From The Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Board of Directors

Ready, Set, Vote

by Chris Ludwig

Are you ready to be an informed voter before you cast your 2020 SCOV ballot beginning on February 18? Let's talk about what we will be voting for. At the writing of this article, there are two initiatives. However, the Board may still add others. Information will be available at the initiative forums and included with your ballot. You will also be electing two Directors to the Board. All the details and answers to questions cannot be included in this column, so please make use of the extensive information available to you in this *Tipster*, forums, online videos, SCOV web page and "This Week in Sun City Oro Valley" (TWISCOV).

The first initiative would allow the Board to enter into a 10-year contract with Comcast as SCOV's Preferred Provider of Internet, TV, and phone services. This would be a marketing agreement that would provide a revenue stream to the Association without requiring members to contract with Comcast for services. It would also result in no cost to members. Residents may continue to choose whomever they wish for Internet, TV, and phone services.

The second initiative would allow the Board to enter in to a community-wide contract with a single carrier (Republic Services) as the provider of regular trash removal and recycling services for all SCOV lots for the next three years. Negotiated rates for 2020-2021 would be \$134.40 per year per household. Some of the many benefits would include reduced noise, traffic, wear and tear on our streets; reduced and uniform rates; and choice of three trash/recycling can sizes.

Get set to attend one of four Initiative Forums in the Activity Center Auditorium on:

- Tuesday, February 11 at 9 AM and again at 6 PM
- Thursday, February 13 at 6 PM
- Friday, February 14 at 1 PM.

Our General Manager, Mark Wade, Board members, and representatives from Comcast and Republic Services will be speaking at these forums to answer your questions. Information on each of the initiatives will also be included in the ballot (Exhibits 1 and 2). There you will find complete details, costs, terms, benefits and concerns.

Additionally, a web page will be available by February 18 with information on each of the initiatives. Links to the web page will be included in TWISCOV for your convenience and to assist in becoming an informed voter on these initiatives. Yet another way to get set to vote is to view the two SCOV Vote Initiative Videos on the website (Member Services, Vote 2020), which explain in detail the two initiatives mentioned above.

There are five candidates running for two Board positions. In alphabetical order they are: Leo Belardinelli, Jan Fischer, Ronna Heinig, Mike LaBarbera, and Terry McFadden. You will find their bios on pages 7-8 in this *Tipster*. By attending one of the Candidate Forums on Monday, February 10 at 9 AM and again at 6 PM in the Auditorium, you will get better acquainted with each of them. Also, watch the "Meet Your Candidate" video interviews that are available on the SCOV webpage.

Now, it's time to VOTE!

What You Want

Here at Sun City Oro Valley I've noticed many of you want the same thing. You want to be happy with a peaceful life and lots of joy-filled days. You don't want to have to worry about your surroundings and you want to be able to do what you want when you want. You want enough opportunities to enjoy an active lifestyle while not feeling pressure. You like a social calendar that fits your character, likes and dislikes.

There are some aspects that you cannot control entirely, such as your health.

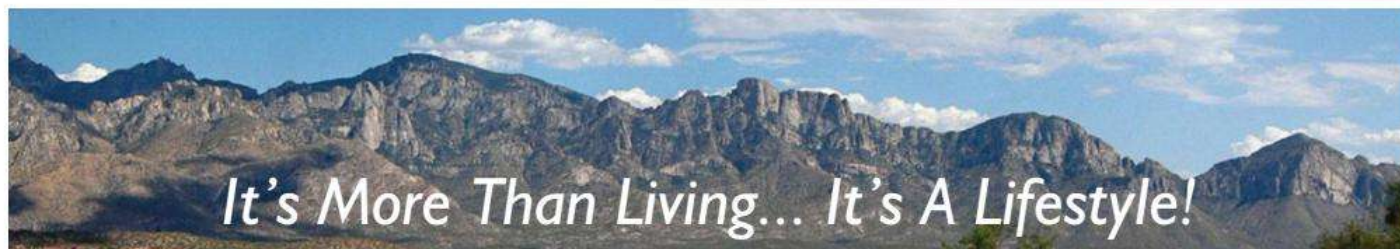

There are other aspects that you have a voice in if you choose. I'm talking about being involved. Involvement can come in several different ways. First and foremost you have the opportunity to vote, as Board member Chris Ludwig describes in her article. Then you can actively participate in community governance by running for a Board position (time is past for this year but there is always next year). You can serve on Board committees, club leadership positions and community volunteer opportunities which serve not only our community but also many of our clubs and organizations serve the less fortunate in the surrounding areas.

Building the culture of Sun City is a very rewarding endeavor as you will see your voice making a difference. You may see some of your ideas come to fruition as the community grows and develops, and you will be able to look at it with pride knowing that you played a vital role. Or you may be one of those who like to work behind the scenes without much recognition. You too make a huge impact.

Whatever role you play and however you contribute to the fabric of the quilt of life at Sun City, I thank you. You are what makes this place so amazingly wonderful. Please never stop being a contributor to the building of our very strong community. We need you!

