a classic, but for those of us who loved Sleeping Beauty and find Ms. Jolie enigmatic, I recommend the film. (It can be very scary for the younger children)
