From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online. Board meetings are open to residents.

Board of Directors - Tod Milton Director

theodore.r.milton@gmail.com

One of the true and real strengths of the Sun City community is the many and diverse committees that work throughout the year to ensure that our community thrives. All of these committees are comprised of motivated and experienced residents. Their sole aim and purpose is to make certain that Sun City continues to thrive and prosper now and into the future. At present, there are 24 different active and ad hoc committees that are working to address a whole series of initiatives focused on making and keeping Sun City a great place to live.

To address each and every committee would far exceed the narrow confines of this effort, so I will narrow the focus to one, the Properties Committee. The Properties Committee is made up of nine to twelve resident volunteers with extensive engineering background and decades of experience. Twice a year, this team inspects every building, facility and amenity of our community. This is not simply a high-level pass through, but an in-depth down-on-their-knees inspection. The team heads out in the fall, compiles a list of items for review and repair and submits that report to the Board of Directors and to the SCOV General Manager. In addition, they work very closely with the SCOV Facility Manager to coordinate projects and work plans. This committee and team have no agenda other than ensuring our facilities are in good working order and projects are accomplished in a fiscally responsible manner.

This committee, along with the Long-Range Planning Committee, Architectural Review Committee, Finance and Budget Committee, Aquatics & Fitness Center Advisory Committee, Golf Advisory Committee and all of the others have the expertise, knowledge and desire to keep SCOV moving forward in a responsible way. They steer our growth and manage the changes so necessary in keeping SCOV the best place to live now and in the future.

The Board and all of our residents thank the volunteers comprising our committees for their work, and we support them fully.

General Manager - Sandy Seddon

sseddon@suncityorovalley.com 520-917-8080

We are currently focusing on several deferred maintenance projects that have been on our radar for some time. These efforts are crucial for maintaining the overall integrity and safety of our facilities. By addressing these outstanding issues, we aim to enhance operational efficiency, extend the lifespan of our assets and improve the experiences of all who use our buildings and spaces.

Our approach prioritizes the most critical needs while also planning for future maintenance to prevent backlogs. This includes everything from routine checks to more significant repairs that may have been postponed due to budgetary constraints. We are committed to ensuring that our environment remains safe and welcoming, and we appreciate everyone's patience and understanding as we navigate these projects.

The priority currently is the tile and foam roofs at the Activity Center, Restaurant and Welcome Center. We also found a contractor to address holes number three and four on our mini golf. We expect that work to be completed by the end of the year.

I would like to thank the Properties Committee for their semi-annual inspection of the facilities. They provided management with an extremely comprehensive report, and we are actively working through items that were brought to our attention.

Regular updates will be provided to keep everyone informed about our progress and any potential impacts on daily operations. Thank you for your patience.

As temperatures drop, people eagerly pull out their winter wardrobe—heavy coats, knitted scarves and fluffy gloves—preparing for the chilly weather. Winter is also a time for festivities. Holiday decorations adorn homes and streets, and the scent of winter treats, like cinnamon and hot chocolate, fills the air. It is the season of celebration, with gatherings and traditions that bring loved ones together.

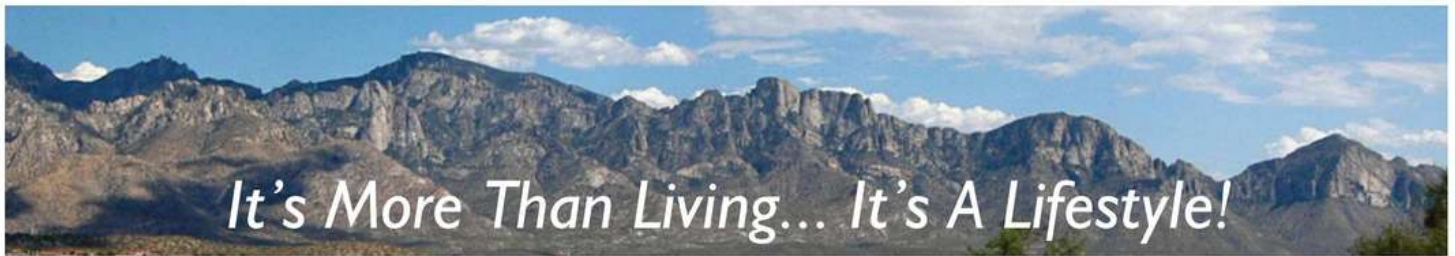

Wishing you a joyful holiday season filled with warmth and cheer. Happy holidays from the entire SCOV team.