SCOV Home Tour February 22, 2020

by Lynne Davis

The SCOV Home Tour is an annual event organized by the Friends of the Library (FOL) as a fundraiser for our library.

Each year, the FOL showcases about 10 homes that have had recent renovations on the community tour. It is a golden opportunity to see how our homes can be updated and changed. Former tour goers have said, "I found lots of good ideas that apply to our house—not just taking down walls." Others have said, "I never would have thought of that."

How does it work? There are 400 tickets sold. Sale day #1 is Thursday, February 6, from 8:30 AM-Noon in the Activity Center and is for FOL members only. Sale day #2 is for all SCOV residents on Friday, February 7, at the same time and place. Participation is limited to SCOV residents and their guests. The price of tickets is \$25 pp.

The tour takes place on Saturday, February 22, from 9 AM-Noon and 1-4 PM. Your ticket will ask that you start at a particular house to help spread out the crowd and is good for all day.

What is the tour for? Besides being lots of fun and idea inspiring, it is the major fundraiser of the Friends of the Library. Our library is one of the most used amenities in our community. The only funding for the library provided by the Association is our facility and the salary of our fabulous librarian. All of the books, videos, audios and materials are paid for by FOL fundraising, book sales in the library, grants from organizations such as Institute of Learning in Retirement,

Sun City Vistoso Foundation and donations from our generous residents.

FOL fundraising includes memberships in FOL as well as events like the home tour. FOL members are friends with benefits. Members can purchase home tour tickets on the first day of sales, and there are two Great Reads events each year for members only. FOL also sponsors a bus to the Tucson Festival of Books; members can purchase discounted tickets for the bus and enjoy attending without the worry of parking a car. But the greatest perk members have is the knowledge that they are making it possible to have new, quality materials added to our collections all the time.

You can join anytime. Just go to the library and get a

form that you can fill out and submit with your membership payment. The membership runs a calendar year and is \$20 for a family or \$15 for a single. You can buy books all the time at the book sales in the library and, of course, the library accepts donations of cash and books in good condition from residents. We have an exceptional library, and we want to keep it that way.

Whether or not you join FOL, come on the tour or donate, you are always welcome in our library, the best gathering place in SCOV.

Have you been enjoying the shows that have been brought in from TAD Management? February brings us "Motown Magic" and Michael Paul. Many of us remember and danced to the tunes of Motown music.

Michael Paul will have you laughing until your sides hurt. I previewed this show and said, "SCOV needs to see him." He has been on the "Late Show" and "Saturday Night Live." TAD Management shows perform on cruise ships and all over the world. These shows are top-notch entertainment that you would pay more to see outside of SCOV. Remember, you only have a short drive for great entertainment at a great price.

It won't be long before we will be enjoying the warmer weather and all that goes with it, including the weeds that grow in the desert. Yes, weeds do grow in our climate. If you are new to our community, you may not yet have experienced the onslaught of weeds that can come later this year. They can be prolific and most homeowners take proactive steps to deter them.

If you are open to using a pre-emergent in your landscape, please remember to apply it soon or discuss an appropriate time with your gardener. Landscapers can also explain the pros and cons of this application.

Please take steps to remove weeds before they become a problem for you or your neighbors. Not only can these invaders be unsightly in your yard, your weeds may spread to your neighbors which can cause a whole new dimension to neighborly relationships.

My grandmother used to say, "An ounce of prevention is worth a pound of cure."

The Friends of the Library will be sponsoring a bus to the festival from SCOV on Saturday, March 14, the first day of the festival.

Overcoming a Fitness Plateau

Simply adding variety to your workout will help you overcome a plateau. If you've been walking for weeks or months on end, why not try jogging?

Aerobic activities should always make up the biggest chunk of your workout, but you should also include muscle-strengthening activities, such as working out with weights or resistance bands.

Cross training, which means doing a variety of different exercises or activities, is another good way to keep exercise boredom at bay. For example, you may want to alternate between walking, swimming and strength training. Cross training also reduces the risk of injuring or overusing one specific muscle or joint.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, February 11, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, February 12, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Board Candidates Answer Questions

See Election Committee article on page 10 for voting information. Information about Candidate Forums on February 10 can be found in Coming Events on page 14.

Leo Belardinelli

Why do you want to serve as a Board member, and what knowledge, skills, and abilities do you have that will contribute to the Board's responsibilities?

Like many of the SCOV residents, I have multiple degrees in multiple science, engineering and business disciplines accumulated over a lifetime. But I am not just a lifelong learner, but a lifelong "doer" as well. I've continually tried to use my education and experiences to both expand my horizons and contribute to the environments in which I lived. I may not be be uniquely qualified to run for the SCOV BOD but my desire has always been to enhance and improve the arena in which I live. I am ready to do that here in SCOV.

