The Power of Words

by John Wilson

"Compl-aint" and "Compl-iment," two words that start out the same but with distinct endings that evoke quite different effects. "Complaint" is a rather unpleasant word, meaning, as it frequently does, that someone expresses dissatisfaction with the actions of another. I reckon most of us would be happier if we never had to voice a complaint or be on the receiving end of one. Yet, we need complaints. Without them we might never be aware of situations or attitudes disturbing to others and meriting our attention. But most of us would prefer that the complaints be few and far between. Quite the opposite is true for "compliment." Generally we could imagine that compliments are rendered with a smile and received with appreciation. I think it likely that most of us take pleasure in offering compliments to others for a job well done, and who doesn't like to be the recipient of one? Complaints and compliments are part of life. Each have their proper place in the order of things. Perhaps we all know someone who seems to do nothing but complain – generally not a pleasure to be in their company. But insincerity in offering compliments is hardly a virtue, with the false kind words frequently followed by muttered negatives. Justified complaints are necessary to alert us to things that require attention, and sincere compliments brighten the lives of those who have offered us some service or kindness.

What started me thinking about "complaints" and "com-

pliments" were some (fortunately few) reports I'd heard about restaurant or administrative staff being rudely abused by someone dissatisfied with some aspect of their service. When complaints are justified, and rationally and civilly presented, they deserve, and receive, attention; complaints presented in an abusive or demeaning manner are more likely to elicit anger rather than corrective action. And when compliments are merited, why not offer them and brighten the day of an SCOV employee who has served you well? "Complaint" and "compliment": They each have their place in improving the operation of our community and rewarding those whose efforts make that operation possible.

General Manager - Mark Wade

Your Vote, Your Voice

The results of the vote for amending governing documents is a strong indicator that the Board of Directors is listening to your voice and concerns. The Board recently sent out for a vote on two amendment issues.

One was whether or not to allow the Board to contract with a single trash removal vendor. The other was if residential yard sales should be allowed in the community.

The vote was close on both issues. This shows that the Board listened and saw there were enough residents concerned about the issues to get a more in-depth study through a vote.

Thanks to all of you who took the time and made the effort to show where you stand on the issues by casting your ballot.

This vote showed nearly 1,850 participated. This is the highest amount of participation since 2013. It shows the electronic form of voting is working well and that no matter the time of year or where you are in the world you can still be an active participant in the happenings of our community.

Whether your issue passed or failed, you can be certain that your voice is heard through your actions of voting.

The Dream is Now Reality

By Barb McNeill

The Views Restaurant is now fully open for business (7 AM-8 PM, seven days a week). In April 2018, the Board of Directors (BOD) approved a new "Promise" statement: "The Views Restaurant is, first and foremost, an amenity serving the residents of SCOV and their guests.... For all, the goal is good food and drink from a varied menu, well served, at a reasonable price...." A Blue Ribbon Panel (BRP), consisting of staff and residents, was charged to develop recommendations to meet that promise.

The Views kitchen between demolition and remodeling. Mark Wade photo

First recommendation: implement the kitchen remodel, incorporating needed modifications for better efficiency. Older equipment was replaced and new models re-located. Storage spaces and more refrigeration/freezer/alcohol storage were added.

While construction was being done this summer, all restaurant staff participated in extensive customer service training. More employees were hired to ensure the best customer coverage. Lead servers were trained to immediately handle customer/staff concerns. What does all this mean to residents

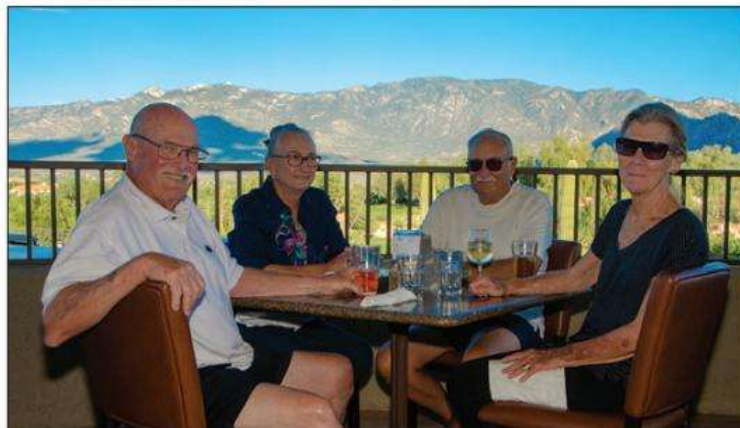

and prospective buyers?

We are now enjoying seasonally-changing, specialized menus, featuring high quality, fresh ingredients, with unique preparations by Executive Chef, Paul Blackwell. ("Try the stuffed veal next time it's on special," recommends Mark Wade.) Chef Paul has set high standards for his kitchen staff. They are prepared to deliver what residents want, even special requests when ingredients are available. Recipes are adhered to by all cooks, emphasizing consistency and attractive plates. Remember that old saying, "The eye eats before the mouth/stomach?"