Holidays in The Desert

by Carla Green

Photo By James Cutfield

Tucson and the surrounding area transforms into a festive wonderland during the holiday season, offering a blend of cultural traditions, amazing light displays, and breathtaking desert landscapes. The region's unique blend of Native American, Mexican, and Western influences creates a distinctive holiday atmosphere that is as warm and inviting as the winter sun.

Cactus By Susan Hester

Many local restaurants and bakeries embrace the season by offering unique takes on holiday classics. Don't miss out on biscochitos, a traditional anise-flavored cookie popular in the Southwest. Pair them with a cup of coffee or tea for an authentic taste of the region. Tamales are a must-try holiday treat, often made by families and shared as gifts. Pozole is a festive dish usually enjoyed throughout the holiday season.

One of the highlights of the holiday season is the Winterhaven Festival of Lights in Tucson. For more than 70 years, this beloved tradition has brought together locals and visitors to stroll through a neighborhood transformed by dazzling light displays. Horse-drawn carriage rides, live holiday music, and festive food vendors add to the magic, creating an experience that embodies the spirit of community. Nothing beats taking a carriage ride with hot chocolate on a cold desert night with Christmas carols in the background. Another rich annual Tucson holiday tradition is

Backyard Snowman by Debbie Kotlarek

The Nutcracker performed by Ballet Tucson in partnership with the Tucson Symphony Orchestra. It's a delightful performance to experience. ZooLights at Reid Park Zoo is a wonderful tradition the whole family can enjoy all through December. This year they will feature a gingerbread house and 35-foot luminated tree perfect for family photos. Not far from Sun City is the 13th Annual Oro Valley Festival of the Arts & Holiday Tree Lighting Celebration, December 6th and 7th. Tohono Chul's Holiday Nights provides a holiday sing along, telescopes for stargazing and other forms of entertainment on the weekends through December. The Tucson Botanical Gardens host, "The Festival of Illumination" over 1 million LED lights illuminate the trees and custom-built structures Tuesday through Sunday.

Traditional Mexican hot chocolate (Champurrado) provides the perfect way to warm up on chilly desert evenings.

The holidays are a time of joy, reflection, and celebration, blending the warmth of community with the enchantment of desert landscapes. Whether you're exploring cultural traditions, marveling at dazzling light displays, or savoring delicious regional cuisine, this unique corner of the Southwest offers a holiday experience unlike any other. Embrace the magic of the season and discover why Southern Arizona is a fantastic place to celebrate the holidays.

Update: SCOV Transitioning to Northstar Software

The transition to Northstar (NS) software is progressing. As of November 1, SCOV's staff has been using the new system for member management, conveyance, covenant compliance, rentals, home submittals and work orders. This shift requires rethinking established processes, which has been challenging, but staff remain committed to delivering excellent service while adapting to the software's capabilities.

After a month of practice, the team will now start using the software for reporting and refining processes. In January, SCOV will transition to email communication within Northstar, coinciding with the launch of a new website and member portal. This site will feature a calendar, room and court reservations, ticket purchases and event announcements. Preparations for 2025 events reveal 6,830 items requiring 15,514 hours of room reservations. I know many are eager to learn more about the calendar and room reservations. Over the coming months, we'll share additional details as we adapt this process to the new software-stay tuned.

Resident testing of the new website began in November and continues through January. All current site functions will carry over, though the transition will require learning new workflows. Classes, videos and support will ease this shift. The member portal will allow residents to view property details, update profiles, manage community directory visibility, view balances, purchase tickets and make reservations. These functions will also be available through an app.

