Maintaining SCOV Assets

by Howard Schulz

As a homeowner, you may ask, what is the financial value of SCOV assets? It is the value of common area amenities, plus allocated funds. As of the third quarter of 2020, SCOV assets were valued at \$26.5M. To say in another way, each homeowner has \$10,600 of asset value associated with their lot. The Board and the General Manager are charged with safely and efficiently maintaining our SCOV assets. Funding and maintaining our assets is an ongoing activity.

Capital improvement projects over the past years have included the restaurant and kitchen, the golf greens and driving range, the fitness center, the facilities at Desert Oasis, Catalina Vista and others.

In addition, our asset reserve fund was established to accumulate financial resources to pay the major repairs and replacement costs for existing capital assets. This includes assets with a useful life of more than one year and a replacement cost of more than \$1,000. The asset reserve fund has accumulated more than \$5M, which is about 70% of identified needs over the next 30 years.

SCOV has many common amenities (assets) for residents to use and for prospective buyers to consider when purchasing a home in our community. Over the next two months, you will be provided information about a significant project: the Activity Center Renovation Project. I expect you have heard about it already.

The Activity Center Renovation Committee (ACRC) has diligently worked over the past two-plus years to investigate and receive feedback from the many users and clubs. They recently submitted a conceptual design recommendation which addresses a majority of the needs. The 34-year-old building is in need of improvements. Of all SCOV amenities, this building is used by the largest number of residents and clubs for numerous activities.

This project is expected to require a vote of the community. Take your homeowner responsibility seriously. Investigate, join the Zoom forums, get your comments heard and ask your questions to get answers. Be a knowledgeable voter. Get the

facts and make an informed decision for yourself and for the future of SCOV.

Qualities of Character and SCOV

As a former funeral director, I helped well over a thousand families during what is surely a stressful time in their lives. Many of those family's bonds were strengthened, and they came closer together during this time. A few other families separated and became more distant from each other.

What was the difference? It is hard to tell, but one thing those who grew closer together had in common was they seemed to be forgiving of each other and relied on each other for support. At times, stress brings out the best and the worst in some people.

COVID-19 has certainly been a stressful time. It has gone on far longer than most of us expected. We are all living through a time in history that will prove to show the best and worst of people. Here at Sun City Oro Valley, I am very proud of our community. Most of our residents have proven to be those who are forgiving and rely on one another for support. We have residents who reach out to their neighbors to make sure they are doing okay. They visit more over the fence or in driveways than before. You have been forgiving and understanding of others when they make unintentional mistakes. Most of our residents are showing the qualities of a cooperative and gracious community. These qualities are what are needed to build a happy Community Association that is tight-knit and caring. You are those who make us all proud. Thank you. Please continue and lead the way.

Growing Pains Bring Possibilities

by Jim Mitchell

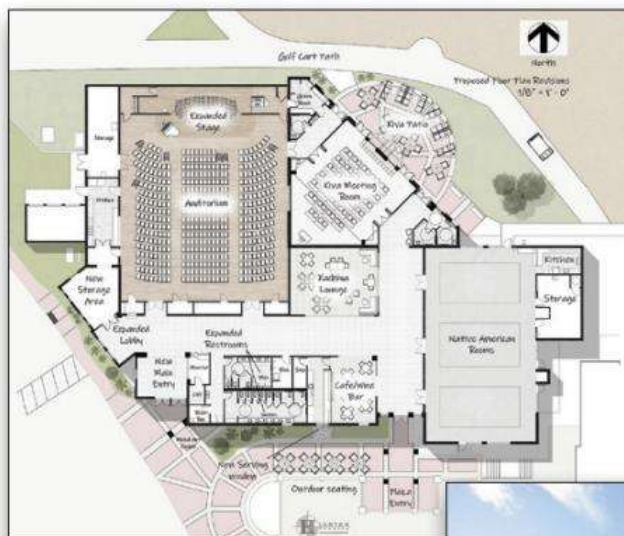

Imagine that you built your family's home in 1987, 34 years ago, and haven't done much updating since. Oh, you've repainted rooms, replaced some carpet and furniture and kept up with repairs. But you haven't really kept up with technological advances in heating, air conditioning, lighting and sound. Plus, over the years, your family has grown and needs for space have changed.