I've lived in SCOV almost 7 years now and I've been involved both in SCOV committees such as the ACT, ARC and numerous planning sessions in various other committees, as well as multiple clubs such as the Astronomy, Woodworkers, Computer/Technology, Modelers, and various dance groups. I have renovated my home here and also own property I use as a rental. My construction experience and 10 year background in Aerospace program management (basically meaning juggling work scope, cost and schedule) and my past experience in Illinois on the City/County board ap-

pointment, our small HOA there, and being on the board of 2 major historic building restorations will provide me with a backdrop as to what to expect in the SCOV BOD and the issues we face.

What important goals and issues would you like to help the Board achieve?

I would come to this BOD position without a specific agenda. However, I see our community as a small village with 4 main interests: fitness, golf, artistry and just "Chill and Travel". Each of these interest groups has demands on the resources of the HOA. However, we have no growth potential relative to the number of homes to provide additional funds, and limited land on which to satisfy the requests. It will take both negotiating and planning skills to provide a balance to the resource requests, because after all, the SCOV BOD is here to provide for the interests of all residents. I feel with my background in construction, finance and program management, I can provide the needed guidance and balance for the future of our community.

Jan Fischer

Why do I want to serve as a Board member, and what do I feel I can specifically contribute to the Board of directors, if elected?

As a homeowner and a long time resident of SCOV I have a stake in protecting the safety and upkeep of our amenities with a view to preserving the value of my home and those of my neighbors.

I have lived in Sun City Oro Valley for the last 32 years. I feel the best way to insure that my community thrives and remains a community of active adults, who volunteer many hours of their time, energy and expertise by volunteering on both the various committees and the Board of Directors. I believe that being in a position of influencing the implementation of rules and regulations to maintain and enhance our survival in a competitive marketplace.

I finally retired earlier this year after 45 years, I still managed to work on different committees. Being a member of SCOV and working on various committees and previous service on our board of directors I interacted with and made new friends and had an opportunity to actually meet many of my neighbors.

Homeowner board members face ethical dilemmas every day and will encounter conflicts of interest between their ideas and those of our residents and other board members.

Each year Board members are charged with creating goals, these goals need to focus on the big picture, some of the goals I feel are as follows:

1. Keep reviewing and refining plans to enhance and maintain our competitive edge with other communities of similar size;
2. The Board of Directors has an obligation to hold efficient, productive meetings and allow all homeowners to voice their opinions on agenda items at each meeting;
3. To read and if necessary, research any and all agenda items in order to be prepared for any meeting, listening to other residents concerns, opinions, and ideas.

Finally, anyone elected to our board of directors should always work with other board members to have productive meetings, protect our community against any and all liabilities, stay focused on agenda items and remember their fiduciary responsibility to all of our residents without allowing personal opinions to obscure our duty to the whole community.

Ronna Heinig

Why do you want to serve as a Board member, and what knowledge, skills and abilities do you have that will contribute to the Board's responsibilities?

The more I have learned about how SCOV operates and the contribution made by the over 400 resident volunteers who support the various clubs and staff the 25 committees that serve our association, I feel that it is important to participate in this community that I now call home.

I believe that my background in Accounting, Finance and Business would serve the Association best on the Board of Directors.

I received my undergraduate degree in Accounting from Michigan State University and continued my education, obtaining my MBA in Business Management and a CPA certificate. My career path has included serving as a Controller for two of Brunswick Corporation's manufacturing plants and as Chief Financial Officer for ACME Electric, Nevada's largest underground construction company. Most recently I have served as Executive Director for the Illinois Counseling Association, an association of 3,000 professional mental health and school counselors with 14 divisions. As the Executive Director I served on their Executive Committee and Board of Directors.

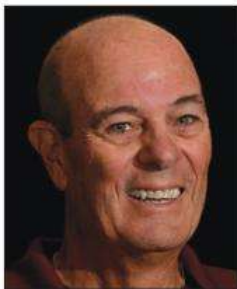

My strong analytical and listening skills coupled with my business and accounting background will help me balance fiscal requirements with our community quality of life that we all enjoy.

What important goals and issues would you like to help the Board achieve?

I don't have a specific agenda that motivated me to run for the SCOV Board of Directors.

I do, however, believe that positive, open communication with management, committees and homeowners is imperative for things to run smoothly and fosters a sense of confidence in Association members about their Governing board and Administrators.

My goal would be to facilitate excellent communication between the SCOV Board of Directors, management and our 2488 homeowners.

Mike LaBarbera

Why do you want to serve as a Board member, and what knowledge, skills and abilities do you have that will contribute to the Board's responsibilities?

I am an active, full time SCOV resident, having current membership in a myriad of clubs, holding leadership positions in the "Veterans Club SCOV" and "SCOV Bocce Club." I organized, established, chartered and chair the "Veterans Club SCOV," informing over 80 current members on available Federal, State and local VA benefits, volunteerism, patriotism, camaraderie, while recognizing and honoring Veterans in our community. My past leadership experiences and varied successes during 20 years in the military and 15 years teaching high school JROTC, volunteering, organizational skills, self-motivation, forward thinking, ease in relating and communicating with others, provide me with the ability to effectively represent all residents of SCOV on our Board of Directors. I strive for

financial savings and safety. In discussions with Mark Wade, the SCOV General Manager, I presented a water cost saving device for the golf course to purchase, instead of the cost share device that is currently installed, with potentially saving SCOV over \$50k per year. To enhancing resident safety, the Fitness Center, on my request, has lowered the shower curtains, preventing excess water from accumulating in the changing area, reducing fall hazards risks. I have the drive to better our community while enjoying the multiple amenities Sun City has to offer. I am an advocate for things I am passionate about, and I love living in Sun City.