This transition is both challenging and exciting. Thank you for your patience and support

Exercise Early

Exercising early in the morning is one of the best ways to stay active during the holidays, as it can be too easy to get caught up in the hustle and bustle and forget to make time for fitness. Waking up just a few minutes earlier than usual can help you get those endorphins flowing and give you an extra burst of energy to get through the day's festivities.

Not only that but getting your exercise finished first means you don't have to worry about squeezing it in later when other commitments start taking priority. Since fewer people are likely to be out this early, you'll avoid the crowds and stress.

Whether going for a jog outdoors or doing an at-home workout routine, exercising early in the morning during the holidays is sure to help keep you energized and strong.

Special Note from the AFC:

Orientation on using the gym equipment is held Thursdays, 1 pm. Stop in and sign up. Classes are limited.

Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, December 10, the AFC pool and spa will be closed for cleaning and shock treatment; it will reopen the following morning at the regular time.

Tuesday, December 24, the AFC spa will be closed for cleaning; it will reopen at 1 pm.

Featured artists for December are Ellen Jordano and Elaine Woods.

Ellen is from Minnesota. The minute she retired she decided she was not going to stay in the land of ice and snow during the winter months. "My husband and I visited

some friends of ours here in Sun City; we rented a home for the next winter and then we bought a house. I went to an introductory class in fused glass and decided it was for me. I make functional projects: bowls, appetizer/dessert plates, serving trays, spoon rests and much more. I enjoy using what I make. It is a very relaxing hobby, and I've made some wonderful friends."

Elaine is a mixed-media artist working with watercolor, gourds and sterling silver. She often inserts Mata Ortiz pottery shards into her silver jewelry projects. She also offers handmade cards and prints created with watercolors.

Do you want your club header in the *Tipster* to reflect current and correct information?

Any SCOV club with bylaws is required by the HOA to have a contact person or club officers; President/Chair, Vice President/Vice Chair, Secretary or Treasurer.

Within 30 days of the beginning of the club's fiscal year, the club leader must submit the names and contact information for the new leader/officers and a membership roster to Lifestyle Coordinator, Brenda Puzzele-Stoltz. This information is also required if officers or members change during the year. Forms are available from Brenda.

Brenda will pass the information on to the Communications Coordinator, Carla Green, to revise the club header in the *Tipster*. Also, include the new header information in sections 8 and 9 of your *Tipster* submission.

If you do not submit by the monthly deadline of the eighth, we cannot guarantee the club header will be correct in the *Tipster*.

On New Year's Eve, the Pro Shop closes at 2 pm and will be open normal hours on New Year's Day.

Director of Golf Maintenance - Michael Kropf

mkropf@suncityorovalley.com 520-917-8063

December is historically the time of year when the temperatures get cold enough to start having frost. Just a reminder on what frost does to the grass and procedures to follow when a delay occurs: The cold weather lowers the soil temperatures and causes the bermudagrass to go dormant and turn brown.

Walking or driving on frosted grass causes damage to green leaf tissue which eventually leads to the grass dying. When the non-overseeded areas go dormant and turn brown, they are no longer susceptible to frost damage, but the overseeded fairways and tees may be damaged. If the temperature is cold, but there is only spotty frost, golf carts could be restricted to the cart path for a determined amount of time. If the frost is more severe, the delay will reflect the earliest time the golf course can be prepared for golf and ready for play to start. This all depends on whether fairways and tees need to be mowed or pins need to be set up.

When the Bermuda grass goes dormant and turns brown, the contrast to the dark green overseeded areas is beautiful. This change of color also indicates the correct areas to use seed mix to repair divots. We only use the seed mix in areas that remain green, and either use sand only or do nothing to repair divots in brown areas. The difference in color on the tees will be more difficult to see because the non-overseeded tees are painted green so they will not be brown like the roughs.

