Association News

From The Board of Directors

Our MISSION as the Sun City Oro Valley Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

What's a Board For?

by Richard Babin

The mission of the SCOV (Sun City Oro Valley) BOD (Board of Directors) is clear (see above), but what the Board really does is almost certainly less so. The Board of a HOA (homeowners association) is responsible for the management and operation of the association's business affairs in accordance with governing documents, including tasks such as preparing and approving a budget, establishing sound fiscal policies, appointing committees, establishing and enforcing rules and employing a manager. Implicit in many Board responsibilities is the oversight function. For example, there would be little point in approving a budget if the Board did not monitor whether management was acting in accordance with it.

One observer had this to say about the duties of an HOA BOD: "Most importantly, [it] is there to represent and support all members of the homeowners' association. Board members should be fair, honest and always keep the homeowner's best interest at the top of their minds."

The oversight function is closely connected with the duty to represent and support the interests of homeowners. If a Board member becomes aware of something that does not appear to be in their best interests, he or she should follow up and initiate corrective action, if required. This might consist of a conversation with the manager, referral to a committee, formal Board action or perhaps all three.

The determination about whether a matter is appropriate for Board action is ultimately the Board's decision. Directors must not micromanage, but neither can they ignore issues that suggest that the best interests of homeowners are less than paramount. How the Board chooses to respond to an issue will determine if it is fulfilling its duty to homeowners or micromanaging.

Homeowners should always feel free to contact a Director if they believe that a policy, practice or rule is not in their best interests. Naturally, there will be differences of opinion among Board members about what constitutes best interests and what should be done to remedy problems. It is up to the Board to make those determinations. Undoubtedly, whatever decisions are made will be greeted with varying degrees of approval. In the end, of course, homeowners have the final say about the role of the BOD by making certain that qualified candidates who represent their interests are elected.

General Manager - Bob Mariani

HOA Dues and Special Assessments

Each year the Board of Directors approves an annual budget. Within this budget, various revenues are projected with the largest revenue being annual dues. This fiscal year, there was also substantial revenue expected from a special assessment for the fitness center project. As you can imagine, if these funds are not received by the Association, it is difficult to provide the maintenance and services expected by the membership.

As staff does every year, bills for the annual dues and this year for the special assessment were sent out in May and were due by July 1 and June 30 respectively. Although the vast majority of the dues and assessments have been collected, a small percentage of dues and assessment revenue still remains outstanding. As noted above, these delinquencies create a challenge for the Association, and unfortunately, necessitate initiation of a collection process. In addition, every dollar of dues and assessments that are not paid by one member becomes a burden to members who do pay their Association account in full.

This collection process includes a late notice and late fee. If still not paid, a lien will be filed against the property at a cost to the delinquent member. Late fees, interest and lien fees add a considerable amount to the balance due by the member, increasing his/her hardship. The major collection step occurs if the delinquency continues which is either a lawsuit or, if financially beneficial for the Association, foreclosure will be initiated. Of course, no association wants to foreclose on a property. However, if and when it becomes necessary, this last resort action will be taken by the Association.

Is every dollar that is billed collected? Unfortunately no, due to, on a rare occasion, bankruptcy and in some cases foreclosure by the first trust deed which extinguishes the dues/assessments owed to the Association. However, in all other cases, the Association will be successful in collecting the delinquent dues plus late fees, interest, lien fees, etc. So anyone who can pay should pay before the additional costs mount.

Last month we heard Professor O'Connor talk about stress and its effect on our health and cognitive function. So which do you have? Too little stress or too much? How do you deal with the latter? Active Health's presentation this month will be held Friday, November 22, 1 PM, Auditorium. The presentation is *Reducing the Bad Stress: a Practicum* will permit you to try the stress-reducing practices of Walking Meditation, Qi Gong and Yoga. Second and Fourth Tuesdays, 1 PM, Welcome Center/Conference 1

In keeping with the Xeriscape Philosophy of water-efficient landscaping and to promote the maintenance of community aesthetics, ARC has adopted a list of plant materials approved for use in Sun City Oro Valley. The plants listed as approved have prospered in the Tucson area with little to no supplemental irrigation once they are established. There is sufficient variety to accomplish any landscape design need. Please see Appendix B in the Development Standards for Plants approved for front, back and side yards. A resident desiring to plant material in their yard that is not on the approved list must obtain written approval from ARC before proceeding.