Now imagine your home is the SCOV Activity Center, which it actually is for us residents. Sure, we updated audio-visual equipment in the Auditorium in 2013. We bought new furniture and replaced restroom stalls years ago. And while our family hasn't grown in numbers, the number of clubs and residents using the facilities has grown considerably.

That's why the Board chartered the Activity Center Renovation Committee in March 2018 to "bring the Activity Center up to SCOV quality and standards that will best serve the current and future needs of its residents." The committee reviewed previous studies that called for updates, conducted resident surveys, visited similar active adult communities, and interviewed over 55 clubs, organizations and individuals who use the Center. From that they developed a list of priorities: 1) Create a warm, inviting entrance and environment throughout. 2) Improve sound isolation between Native American rooms. 3) Improve lighting, sound system and air circulation in the Auditorium. 4) Replace current chairs with padded ones. 5) Enclose the Kiva Patio to expand yearly use. 6) Create a gathering area such as a coffee/wine bar.

With these priorities, Highton Commercial Architects created concept drawings of a remodeled facility and renderings of the front entrance and Kiva Patio. You can view them in detail on our SCOV website or in the current Activity Center lobby. Highlights at the front include a new four-door entrance, larger lobby and expanded storage space.

While the Auditorium still seats 336 theater style, improved lighting, sound, hearing assistance and chairs will enhance your experience there. Flooring will be all wood to allow for more dance room. A curtain at the rear of the stage will allow pass-through behind. All stage curtains will be fireproof certified. An ADA-approved lift allows access to the stage.

Main lobby restrooms will have additional stalls, and two new restrooms will be added by the Kiva Patio. All will have high-rise toilets.

For social gathering, a new coffee/wine bar replaces the Dance Studio. Managed by The Views Restaurant staff, it will have indoor and outdoor seating overlooking the courtyard.

Main improvements to the Native American rooms will be better sound deadening and all-wood floors for multi-purpose uses. Studies showed that most sound between rooms disperses above the ceilings, where no barrier now exists.

To gain meeting space, about two-thirds of the Kiva Patio will be enclosed to hold

The new front entrance features a larger main entrance and lobby with higher ceiling and ambient light.

120 in traditional seating, 60 for classes with tables and 70 for banquets. With easy access to the Auditorium and

stage, it can also serve as an overflow room for large groups. The outdoor part of the patio will have canvas sails overhead that allow greater use year-round.

Although the project, if approved, will go out to two to three general contractors for bids, the ACRC did get an estimate based on conceptual drawings. That came in between \$4.4 and \$4.5 M. That's a big number, but the Activity Center is a complex project with 15,600 square feet of space, outdated HVAC and audio-visual systems and a lack of meeting and storage space.

The Finance-Budget Committee has shown that funds are available to afford the project without a special assessment.

Please go to www.suncityorovalley.com > Hot Topics > Vote 2021 to review the proposal and ask any questions. Then, please vote this March to approve a much-improved Activity Center, our 34-year-old home that needs updating to serve us all better.

Check the Website - Hot Topics

The Hot Topics web page will be mentioned many times this month, because it's where you can find information about what's "hot" in SCOV. And even though it's February, there are a lot of hot topics out there. Before we get too far into this conversation, sing Hot Topics using the "Hot Pockets" song from the commercial... "Hot Topics." Now, is this web page burned into your memory? Enough nonsense; Hot Topics can be found on the home page in the top navigational bar. From Hot Topics, there is the Vote 2021 webpage. It's steaming with information and videos about the vote initiatives from the Activity Center remodel, blazing info on the vote to change the Master Declaration on flags, signs and banners and red-hot information and videos about your Board candidates. It's where you should go to get the latest info. And sorry about the little ditty, but you're never going to forget the "Hot Topics" page.

What Is the Phone Number?