More of what to expect: New hostesses are greeting and seating customers, morning to evening. Food expeditors garnish and bring warm meals from the kitchen to tables, improving order-to-delivery time. Wait staff are scheduled for maximum coverage. Staff knows what the expectations are to provide top-notch customer service. There is a manager always on duty and available for customer interaction. Don Stewart, spokesman for the BRP commented, "The BOD's designation of The Views Restaurant as an amenity was critical...allowing the managers to truly manage."

Live entertainment has been ongoing throughout the summer on the Terrace/Lounge Friday and Saturday evenings,

featuring locally competitive beverage prices during happy hours from 3-6 PM, seven days a week. Sunday Karaoke continues to draw really good amateur singers. Dancing for more fun/exercise is encouraged.

Since the soft reopening July 27, Mark Wade reports that comment cards reflect the new positive atmosphere. Revenues are up, and he expects we will break even sooner than projected. Food and Service ratings are 4.5 to 4.7 out of 5.

What are residents saying? "If this is the new standard, keep it up," said Al and Wanda Johnson. Ted Hood wrote, "Overall, the quality of the service has improved a whole lot." From comment cards: "...had the plate of six veggies ... excellent in presentation and flavor." Another said... "fourth meal ...since the kitchen reopened. All top-notch." Lastly, "A-1, great place to hang out." Long time resident and regular patron, Harry Dobiesz said, "If you can't have fun here, you won't have it anywhere."

Our long-term staff members are happy to be back to a regular schedule with increased hours and are now wearing comfortable blue uniform shirts. New staff hires are fitting right into the team family which should improve our staff turnover rate, always a costly issue for restaurants.

Communication: Take a few minutes to look at the newly enhanced SCOV website, click on Restaurant and review the coming events and new menus. Email blasts advertise weekly specials. Contact staff at the Welcome Center to ensure you are getting all the email blasts. Also, consult the newly-installed digital bulletin boards in all our buildings for emergency and informational notifications.

The Grand Re-opening festivities will start October 4. Spread your attendance throughout the days and evenings, as there will be crowds during the busy times. Arrive early to take advantage of happy hour prices or later, to enjoy the 8 PM closing time. See you soon.

Restaurant Remodel

As we're ticking the last few items off the punch list for the restaurant remodel project, I wanted to share about the progression. The remodel was a behind-the-scenes project, affecting the kitchen area, with an upfront impact on the restaurant operation. Focus groups and surveys were conducted to determine residents' wants and needs. In June 2017 the Board approved \$180,000 for Phase I, but scope changes were made and all that was completed at that time was the interceptor in preparation for the interior grease lines and for the architectural plans. On April 25, 2018, the Board approved additional funds for proposed changes to the originally-approved project after the presentation of the Restaurant Business Plan with a total not-to-exceed budget of \$305,000. At the time this article was written, the balance of the work done on the project was \$295,709, about \$9,000 under budget. The project began at the end of May and was completed at the beginning of July. Our contractor was O'Neil, our architect was David Garcia and our restaurant equipment manufacturer was Paul Hoffman of AIS Industries. One of the factors driving this project was the requirement by Pima County to install a larger grease interceptor and to connect the associated lines to it. Additionally, as the architect reviewed the space, and while adequate for a kitchen, the design inhibited functionality. To correct this, the beverage station was revamped, a door moved, a door added, and proper shelving installed. The refrigerator and the dishwashing stations were switched. This makes it closer for the bussers to drop off the dishes, and it's closer for the cooks to access the refrigerators. Also, the cooling units, replaced through our asset reserve project, are fully functioning (one unit was original to the building). A door was cut at the end of the cook line creating access to the cooling units and prep areas. Prior to the renovation, there was only one exit for the cooks. Now there are two. This has greatly improved the flow of work for the cooks. Ceiling tiles were replaced with bright white and lighting expanded or wattage increased.

August was the first full month to be open. There were 93 comment cards submitted during this period with the lowest average being 4.45 in a range of 1 to 5 with 5 being the highest. The low marks and the comments of concern have been reviewed by the General Manager, Food and Beverage Director, and the Food and Beverage Advisory Committee to work towards eliminating identified issues. There

This brighter kitchen makes it a cheerier place (happier cooks) as well as improved visibility to see, prepare and clean.

were also many positive comments about the menu, food and service.

Thus ends the kitchen remodel 2018 and begins the opportunity to serve our residents. Staff will be following the Business Plan benchmarks to provide good service and good food at a good price.

Tickets to Association Events

Starting the first of the year we will be offering online purchasing of tickets for community-sponsored events, so you won't have to wait in line to purchase tickets for a show. Research and details are being worked out at this time. The new year brings our first TAD Management show of the year on January 5. It will be a salute to Barry Manilow and Bette Midler. Watch for information in the November and December *Tipsters*. TAD shows will be presented in January, February and March.