Aluminum Can Donations: Put those aluminum cans to work for SCOV (Sun City Oro Valley). Deposit empty, rinsed aluminum cans in the box outside the Activity Center kitchen. For safety reasons, do not deposit unrinsed cans which attract bees and may become a hazard. Profits fund the equipment for the Loan Room.

This month we delivered 480 pounds of aluminum cans to the recycle center. We received \$283.20. So far, we have received a total of \$554.60 year-to-date.

November begins the busy season for the Loan Room with many residents needing extra beds, tables and chairs and children's items for visiting friends and relatives for the holidays.

As always, many medical items are available for loan to residents of SCOV. Our telephone reservation system begins November 1 and is available Mondays, Wednesdays and Fri-

days 8-9 AM. Any other reservation would need to be made Tuesdays and Thursdays, 8-9 AM, when the Loan Room is open. The inside front cover of the *Tipster* lists telephone number and times for both the Loan Room and the reservation system. Please come and visit us in the Loan Room at the end of the Cart Barn (east of the Café).

Holidays will be here before you know it. Stop in early for the best selection of preseason gift ideas or to just see what's new and unique.

This month's featured artists are Sandy and Curt Gates, who make jewelry that tells stories of the American Southwest. You

can see examples on their website storystone.com. Back in the 1960s, they would carry their young son in a backpack when they went prospecting for aquamarine and topaz in the mountains of Maine and New Hampshire. This son, now a grandfather, just bought the Lincoln mine up in Crown King, Arizona. Curt and Sandy are looking forward to cutting more stones from this historic location.

The gift shop welcomes new artists and treasures even non-artist volunteers who simply want to enjoy meeting new people and helping shoppers find just the right special item. Contact Julie or Elaine for more information.

Heartfelt Thanks

Not often enough do we say thank you to the people around us. Perhaps, as homeowners, we should say an occasional thank you to our neighbor who borders our personal property. If, when he has his own yard cleaned up by a landscaper, he includes part of yours which may have a problem caused by his foliage, it just might deserve a thank you.

With Thanksgiving nearing, there is no better time to say thanks to the homeowners who keep their properties in compliance with the governing documents. The hard work and countless hours of time from our committee members have helped to make Sun City Oro Valley a beautiful place in which to live. Walking or driving through our community, one cannot help but feel pride in living here and enjoying life as it's meant to be. We sincerely thank you and wish you a Happy Thanksgiving.

Our Nice "Quiet" Summer

There is a feeling that summers are slower around here. And while that may be true for our residents, it's quite the opposite for staff. Summer is a time when those extra projects are implemented, and this summer we have taken that opportunity to new heights. Here are some of the projects that were worked on over the summer.

Our regular annual homeowner mailing was conducted and receipt of homeowner dues and a special assessment. Also gathered were age verification forms which were entered into the database for proof of occupancy to HUD.

There were three surveys: Food and Beverage Committee conducted one for the Café, the Strategic Projects committee conducted one for new residents and the large community survey that was sent with the annual mailing which resulted in 1997 responses (excellent response rate!).

We updated gateway and monument signs, kiosk signs were updated. The Café received a small makeover including a tiled bar wall, new entry furniture, custom artwork by our own artisans and new paint. A system to provide music was installed at the Café.

The new logos were switched out on business cards, letterhead, signage and advertising.

The Welcome Center was recarpeted which meant moving all of the computers in the computer lab and genealogy lab (those clubs were fantastic in helping this to occur!).

