From The Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Look To the Future

by Lou Gard

As I write this, I am waiting to get my second COVID shot; by the time you read this, almost all SCOV residents should have had their first shot and many their second.

As you all know, it has been a difficult year for all of us. We have experienced something none of us could have imagined 15 months ago. Let us pray that it will be over soon. We have missed family gatherings, seeing friends, being able to travel, going to our favorite restaurant, being able to use the many amenities that SCOV has to offer (at least at the level we would like). And we have to wear those beloved masks.

On March 5, Governor Ducey lifted occupancy limits on businesses while preserving distancing and masking mitigation. Hopefully, by the time you read this, all the implications of this executive order will have been sorted out.

It is time to look to the future and remember what a great place SCOV is in which to live. Look around at the fantastic views of the Santa Catalina Mountains, enjoy the warm sunshine, take walks or ride bicycles and breathe the fresh air. Is everything here perfect? I cannot think of a place that is. But given all that is going on in the world, we have it pretty nice in SCOV.

On another note, I will be leaving the Board of Directors at the end of April. It has been a pleasure and a very rewarding experience serving for five years. I feel honored to have been elected to represent you on the Board. More residents should run for the Board. If elected, you will get a better understanding of what makes SCOV tick and what a vibrant community we have.

A Shot of Relief

As we all see what is going around with COVID, it is a constant reminder that nothing is constant with this virus. Just this past month, Governor Ducey issued Executive Order 2021-05 which effectively sunsets capacity/occupancy limits on businesses as previously set forth in Executive Order 2020-47. This won't help us at our restaurant as our tables are already spaced six feet apart, and social distancing and masking are still required.

I also see that the CDC changed their recommendations on March 8. The Association will continue to evaluate and make changes as the Board and Administration look for safe ways to remove restrictions. In the meantime, for get-togethers in your homes, the CDC says, "You can gather indoors with fully vaccinated people without wearing a mask." They also say, "You can gather indoors with unvaccinated people from one other household (for example, visiting with relatives who all live together) without masks, unless any of those people or anyone they live with has an increased risk for severe illness from COVID-19."

Some things have not changed yet. The CDC recommends, "You should still avoid medium- or large-sized gatherings. You should still take steps to protect yourself and others in many situations, like wearing a mask, staying at least six feet apart from others, and avoiding crowds and poorly ventilated spaces."

As our community continues to take safe steps to reopen, if you haven't already gotten your vaccine, please consider doing so as soon as possible. We're encouraging our staff to do the same. I am a little younger but I have my appointment scheduled.

I encourage all of you to not be too hasty in your personal reopening program. Keep yourself and those around you as safe as possible.

Staying Active and Healthy

by Rita Menet

The members of the Active Health Committee (AHC) are proud that the Administration and former members of the SCOV Board of Directors made a commitment to form a chartered committee that would sponsor presentations and programs to keep our community active and healthy.

Our AHC members research topics and find speakers that are experts in their fields of health and wellness, and medicine. We ask all of our speakers to not only present their topic of expertise but to address "what we can do ourselves to prevent illness and stay healthy and active." We have been fortunate to have excellent speakers on various topics such as: Regenerative (Stem Cell) Medicine, Mind-Body Medicine for Pain, Physical Therapy to Prevent Pain and Injuries for the Aging Adult, Reversing Diabetes with Diet and Lifestyle and Strategies to Prevent Cancer.

There is a plethora of ways to remain active in SCOV with organized activities such as hiking, biking and golfing as well as all the activities offered in the Aquatic & Fitness Center. Every day you can delight in all the passers-by walking in our community with their loved one or good friends. It encourages all to do the same while creating a stronger community.

The AHC has also combined efforts with the AFC to develop and encourage an indoor walking program where people can socialize, stay cool and safe while they exercise.

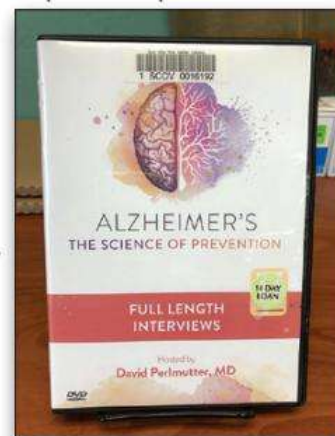

We have much to be grateful for, living in this strong active community that promotes healthy bodies as well as healthy brains. With respect to the topic of brain health—one exercise to strengthen our brain and promote a positive mindset is to practice gratitude. Just think of three little things that you are grateful for each day. It can be as simple as: "I heard a cardinal sing today;" "the mountains are vibrant today;" or "I am grateful to be living in SCOV." You can say them silently or out loud, or you can write them down. This exercise of "Three Little Things" can change your neuro

pathways and positively reframe your brain. Try it...It works!

The AHC has exciting plans to expand our presentations next year to include Health Span as a part of Life Span, including Healthy Nutrition, Reversing and Preventing Diabetes, Movement, Mindfulness and Stress Management and Sleep and Restoration.