Many times I get calls asking for phone numbers for things outside of SCOV. Our SCOV community directory is a great reference. The directory is filled with many local phone numbers like emergency numbers, hospitals, agencies, Town of Oro Valley and much, much more. It even shows you how to sign up to receive emails from SCOV and the weekly "This Week In SCOV" report from the General Manager. I ask you all to take the time to really look at the first part of the book and see all the information that is provided to you. A lot of work goes into producing this book to give you all the information you need.

In-House and ARC Submittals

During this period of transition to digital submittals, we appreciate your support and willingness to learn new processes. The Architectural Review Committee (ARC) has been extremely busy in the last nine months. Many residents have had the time and resources to upgrade their properties; and this is a good thing. However, it has been a challenge in many ways, because some homeowners fail to provide the information that is needed for the ARC to make decisions on the submittals.

As you begin the submittal process on our website, please take the time and effort to read all the directions that accompany a submittal. It is a two-step process. The first request you make on our website is for a plot plan and a submittal form. In answer, you will be sent a plot plan and link to the correct submittal form to fill out. The second step will be to open the plot plan attachment and mark the location of your project on the plot plan. Then open the next attachment and click on the link to fill out the submittal form. Please remember to fill out this form in its entirety and include any attachments that will make the project clear to the committee. This includes attaching the plot plan with your markings.

In case you do not have a scanner, use your cell phone to take pictures of each supporting document. You can attach the picture to the form just like you would attach a picture to an email.

Important reminder: Add the following email to your contact list so that our emails to you will not end up in your junk mail: scoroval@ciramail.com.

Our ARC consists of selfless volunteers who have devoted numerous hours to reviewing your projects during this challenging time, so life in our community will continue to be improved despite the restrictions of COVID. Thanks for all your cooperation in making this happen.

I am grateful for the continuous service the Library has been able to provide to SCOV, despite the ongoing COVID restrictions. Since January 19, we have scaled back to curbside pickup only, Tuesday-Friday, 10 AM-Noon, but we will reopen for full service as soon as it is feasible. Throughout the disruptive months of the pandemic, thanks to our intrepid volunteers, we were able to operate five days a week from July through mid-January. Curbside service, first offered in June but continuing even now, is not likely to go away, as it has worked out nicely. In November, we hosted our first COVID-era author talk for a limited attendance audience.

Our two Great Reads events were held as usual in November and January. These popular book talks are held twice a year for Friends of the Library (FOL) members. December featured our annual Book and Media Sale, benefiting the Library.

In February, we will offer two exciting events, including our first Zoom author talk scheduled for Thursday, February 11, 10 AM and open to everyone. Look in Coming Events for link information. Also, a first for us will be a Great Views event presented by Garry Buck on Sunday, February 14. He will offer his movie recommendations, complete with trailers for all his picks, in this Zoom presentation. The link to this online event will be sent by email to all FOL members.

Circulation of our puzzle collection has soared since COVID. Thanks to many who have donated new puzzles, we

Mask in the Gym

Get a mask that you're comfortable working out in, but that you can't blow a birthday candle out in, and keep it on from when you walk in the door to when you walk out, even if it means doing cardio or lifting weights in a mask. Keep in mind that as masks get wet, they get less effective. If you plan to work up a sweat, it's a good idea to have a few masks available and change as they get too damp. Cleaning your hands before and after changing your mask is also important.

Special Note From the Aquatic and Fitness Center (AFC)

Board Candidates Answer Questions

See Election Committee article on page 9 for voting information. Information about Candidate Forums on February 8 can be found in Coming Events on page 12.

John Balaco

Why do you want to serve as a Board member, and what knowledge, skills and abilities do you have that will contribute to the Board's responsibilities?

I have the desire to serve on the Board to assist in:

- a. providing guidance to management that ensures the HOA's assets are managed in a fiscally responsible manner that ensures

best value to the homeowners,

- b. focusing long range plans that consider current home-

owners' desires and recognize trends that will be important to future active 55+ residents.