The median on Rancho Vistoso Blvd. had maintenance and upgrades done to the irrigation system preparing it for new landscaping that will be coming soon, not a small project and quite a challenge since there are no descriptive plans on where those irrigation lines are located.

Secure access was installed and implemented in the Catalina Vista and Desert Oasis.

A new website was launched for The Views Golf Club. In preparation for the coming audio/visual system at the Activity Center/Native American rooms, many club events were moved around to best meet the audio/visual needs of our clubs.

The expansion and renovation of the Aquatic & Fitness Center has kept many of us planning for the new building and all the services that will be offered to SCOV. We have made it a priority to keep the AFC pool open whenever possible.

We added golf cars to our fleet and installed a new golf ball machine system.

All of our staff participated in a customer service training program based on the Pike's Place Fish Marketing called the FISH Philosophy.

The golf course was overseeded. The Café had a deep cleaning.

There's been a lot going on during our summer. I hope you notice some positive changes. We are looking forward to a good high season with new projects and great experiences here in Sun City Oro Valley. Something that's special about this community is that it isn't content to sit still and let the world happen around it. We are engaged and active and moving forward. What a fantastic place to live!

New Activity – Game Night

Starting in December, on the first and third Saturdays, 4-8 PM, Desert Oasis/Saguaro, is open for Game Night. Bring a game (Clue, Monopoly, etc) and play a game of your choice with some friends. Keep in mind that the Wii system is also in that room, so if you want to bowl, play tennis or golf you can do that on the TV.

We are trying to find activities that residents who are still employed can participate in.

Bring your own drinks and snacks. What a great time to mingle and have some fun. We want to thank Sally Schuneman for agreeing to host the first few nights to get things going.

Recreation and Fitness - Lonnie Davis

Strengthen your body - in every direction

This doesn't mean you need to do dozens of exercises that have you bending and twisting at every angle. No, what you really want is to train your core, shoulders and hips to stay stable no matter what position you're in. Think of your body remaining rigid while suspended horizontally from the lamp post, despite the force of gravity pulling it down. While that seems incredible, you've already trained your body to do this when you're standing. That's why you can walk erect instead of having to crawl on all fours like a baby.

Your strategy is to perform the classic exercises you're used to, but to change the position of the weight in relation to your body. Do lunges and squats while holding the dumbbells above your head, for example, and lift one dumbbell at a time when you're doing the bench press and shoulder press. This shifts your center of gravity, forcing the muscles of your core, shoulders and hips to work harder to keep you from falling over (or off the bench). The end result: You're training your muscles to be strong from every direction.

Just a reminder: range balls are now \$5 for a small basket (approximately 30 balls) and \$7 for a large basket (approximately 60 balls). The other option is to buy a range card. Please see the staff in the

Pro Shop for more details.

Lessons are available from me or Rick Sample. We are both PGA members, our rates are \$45 for one-half hour and \$55 for 45 minutes. We also offer packages, call us 825-3110.

Please stop by the Pro Shop and check out our new merchandise that has arrived for the season. Residents will receive 15% off their purchases, and pass holders will receive 30% off. This excludes sale items, clubs and balls.

Walkers, please abide by the walking signs that are provided for you on the golf course. We want you to enjoy the beautiful scenery, and at the same time be careful that you do not get hit by a golf ball.

Finally, the Pro Shop will be closed at 2 PM on Thanksgiving Day, Thursday, November 28. Happy Turkey Day to all.

Superintendent - Michael Kropf

This year the front nine was overseeded with a greenback around the edges of the collars. Many golfers found it difficult to play shots around the greens when the Bermuda grass turned brown during the winter months. The brown grass would get compacted from mowers, from watering the greens, and from foot traffic which all led to a difficult lie for chipping. The decision was made to overseed about a ten to fifteen foot pass around the collars and improve these playing conditions.