The AHC will also bring back the docuseries: "Alzheimer's—The Science of Prevention" with Dr. David Perlmutter. It

was a popular program, and we received feedback that it had changed some people's feeling that cognitive loss could be reversible, not just a hopeless and unchangeable condition of aging. In this series, we learned that your genes are not your destiny. There is a saying that "your genes load the gun, but your environment pulls the trigger."

David Perlmutter, M.D.'s Alzheimer's video series presentation in early 2020 was attended by capacity audiences. We are bringing it back in 2022, so more can hear this important information.

Golf at The Views Golf Club allows active adults to exercise while enjoying fresh air and sunshine.

Pickleball is a popular activity at SCOV. Larry Walker photo.

We also learned that there is much that we can do to prevent and even reverse cognitive loss. If you don't want to wait until next season, we have put a copy of the docuseries in the Library.

The AHC welcomes input from the SCOV community. If you have a topic or know of a dynamic speaker, one that fits our mission of keeping our community active and healthy, please contact Rita Menet,

Chairman, or any member of our committee—Wayne Gustin, Rick Menet, Judy Greenberg, Gloria Johnson, Charlotte Herbert, Joyce Shaw, Lynn Lancour, Kathy Quigg. The members of our committee volunteer their services for you and your good health.

The AHC applauds the SCOV Administration for giving us the time, space and encouragement to do the work of our committee.

Congratulations, Dale Foster, Distinguished Service Award Recipient

By Jim Mitchell

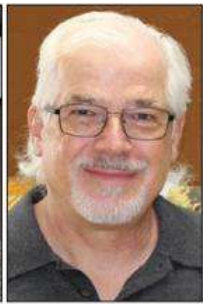

The Board is pleased to name Dale Foster as recipient of this year's Distinguished Service Award, given to those "who make remarkable contributions to our community."

Since moving to SCOV in 2013, Dale has given immeasurable hours to a wide variety of projects, committees and clubs.

With a degree in Solar Energy Engineering, he led the team that assessed the feasibility of solar energy throughout SCOV, analyzed historical energy usage, recommended sizing and site plans, developed requests for proposals, evaluated proposals and recommended to the Board an approach that had no cost to the Association.

Since November 2016, the system has produced over three million kilowatt hours of electricity with a cost savings of more than \$60,000. The original year-one projection was to save \$4,500, but four months after installation Tucson Electric Power raised rates. With our locked-in rate, our actual year-one savings grew to more than \$15,000.

Each month, Dale analyzes solar output reports, tracks the system's performance and reports findings to the General Manager and Controller. He also reviews SCOV's 12 monthly electric bills to look for other conservation opportunities.

Dale Foster regularly monitors the performance of the SCOV solar equipment (left), volunteers in the Library (center) and sculpted this bear reading a book which is on display in the Library (right).

If we decide to purchase the system this year, cost savings over the 25-year expected life are projected to be over \$1 M including the buyout, operating and maintenance costs and Asset Reserve contributions to replace solar modules and inverters.

In addition to helping the Association with solar energy, Dale has advised residents who were considering solar for their homes. He keeps that offer open to any resident currently considering solar.

As a member of the Properties Committee since 2014, Dale has managed several energy conservation projects. Over a five-year period, LED lighting was installed in the Artisan workshops, Gift Shop, Aquatic & Fitness Center Gym and Exercise Studio, Activity Center, Desert Oasis and exterior lighting on pickleball courts, walkways and parking lots. Each project paid for itself in less than two years and the total savings have been over \$10,000 per year.

Somehow, Dale still finds time to be an Ambassador, Library volunteer and a member of the Sculpture, Photography, Astronomy, Pickleball, Yoga and Rock 'N Roll Clubs.

Please join us in congratulating Dale Foster, volunteer extraordinaire, as this year's Distinguished Service Award recipient.

You Won!

Explorer's Best of the Northwest Awards

There was a great response to vote for Best of the Northwest, evidenced by the winning outcome. SCOV placed first in Active Living Community, The Views Golf Club took first for Best Golf Course and The Views Restaurant placed first in Best Breakfast. The Views Restaurant placed second in Best Beer on Tap, Best Restaurant Curbside Pickup, Best Cocktails, Best Coffee Shop and Best Oro Valley Restaurant.

Congratulations to the HOA, golf course and restaurant for being the best! We already know this, but it's nice to share the news with Northwest Tucson. The recognition is well and good, but the real winners are each of you who make this a vibrant, healthy community. Thank you for all you do to make SCOV a wonderful place to live and work.

Following Guidelines and Protocol

The past year has been challenging for all communities and their residents. As of this date, events can have no more than 50 people attending. This has put a temporary stop in arranging large shows for entertainment in our Auditorium. Finding activities for residents to do outside has brought some new and different ideas. SCOV residents are fortunate to be able to do outdoor activities, use craft rooms and art rooms, see indoor movies, have club meetings for games and cards and use the pool/gym and some dances, just to name a few. Each month has brought a new event in some form for all resi-

dents to enjoy. Zoom presentations have been welcomed by residents, and there will be more in the future. We are open to suggestions, but the safety of all residents is our priority.