What important goals and issues would you like to help the Board achieve?

My wife Colleen and I bought our home in Sun City as our "forever home." My desire as a board member is to prudently seek facility modernization, supporting the Long Range Planning committee, while continuing to maintain our strong fiscal solvency/growth and help find additional sources of revenue for Sun City Oro Valley. I will also seek ways to find cost cutting techniques to reduce spending costs. I am proactive and creative in finding additional ways to protect our assets, increase outside funding and improve the efficiency of our operations, keeping and maintaining our community as one of the most desirable places to live in Arizona.

Terry McFadden

Why do you want to serve as a Board member, and what knowledge, skills and abilities do you have that will contribute to the Board's responsibilities?

Volunteering services to the community is a valuable opportunity that serves both the community and the individual. For the community, it saves costs, provides a vast array of talent and experience from our varied residents, and assures a wider viewpoint in the decision making process. For the volunteer it gives an opportunity to give back to the community by sharing his expertise during the decision process. In the 23 years we have lived here, I have grown to love this community and want to "pay my dues" and give back for the many happy years we have spent here.

My career has given me considerable experience in areas that would be of help to the BOD in the coming years. Two organizations have elected me to be president of their Board of Directors. At the national level, it was the American Society of Civil Engineers Technical Council on Cold Regions and at the regional level, it was the Permafrost Technology Foundation. I was also director of the Alaska office for CRREL, a Core of Engineers Research Laboratory. The office had approximately 40 employees made up of all levels of personnel from support staff to professionals. This position required budgeting, coordination of research efforts, and dealing with personnel issues. In addition, I was owner and Chief Engineer at an engineering consulting company. At the end of my career, the University of Alaska recruited me to teach in their Engineering school.

What important goals and issues would you like to help the Board achieve?

The issue that I see as most important in the near future is the "due-diligence" study for the possible acquisition of the Mt. View Plaza. We must be very careful to see that we do not inherit a problem if we, as a community, decide to make it a part of SCOV. My priorities would be to see that we maintain continual improvements to our community to keep us attractive to our residents as well as newcomers while

keeping our HOA dues as close as possible to our current low cost compared to other HOAs in this area.

First Fri., 1 PM, WC1

The Architectural Compliance Team (ACT) inspects residential properties to ensure adherence to the Development Standards. All exterior areas of the property are checked. Some examples are walls, gates, fences, paint and stucco, landscaping, windows and screens, flat work, lighting, shutters and shades. Mandatory inspections are done at time of listing the property for sale. Areas not in compliance are listed in the resale demand and compliance report from the title company. Courtesy Inspections are done at the request of property owners thinking about selling or those who are just curious about their compliance. No records are kept by SCOV on deficiencies or actions taken on Courtesy Inspections.

The team is staffed by eight resident volunteers and a staff liaison. Meetings are open to all residents with minutes published on the SCOV website.

Javelinas are hungry and clever. They eat just about anything: agave, mesquite beans, prickly pear, roots, tubers—and our trash. Weighing 40-60 lbs., they easily tip over trash cans for a meal and create a mess. Many people keep trash cans in the garage, but the containers can be smelly and take up a lot of space. You can build an outside storage area for the containers. Be sure the area is secure from javelina and the cans are concealed from the street or neighbor's view. Stucco enclosures must be painted to match the house color; wrought iron painted weathered brown. ARC approval is required before you build a masonry, stucco or fence enclosure. Javelina will go after a meal wherever they can find it. Take a look at a very determined, hungry javelina at www.youtube.com/watch?v=CP5swZoV1rU

Sorry, javelina. This enclosure is secure.

Community Directory

Chair Lisa Collins 812-344-4773 scov.community.directory@gmail.com

www.scovaz.com/members/services/directory/

Did you know that the SCOV Community Directory is completely separate from the Administration's HOA database? Here are four ways the SCOV community directory is used.

1. Paper phone book: Includes names, addresses, phones, occupations, and hometowns. Omits emails, units and lots. Residents are listed by name, street and hometown. Updated annually.

2. Online directory: Located in the nonpublic area of the SCOV website. Includes emails, units and lots, plus incremental search. Updated monthly.

3. Posse: Gets an updated phone list each month. You can be unlisted in the directory but still provide your phone number for just the Posse.

4. Party planners: Can request contact information for all listed residents in their unit, state, etc.

New owners are unlisted by default. To be listed in the directory, you must complete the online form "To change your directory listing..." or fill out an orange card at the Welcome Center.