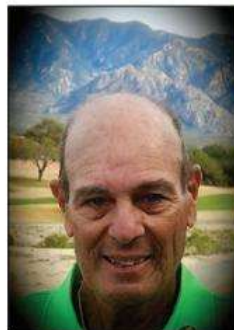

I have a BS degree in Biology and Chemistry, and an MBA with concentrations in Finance and Marketing. I worked from high school through grad school in my family's restaurant/bar. After grad school, I moved to Peoria, Illinois, where I met my wife Renee. For 10 years I worked in Finance at Caterpillar Inc. I left the corporate environment to start my own businesses. For the past 25 years I built, owned, and operated several theme food & beverage establishments in Peoria. Also, from 2005-2015, I served as Board Chairman of a midsize chemical processing company in Chicago. I am a licensed Florida Realtor, my wife and I actively trade real estate in Cape Coral, Florida where we have a residence. We have owned in Sun City since 2016, splitting our time between Florida and Arizona

I am a problem solver that understands the team concept. My strengths are my ability to understand complex financial situations, excellent people skills, and the skill to work with diverse positions to acceptable compromise.

What important goals and issues would you like to help the Board achieve?

- a. I would like to help provide Management guidance to the operations that allow assets to operate as HOA amenities with minimal financial assistance from homeowners.
- b. I am very interested in helping the Activity Center Renovation Committee finalize plans that can be completed within budget guidelines that are acceptable to the homeowners.
- c. I want to work on Long Range Plans for the community that maximize home values and enhance the quality of the Sun City lifestyle.
- d. Finally, I want to contribute to a Board personality that homeowners feel listens and responds.

Thank you for considering me and feel free to contact me at johnbalacoscov@gmail.com

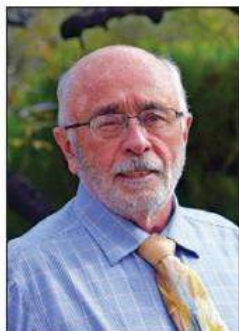

Mike LaBarbera

Why do you want to serve as a Board member, and what knowledge, skills and abilities do you have that will contribute to the Board's responsibilities?

I am an active, full time SCOV resident, having current membership in a myriad of clubs, holding leadership positions in the "Veterans Club SCOV" and "SCOV Bocce Club". I organized, established, chartered and chair the "Veterans Club SCOV", informing over 180 current members on available Federal, State and local VA benefits, volunteerism, patriotism, camaraderie, while recognizing and honoring Veterans in our community. I was Chair of the Flags & Signs Task Force and was asked to update the Master Declaration. I was part of a focus group with the Finance and Budget Committee. I organized and led the July 4th parade and recorded the SCOV Veterans Day video presentation. My past leadership experiences and varied successes during 20 years in the military and 15 years teaching high school JROTC, volunteering, organizational skills, self-motivation, forward thinking, ease in relating and communicating with others, provide me with the ability to effectively represent all residents of SCOV on our Board of Directors. I do not have an agenda as a Board of Director member. I strive for financial savings and safety. My recommendation to the General Manager to purchase, not lease, the water cost saving device for the golf course, saved SCOV over \$25K last year.

What important goals and issues would you like to help the Board achieve?

My wife Colleen and I bought our home in Sun City as our "forever home." My desire as a Board member is to prudently seek facility modernization, funding enhancements and improvements to maintain market value of our real estate holdings, while continuing to maintain our strong fiscal solvency/growth. I will continue to seek ways to reduce spending costs. I will be fiscally responsible when establishing annual dues/assessments, managing assets and future commitments, increase outside funding and improve the efficiency of our operations, helping to keep and maintain our community as one of the most desirable places to live in Arizona.

Allan Mashburn

Why do you want to serve as a Board member, and what knowledge, skills and abilities do you have that will contribute to the Board's responsibilities?

I am seeking a position on the Board of Directors for SCOV because I believe that everyone needs to give back to their community in some manner.

I have the ability and skills that are needed for a position on the Board including a Business Administration degree from Utah State University.

During the past forty years, I have had the opportunity to serve my local community and the State of Utah on various boards and committees.