House Paint

As you are aware, because of COVID, the Neighborhood Pride Committee has not been touring for almost a year. Many of you rely on their "eagle eyes" to alert you that it is time to paint your homes. Since that review and alert have not been available to you for the last year, please take the time to look at your house exterior and determine if it is time to paint.

The Arizona sun is brutal, and its effect on house paint can vary depending upon what quality of paint was used the last time you painted, how many years have gone by since last painting, how light in color the paint was or how well the house was prepped prior to that painting.

Often residents are very surprised when just five years have passed and the house needs to be repainted, whereas a neighbor painted 7-8 years ago and it still looks pretty good. Keep in mind that generally, darker colors tend to show fading quicker than lighter colors.

Tip: If your house looks like it could use a bit of touch-up and it has been several years since painting the entire house, please do not be tempted to touch up multiple areas (even with paint matched to current color). What happens is that the new paint will weather at a different rate, and you will end up with splotches or a look of hives, measles or chicken pox within a short time. Don't waste the time, money and energy. Check with a qualified painter and seek a professional recommendation.

SCOV Library - Kate Cusumano

Online catalog: <https://evolveopac.infovisionsoftware.com/suncityorovalley>

kcusumano@suncityorovalley.com 520-917-8083

Exciting news! The Library reopened for patrons in mid-March and expects to remain open the usual weekday hours, 9 AM-Noon and 1-4 PM, but check the website in case that changes. We hope to reopen Saturday mornings beginning in May. The protocols that kept us safe during the first partial reopening last June will continue: six patrons at a time, masks, social distancing, hand-sanitizing and cleaning. But if you feel safer using curbside pickup, that will still be available.

Since COVID first affected our community, we have added over 2,600 new books, audio books, large-print books and videos to our shelves. Over two-thirds were purchased, the rest were donated. Uncounted thousands of magazines and hundreds of puzzles have been added and deleted. Magazines are removed when they are three months old (for monthlies) and four weeks old (for weeklies), and puzzles when they are missing pieces. All this sorting, cataloging, dressing (covering and affixing labels), shelving and re-shelving of items takes a huge amount of volunteer power. Quarantining incoming items for 72 hours complicates the process.

Even with the shutdown and months of reduced hours, circulation has been impressive. Over 19,000 catalogued items were checked out since March of last year, and that does not include the uncatalogued paperbacks, magazines or puzzles. Imagine what life would have been like without these thousands of items in the hands of residents over the past year. SCOV residents want to read or listen to books, watch movies, peruse magazines and work on jigsaw puzzles, no matter the state of the world, and the Library con-

tinues to find ways to meet their needs. You can reserve items online through the SCOV website, or by calling us at 520-917-8064. The phone line is staffed by volunteers, so please call during our hours of operation, which appear on our website.

Recreation and Fitness - Lonnie Davis

Stretching

A good stretch can leave you relaxed and calm. It's also a great way to lengthen muscles and improve overall fitness. Whether it's for physical or mental benefits, stretching is a great way to incorporate healthy habits into your day. Sure, we'll stretch before or after a workout, but what about during the rest of the day? It's critical to find ways to sneak in a few minutes throughout the day to stretch. The physical benefits are outstanding. As we age, our muscles tighten, and our range of motion is often minimized. Over the years, day-to-day activities may slow down and muscles may stiffen. With routine muscle lengthening, in little time you'll see huge results if you continue to stretch daily. Stretching promotes flexibility, balance and muscle lengthening.

Special Note From the Aquatic and Fitness Center (AFC)

Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC. AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, April 13, the AFC pool and spa will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Wednesday, April 14, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Architectural Review

Kris Ahlstrand 510-693-5502 ARC@suncityorovalley.com

Zoom meetings Second and Fourth Tue., 2 PM

The March Architectural Review Committee (ARC) article on diminishing mountain views has generated some talk, as we have had numerous emails and verbal responses concerning the height of bushes and trees. The objective is not to get rid of trees and bushes; it is to be aware of the views they might block. The Prohibited Plant List in our Development Standards includes plants that are prohibited for a number of reasons: height at maturity, excessive water consumption, maintenance headaches because of seeds and leaves, invasive species and tree allergies. Prohibited plants may also be attractive to potential pests such as bees, pack-rats and javelinas. If you are contemplating planting a tree, stand in your neighbors' yards and evaluate, "Would I want that in my view?" Once trees and bushes are established, let them grow with nature's rainfall, which will slow their growth. Keep them professionally trimmed regularly. We should all walk down our street, stop at various points, and take a look and evaluate how our trees and bushes look. Are they overgrown? Are they view blockers? If I removed or trimmed that tree or bush, would it open all our views?

The ARC is looking for members to join our team. If you are interested in guiding our community to preserve our lifestyle, please contact the ARC at ARC@suncityorovalley.com.