Golf Advisory Committee

First Wed., Nov-May 2 pm WC3 and Zoom

We had our first meeting of the new season on November 6. We had reports from both Michael Kropf and Rick Price as well as representatives of the Men's and Ladies' Leagues.

Tana Wyrick gave an update on the Bunker Renovation Task Force and we should soon be getting bids from contractors to submit to the Board of Directors for approval. Work is tentatively scheduled to begin May 19 and be completed July 1. The course will remain open during the project with temporary greens in play on two holes at a time.

The committee decided to submit our recommendation to the board, to explore ways in which to offer a small discount on season golf passes to a second person living in the same residence subject to legal approval.

Our next scheduled meeting is Wednesday, December 4, 2 pm, WC3 and on Zoom.

Christians observe December 25 as the birth of Christ, but its roots actually go back to early Rome. By the Middle Ages, Europeans had become more accepting of observing Christmas day, but not necessarily as the Church had intended. It would take several centuries and much turmoil for Christmas to become the religious observance we know today. It was June 26, 1870 that Christmas was declared an official federal holiday in America.

Hanukkah is a Jewish festival commemorating the recovery of Jerusalem and rededication of the Second Temple at the beginning of the 2nd Century, BCE. Hanukkah is also known as the Festival of Lights. It's celebrated by an eight-night display of flames atop candles held in a candelabrum called a menorah.

No matter how or why each of us choose to celebrate the holiday, according to journalist Eric Sevareid, "it is important that we do so at least one day of the year so it reminds us that we're here for something besides ourselves." Happy Holidays from the Board of the Sun City Vistoso Community Foundation.

With seasonal residents returning eager for new classes, the Clay Studio is in full swing. Recently, Jeryl Cundiff instructed both new and advanced members on how to form hollow spheres. Spheres can be utilized for several projects. Simply by slicing open the sphere, a jar can then be made by smoothing out the interior. Unlimited possibilities exist for decorating the outside of the jar.

Another use that is popular is to make whimsical birds by attaching appendages to the sphere in creative ways. Birds made in this way have interesting personalities and can be glazed to the limits of the imagination.

Seniors for Kids would like to invite all SCOV residents to come Thursday, December 5, 9 am, WC3 to view the many things that have been created and collected to distribute to the children we serve. At 9:30 am, all the items will be boxed and start their journey to the children.

December is the month that Seniors for Kids empties all their shelves and sends toys and warm things that make needy children smile. We need to end it with a thank you to all the support we received from the SCOV community, the volunteers that keep Seniors For Kids designing and producing the many items, the cash and material donations that are given by members of the community, and to the Administration who helps with our fundraisers. Kuddles for Kids was a great success as always. Thank you to everyone for loving children enough to share in putting smiles on their faces.

If helping children in need would get your creative juices flowing, stop by the artisan rooms and see where your skills might help Seniors for Kids.

Sewing

Thimblelenas

Membership: Kathy Foster 208-660-3936
Room and Pfaff training: Carol Myers 715-754-2824 and Mary Jo Miller 701-641-3141
Monitor training: Georgine Smith 574-329-0330
Pres. Sue Karstad 503-531-0622

The sewing groups under Thimblelenas depend on donated materials for many of the items made every year for local charities. We are always in need of used bed sheets (never used as cactus covers). These are cut up and sewn into crib sheets. Also needed are t-shirt backs or fronts too, if they are blank. These are made into newborn infants hats. Any donated items can be dropped off at the sewing room. Club members can reserve a spot to work on personal projects, during open sewing sessions, by using the SignUp.com app. Once you have received the appropriate training you will have access to all our wonderful equipment. We invite you to stop by during any of the scheduled club sessions to learn more about what Thimblelenas has to offer.

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com
Wed., 1-3 pm, Artisan Center/Sewing

As December and the Holidays land on our plate, we need to look back over our year and realize how thankful we are for the help we can provide for the community. In doing so, we are giving joy to the children and hospice patients who receive the Cheer Bears. LIVING IS GIVING and GIVING IS LIVING.