These newly overseeded areas should make playing conditions easier and more consistent and improve the aesthetics around the greens. However, it should be noted that there are several negatives associated with this decision. First, the traps around the greens on the front nine are going to be wetter than the back nine since these areas now require irrigation. When the edges were not overseeded, these areas were irrigated infrequently allowing the traps to dry. Second, the frost delays will be longer than previous years on shotgun days, because the longer rye grass in the roughs will freeze easier than the closely-mowed collars and greens. In prior years, the pins could be moved and possibly the greens mowed during frost, because those areas weren't frozen like the fairways and non-overseeded roughs. Third, these areas will be weak next June when the golf course transitions back to Bermuda grass. Similar to the fairways, these rough areas will be negatively impacted by the competition from the rye grass.

Golf Advisory

Chair Howard Schulz 825-0797

First Wednesday, 2 PM, Welcome Center/Conference 3

It's nice to be out of the overseed and playing golf again on our beautiful and challenging golf course. Check out the new scorecards and refresh yourself with golf course etiquette and cart rules. Please remember to use sand/seed mixture from your

bottles on the fairway only and not in the rough or on the holes not over-seeded (#4, #8, #15, #18).

A new initiative underway to grow golf participation will be monthly Guys and Gals events. Please talk with Kim or Preston if you'd like to help or have ideas on other events you'd like to see. More special events are in the works, so watch for announcements.

Potential changes to the drainage pattern and playability of Hole #5 are under consideration. Talk with your golf club leadership or GAC member to learn more.

Try out the six new combo (red/gold) tees and give us your feedback. Talk to your clubs about using some of these tees and being able to post a handicap score.

Next meeting is November 13, 2:30 PM, Welcome Center/Conference 3.

Sun City Vistoso Foundation

The Sun City Vistoso Community Foundation, a separate and independent organization from the Association, established in 1998, provides a means through which tax-deductible gifts may be channeled to support qualified health, cultural, educational and charitable needs of Sun City Oro Valley and surrounding areas. Gifts may be made at any time by check, stocks or gifts-in-kind to the Foundation, 1565 E. Rancho Vistoso Blvd., Tucson, AZ 85755.

Pres. Steve Taillie 825-8804 www.scovaz.com/clubs/foundation

Be sure to watch for our next two Dispose-A-Med programs held in the Activity Center Lobby: Tuesday, November 12, and Tuesday, January 14.

There are important changes in the Dispos-A-Med program procedures. The Foundation has not been involved in making these changes. The new regulations are a result of Drug Enforcement Agency changes which are to be followed by the Oro Valley Police and the Foundation. The new regulations are:

1. The Oro Valley Police and Foundation personnel in attendance are no longer allowed to handle the items brought in for disposal. The person with the medications will need to separate the pill-type items and the liquid or gel-type items themselves and will then be shown which Oro Valley Police containers are to be used for the deposit. The items do not need to be opened; they can be deposited in the original bottle/container in which they are packaged.
2. We no longer can accept syringes, inhalers or empty medicine bottles and things like elastic or other bandages, and other non-medication items.
3. Only prescription, over-the-counter, vitamins/supplements, etc. items can be accepted.

Golf course Walkers and Riders

Please abide by the walking signs that are posted. If you are an evening rider or walker, keep in mind that you cannot enter the golf course until 5 PM, and even then, you will be sharing the facility with golfers. So please be courteous.

Feature

The Sun City Vistoso Community Foundation Celebrating 15 Years of Service and Looking to the Future!

by Leslie Platt

Way back in 1998, a group of SCOV (Sun City Oro Valley) homeowners recognized that there are many things that would improve the quality of life in our community, but that our Community Association could not reasonably be expected to address all of them. They decided to form a tax-exempt 501(c)(3) corporation with the purpose of providing a tax-free channel for donations in support of qualified health, cultural, educational and charitable endeavors that would benefit SCOV and the larger community. This Corporation was named (and remains) the Sun City Vistoso Community Foundation. Its mission is "to improve the quality of life for active adults in Sun City and the surrounding area."