Community Directory

Chair Lisa Collins 812-344-4773 scov.community.directory@gmail.com

www.scovaz.com/members/services/directory

SCOV pays nothing for the paper directory: The publisher finances it with ad revenue. But as more people use the Internet, fewer businesses buy ads in directories. Let the advertisers know that you appreciate their ads and keep your fingers crossed for next year. If the publisher can't continue, we will need to decide if we want to pay for a paper directory ourselves.

Did you know our directory is on the SCOV website? Find your neighbors' names, or all the people from your hometown, or whatever you seek. The incremental search box will display results as you type.

Are you included in the directory? New homeowners are unlisted by default. To add or update your listing in the directory, the preferred method is to complete the online form "To change your directory listing...." Otherwise, you can fill out an orange card at the Welcome Center.

SCOV residents are fortunate to have a resourceful library serving our community. Programs, books, videos and audios plus more are available and readily accessible to our community members.

Membership dues for Friends of the Library (FOL) are a large source of funds for our self-supporting facility. Support for our library can be made through donations or by new or renewed FOL memberships (\$15 single or \$20 family). Payment of dues and/or donations can be made online or by placing a membership slip (available at the Library) in the book drop. For online payments, please email Andrea Houston scovfol@gmail.com. Checks can be made out to SCOV-FOL.

FOL members will be able to participate in the next "Great Views" in July. This is an event presenting reviews of films available in the Library. This presentation is prepared by our resident movie buff, Garry Buck, and will be the second offering of the season.

Linda Wilkes and Bill Norton.

Spring is upon us and the Gift Shop is ever changing with the seasons. Stop in to see what's new. Featured artists this month are Bill Norton and Linda Wilkes.

Bill received his degree in industrial arts and taught throughout his career at vocational high schools and junior colleges. Retiring in 1999, he moved to Arizona and became intrigued with wood turning and free form carving. Whatever the plan starts out to be, the final design can change dramatically. His top goal is to never have two projects that look the same.

Linda's mother-in-law encouraged her into the art of jewelry making. When Linda later purchased a bag of estate sale jewelry, she found a beautiful handmade necklace. She retrieved her jewelry tools, and began creating new pieces of jewelry from looking at the color palette of ma-

terial or florals. She also creates with different themes in mind: trendy, classic, fun, romantic and highly dimensional.

Neighborhood Pride

Chair Tempe Johnson 520-825-6994
Third Tue., 2 PM, WC3

The Calendar Says

According to the calendar, spring did get here. It is time to make sure those empty pots in front yards are filled with living plants, cactus or flowers. Even with our lack of winter rains, weeds are popping up everywhere, and when they are small, they are easy to remove. Wildflowers are allowed in our community until after they bloom, at which time they need to be removed. Trim any trees that block stop signs, or shrubs which overhang the sidewalk or street. Remember, no artifacts of any kind are allowed in front yards, no matter how cute they may be.

Winter residents need their yards maintained during the summer, so the home looks cared for while it's empty. Be sure to notify Administration of your summer address in case they need to reach you while you are gone. Please continue to take pride in your property even when you are not on site, so that it will look just as nice upon your return as when you left.

Posse

Chair Linda Simón 520-789-7169 posse@5LP.com
First Tue., 3 PM, Desert Oasis (no meetings until further notice)
www.scovaz.com/committees/posse/ (must be logged in first)

I've been asked a few times over the past two months why we should continue the Posse since there have been no patrols for the past year. The Posse is a valuable asset to our community for a variety of reasons. Some are: patrolling our area in order to report suspicious activity and keeping the criminal element out of our area, reminding residents to close their garage doors in order to keep out unwanted critters or persons and assisting Oro Valley Police Department (OVPD) and our Association with special event traffic management. This allows OVPD to spend more time in high-risk areas. An added benefit is that by continuing to keep our community safe, we reduce insurance costs for our Association, our homeowners and our auto insurance. We're neighbors helping neighbors.

Properties

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, via Zoom

The mission of the Properties Committee is to make recommendations to the Board of Directors and the staff regarding the condition of and recommended improvements to SCOV facilities. Ongoing activities include inspections of SCOV buildings and facilities, inspection of Chalk Creek Wash and monitoring of the Sun City solar systems. Intermittent activities include utility usage studies and projects requested by the Board, the staff or as deemed appropriate by the committee. We are currently meeting via Zoom. Please see the calendar on the SCOV website for scheduled meeting dates and times.

Golfing experience that provides professional and friendly service, mountain views and excellent conditions.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

Spring is in the air, and we welcome the month of April. The Bermuda grass is starting to grow, which will allow us to open the driving range tee and the new short game area soon. As it gets closer, we will send an email to let everyone know the opening date.

The Men's Member/Member Championship is scheduled for April 9-10. All leagues are wrapping up their main tournament events this month, and we all look forward to hopefully being back to normal in the fall with shotgun starts and luncheons.

Our Chip & Putt event on Thursdays continues through this month, starting at 4:30 PM. You can play up to six people per

group. The entry fee is \$10 per person for golf, prizes, and one drink off the beverage cart before you tee off. Sign up online through the reservation system or call the Pro Shop at 520-825-3110.