Community pools are on winter hours as of October 1. Hours can be found on page 2 of the *Tipster* and on our website.

Weed Control

As we near the end of the monsoon season, weeds have become a topic of conversation. Residents have complained to each other and to the HOA about the numerous weeds that have developed in our community. Courtesy Notices about the "invaders" have been sent to homeowners. After receiving a large volume of telephone calls and emails about how the weeds at vacant or sometimes occupied properties have spread into pristine yards, we are again asking your cooperation in being pro-active regarding weeds. Whether you are a full-time resident or a part-time resident, please make arrangements with a landscaper to service your property monthly if you are not cleaning up your own landscape. This is especially important during the monsoon season and shortly after. If you have no objection to using a pre-emergent, please talk to your landscaper or pest control vendor about when and how many times a year pre-emergent is spread. Homes that have few weeds during the year usually have pre-emergent applied. As Ben Franklin said, "An ounce of prevention is worth a pound of cure."

Did you know that our library has around 13,000 items? This includes over 5,000 paperbacks, magazines and puzzles that circulate on the honor system, but at the heart of our collections are the 8,500 barcoded books, audio books, large print books and videos. Almost 40 percent of our fiction books and videos are in circulation at any given time, so if all items were returned on the same day there would not be enough room on the shelves. It's a constant juggling act.

This time of the year we have the largest percentage of items with a "New" sticker because the summer weeding leads to a lot of summer shopping. Regular print fiction and nonfiction books have a place on the "New" shelf for the first three months, and all other collections (large print, audio and video) get a six-month run sporting a "New" sticker on their spines. Several new foreign films have recently been purchased for fans of that genre. Come in and see what's new or visit our online catalog and click "BROWSE NEW ITEMS."

Why Do I Need Resistance Training?

The human body has over 600 skeletal muscles. Muscle strength is a key factor in maintaining independence as one ages. However, muscle mass naturally declines, beginning around the age of 30. Without the intervention of resistance training, this natural aging process results in a loss of approximately 10 percent per decade, with an accelerated loss after the age of 59. According to the International Osteoporosis Foundation, sarcopenia, the loss of muscle mass, strength and function related to aging, affects balance, gait, and the ability to perform daily tasks. Bone mass decreases while porosity of the bones increases; osteoporosis risk increases with age. Eighty-five percent of individuals over the age of 70 experience degenerative joint disease; pain is often associated with the degeneration which can impact performance of activities. The joints stiffen and the bone struc-

ture becomes less solid, often resulting in a loss of height and stooped posture. Breathing can be impaired by these postural and muscular changes. I look forward to seeing you in the gym.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

If you have noticed support groups in the Partnered Organizations of the *Tipster*, you may have wondered: What is a support group? In short, it is a group of like-minded individuals with the same types of issues sharing their story, and knowing that what is said in the room stays in the room. We have individual groups for caregivers, people who are grieving, those struggling with cancer and survivors of a loved one who died by suicide. Talking with others who know where you're coming from can be very therapeutic. If you would like to join a support group or have a need for a support group of any kind, call or email Ester Leutenberg, 520-818-0016, ester36@gmail.com. These support groups are sponsored by the Active Health Committee.

Activity Center Renovation

Chair Ed Zwerling ACRC@suncityorovalley.com

First and Third Tue., 10 AM, AC/Hohokam Room

Members of the Activity Center Renovation Committee (ACRC) have visited several active adult HOAs and analyzed their auditoriums, meeting rooms, restrooms and lobby areas to see how they compared to our Activity Center. Most of the HOAs have much higher HOA fees than SCOV and that was sometimes reflected in their facilities and in general reinforced the need for renovating ours.

The ACRC will soon be creating a prioritized list of general goals and then review them with the appropriate professionals to find the best path to success. This will be a high-level review to determine what realistic physical changes can be made within the current parking and zoning constraints. This will eventually lead to a preliminary conceptual design.

Please check with the SCOV calendar for our updated general meeting schedule. If you have any questions or comments please attend our next meeting or contact us at ACRC@SunCityOroValley.Com.

Changes to your yard's landscaping require approval. Minor changes may be approved by the Community Services Coordinator, assuming your proposed changes are in compliance with the SCOV governing documents. Minor landscaping changes include a few new plants; new flatwork such as brick, pavers and tile; walkway and patio coating/staining; and new crushed or river rock. Major changes require Architectural Review Committee (ARC) approval and include changes to the yard grading or drainage; major plant material additions; new water or fire features and new rainwater collectors. Please remember that any vegetation planted in your yard must be from the approved plant list found in Appendix B of the SCOV Development Standards. If you want to plant something that is not currently on the approved plant list, submit a request to the ARC.

The annual paper phone book is in production and expected to ship sometime before the end of October. Once the books arrive, we rely on an army of volunteers to deliver the phone books to every house in our community. Each volunteer is assigned part of a neighborhood, averaging about 35 houses.