Election

Ballots, Initiatives and Forums

On Tuesday, February 18, a ballot will be emailed or mailed via USPS to homeowners. For emailed ballots, make sure you create a contact for Vote-Now using the email address elections@vote-now.com so that when the online ballot is sent, your email provider will recognize the sender and you will receive the email. If you do not receive the email by February 26, call the Administration Office 520-917-8082 for assistance. If you lose your email or want a paper ballot, the Administration Office can help with that as well.

You will be voting to fill two three-year positions on the Board of Directors. At the time this article was submitted, there were two initiatives on which you will be voting; there may be more on the final ballot.

Biographical flyers are inserted into this *Tipster* for each candidate and their responses to two questions begin on page 7. Both are good tools to get to know the candidates a little better. Bring them to the forums, or use them as you watch the forum videos and gather information on the candidates.

Board Candidate Forums will be Monday, February 10, 9 AM and 6 PM, Auditorium. The videos will be posted on the website and you will receive an email with a link for easy access. Mark your calendar now.

Mon., Feb. 24, 2 PM, WC3

The Committee will meet Monday, February 24.

Development of the Association's FY 2020-2021 annual operating and capital acquisition began in January. The process started with department supervisors developing forecasts for operating expenses and capital expenditures. This information is now being reviewed by the General Manager and Controller to develop a draft budget. The first draft budget will be presented at the Finance-Budget Committee's meeting on February 24. Additions/changes recommended during this meeting are used to develop a second draft, which will be presented and discussed at the committee's meeting on Monday, March 2. If a third draft is needed, it will be presented and reviewed by the Committee on Monday, March 23. The budget recommended by the committee and staff will be presented to the Board of Directors at its Thursday, April 9 study session. The budget, with any Board changes, will be placed on the Board's agenda for approval during its April 28 meeting.

All residents are welcome to attend the committee's meetings. After the budgeting meetings, the committee will be meeting on Monday, April 27, 2 PM. Committee agendas, minutes and financial reports are posted on the SCOV members only website. Please contact Sharon Miller for more information.

The holidays provided opportunities to sample the new restaurant menu. The kinks are worked out, and comment cards reflect that you are very pleased with the food and service. New Year's Eve special offerings featured two 3-course meals, which were beautifully presented and wonderfully prepared. Kitchen and wait staff went all-out for these meals. Thank you for rewarding staff with the mostly anonymous donations in the holiday stockings, as well as by individual wait staff tips.

Current issues: Popular entertainers will continue and

new ones will be auditioned in February, with an emphasis on keeping the noise level down. Noise abatement options are planned in the 2020 budget process. Expect to see improved ambiance and aroma from more herb pots outside the terrace, thanks to a donation from the SCOV Garden Club. These fresh herbs are used by the kitchen and help keep costs down.

Stop into the Gift Shop to enjoy the warmth of beautiful surroundings in the chill of the mornings and check out featured artists Juliet Williams and Maxine Yunker.

Juliet has been creating stained glass for over 13 years. A small piece can take up to eight hours to complete. First the glass pieces have to fit a pattern exactly, then, the pieces are foiled and lead solder is melted along the seams to hold the glass together. More recently, Juliet has been learning the art of fusing glass. She feels that she can be more creative with this medium.

Maxine Yunker creates beaded jewelry, concentrating on fun and easy-to-wear earrings, bracelets, and necklaces for every day and special occasions. After a friend in Sun City got her started, she found that she loves it, and hopefully others like her creations as well. Wearing jewelry makes any outfit more special.

Rains Cause What?

Our rains in the past couple of months are mainly the cause of all the unwanted growth in our yards: weeds and grass. Putting a pre-emergent herbicide down in your yard will save you from having so many weeds appear later, and it is well worth the cost and time to do it. If you choose not to use pre-emergent, you will need to have your yard maintained monthly during the summer growing season. Even with pre-emergent, yards need to be cared for at least every other month. If you leave our community for cooler climates for a few months each year, it's not too soon to line up a landscaper to take care of your yard while you're away. Yes, we live in the desert, but grass, weeds, bushes and trees

grow profusely during our summer monsoon season, and do need attention. Rain brings growth, summer and winter.

The goal is to identify a consistent, workable process for handling differences of opinion in this area. The meetings are open to all.

Director of Golf - Rick Price

Do you have an official handicap? If you don't already have a handicap, don't worry because about 85% of golfers don't have a handicap. Although you do not need a handicap to enjoy the game, it may be beneficial for you to consider establishing one.

With the new World Handicap System launched in January 2020, there are more reasons than ever to do it. Think you don't play enough? You need only to complete 54 holes to qualify. Not good enough? The maximum Handicap Index has been raised to 54, so it works for golfers of all skills. USGA studies show that golfers with handicaps make better connections inside the golf community and play more golf. And isn't that what we all want?

I'm sure you may have heard of the phrase "Sandbagger." It's a derogatory term applied to golfers who cheat by pretending to be worse than they are. Winning a tournament or bet in this fashion is called "sandbagging." A golfer who has won by sandbagging is said to have "sandbagged" his competitors or opponents. The good thing is that the new system has eliminated this problem. Another good thing the new system allows for is a maximum score to be taken on each hole by what's called net-double-bogey.