This month Yappy Hour will be Thursday, April 29, from 4-5 PM on the driving range tee. The driving range will be closed at 3 PM for a clean pick of all the range balls in the wash and desert areas.

We look forward to enjoying the prime golf course conditions this spring and thank everyone for their support in playing golf.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

April is the time of year the golf course begins the transition from the overseeded winter ryegrass to the underlying Bermuda grass. The goal is to slowly remove the ryegrass and promote the growth of the Bermuda grass while still providing good golf course conditions in May and early summer.

The process of transitioning from the winter ryegrass to summer Bermuda grass involves many steps that actually start in September and last until the Bermuda grass is healed in July. Seed rates have been greatly reduced over the years to provide less competition between grasses. Overseed preparation is significantly reduced to prevent injury to Bermuda grass before seeding even occurs.

Irrigation is monitored very closely to prevent injury to the Bermuda grass in late spring as the temperatures start to rise. If the ryegrass is watered too heavily, the underlying Bermuda grass gets weaker and declines. If the ryegrass is not watered enough, the salts build up in the soil, also leading to Bermuda grass decline.

A mix of chemicals are applied starting in March to weaken the ryegrass. This reduces competition and allows the Bermuda grass to come out of dormancy more easily. A different chemical is then used in May to completely remove the ryegrass and poa to allow the Bermuda grass a chance for full recovery.

Fortunately, this transition program has led to better and better conditions each summer. Last summer during the greens renovation project, the fairways transitioned so well that no areas required sprigging, a huge change from previous years when extensive sprigging was required across many fairways.

Golf Advisory

Co-chair Eileen Buskirk 206-450-6146 SCOVgolfadvisory@gmail.com
Sep.-May, first Wed., 2 PM, WC3

The Golf Advisory functions as the liaison between the golf leagues, the residents and the Director of Golf Operations and Golf Course Superintendent. It was designed as a forum for resident and nonresident golfers to "express their needs, concerns and desires." By that very description, the Golf Course Superintendent often spends the hour of the meetings listening to a litany of complaints. Not an enviable position. The past year has been challenging for everyone, especially Mike. Between the changes brought on by the Greens Reconstruction Project, the loss of experienced maintenance workers and the impact of COVID restrictions, there hasn't been a lot of upside for him. With the change in weather, the promise of rain and new growth, we'll see the course morph into the one we dreamed about when the work all started. Until then, let's thank Mike for all he does when we see him and point out the good.

As we continue to get vaccinated and move toward operating as a normal restaurant, we have made some adjustments for the safety of our guests moving forward. We will continue to do a limited Heat and Eat menu which includes homemade cheese pizza and two other options that will rotate. Call the restaurant for more details.

Good news for Clay Club members. Meetings will resume on the first Thursday of the month. The April 1 meeting will be held at 1 PM on the Kiva Patio. Wearing masks and social distancing will be required and appreciated. We have much to discuss, so please come.

Pictured are Bob Arms, John Grandner and Barb Peterson who are helping with a clay delivery. All 1,600 pounds of clay were unloaded and shelved in the storage room for members to purchase as needed. Along

with that, dry glazes and chemicals were delivered and stored. A total of six members worked on the delivery. We all appreciate the effort involved for this great convenience.

At this time, we regret that we are still unable to hold orientation for those wanting to join the Clay Club. We are hopeful that later this year we will again be able to welcome new members into our club.

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. What motivation lies behind building a model? Nostalgia? The first car we owned, or wanted to own? Bob Underland (left) grew up on a farm in the Midwest before a career in IT at Boeing. Here he is, building a replica of the iconic farm that was the backdrop to so many of our lives. Dave Scoles (right) is assembling a model of a fuel oil dealer, another familiar sight in mid-century America. Why? You'll have to ask him. We offer monthly presentations on photographic subjects, as well as a monthly judging of photos that have been submitted. We have members at all skill levels. Whether you are a beginner, or an experienced professional photographer, we invite you to join and compete with others at your skill level. Your entries will be reviewed by a judge who will comment on the better points of your photos and also how they might be improved. Winners will have their photos displayed at Catalina Vista. If you are not a member and would like to be a guest at one of our meetings, please contact Val Plumlee for a Zoom invitation. Our next presentation will be Wednesday, April 14, 6 PM, and our next judged competition will be on Saturday, April 24, 6 PM.

The Sewing Room has been busy and in full operation for most of this year. We have new members joining the various sewing clubs, and new projects being done. Not all of the sewing clubs actually do "sewing." If you'd like to hang out with other wonderful people, do look at the various club articles under the Thimblelenas umbrella. You can actually join any of our clubs and not sew. The Tapestry Club changed its name this year to show they are more inclusive of other fiber arts, not just tapestry. We have windows outside of the Sewing Room which are changed monthly. Take a look every month and see what the clubs have been up to. To join or learn more about our clubs, stop in the Sewing Room during any listed club time when a monitor is available. See you there.