Volunteers will pick up their routes 2-4 PM, Friday, November 2, in the Auditorium, and deliver sometime over that weekend. If you'd like to join us, email me.

Did you miss the deadline for the paper phone book? No worries, you can still update your listing in our online directory. The online version is updated monthly, thus always has the most up-to-date information.

Election

Special SCOV Vote Results

On September 17, 2018 a vote concluded on two issues. Both initiatives required a majority of the total votes in the Association or two-thirds of those Members voting on the matter, whichever is less. (19th Bylaws, Article 11 and 1st Amended Master Declaration 9.2). The vote results are as follows: Proposed Action #1 was to allow the Board to

contract with a single company as the provider of regular trash removal and recycling services to all residential Lots, with the costs to be included in the annual homeowner fee. There were 1,848 votes cast (1,192 for, 656 against) with 1,232 votes needed to pass. The single vendor waste and recycling action failed. Proposed Action #2 was to prohibit garage and yard sales on residential lots. There were 1,843 votes cast (1,258 for, 585 against) with 1,229 votes needed to pass. The prohibition of garage and yard sales passed. This is the report of the Election Committee on the September 17, 2018 vote.

Food and Beverage Advisory

Chair Barb McNeill bjmac68@gmail.com
Oct.-May, First Fri., 2-3 PM, The Views Terrace

The committee keeps a finger on the pulse of The Views Restaurant customers, so when advice is provided to management, it reflects what residents want/need.

Several suggestions were offered and are currently in place. Happy hours are now consistent from 3-6 PM, seven days a week, with evening hours extended to 8 PM. Sandwiches and lighter menu options are available in the evening. There are happy hour, bar food and beverage menus and an all-day Sunday menu. Your favorite name brand alcoholic beverages are back in stock: Jim Beam, Jack Daniel's, Tito's, Tanqueray, Absolut and Crown Royal.

Try the healthy items like the Farm Dinner (six fresh vegetables with optional chicken) and the Veggie Scramble (chick peas, spinach, mushrooms, onion with an optional egg.) For those with bigger appetites, the Prime Rib special on Saturday and Pork Tenderloin sandwich continue to be favorites.

We will continue to solicit your ideas and suggestions through surveys, comment cards and feedback.

Friends of the Library

Lynne Davis lynnecDavis100@gmail.com
Pat Brown patbrown630@gmail.com

Fall has arrived, though the temperatures may not reflect it as much as it does for our northern neighbors. I spent the summer on trips to my past, including one to the town where I first remember the library, my favorite place to go. Those steps and that railing were so high (I was 3-years-old) and they have grown smaller over the years. Today, my favorite place remains the library, our very own SCOV Library. The year of events has already begun with two author talks in September, and we have one of our own residents, Jim Williams, presenting in October (Friday, October 12, 1 PM, Auditorium). His book *Claiming the Desert* is about early Oro Valley settlers. Don't forget to pick up your free tickets during the week before the event at the Library. The Friends of the Library board will be meeting to plan more fun events. Watch for details.

Featured artists in the Gift Shop are Karen Muench (left) and Mary Murck (right)

October is here, and that means it's time for the Arts and Crafts Festival. Visit the Activity Center Saturday, October 6, to see what your fellow SCOV neighbors have created for your purchasing pleasure.

Mary Murck's clay designs are mostly utilitarian, but she makes decorative items as well. "I really love angels and birds and draw my own designs and patterns. I am obsessed with hand building and constantly think of the next project. Doing what I love to do in this beautiful place is just wonderful!"

Karen Muench offers whimsical prints and greeting cards. Her art reflects the colorful, carefree southwest and its icons. Karen states, "I paint what I want the way I want to paint it. My media is watercolor, but because I layer my paint, the end result often looks like an acrylic painting."

These might include anything from taxes and voter registration to safety issues, land use or utilities discussions. Our meetings are open to the public.

Greens Reconstruction

Chair Howard Schulz schulz2008@outlook.com
 See online Board & Committee meetings calendar for dates/times

Why are The Views' greens in a vulnerable state? I have shown some of this information in the past but feel it is important to share again.

The primary factors are the compacted subsoil under the greens and the build-up of salts since Oro Valley mandated the use of reclaimed water for our golf course. Both factors impact our ability to grow healthy grass root systems and fight grass diseases. While our golf course superintendent, Mike Kropf, has done an excellent job keeping the greens viable and playable, he is concerned that time may be running out.

The Views Golf Course was built in the 1980s without a subsoil drainage system, which is a 12-20 inch engineered subsoil layer of soil, sand, and gravel that allows water and constituents to drain and roots to grow to healthy levels. Sixteen other golf courses in the Tucson/Oro Valley area were investigated, and all have adequate subsoil drainage systems. The Views does not.

Del Webb built similar golf course greens at Sun City in Phoenix. Three of those courses have already reconstructed their greens and installed engineered subsoils, while a fourth course is being reconstructed this summer.