We are sending our bears to their new homes this month with the toy distributions in full swing. Many children need extra comfort in these trying times. We need to add new

bears to be sent out in the year to come. Please come and join our cheery group.

If in sorting and cleaning out, you find some polyester fiberfill, we are in need of it to plump up the tummies of the bears. Donations are always accepted.

We hope everyone who attended the SCOV Arts and Crafts Fair in November was able to stop by our booth and peruse all the items Casa Amigas had for sale. We sold several of the items that we make for our community agencies. Our sewing group consists of talented members who sew all kinds of creative items to sell to fund fabric purchase for our continued effort to supply sewn items for children and adults at risk. We thank you for your support in addition to donations of used sheets, blankets and comforters.

Tue., 9-11 am, Artisan Center/Sewing
www.scovhookers.weebly.com

The Tapestry Hooking and Fiber Arts group meets Tuesday mornings in the Sewing Room. If you are interested in our group, stop by. The group provides materials and instruction for those interested in learning hooking.

Carrie Wiley has just started a new project. She is in the picture hooking with her traveling frame and stand. Typically, Carrie would only bring a frame to our group, but her new project is so large she needed to hook on the frame with the stand. Her new project is on the right in the picture. The actual size will be approximately 4' x 5'. Carrie has titled this project "Coming Home" reminiscent of her and her husband, Eric's days of sailing. Carrie is dying the wool that she will be using in the hooking to get the colors that she desires. She will be using a combination of different sizes of cut wool strips for hooking the project.

Member meeting, Mon., Dec., 2, 2 pm, AC/Silversmith Studio

Feature artist Patty Ullmann has been working on creating copper pieces of jewelry using the rolling mill to create patterns in the copper. She is now trying air chasing copper. These pieces need to be frequently annealed to a high temperature to remove internal stresses, making the copper easier to bend, shape and chase designs into the copper. Patti also works with clay, creating very unique and original pieces of art. She loves watching YouTube to

see how these techniques are created and looks for inspiration on Etsy.

Poets Corner

Sharyn Rafieyan 520-825-6762 srafieyan@comcast.net

Mon., 10 am-Noon, call for location or invitation to Zoom

In "The Painting" by Poets Corner member John Padgett, the writer addresses a piece of artwork that doesn't meet his expectations, a lamentation that easily arouses sympathy and understanding. The poem also opens doors to a wider and deeper interpretation about one's personal life or even the health of the world and our planet. The ending of another year may be the right time for such assessments, but let's not forget to celebrate as well.

"Oh, damned ugly
painting!
what depredation has
my hand wrought?

Don't I have anything
better to do
than soil printing paper
or canvas
with muddy color and
misplaced marks?

Does any of this
get better
or is it just another
terminal patient
sliding into the void
no matter
what ministrations
are applied?"

Send a poem you've written to our group of welcoming poets, read it at our weekly zoom meeting and receive helpful feedback.

Conscious Aging

Pres. Phyllis Burks 520-245-2785
SCOVConsciousAging@gmail.com
Wed., 9-10:30 am, AC/Navajo

Conscious aging is about the inner work of reorienting ourselves as we turn from our roles we assumed while managing careers and tending families, to turning inward and cultivating a deeper awareness of who we are now. Our goal is to discover how to face the known and unknown challenges of aging. With the help of our community, we are pondering the questions: Who am I? What are my values? What do I believe? What matters most to me? This inner work is supported by mindful movement such as qigong, guided meditation and book study, which draws from psychology, sociology, metaphysics, philosophy and meditation. Conscious aging is about accepting who we are now. Our meetings consist of a short period of easy mindful movement, followed by guided meditation and discussion. Please contact Phyllis for information, or email the club.

NJ/PA Club

Jeannie Antonucci, antonucci10s@gmail.com

Compared to other regions of the country, those of us here in SCOV from New Jersey and Pennsylvania are in the minority, but we bring with us many good memories. While we are very happy to have retired here, it is always good to share memories from the Jersey shore, the Poconos and the many other great places we considered haunts back in our younger days. Our club now has 50 members and is growing, so if you have a connection with either of these states, come and join us. We will have our next potluck Friday, January 17, and are looking forward to happy hours in the spring when the weather warms.