Casa Amigas

Sigrid Flatness 425-213-6689

Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

Do you like to sew but aren't up for a complicated project? Do you want to participate in sewing projects that benefit others in need? Casa Amigas is for you. We sew simple patterns like pajama bottoms, capri pants, sleep sacks and crib sheets for children in need. We provide orientation and simple sewing techniques for those who haven't sewn in awhile. Would you like to learn how to serge? We also provide orientation and instruction on our sergers. Would you like to join others who enjoy sewing and have a fun time while doing so? We are the group for you. We've continued to sew and serge throughout Covid and look forward to getting totally back to normal as soon as possible. Come join us and see what fun we have.

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com
Wed., 1-3 PM, Artisan Center/Sewing

Thank you for all of you who have been supporting our group working at home and in the Sewing Room. We sent out 50 Cheer Bears to new homes this month, and we are still embroidering faces, sewing bodies, stuffing them with love and filling the shelves for the next set to march out to new families. Nothing has really stopped us this year. We are sure happy to find that our minds are still intact as we feel spring in the air and vaccinations in our arms. Life is good and spirits are up. We are looking forward in joy with caution and excitement. Summer is just around the corner. Reaching out to hug you all.

We are still meeting to put all our love in the little bears we create and children love. Sign in and come join us to complete our task.

Can you snip fabric into tiny pieces? Our little furry friends need an extra touch of kindness while waiting for adoption at the Humane Society, so we create soft, comfy beds from fabric sewing scraps. We invite you to join us for a laid-back afternoon. We could use some larger pieces of fabric for the pillow themselves. If you are interested, use the Sewing Room SignUpGenius calendar or call Jan.

Please keep shopping with Amazon and Fry's so we can get our reward monies. Thank you to Vistoso Tennis Club for your much needed donation.

If by any chance you are clearing out cloth or yarn from your stashes, Seniors for Kids could use some for the work we do. Thank you again to the entire community for all you do. Looking forward to seeing your smiles again.

Silversmith and Lapidary

Pres. Steve Adams 520-268-8216 adams.se938@gmail.com
Shop hours: Mon.-Thu., 9 AM-Noon
Monthly member meetings and training classes postponed until further notice

This month features member Ed Lindahl. As inspiration, Ed saw a high-quality silver belt buckle at a tribal arts fair, at UArizona twelve years ago. After a training class taught by established club members, Ed decided to replicate the buckle.

Ed Lindahl's silver belt buckle.

He used the overlay method of two pieces of 16-gauge sterling silver, depicting an elk antler and elk tracks. The top layer was cut out using a jeweler's saw. The two remaining pieces were soldered together and polished. A "soccer goal post" and hook, made of silver wire, were soldered onto the reverse side to catch and secure the belt. The relief antler and tracks were roughed up and treated with acid to oxidize them and create the contrast. Ed nailed it.

Members: Shop hours have reopened mornings and some afternoons as monitors are vaccinated. COVID precautions remain in place. Wear a mask and limit numbers.

Astronomy

Pres. Allan Mashburn 435-219-0042 scovastronomy@gmail.com
Oct.-May, Third Thu., 7 PM, Activity Center/Navajo
www.scovastronomy.com

Although the Astronomy Club will remain closed through the end of our season at the end of May, we are anxiously awaiting the return to normality when we resume fully in October. With more and more of us getting vaccinated, the future is looking very hopeful.

The biggest news in space this past month was the successful landing of the Perseverance rover on Mars. Perseverance is the most sophisticated rover ever and is equipped with its own helicopter that will make history's first-ever helicopter flight on another planet. This is no small feat given that the atmosphere on Mars is only 1% as dense as ours on Earth, and the fact that Mars is over 127 million miles from Earth, requiring the helicopter to fly autonomously.

Greetings, SCOV ladies. We are starting the second half of our study in the exciting book of Daniel. We are reviewing the first half for those who may be new to Precept Bible Studies. This is a non-denominational Bible study written by well-known biblical author, Kay Arthur, that covers both Old and New Testament Scriptures. The study is open to all believers, those new to faith and looking for answers and to women who have studied the Bible for many years; all are welcome.

For the remaining spring months, our meeting is relocated to the Activity Center/Hopi. SCOV rules require masks the whole time in the building, and upon entering, the use of hand sanitizer. Our study is conducted in a room with socially distanced tables and chairs. Please come join us.

The selections, from an anthology published by the Great Books Foundation (available at the SCOV Library), are short to moderate in length, enabling focused, in-depth conversations. Our April selections are both fiction, by 20th Century writers Frank O'Connor and Nadine Gordimer. Meetings are currently via Zoom. When we start our next club year in October, we look forward to gathering in person.

Perhaps we can discover how he managed to reach 101 by reading this excerpt from the late Lawrence Ferlinghetti's poem "I Am Waiting." Think about what you might be waiting for and how you can help it happen.