I served on the Vernal City council for fourteen years and as mayor for four years. During that time, I served on a number of boards including: the Airport Board, Consolidated Dispatch, Administrative Committee and the local Association of Governments.

I also served the State of Utah on two boards. The first was the Utah Air Travel Board and the second was the Utah State Board of Oil, Gas and Mining. I had the opportunity to serve as chairman of the Board of Oil, Gas and Mining for two years.

My professional work history was in the oil and gas industry. I was a manager for thirty years with Baker Hughes Corporation. As such, I was responsible for numerous employees, budgeting, coordinating activities, forecasting sales and expenses and all other activities associated with running a portion of a large corporation.

Along with my wife, Kathy, we operated three successful small businesses and are still working with one of them. This provided opportunities, like all small business owners, to manage all financial, reporting and employee activities.

What important goals and issues would you like to help the Board achieve?

There are many things that make our community successful and desirable to live in.

There are two, however, that I consider essential. The first is people, those that serve on the many committees and task force groups. Without them and the dedication that they have, SCOV would stagnate. I would support them. The second is our long term financial health. We need to make sure that we continue to have monies available for short and long term improvements and additions as trends in retirement communities change over time.

Architectural Review

Kris Ahlstrand 510-693-5502 ARC@suncityorovalley.com

Zoom meetings Second and Fourth Tue., 2 PM

The Architectural Review Committee (ARC) has been extremely busy during the last nine months, and at the time of this writing has over 40 active applications. Thus, if residents expect speedy review and approval of their projects, it is incumbent on them to submit complete applications. One way to ensure a complete application and a project that meets the Development Standards for a Permanent Improvement is to have a pre-submittal meeting with ARC representatives. While this takes committee members' time, it will save time in the long run. We have also found that it could save you money by avoiding having a contractor work on a plan that would not be in compliance with the Development Standards.

Before you begin preparing your application on the SCOV website, please take the time to read all the directions, especially the specific items that must be included with your submittal. Homeowners often fail to provide the information that is needed for the ARC to make decisions on the submittals.

The ARC members devote many hours reviewing projects and then discussing them in Zoom meetings held every second and fourth Tuesday at 2 PM. We encourage anyone who is planning a project or just interested to join us online. The link to our meetings can be found on the SCOV website.

Community Directory

Chair Lisa Collins 812-344-4773 scov.community.directory@gmail.com

www.scovaz.com/members/services/directory

Did you know that the SCOV community directory is completely separate from the Administration's HOA database? Here are four ways the SCOV community directory is used.

1. Paper Phone Book: Includes names, addresses, phones, occupations and hometowns. Omits emails, units, and lots. Residents are listed by name, street and hometown. Updated annually.

2. Online Directory: Located in the nonpublic area of the SCOV website. Includes emails, units and lots, plus incre-

mental search. Updated monthly.

3. Posse: Gets an updated phone list each month. You can be unlisted in the directory but still provide your phone number for just the Posse.

4. Party planners: Can request contact information for all listed residents in their unit, state, etc.

New owners are unlisted by default. To be listed in the directory, the preferred method is to complete the online form "To change your directory listing...." Otherwise, you can fill out an orange card at the Welcome Center.

Consumer Referral - Vendor List

Susanna Moran scovconsumerservices@gmail.com

The Vendor List is on the SCOV website. After logging in, go to www.suncityorovalley.com/members/services/vendor_consumer-referral.

The Vendor List may also be viewed at the monitor's desk in the Activity Center during business hours. Please check the Vendor List, as changes are made frequently.

Vendors should email Susanna Moran to inquire about applying to be on the Vendor List.

Election

Ballots, Initiatives and Forums

On Tuesday, February 16, a ballot will be either emailed or USPS-mailed to homeowners. For emailed ballots, make sure you create a contact for Vote-Now using the email address (elections@vote-now.com) so that when the online ballot is sent, your email provider will recognize the sender and you will receive the email. If you do not receive the email, call the Administration Office 917-8082 for assistance. If you lose your email or want a paper ballot, the Administration Office can help with that as well.

You will be voting to fill two three-year positions for the Board of Directors. At the time this article was submitted, there are two initiatives on which you will be voting.