If you don't already belong to one of our men's or women's golf clubs, please contact the Pro Shop to inquire about joining one of the clubs to establish a handicap.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

The golf course continues to be in very good condition. The fairways, tees and greens are green and beautiful. Now that the roughs are completely dormant, the brown really outlines and enhances the green colors. However, the better the overall condition of the course, the more the little blemishes stand out. Most of these blemishes are the result of golfers not following basic golf etiquette.

One of the biggest problems continues to be ball marks on the greens. The grass on the greens is growing very slowly with the cold temperatures, so the ball marks can't heal as quickly. Golfers really need to fix their ball marks, so the greens can continue putting smooth and true.

Another problem is divots. Golfers are confused with the proper repair procedure for divots in the fairways. In the winter when the weather is cool, the actual divot can be replaced back in the fairway. This will actually heal quicker than using divot mix, but if the divot was destroyed during impact, then divot mix should be used. However, in the summer when the weather is hot, the divot mix is the best option because the Bermuda grass will fill the divot quickly.

Please concentrate on following proper golfing etiquette by fixing your own ballmark, replacing or fixing divots on tees and fairways and properly raking traps. By following these basic rules, the golf course can be in great condition for everybody during the peak season.

What is a charitable bequest? According to Humboldt State University, it is a gift made through a will that enables you to fund a large or modest contribution to a future educational, social or public service program. Charitable bequests can also be made through a living trust, a beneficiary designation or a financial account.

Anyone can afford to make a charitable bequest and provide for future giving—you can be a philanthropist. In addition, a charitable bequest costs you nothing to make today because you retain full control of your assets during your life.

Ask yourself: What will I do with what I've built during my life? You can use the SCV Community Foundation to hold and guide your giving. Please talk to your financial adviser about the opportunity to develop a charitable bequest.

Sep.-May General Meeting first Thu., 1 PM, Artisan Center/Pottery Studio cleaning last Wed., 1 PM, Orientation as needed

As in winters past, Clay Club members have been busy creating beautiful bowls for Tucson's Interfaith Community Services fundraiser, "Empty

Bowls." Local potters donate handmade bowls and attendees of the event bring home a bowl as part of the price of their admission. This event, held in March, benefits local children and families. Our Clay Club is happy to assist by contributing 100 bowls to this worthy cause.

Members, be sure to check the studio bulletin board for coming classes and events. Attending our monthly meeting is a great way to keep up with club happenings. Remember to remove your bisque pieces from the shelves soon after firing. Space is needed for the next round of fired pieces. Our club runs smoothly due to the cooperation of all members.

Many of you will recognize Dave Dame, a long-time member of the club and resident of SCOV. As a child, he lived in North Dakota and was privileged to be mentored by a grandfather of the Dakota Eastern Sioux. After graduation from the University of Minnesota, he and his family lived in many places the National Park Service assigned him over his 35 years of employment. They even spent time in Tanzania, Africa.

As well as ecology, he specialized in sculpture in studio art. That led to an assignment working with Phillip Ratner, a noted sculptor, for two years. They produced a series of sculptures about the immigration heritage of this nation that were displayed for the opening of the rehabilitated Statue of Liberty Park. Dave has won many awards and now shows his work in Tubac and Tucson. We welcome you to visit with Dave and the other accomplished artists in our group.

Japanese Flower Arranging

Nov.-May, Second and Fourth Mon., 2-4 PM, Catalina Vista/Pusch Ridge

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and

graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Sigrid Flatness 425-213-6689 sigridkf@gmail.com
Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

Join us if you want to help recycle those plastic grocery bags. Jane Fairchild started a program for those interested in crocheting plastic yarn (or "plarn") into sleeping mats for the homeless. You don't have to crochet to assist with this project. Help is needed to cut the bags into strips and tie them into yarn.

Regular knitters and crocheters continue to meet at this time. It's been fun to share the space with the plastic bag people. The more the merrier.

If you have plastic grocery bags to donate (not the colored newspaper ones), drop them off on Tuesday from 2:30-4:30 PM, Catalina Vista/Pusch Ridge, or Jane Fairchild has a box on her front porch, 1750 E. Crown Ridge Way. You can also call Jane for further information about the plastic sleeping mat program.

Casa Amigas

Sigrid Flatness 425-213-6689

Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

The year is off to a fast start in the Sewing Room. The needs of children at risk are greater than ever, and hopefully, our group can make a small dent. We continue to provide cozy sleep pants with a t-shirt top for school age children: Pajamas made from fun flannel fabric with a matching colorful t-shirt. Many times parents pick them up for gifts for their children. Imagine always having to wear hand-me-downs or used clothes from a clothing bank. Hearing stories about how happy the children are to get something new to wear makes our efforts worthwhile. It's why we at Casa Amigas do what we do. If you enjoy sewing simple clothing items, consider joining this wonderful group on Monday and Thursday mornings in the Sewing Room. Orientation to the sewing machines and sergers is available.