"...I am waiting for my number to be called / and I am waiting / for the Salvation Army to take over / and I am waiting / for the meek to be blessed / and inherit the earth / without taxes / and I am waiting / for forests and animals / to reclaim the earth as theirs and I am waiting / for a way to be devised / to destroy all nationalisms / without killing anybody / and I am waiting / for linnets and planets to fall like rain / and I am waiting for lovers and weepers / to lie down together again / in a new rebirth of wonder..."

Cultural & Social

Democratic Club

Richard Kopp 520-342-6633 richardkopp@mac.com
Second Sat., 1 PM, Activity Center/Navajo (meetings are suspended during the pandemic)

How can we talk with people we don't agree with? This question may seem silly in these times of polarized politics. But at our Saturday, April 10, 1 PM, Zoom meeting, our guest speaker Richard Gilman will help us consider "Ten Principles to Unite America." Not, he says, that we all should be of one mind. But we should have open minds.

Mr. Gilman is a thoughtful observer, starting his newspaper career here with the *Arizona Daily Star* and moving on to *The New York Times* and *Boston Globe*. Retired back to Tucson now, he's spent the last three years listening, learning, linking together the experiences and ideas of people in four states across the country. And on April 10, he will take us through four uncommon steps toward finding common purposes for our state and nation. Even with people we don't agree with.

The Pandemic continues to constrain our activities for the rest of this year. However, we are hopeful we can resume club dinners in the fall. As our name implies, our members usually prepare meals that follow an agreed-upon theme and share our dishes in the home of a host. A couple times a year, the club as a whole gathers for a catered dinner. Anyone interested in joining the club should email Debbie dlkotlarek@gmail.com to get on our email list. In the meantime, a number of club members have been preparing dishes and sharing recipes. February's theme was "When life gives you lemons, make..." Hazel.

This month's featured dog is Hazel, a 12-year-old cattle dog owned by Paul Jensen. As a puppy, she chased a rabbit into a culvert and got stuck in the pipe. Paul had to pull her out

by her tail. She never did that again. About a year ago, she alerted Paul and Kim West to a rattlesnake in the backyard and was wise enough to stay well away from it. She enjoys chasing the ball and greeting other dogs on her daily walks. Hazel has a gentle, loving spirit, and Paul and Kim are blessed to have her in their life.

Members welcome three new board members: VP, Allan Keller; Sec., Franci Buenger and Co-treas., Peggy Perkins. They begin in May. We also added a new entry code, and the small dog expansion has started. We hope to have it completed next month with a ribbon cutting ceremony.

sometimes not too palatable fruit. Transplanting is usually necessary since cacti seldom occur naturally in desired landscape locations. Although they can be transplanted year-round in southern Arizona's lower elevations, quicker reestablishment can be expected from March through October. Exercise

Aqua Tone

Marcia Polley 520-818-9073

Irmel Wheeler 520-334-0957 (cell) irmel5596@gmail.com

Tue., Thu., Sat., 8 AM, AFC/Pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements performed in the water. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

We meet Tuesday, Thursday and Saturday, 9 AM in the winter, 8 AM in the summer, at the AFC pool. There is no fee to join the club or the class. The teachers are club member volunteers. Being able to do a basic swim stroke is very helpful. Items used in the class are buoys, boards, noodles, balls and a fitness band (you'll need to bring your own). A band can be purchased from Marcia for \$5. We assign an experienced member to a newcomer to help with learning the various movements. You will get a good workout in a fun class.

Arthritis Water

Pres. Sherry Olivier sherryoliver55@gmail.com

Sec. Joy Sawyer joymaesawyer@comcast.net

Mon., Wed., Fri., 1 PM, Oct.-Apr.; 10 AM, May-Sep., AFC/Pool

Have COVID restrictions decreased your movement and mobility? Our club is getting back into the swing of things and performs 45-minute gentle water exercises designed by the Arthritis Foundation to help with balance and range of motion. These are great for those of us with arthritis, fibromyalgia, replaced joints, etc.

Although the showers are still closed at the time of this article's submission, we are thankful that the pool has remained open, and the restroom facilities are open again.

Please note: The outside air temperature must be 77 degrees or higher for the class to be held. Masks are not worn in the pool, but are necessary when waiting in line for entry. Social distancing is always practiced.

Energetic Exercise

Donna Clark 970-946-1048

Mon., Wed., Fri., 8-9 AM, Auditorium

You'll love the way you feel after a good, healthy workout with the friendly folks who gather for Energetic Exercise. Professional instructor, Sally Martinez, has been leading these classes for over 25 years. She is much-loved and respected for the fun and helpful variety of ways she gets us seniors moving. A combination of aerobic/cardio, weight workouts and stretch moves gives us greater strength, endurance, balance and flexibility—all qualities we need to do all the other activities we enjoy.

Following the COVID directives now in effect, only 30 are allowed to attend. We are now using SignUpGenius for class registration. Each month members will receive an email with a link to sign up for classes. No late arrivals. We start promptly at 8 AM. Masks worn at all times. Bring exercise equipment for the day and a bottle of water in a small bag please.

Unfortunately, we can't have new members or guests at this time. Resident members only.