Recent core samples taken of The Views greens in February, 2018 (as seen below) highlight the issues:

	The Views Greens	Normal Designed Greens
Sample of Tucson Golf Courses	1	16
Water Infiltration Rates (in/hr)	0.4 to 0.9	6 to 10+
Feeder Roots Below 4 Inches	None	Medium Density

We loan on a first-come, first-served, basis, and reservations may be made on our website or at the Loan Room when we are open on Tuesdays and Thursdays. Neighborhood Pride

Chair Tempe Johnson 520-825-6994

Third Tue., 2 PM, WC3

Have You Been Away?

If you have been away for awhile, the foliage and weeds really grew in your yard. Don't forget to remove weeds which appear in cracks of your driveway, your sidewalk, and where the cement meets the blacktop of the street. If your plants protrude over sidewalks, they need to be trimmed back so they don't injure passing walkers. Suckers under trees should also be cut off, down to the ground. If you have pre-emergence applied to your yard to stop the germination of seeds, you won't have as many weeds next year. Check with your landscaper or pest control professional.

With cooler weather here, take a look at your mailbox, flag and post to see if they need painting. If you can't do the job yourself, check the Consumer Referral Vendor List on our SCOV website for the name and number of someone who will do it for a nominal fee.

Welcome back, and please continue to take pride in doing your part to keep up the excellent appearance of our community.

Nominating

Are you a strong leader? Do you have friends who are strong leaders? The Association is seeking nominations to fill three seats on the Board of Directors. Nominations will be received through December 1. If you have a nomination, please submit it through the website, Members > Members Services > This & That, or by the form available in the Administration office.

Semiannual inspections of SCOV facilities are one of the Property Committee's primary functions. The purpose of the inspections is to identify the condition and maintenance needs of SCOV facilities and grounds. Committee members, together with HOA maintenance staff, will conduct an inspection during October. The Properties Committee works on a variety of tasks like this during the year. Our next meeting will be on Thursday, October 18.

Co-Chair Vicki Ettelman 520-519-9781 vettelman4@gmail.com

A word about photos: In general, photos taken with a cell phone can be used in the *Tipster*, but be sure that you send or download the full-size photo. Do not select "small" when you send the photo to your email. Ideally, photos should be a minimum of 500 KB. Also, be cautious of copying photos or artwork from the Internet, as these are frequently too small in size and are often copyright protected. Photos that are too

small or unsuitable will not be published.

The next Editorial Committee meeting is Monday, October 15, 9 AM, WC3.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

The overseeding is now complete. The driving range is currently available to hit balls off of mats only until the course reopens Monday, October 8. As a reminder, once we are open for play, it will be cart path only on the golf course until October 26.

It has been an extremely busy first quarter of this fiscal year, and I don't see it slowing down anytime soon. If you have any feedback or suggestions on the golf operations, please contact me directly.

Now let's talk about testimonials. You know this type of social proof is important, and good testimonials can greatly improve our sales conversions. If you would be interested in sending me a testimonial about your experience with play on the golf course or in general on the golf operations, I look forward to hearing from you.

Also, we have a Referral Fee Program for first-time annual golf pass sales. It's as simple as any individual who makes a referral resulting in the purchase of a first-time annual pass sale (resident or nonresident) will receive a 10% Pro Shop credit for the amount paid for the pass. Prior to, or with the purchase of a pass, complete and submit the referral form to the Pro Shop.

We look forward to another great season and would like to welcome back all our seasonal residents.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

October is the starting of a new season of golf. The golf course has been overseeded so there are different colors of green on the fairways, tees and greens. This is a good time to remind golfers about changes from summer to winter play. The divot mix will be replaced with a sand and seed mix that is to only be used on fairways and tees that have been overseeded. This year, the green fairway on #5 and the whole #10 fairway will not be overseeded, so please don't repair divots with seed mix on those holes. The seed will germinate during the winter, and, when the Bermuda grass eventually turns brown, those divots will leave green spots all over the non-overseeded fairways. This also applies to all of the roughs, since they aren't overseeded. It is a small step to help reduce extra maintenance required to chemically treat and remove the green spots.

Another reminder: The course will be very wet following overseeding. Even though the irrigation is slowly turned off prior to the course opening, the ground will remain very saturated. Golf carts will be relegated to the cart paths for about three weeks to allow the fairways extra time to firm. When the carts are allowed off the paths, please try to avoid driving through low areas that are still wet. Most areas will be painted with white lines, but some areas might still be soft and can be damaged by golf cart traffic.

Golf Advisory

Chair Doug Kimble 520-825-3172

First Wed., 2 PM, WC3

Golfers will be restricted to golf cart path only until the end of October. All of our golf clubs have shown a healthy increase in members, and an increase in play means all golfers need to be responsible for raking traps, repairing divots and ball marks. Remember to check in at the Pro Shop at least thirty minutes before your tee time.