We create all sizes of colorful pet beds, using washable fabric scraps and polyester fiberfill. We have plenty of those scraps right now, so we do not need more donations at the present time. We can always use more volunteers. We have a good time with plenty of conversation while we work, so why not join us Tuesday afternoons in the Sewing Room? For a \$5 check, dues are paid for the entire year for Thimblelenas, which includes our club.

Sewing/Crafting for SFK, Mon., 1-3 PM, Wed., 9 AM-Noon, Artisan Center/Sewing

Toy woodworking, various times, Artisan Center/Woodshop

No meetings May-Sep.

Seniors for Kids (SFK) dedicates this month's article to Larry Miller. Larry and Anita moved to SCOV from the Chicago area in 2001. Larry was centered in the world of giving. He spent endless hours in the woodshop organizing all SFK pieces and parts and creating SFK toys to be distributed at Christmas.

Larry was involved in the Community by participating in designs that helped the library, restaurant and Activity Center, to mention a few. Wherever you are in SCOV, Larry Miller footprints are there. He was a man of humility with a heart as big as the universe.

Rest in peace, Larry, and know that your legacy will long live on with the residents of SCOV who loved you for all that you brought to our community and the children served by SFK.

Here you see Larry Miller in his favorite place working on his handmade and designed clock project. Oh yes, he even fit time in for his own projects occasionally. He was a superman.

Our current book, *Great Conversations 1*, is available from the Foundation or other online sources.

Part memoir and part call-to-action, Melinda Gates recounts the many social and political issues facing women and girls worldwide. She talks about how discussions with women in poorest communities in Africa and Asia helped her understand the need to focus the work of the Melinda and Bill Gates Foundation on key women's issues in order to be successful in their attempts to widen access to healthcare and reduce poverty globally.

We are still collecting annual dues of \$5. If you haven't already paid, please bring \$5 cash in an envelope to the next meeting. On the outside of the envelope, please write your name, email address, phone number and whether you are a full or part-time resident.

The ILR is healthy and growing in 2020. In the fall session, there were 150 participants, while the classes that began in January had 240 participants. The ILR also saw an increase in the number of people who were taking more than one class, up from 247 in the fall to 454 in the spring. While the seasonal residents certainly factor into these increases, the wide variety of course offerings is also a contributor. With classes in music, politics, philosophy, sociology, history, zoology, writing and even Mark Twain and his Huckleberry Finn, there is something for everyone. Watch for the fall registration when you can find a class or classes that pique your interest. In the meantime, please note that three classes begin in February, and you can follow us on Facebook FB.SCOV ILR.

Mon., 9:30-11:30 AM, WCI

Poets Corner members enjoyed this tribute poem by Sharyn Rafieyan at last year's annual holiday party: "December 2019."

"Disregarding weather, Monday mornings we're together / sharing our new birthings with a fierce parental pride, / heeding all critiquing, even when it's piquing—we expect / it and we take it all in stride. / We have argued over pauses, single words and clauses / and even if a poem is really prose. We may clamor over/ grammar, question meaning without screaming—all too / seldom say: You've hit it on the nose! / When our progeny succeeds, that is all the praise we / need, to return with one new offering each week. / Though we may not be consistent, we're resilient/ and persistent, ready for an edit or a tweak. / When we writers get together, every one of us / gets better, as we carefully examine every line. / So, to all of you, I'm grateful, but for now it's party time!"

Newcomers are always welcome. Bring your poem and 10 copies.

This club provides an enjoyable social evening monthly, getting to know some of your SCOV neighbors who enjoy cooking (and eating) interesting food. Our dinners in members' homes provide relaxing fun as we explore various cuisines (e.g. Moroccan, Thai, South American) or get creative with more ambiguous themes. December's theme was stuffed dishes, e.g., grilled calamari stuffed with sausage, stuffed pork roast and chocolate rum cake stuffed w/chocolate cheesecake. Since everyone brings part of the meal like

this, it's not a huge effort for the hosts. Visit our website to see more photos and details. On March 28, we will have a catered/restaurant dinner, open to nonmembers, who are welcome to come discover new friends and help us think about next year. Please feel free to contact a club officer for more details.

Results were too late for publication until next month's *Tipster*. Come out and see what all the fun is about. Play the first time free and just \$5/year to join. Play is limited to the first 32 club members (guests and newcomers may play if there is room). Arrive at the bocce courts north of the Activity Center 15 minutes before play to reserve your spot.

Hiking

Pres. Byron Wolffing 520-284-7889
Orientation hike guide Meg Gerken 520-638-7204
www.scovhiking.org to see all scheduled hikes

This is a wonderful time of the year to be out hiking, although it does require a little bit of planning ahead. Layering is a good idea as it can be quite cool when hikes begin in the morning. Light gloves will keep your fingers warm, use ear protection when it's breezy. After you warm up you will probably need to shed a layer or two. And remember, even in the winter, hydration is still very important. Always bring plenty of water. For great exercise in the great outdoors we find ourselves blessed to live here, hiking cannot be beat. There are many trails in the area that we explore, for all levels of ability. You are invited to join us. Check out our website for wonderful pictures, hike schedules and other information. Then call Meg Gerken or another listed orientation hike guide to sign up for a required orientation hike.