Biographical flyers are inserted into this *Tipster* for each candidate. This is a good tool to get to know the candidates a little better.

Board Candidate Forums will be Monday, February 8, 9 AM and 6 PM, Zoom - <https://us02web.zoom.us/j/83446454734>. These videos will be posted on the website, and those signed up for "This Week in SCOV" will receive an email with a link for easy access. Mark your calendar now.

Finance-Budget

Sharon Miller muggins48@comcast.net

Mon., Feb. 22, 1:30 PM via Zoom

The 2021-2022 SCOV Association's annual operating and capital acquisition budgeting process began in January with department managers developing forecasts for operations and capital expenditures. Staff budget proposals are then reviewed by the General Manager and Controller to develop the draft budget. The first draft will be presented at the Finance-Budget Committee's meeting Monday, February 22, 1:30 PM. Any additions or changes recommended during this meeting are used to develop a second draft, which will be presented and discussed at the committee's special budget meeting Monday, March 1, 1:30 PM. If a third draft is needed, it will be reviewed by the Committee on Monday, March 22, 1:30 PM. The Committee will then forward its budget recommendations to the Board. The proposed annual budget will be presented to the Board of Directors at its Thursday, April 8 study session. The budget, with any Board changes, will be placed on the Board's agenda for approval

during its April 27 meeting.

The committee charter, agendas and minutes are posted on the SCOV website. Use the drop-down menus: Members > Committees > Finance Budget Committee > More. For Financials, use Members > Financials. Please contact Sharon Miller, Committee Chair, for more information.

Pat Brown patbrown630@gmail.com

Lynne Davis lynnedavis100@gmail.com

Please consider renewing or joining Friends of the Library (FOL) in 2021 and making a donation. The Library collections and programs are self-supporting. Friends of the Library's fundraising is critical to keep them current and high quality. The collections and programs are financially supported in four ways: 1) The popular Home Tour, our major fundraising event, 2) FOL membership dues, 3) Book sales and video rentals, and 4) Donations. Due to the pandemic, the revenue from book sales and video rentals is down significantly, and the Home Tour was cancelled.

How can you financially support the Library? You can join FOL and make a donation. You can pay your dues and make a donation online or put a membership slip—available at the Library—in the book drop with your check made out to SCOV-FOL. Watch "This Week in SCOV" for a link to the online payment option.

Even though we're scrambling a bit for funds, we have had two Great Reads events already on Zoom.

Now, a brand new and exciting event is coming Sunday, February 14: Our first "Great Views." Garry Buck, our resident movie buff and guru, will be presenting reviews of 20 films with trailers and lots of information. All of the films he is reviewing are available for rental from our Library. This event is for FOL members only, and the link for the Zoom presentation will be emailed to all FOL members.

Thanks to all our generous residents. You make our Library one in a million.

Elaine started creating greeting cards for personal use, then began making cards to sell in our Gift Shop. She enjoys seeing people appreciate her work and hearing how their friends and family are happy to receive a handmade card. She also makes gift and wine bags that are holiday related.

Neighborhood Pride

Chair Tempe Johnson 520-825-6994
Third Tue., 2 PM, WC3

Did Our Winter Rains Arrive?

If winter rains came in the past few weeks, they are the main cause of all the unwanted growth in our yards: weeds and grass. Putting pre-emergent herbicide down in your yard will reduce the number of weeds later, and it is well worth the cost and time to do it. If you choose not to use pre-emergent, you need your yard maintained monthly during the summer growing season. Even with pre-emergent, yards need to be cared for at least every other month. If you leave our community for cooler climates for a few months each year, it's not too soon to line up a landscaper to take care of your yard while you're away. Even in the desert, grass, weeds, bushes and trees grow profusely during our summer monsoon season and require attention. The arrival of lots of rain, or even a little, brings growth in summer and winter.