Director of Golf, Rick Price, has worked hard on increasing play at our course with many new fun events for golfers, casual golfers and non-golfers. Check at the Pro Shop for what is happening in the future. A big thank you for Mike Kropf and his crew for the excellent condition of our golf course.

Club members should contact your club representative if you have any concerns or questions. You are welcome to attend our meetings the first Wednesday of each month, 2 PM, WC3.

I am very proud of all the staff for the hard work and training they have completed this summer. The fruits of our efforts are paying off in the smiling faces of our patrons.

Chef Paul Blackwell has done an amazing job structuring the kitchen for efficiency and training his staff on execution of the menu, and he has created what many think is the best menu in SCOV history. He continues to find ways to improve the kitchen operations. Errick has done a great job with the front of the house by training staff on expectations and keeping their morale up. Charlene and Cindy have stepped into the lead server roles with vigor and have done a great job directing and training staff. Stephanie and Azura continue to support Chef Paul to make sure our new kitchen stays looking brand new.

For all they do, I thank all of them. In addition, I thank all the residents for their continued support and wonderful comments on the food and service. I encourage everyone to fill out a comment card or email me directly about your experience. I will share your comments with the staff, good and bad.

I invite everyone to our second annual Hallows Night Dinner Monday, October 29, 5 PM. It's a wonderful event filled with great food, cocktails and entertainment featuring Magic Kenny from the Bisbee Seance Room. Those who came last year know it is a night to remember.

Our Foundation is completely independent from the SCOV Association, and together we can elevate and expand the life experiences of our community. Vistoso Cyclists Annual Food Drive

The Sun City Vistoso Cyclists club is once again asking the community to help support their annual food drive to benefit Interfaith Community Services (ICS). Monies generated by the food drive go to help provide holiday food baskets for the underprivileged in our midst and to stock the food bank shelves with staples when supplies get low. Your donation will be doubled as the Sun City Foundation is matching donations up to a total of \$7,000. A donation is also a win-win situation as donors can claim up to \$800/cpl and \$400 pp as a contribution to the working poor, according to the State of Arizona tax code. Please make your checks out to Interfaith Community Services with "Food Bank" in the for section. Checks should be sent to Carol Knapp, 14740 N. Lost Arrow Dr., Oro Valley, AZ 85755. This will allow us to track the amount the club collects.

Thank You Corner

This section allows residents to express thanks to the community. Articles should not exceed 50 words and should not contain thanks to specific persons.

You realize how important your community is when unexpectedly you are in the hospital having major surgery and your friends, family and neighbors are bringing in your trash bins, sending cards, cooking food, calling, taking you to medical appointments and making sure Richard is not forgotten. I love hugs and needed them. Thank you.

Margie Golembek

Thank you for supporting the Back to School collection to benefit Youth On Their Own (YOTO). We are fortunate to live in such a caring, giving community with neighbors who are positively impacting the future of Pima County by supporting YOTO.

As we head into our busy season, we find ourselves searching for space for new members. The kiln team continues to fire at will and pieces are returned with lightning speed if no special attention is required. Make sure you thank a board member or team member for their service to the club and volunteer or pitch in whenever you can to help support the work of the club. There is always something you can do to serve no matter how new you are. Note the change in orientation timing.

Clay mask

While always during the third full week of the month, orientation is now just one day that week, and it is up to the trainer to set the day and time. So check the schedule in the studio, and sign up for your intro to pottery. Our large club works, because we all work together.

Fine Arts Studio

Co-Pres. April Hoffman 520-329-8443, Phyllis Cutcher 520-825-2489
Wed., 9 AM, Catalina Vista/Art Studio

This month's article is dedicated to our co-president, Phyllis Cutcher. As the result of failing sight, Phyllis is giving up her passion for pastel painting, leaving SCOV and moving on to her next step in retirement. She has been a stalwart of our club, creating beautiful artwork since our club's inception 30 years ago. She is an accomplished artist in her medium, having studied in France for a period of time, then applying her skills back here in our studio. Phyllis coordinated the monthly Art Talks given here in the Native American rooms by the Tucson Museum of Art staff. She arrived early each Wednesday morning to make one or two pots of coffee for our appreciative group. She participated eagerly in our studio's weekly 11 AM artwork critiques where she always made good suggestions. She is a member of the Pastel Society of America and frequently discussed articles and happenings in that field with our group. Most of all, Phyllis is a pleasant, thoughtful, engaging lady and the embodiment of a SCOV fine artist. She is just the best of folk. Phyllis, you will be sorely missed and we wish you the very best.

Phyllis doing what she loved best.

Nov.-May, Second and Fourth Mon., 2-4 PM, Catalina Vista/Pusch Ridge

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials.

Learn from certified instructors at your own pace, and make creative arrangements for your home.

Don't have someone to knit or crochet something for? Don't let that stop you. Whatever you like to knit or crochet, we can find an organization that is eager for donations. Several of us have contacts who will pass along your loving creations, whether it be to a teenage mother who needs baby items, Fisher House at the VA which needs afghans or Sister Jose Shelter which provides hats, scarves and mittens for homeless women. It's a wonderful feeling to provide items that can make a difference in a person's life.