To date, the Foundation has received donations of over \$750,000 in support of its mission. Most donations, but not all, have come from very generous SCOV residents. A substantial portion of the Foundation's resources has been returned directly to SCOV through grants to its Association and clubs. While its primary focus is on seniors in SCOV and the surrounding area, the Foundation also makes occasional grants in support of advanced educational programs for exceptional young people. An endowment fund has been created to ensure continuation of the Foundation's work.

There are myriad examples of the Foundation's support for SCOV clubs and residents: new risers to enable to Sun City Singers to entertain us safely; equipment to help the fledgling Ukelele Club get started; a grant in support of the Bike Club's food bank campaign, and another for the Emerge! Auxiliary's work with battered women; new DVDs to replace many stolen from our Library and a copier for the AARP Volunteer Tax Program that helps so many of us each year. Substantial grants have been made in support of our golf course, the K-9 Corral and most recently, the public art

at the new Aquatic & Fitness Center, which is being funded in its entirety by the Foundation.

Typical grants to the larger community include those to Interfaith Community Services for its Food Bank (currently serving 80 of our residents) and other senior programs, the Pima Council for Aging and Catalina Community Services. Looking to the future, the Foundation has made numerous grants to advanced educational programs in the Amphitheater School District.

Good citizenship is also important to the Foundation. For many years, it sponsored an Association picnic. Currently, it sponsors the Shred It and Dispose-A-Meds Programs, and recently organized a workshop for residents contemplating lifestyle changes.

Any organization or club meeting the intent of the Foundation's mission may apply for a grant. Board members will be happy to explain the criteria. The Foundation appreciates donations of any size and encourages residents to volunteer to serve on its Board.

Coming Events

Items included in this section must be open to all residents and be either an Association-sponsored or an annual club event of interest to the entire community.

www.suncityilr.com

At a recent ILR Board meeting, participant etiquette was discussed. In the interest of enhancing everyone's ILR experience, the gist of our concerns is summarized here for your consideration.

The most frequent complaint we hear about ILR classes is that a few participants attempt to dominate the discussion with repeated, lengthy statements. If you would like to ask a question or make a brief comment, please raise your hand and wait to be recognized by the moderator/presenter. In depth interaction with the moderator should be reserved for after class, if the moderator is available and willing. Remember, moderators are volunteers who have subject-matter expertise. Let's respect their choosing to share it.

Most of our other concerns fit into the category of common courtesies. Cell phones ringing, sociable chatting, late and noisy arrivals, empty cups or spills left behind do not a productive session make.

Please wear your nametag and bring your own reusable cup.

Pilates

Mary Ayers 638-7916 mary.pilates@gmx.com
Mondays, 3 PM, Thursdays, 1:30 PM, Dance Studio

In October we welcomed two new outstanding instructors, both certified and experienced in teaching mat Pilates to senior groups. They are working closely with us to get both classes just right. We always have people asking "Is Pilates good exercise for seniors?" The answer is definitely "Yes". Group classes with instructors like ours make all the difference. We start with warm-up exercises and deep breathing. The strenuous exercises are modified for those of us with limitations. The benefits can't be beat and include increased core strength (abdomen and back muscles), balance, flexibility, muscle tone, stamina and well being. Joe Pilates, the founder, practiced well into his eighties. Give our classes a try or just come by and watch. The cost is only \$8/class with annual club dues of \$20 pp. Contact Mary for details.

Poets Corner

Elise Asch 818-1345
Mondays, 9:30-11:30 AM, Welcome Center/Conference I

The poetry of measured beats and obvious rhyme schemes facilitated memorization and recitation before audiences accustomed to just listening. Today we often prefer to see and hear simultaneously based on how the structure and sound of poetry has evolved. Take this opening line of Steve Kowit's "I Stand in the Doorway" which reads rather like a piece of prose: "Sometimes when you say goodbye you know it's goodbye for keeps." The poem continues in a similar style, following the meanderings of his mind with bits and pieces of forever farewells, many unsuspected as final at the time. Yet there is a poetic flow from one snippet to the next that slides into the ending with his hand on the knob of a door "which hasn't yet quite shut for good." Rhyme and meter may have disappeared, but the ability to convey an experience, a feeling within a compressed framework remains. This is what we do.