Posse

Chair Linda Simón 520-789-7169 posse@5LP.com
First Tue., 3 PM, Desert Oasis (no meetings until further notice)
www.scovaz.com/committees/posse/ (must be logged in first)

The encouraging news is that the coronavirus vaccine is being distributed. We hope to be able to resume Posse patrol in the spring. It's being reviewed on a month-to-month basis as to when we'll actually resume. Obviously we're all eager to resume our normal activities, and Posse patrols are part of that.

In order to get a jump on things, those who wish to join the Posse can go to our website under the posse and take the driver's training and exam. Once you've done so, please make arrangements to take a copy of the test and your driver's license to the office, so we can get you on our insurance. Then call Linda Simón, so we can get you assigned to a squad. In the meantime, remember to look out for your neighbors.

Properties

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, WC1

Golfing experience that provides professional and friendly service, mountain views and excellent conditions.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

On Tuesday, February 16, The Views Golf Club hosts our annual Cure for Cancer fundraiser. The 18-Hole Women's Golf Club will be organizing the fundraiser with the Pro Shop. Last year we raised over \$25,000 for the University of Arizona Cancer Center.

All golfers' registration is \$85 for the entry fee to play in the event. It will include golf and a drink ticket. There will be no lunch following the event this year. You will also have an opportunity to donate additional dollars and become a hole sponsor or buy a dedication card. The field is limited to the

first 120 paid golfers. Starting times will begin at 7:32 AM off the #1 and #10 tees.

During February, prior to the tournament date, there will be a Par 3 Challenge Hole to help raise money for the event, and you can donate to the cause without playing in the event. To donate or register for the event, go to www.theviewsgolfclub.com.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

Many golfers have been asking some of the same questions about the new greens. This would be a good time to go over some of the concerns, questions and future plans for the greens.

The first question that is commonly being asked is what type of grass was planted on the new greens. People have asked if it is bentgrass, Bermuda grass or something else. After a lot of research, the decision was made to go with TifEagle Ultradwarf Bermuda grass. People are confused because as the greens have gone dormant, the grass didn't turn brown because they have been painted with a pigment to remain green. TifEagle, which is similar to bentgrass in playability, can be managed to produce turf health and playability while retaining constant color.

Another major question is why are the greens so hard, and how long will they remain this hard. The greens are only about six months old, so they haven't developed an underlying layer of organic matter (thatch). Currently, the grass blades are sitting right on top of the new sand base. As the greens mature, they will develop this organic matter which is much softer and more receptive for approach shots. Ideally, they need 1% organic matter for greater playability and turf health.

Golfers also ask about future plans in maintaining the greens. To maintain the health of the greens, they still need to be aerified, along with increased amounts of verticutting and topdressing. Just because they are new, doesn't mean these essential practices can stop.

As we look forward to the arrival of spring, guests are enjoying our new menu. We enjoyed offering live entertainment again the past few months, but will suspend for the month of February due to the chilly evenings. During these challenging times, we know how easy it is to see all the negativity in the world and get dragged down by it. We at the restaurant want you to know we are here for you, whether it is for a beer after golf, dinner or just to put a smile on your face. It has been a difficult year for all of us, and because of you, dozens of employees have been able to keep their jobs, pay their bills and keep a smile on their own faces. For that we are all truly grateful and wish you all the best this coming spring season.

Editor's note: While SCOV is still under COVID-19 protocols, some club meetings and events have begun taking place if protocols are met, and the club or activity has received approval from the General Manager. We recommend checking with the club contacts listed in addition to the SCOV website and "This Week in SCOV" for current information.

Totems in the SCOV Artisan Center courtyard.

We welcome our new board members: Pres., Melanie Stinson; VP, Barb Peterson; Sec., Bill Snead; Treas., Julie-Anne Patrick and Advisor, Marti Friday. We thank Lorraine Buck, Trudy Williams and Mary Thul for their leadership this past year.

During this quiet winter, one of our most popular Clay Club projects has been the totem. Creating a totem can be a several month process for the artist. The theme must be chosen. In addition, the finished height of the

totem, the difficulty of the pieces and the length of time to finish the project are all considerations. Parts of the totem may be slab built, while others could be coiled, wheel thrown, extruded or another imaginative method. Several beautiful examples of totems can be found outside the Clay Room in the Artisan Center courtyard.