A reminder that our meeting time will change next month. We will meet Tuesdays 2:30-4:30 PM starting November 6.

Sculpture

Pres. Laurie Lichaa 520-812-0198
Mon., 9 AM-5 PM, Catalina Vista/Art Studio

Most of our club's winter residents come back to roost for the winter season this month and it's an exciting time for us sculptors. Some return with grand ideas for their next project and some return with a blank page, ready to be filled. Lots of chatter fills the studio in early October and planning "El Caballo" by Al Burdi commences for ensuing classes. Those who worked on pieces throughout the summer show them off and inspire the rest of us to greater heights. We all settle in and do what we enjoy: creating mighty fine clay sculptures. If any residents have an interest in doing the same, please come over to our studio Monday mornings. We'll teach you how it's done.

Casa Amigas' main mission is to sew for children. However, sometimes fabric donations are not suited for that purpose. And from time to time we also receive specific requests. Then we make other items for some charities. One of the organizations we support is the Sister Jose Women's Center. The Center is dedicated to the care of homeless women.

Items we have donated to this Center include aprons, tote bags, and pillow cases. These colorful and useful articles are well-received and fun for us to make. The Center appreciates having their initials embroidered on the aprons we donate. We were able to do that with help from members of our embroidery club.

Wed., 1-3 PM, Artisan Center/Sewing

Man alive, doesn't time fly? It has been a very busy summer in the SCOV Sewing Room. We are really ready for the winter residents to return to their homes away from home. The Cheer Bears will be meeting again starting Wednesday, October 3, 1-3 PM, Artisan Center/Sewing Room, and we enjoy meeting all ladies and men who would like to help make the cute little bears that bring joy to the hearts of children in all areas of Tucson and Arizona. They are so cute, as you can see from the picture, but they do take many hands to make the tasks go smoothly. Joy and friendship abides in the room, and we hope to welcome many to join us. Welcome and welcome back. See y'all soon.

Aren't we cute?

In September, Mary Ann Womac, a certified instructor, showed us how to use the "Cotton Theory" to complete embroidery projects, such as the purse pictured. At our October meeting, we'll learn how to embroider on organza to make a Halloween decoration. Contact Karin Frohlich for instruction on the 6-needle embroidery machine. Instructions are available to any Thimblelenas member.

Methodology for the beginning silversmith training continues to evolve, with the goal of consistent instruction throughout each class by concentrating on fundamental skills. Our next class will be held October 24-26. The first two days will be devoted to teaching participants how to make a simple pendant using hand tools and an acetylene torch; the half-day will be an orientation to lapidary techniques. The primary instructor for the class is a professional jeweler who has several decades' experience. Students who successfully complete the October class and become club members will be eligible for a separate, hands-on lapidary class to be held in November. If you have signed up for training and can commit to the full 2½ days, please let President Tom Moore know so that we can begin forming the roster.

Kicking off our Astronomy Club's speaker series on Thursday, October 18, is Eric Christensen, the Director of Catalina Sky Survey at the U of A. NASA has tasked this group to find and track the largest and most hazardous asteroids, called Near Earth Objects (NEOs). Christensen will tell us how NEOs are detected and how they are tracked to reduce the risk of being undetected and how asteroid impacts can be averted. Impacts by asteroids have shaped the evolution of life on earth, and are an ongoing process in the solar system today.

The Astronomy Club of SCOV is one of the largest clubs in

our community. Everyone is invited to hear these outstanding speakers in the various fields of astronomy. There is no charge to attend, and meetings are held on the third Thursday of the month, 7 PM, Activity Center. Nelson Tilden, our stargazing coordinator, will organize Star Parties that will meet monthly starting Thursday, October 11, at dusk on the driving range. Check our website for up-to-date information.

Fall 2018 courses begin Monday, October 1, with "Oscar Hammerstein II: A Life in Lyrics," presented by Jim Williams and "Philosophers Speak of God," moderated by Gene Bammel. Starting on Tuesday, October 2, is a course facilitated by Jack Peradotto entitled, "A Million and One Gods: Making Sense of Polytheism" and Marion Cimmino is presenting a class called, "Desert 101." Don Shepperd's class, "The U.S. in the Real World," has a delayed start date. Check the website for beginning times, dates and locations as well as any other updates.

Do you have everything you need for classes? We suggest bringing your ILR nametag, notebook and pen, water, and a bag to carry everything including any handouts you might get. Another item to bring to class that you might have

overlooked is a great attitude. Come ready to learn, appreciate the expertise of your instructor and the material presented and be receptive to comments by classmates. You might just pick up a new idea or two. And be sure not to let your emotions and beliefs get in the way of learning. Adopting this attitude will enable you to see things differently and facilitates learning, which can decrease polarization in society.