Fall and Winter Hours - Mon., Wed., Fri., 1 pm AFC/Pool

We meet when the air temperature is 77 degrees or warmer, as recommended by the Arthritis Foundation. Our club performs gentle water exercises which target all muscles and are used by several health organizations to increase strength and balance, and to increase mobility and flexibility. Water exercise is especially helpful to manage arthritis, fibromyalgia, replaced joints, etc. Some new members have expressed surprise at how quickly the first couple of sessions already increased their abilities to move. Others comment on improved stamina. New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear, "I came for the exercises and love all the friends I have made." Yearly dues, \$5.00. Your first class is free. There is no fee per class.

Membership in the Energetic Exercise club costs only \$3/year. Members purchase a 12-class punch card for \$30. Newcomers

Mon., 3 pm, Thu., 1:30 pm, AFC Studio 1/2

The SCOV Pilates Club offers group mat classes Mondays 3-4 pm and Thursdays 1:30-2:30 pm. Each person is striving to increase their core strength. The core muscles are deep abdominal and back muscles that help you stabilize your pelvis and spine. Each class begins with warm-up exercises. The actual Pilates exercises result in benefits that can't be beat: better balance (fewer falls), more flexibility (joints move again), increased muscle tone (you're stronger) and more energy and well being. The instructors always oversee us and suggest modifications for the most strenuous exercises for anyone with limitations. The cost is \$8 cash per class and annual club dues each January are \$20 pp. Call Mary with questions.

The winter tai chi session begins January 2. The course consists of 10 classes held weekly on Thursday mornings. It is led by Sensei Donna Drazenovich, 2nd degree black belt in karate, and Assistant Instructor Kyt-Tee Kohout. Each 90-minute class begins with 30 minutes of Qigong followed by 60 minutes of Tai Chi instruction. Instruction for beginners is given separately from those students more experienced. You may observe the first class before committing to the full course.

Tai chi is a gentle, low impact mind-body exercise. It is both a martial art and meditation and is known for its health benefits. Many medical professionals recommend tai chi for improving balance as well as building muscle strength and reducing stress. Please check with your doctor if you have any medical concerns.

Practice sessions are offered year-round to support our club members. For more information, email SCOVTaiChi@gmail.com or contact Gail.

Each fall, the Willcox area awaits the arrival of thousands of Sandhill Cranes fleeing the northern cold and gleaning the cornfields of Cochise County. It is exciting to see them fly in daily from their breakfast and settle down, and it certainly is a noisy spectacle. As always, it makes for a very popular January field trip to Whitewater Draw.

We are a 125+ member, activity-oriented group, and all SCOV residents are invited to join us on our field trips to learn more about the birds in Arizona. Below is a list of upcoming outings. Some hikes are close to home; others take you to areas you might not have been to before. All hikes are rated according to distance and elevation gain. To join sign up for an orientation hike (a requirement) at www.scovhiking.org. You will receive information from a hike leader and go on an introductory hike. After your orientation hike, and joining the club for a nominal annual fee, you may sign up

for any of the hikes that interest you.

Hikes are usually posted by the 15th of each month posted on website, along with brief descriptions. Most hikes limit the number of hikers, so it is important to sign-up as early as you can to ensure a spot. Come hike with us.

Tucson Fire Station 1 crew with new portable pickleball net

We recently donated one of our extra portable nets to Tucson Fire Station 1. This makes three nets that we have given away to first responders. The firefighters have grown to love our game and have spread the joy to their friends and families.

December is a busy month with more residents playing. Our winter schedule will be released at the end of this month to accommodate the increase in players. Our new Board members will take office January 1. We want to sincerely thank our departing Board members, A.J. Leane and Michael Voellinger, for the great work they have done for our club.

Last month's skills clinics were successful and will continue in the new year. Thanks to Denise Hartman and her instructors for helping our members improve their game.