Men's Friday Poker

Fridays, 5:45-8:45 PM, Desert Oasis/Saguaro

Special congratulations to Milt Johnson. On September 20, while playing Texas Hold'em, he got a Royal Flush in diamonds. His first ever!

Playing poker with your neighbors can be most enjoyable. We play high only, five draw, five stud, seven stud, Omaha, Texas Hold'em and iron cross (criss cross). No dues. Bring your own refreshments. The dealer will ante for all players, which gives him control of the game. The cards speak for themselves. Absolute requirements are to leave politics and religion at the front door and come with the intention of having three hours of enjoyable, no-hassle, understandable poker.

Tai Chi

Co-Chairs Gail Barr 303-995-7485 gailbarr@gmail.com
Peggy Lombard 825-4833 kandplombard@msn.com
Thursdays, 10-11:30 AM, Dance Studio

Tai Chi improves core awareness, functional ability, endurance, flexibility, stress management, fall prevention and reaction time in elderly people.

Most of us think of Tai Chi as a way to improve breathing, prevent falls, and gain strength, but it is so much more. Clinical research by Tufts University School of Medicine has proven that those who practiced Tai Chi twice weekly over 12 weeks experienced decreased pain, improved sleep and mood, increased exercise capacity, and better quality of life. A Harvard Medical School Health Publication stated that Tai Chi is "medication in motion".

Our current block of Tai Chi and QiGong classes (11 classes to a session) has begun and ends December 19. For Sun City Oro Valley residents, the fee for each session is \$70.

The club also collects annually a \$5 club dues. Jose Hernandez-Rivera and Donna Drzenovich are our instructors and stress the use of Tai Chi in daily life.

If interested, please contact one of our club co-chairs listed above.

Café Décor Project

As a result of the Borders Golf Group review of the Café and recommendation to improve the Café décor, a request for volunteers was sent to the community a few months ago. Fortunately three very talented and ambitious residents, Pat Monson, Caryl Thornton and Glenn Cavalli volunteered to work with Robin Coulter and Bob Mariani on this project.

Over a period of a couple of months or more this group met several times to discuss the décor improvements. In between the meetings, the participants did considerable legwork looking into furnishing, rugs, cabinets, etc. These meetings and legwork resulted in a near complete re-vamping with new paint, entry area furnishing, various new accessories, a kitchen privacy wall and wonderful new artwork on the large north wall, painted by Glenn Cavalli.

This project was undertaken by residents and staff who truly worked hard with the goal of creating a Café environment that is pleasant and will be enjoyed by all. Hopefully you will agree that the results fulfilled that goal and will thank our volunteers Pat, Caryl and Glenn when you see them around the community.

Leslie's Movie Review: "Blue Jasmine"

Movie by Woody Allen - with Cate Blanchett, Alec Baldwin, Sally Hawkins and others.
In general most people are not ambivalent about Woody Allen films. You either enjoy them or find them very difficult to watch and avoid them like the plague. I am not necessarily a huge fan but as a New Yorker feel obligated to attend.

The film was interesting, about a New York socialite, (Cate Blanchett) wife of a financier (Alec Baldwin) whose life implodes when her husband is convicted of a Ponzi-ish fraud. She moves from her lavish home in the Hamptons to her sister's small apartment in San Francisco. The more we discover about "our socialite" the more incriminating evidence we find out about her - she becomes less and less sympathetic.

The film allows us to think - "Do some people have a greater propensity for self destruction - do some people have an inability to look truthfully at their own lives". I vote, interesting, great acting - but definitely not a feel good movie.