Samplers begin Thursday, October 4. See the list of topics and presenters under Workshops and Classes, page 14.

The trip to Britain is still taking reservations. See Vickie Tefft at Bon Voyage Travel at the office next to Walgreens in the Rancho Vistoso-Oracle shopping center.

Poets Corner

Sharyn Rafieyan 520-825-6762 srafieyan@comcast.net

Mon., 9:30-11:30 AM, WC3

While October in Tucson heralds a tapering of summer's searing heat, Paul Laurence Dunbar's poem lyrically captures the essence of fall in New England and the nonchalance of youth unconcerned about the coming of old age.

"October is the treasurer of the year and all the months pay bounty to her store. The fields and orchards still their tribute bear, and fill her brimming coffers more and more.

"But she, with youthful lavishness, spends all her wealth in gaudy dress...Her garments trail the woodlands through, and gather pearls of early dew that sparkle till the roguish Sun creeps up and steals them every one ...Whole-hearted, happy, careless, free, she lives her life out joyously, nor cares when Frost stalks o'er her way and turns her auburn locks to gray."

Poetry, like living in Tucson, can write the white right out of winter.

Fri., 10-11:30 AM, AFC/Studio 2

Folk dancing is more fun than a treadmill and excellent exercise for balance, mindfulness, muscle and mood. For most dances we hold hands in a circle performing non-gymnastic steps to the sometimes strange but fascinating music and rhythms of diverse cultures (including our own). Neither partner nor prior experience needed. Typical dance session consists of 12-15 mostly easy folk dances always preceded by instructions. Drop by to see if this internationally popular dance form is right for you and/or see us in action by doing a Google search on FDCSCOV YouTube.

Fall is finally here and it's time to think about avoiding holiday stress by exercising. On Monday and Thursday, professional instructors come to SCOV and teach a Joseph Pilates core-strengthening mat class. Pilates workouts are not just sets of simple exercises. They affect our entire system of bones and joints. Your abdominal muscles, back, hips, arms and more are strengthened and toned. This allows for better posture, flexibility, strength and balance. The classes include many warm-up stretches and are one hour total body workouts. Because the mat classes are designed for seniors, all exercise movements can be modified by our instructors for different levels of performance. The cost is only \$8/class and annual club dues are \$20 pp. Please stop by and watch one of our classes. Call Mary.

Pickleball

Pres. Jeff Rusch jffrusch@yahoo.com
VP Membership Dave Burnham dburnhampton@gmail.com
scovpickleballclub.wildapricot.org

Bob and Maryanne

Can pickleball help you live longer? Researchers at Loma Linda University think so. Their Blue Zone studies show that exercise, diet rich in plants, and love of life (sense of community) are the basics for long life (YouTube video <https://youtu.be/GMtEePVkZac>). Pickleball covers two of these three basics. Physical activity lowers depression and improves well-being. Exercise is good medicine and the gateway to healthy living. People who play pickleball are friendly, social, and welcoming. You will make friends quickly as you learn to play this easy game. Courts are only one fourth the size of a tennis court. Paddles are inexpensive from as little as \$20. Pickleball is for kids from 9 to 90. So easy to play your mother or grandmother can school you. Club provides free lessons and equipment. What are you waiting for? More information contact Dave Burnham.

If you own an RV or perhaps just contemplate owning one join us at a monthly meeting and test drive our club. You'll be happy you did.

Are you willing? It is important to restate our club's need for more Wagonmasters this season. Vic and Joy Huxtable conduct training sessions for interested couples and will be scheduling one by the end of 2018. This is an excellent way to get more involved with our club, meet members and make a difference.

Members, be sure to check the Members Only section of our website. If you don't see your picture in the roster, be ready to have one taken by our official club photographers, Eric and Carrie Wiley, immediately after our October meeting. As usual, black tie and formal wear are optionable.

Aluminum Can Collection Update

On Thursday, August 23, our crew of four made the first trip of the new fiscal year to the scrap yard with a load of aluminum cans. We delivered 440 pounds of cans, and received a check in the amount of \$189.20. Impressions around the scrap yard gave the impression that a drop in the metals market is anticipated, as they were in the process of selling all scrap metal as fast as possible.

The recent rain was so heavy that our crew was unable to empty our bags of aluminum cans in the normal designated place, as there was about four inches of water on the ground area. Therefore, our crew had to empty our load into a couple of large dumpsters, with the edge of the dumpster being at least five feet six inches high. This was not an easy task, but we survived.

Thanks to our driver, Jeff Lawyer, and unloading helpers, Dave Flatness (the dumpster diver), Jon Russell, and Dave Johnson for making this a successful trip. Thanks to all volunteering on this program.

We have bought and sold 10 homes and Brenda is by far the best realtor we have worked with. She managed the complete sales process perfectly, from the staging, photo shoot to the final paper work. She's organized, responsive to all requests, knowledgeable and a pleasure to work with. We can't recommend her highly enough!