And while it may still seem like winter, our annual Spring Picnic is scheduled for Tuesday, February 25, at Catalina State Park. More details can be found on the website.

Hello fun. Welcome men and women. No experience necessary. We provide the equipment. Easy to learn and the more you play, the better you get. Did you know seniors 70 and older pitch from a shorter distance with less effort and more accuracy? The shorter distance also makes the game more fun for women. YouTube has several videos of everything related to horseshoes. Check it out.

Good exercise, good people and friendly competition.

Pickleball

Pres. L. Nelson Brown lnelsonb@gmail.com
VP Membership Dave Burnham dburnhampton@gmail.com
Sun.-Sat., 8 AM-9 PM www.scovpb.org

Did you make a new year's resolution to improve your health, make new friends, and have more fun in your life? If so, then pickleball is the game for you. It is easy to learn; some say that it is just ping pong played on a larger scale. It is fun to play as you play with a partner on a court only one-fourth the size of a tennis court. Most of the noise of the game is from people having fun kidding each other as they play. Paddles are low-priced from \$10 on up and will last you for years. Join our club for only \$10 pp, and you will get free lessons, loaner paddles, free balls on court, training equipment, club tournaments, socials and priority playing times. Come play with us. For more information go to our website or contact Dave Burnham.

VP Brent Stewart 210-324-0178
Mon., Wed., Fri., 8-11 AM, AFC/Racquetball Court

The action on the court is heating up with some great matches. Our general meeting in January was well-attended and we have new officers to lead us for the next two years. This month we are featuring Mike Steinmetz, our steadfast leader on the court. You only have to be hit with one of his hard-hit balls to feel the sting for days. Micheal is also active in pickleball and has won numerous medals. He also volunteers at Oro Valley Hospital.

Our next social will be on Thursday, March 26, 4 PM. We will provide drinks and burgers. Please sign up for dishes to bring and share.

Competitive Tue., Recreational Fri., setup 12:45 PM, play 1-3 PM, AFC/Racquetball Ct.

Wallyball is volleyball that you play in a racquetball court. We use the side wall during play. You can never hit the ceiling or back walls. We can have anywhere from three to five players on a side. Here are some of the benefits of wallyball, the same as regular volleyball.

Wallyball is without a doubt a great team sport

One of the best benefits of playing wallyball is that it helps to burn off calories; builds and tones muscles; improved mental health; builds coordination, balance, and speed and increased aerobic activity.

Come out to the AFC/Gym and see if this game is for you. Men and women are welcome to play and tryouts are encouraged to see if this is the right game for you. We set up and socialize at 12:45 PM, games start at 1 PM. Questions, call or email one of our officers. Play safe and play smart.

Casual play Sun., Thu., 1-3 PM; Competitive play Mon., 1-3 PM, Desert Oasis

Water volleyball was not for the faint of heart during the cold, wet days in December although some of us Polar Bears did get some fun games in. Water vests and water shirts sure do help. February brings warmer weather and the faint of heart will soon return to play. Casual players have lots of laughs. We don't take the games too seriously while still enjoying some great exercise. Stop by and see what it's all about.

It is important to note that grief from any loss comes in many forms: loss of loved one or friend, a pet, home or job, loss of independence, etc. It is not to be taken lightly and is a journey that takes time and is vital to healing and growth. By sharing our grief with others on the same journey the burden is, therefore, lightened.

Some of our partner organizations are Youth On Their Own, El Grupo, Refugee Focus and Tucson Boys and Girls Club. Wheels for Kids is a total volunteer effort. We need mechanics. If you are interested, we'll train you. Visit our website for more information and how to donate bikes or

YOTO/Northwest Auxiliary

Kris Cohen 520-818-2582 krisandearl@msn.com

A Qualified Charitable Distribution (QCD) preserves a way to donate money to Youth on Their Own and enjoy tax benefits under the new tax law.

Traditionally, people who contribute to charity itemize deductions and receive a tax benefit. Under the new law, people may be better off using the new, larger standard deduction.

If you are 70½ or older, you can transfer up to \$100,000 from your IRA to charity tax-free as a QCD, which counts as your required minimum distribution but isn't added to your adjusted gross income and still get the new, sizable standard deduction against other income. It's a win-win.

Mary that retirement
was totally awesome.

Yep, Mary just moved into Fairwinds – Desert Point. Here's a short reenactment of Mary: "No fixing the house? No doing the dishes? No cooking? No cleaning? And I can just have fun doing my hobbies and being with friends? Whoa! That is awesome!"

Come see what we mean at your complimentary
lunch and tour. Call (520) 314-5141 now to schedule.

It's More Than Retirement. It's Five-Star Fun.