Unused tickets may be used. New 12-punch cards will be for sale after each class for \$30 paid by check or cash (exact amount).

Fitness Swim

Contact: Dave Goodman goodman@sfsu.ca

Tue., Thu., Sat., 6:45-8 AM, AFC pool (suspended until further notice)

The Fitness Swim Club provides a vehicle for swimmers to participate in a group swim workout. We generally go 2,400 to 3,000 yards per workout, mostly freestyle. Some do more, a few do less.

Workouts are suitable for master swimmers, triathletes and those who would just like to participate in swim workouts. Please ensure you have medical clearance to participate in vigorous physical activity prior to joining. We welcome new members.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

To get the full benefits of Pilates a person should understand the basic principles. This may take a little time and patience as the exercises you perform may be different from others you are familiar with, but they are fun, interesting and challenging. Pilates can even become addictive. It teaches us proper balance, breathing, how to focus on your core (your abdomen and back muscles) and movement control. The constant movement from one exercise to another results in your developing more strength and stamina. Even posture is improved. The spine lengthens and joint flexibility and mobility increase. SCOV has two experienced instructors who teach mat Pilates classes, and they modify many of the moves for us, if necessary. The cost is only \$8/class and annual club dues are \$20 pp. Please stop by and watch a class. Call Mary.

Hopefully, you have received your first or second vaccine shot and are ready to start your life again.

The Scrabble Club has suffered along with the rest of our community and seems to have survived for the time being. We hope that old members will return and new members will come for a visit and possibly decide to keep coming.

If there are concerns about safety, please know that there are masks, sanitizer, your temperature will be taken, and rubber gloves provided before entering the Scrabble area. Spring is the time of year we see the colorful Bullock's Orioles hanging around SCOV. Similar in looks to the Hooded Oriole (also in SCOV) it is a summertime visitor to the western U.S.A. as far north as the Canadian border. While it

also eats caterpillars and insects, it loves nectar and fruit and will sometimes go for the hummingbird feeders. The male (shown) is the more colorful, the female being mostly light yellow in color.

We are an activity-oriented group, and all SCOV residents are invited to join us and learn more about the birds in Arizona. Below is a list of upcoming bird outings. If you are interested in going on any of these field trips, be sure to contact the trip coordinator at least three days in advance for further details. Times listed are departure times from the back of the Welcome Center.

Hello fun. Welcome men and women. No experience necessary. Bring your own equipment. Easy to learn and the more you play, the better you get. Did you know seniors 70 and older pitch from a shorter distance with less effort and more accuracy? The shorter distance also makes the game more fun for women. YouTube has several videos of everything related to horseshoes. Check it out.

Good exercise, good people and friendly competition.

Pickleball

Pres. Tony Masterjohn tmasterjohn15@gmail.com
VP Training Doug Brown wizisland@comcast.net
Sun.-Sat., 8 AM-9 PM www.scovpb.org

This past October, the SCOV Pickleball Club introduced a new format to its members, the ladder. This new format is designed to create competitive games with players of like skills. To date, we have had 83 members participate. Here is how the ladder works: Each court will have 4-5 players.

Members playing Ladder on all five courts.

Players will play one game with everyone. Scores will be recorded on a score sheet and totaled once a set of games is completed. The low score person will move down to the next court and the high score person will move up one court. New court assignments will play another set of games. Ladder play is Sunday mornings. Members who would like to play for the upcoming week should send an email to Bill Brown at bdbrownbaseball@gmail.com by Noon Saturday. Play is not required every week.

April is always a great month in Oro Valley, with early sunrises and warm spring days. We will be moving back to an earlier (7 AM) start time for club play beginning May 1 to avoid the heat. Many of our seasonal residents will be packing up and heading north in the near future, and we want to wish them safe travels and a great summer. If you're interested in checking out the game of Pop Tennis, stop over on Tuesday, Thursday or Saturday between 8:30-10:30 AM to give it a try.

President Brian Goff presents outgoing VP Barb Satterly with a plaque and trophy for bringing Pop Tennis to SCOV.

Most of these players play Recreational and Competitive. The club has 25 members at this moment. We have great camaraderie with lots of fun and laughs.

Wallyball is volleyball played in the AFC Racquetball Court. This is a game where you can use the side walls during volleys. When the Wallyball Court reopens, stop by on

one of our scheduled playing days and see if this is a game you might enjoy. Sometimes we have pickup and evening games. We can also give lessons. Hopefully sometime in the near future we can start playing again. Contact one of our officers for more information.

Paco's got it!

Good news for our Water Volleyball Club is that we were allowed to add four more players to our games each play day. That doesn't sound like much, but it is to us. We thank Administration for allowing us to move forward. Spring is around the corner. We hope this will bring a new

beginning where we can once again enjoy full participation in all our activities. Too soon our seasonal residents will be leaving us for cooler climates. We wish them well and a safe summer. Ours is a game that can give you a good workout, enhance agility and provide a lively atmosphere no matter your ability. Contact us and give it a try. We'll fit you into the next weekly schedule.