Colored Pencil

Sue Parkes 520-825-7307, Bette McGrath 815-347-4282
Fri., 9 AM-1 PM, Catalina Vista/Art Studio

Do you love color and detail in art? Are you interested in exploring patterns, shapes, and values? Colored Pencil may be just the club for you. It is an easy, forgiving medium but does require patience. Basic drawing skills are helpful but not essential. We will show you a few basics, and you will begin to see the world in a whole new light. Come join us.

Gourd Art

Kaaren Drent 520-818-2343
Nov.-May, Mon., 1-4 PM, Fri., 9 AM-Noon, Lapidary Room

We continue to meet on Mondays and Fridays, and no one has yet been turned away. We wish to maintain social distancing, and if more seasonal residents return, we will need to limit the number of crafters to five. Entrance will then be on a first-come basis. Masks, of course, must be worn and workspaces sanitized after use. Please wash hands and sign in upon entry.

Japanese Flower Arranging

Donald Marier 520-825-4878 dolmar21@gmail.com
Nov.-May, Second and Fourth Mon., 2-4 PM, Catalina Vista/Pusch Ridge

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Jane Fairchild 520-909-5069 janemail11@yahoo.com
Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

Please join us. We usually have lively conversations while working on our projects and enjoying each other's company. We are following the SCOV guidelines by wearing masks and social distancing.

An ongoing project is crocheted sleeping mats made out of plastic shopping bags. We deliver these mats to the Gospel Rescue Mission for persons who are experiencing homelessness. You can participate in this project by cutting the bags into strips, stringing them into plastic yarn (plarn), and/or crocheting them into mats. Join us to learn how.

"Need Jump" reads the sign in this diorama. A space age traveler has a problem we 21st century drivers can associate with—his battery is dead. Will AAA come to his rescue? The fertile mind of modeler Don Holbrook sees possibilities where others only see junk. The poor fellow's vehicle was created from leftover parts of a model bi-plane kit and the top of a skull intended by Target to be part of a Halloween decoration, plus some plastic bits, cork and sand. We hope you will visit us again when protocols allow. In the meantime, stop to enjoy the models in our window display cases in the Artisan Center and the Activity Center.

Open Studio Artists

Pres. Carol Nagel 520-825-3097
Tue., Wed. and Thu., 9 AM-1 PM, Catalina Vista/Art Studio

Fine Arts Studio has joined with Open Studio Artists. This will allow artists working in any medium and level of experience to find the day or days and group where they are comfortable. If you are new to SCOV and looking for an art group, come check us out.

If you are not a member and would like to be a guest at one of our meetings, contact Val Plumlee for a Zoom invitation. Our next presentation will be Wednesday, February 10, 6 PM, and our next judged competition will be on Wednesday, February 24, 6 PM.

Sculpture

Pres. Laurie Lichaa 520-991-9953
Mon., 9 AM-5 PM, Catalina Vista/Art Studio

The Sculpture Club meets on Mondays in the Art Room in Catalina Vista, and members can also participate with the Open Studio Artists Tuesday, Wednesday and Thursday, 9 AM to 1 PM. If you are interested in becoming a member of our club, contact Laurie Lichaa, President. Club members have sculptures in the display case outside of the Art Room in Catalina Vista and in the SCOV Library.

Rainer Kurzel is a relatively new member of the Sculpture Club. He is in the final stage of his first project which the photo illustrates. Rainer is receiving instruction from Gene Eckbrecht on how to paint the sculpture that has been baked and sanded. Rainer will dip the paintbrush into shellac then into bronze metal particles. The mixture is painted on the sculpture. Once the coating is dry, a second coat will be applied to cover any missed spots.

Casa Amigas

Sigrid Flatness 425-213-6689

Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

2020 was quite a year and now that it's 2021, Casa Amigas will continue to work hard sewing items to donate to a variety of community organizations. There is a severe need right now for clothing items, blankets, bags and crib sheets. In 2020, we were able to donate 2,000 items to seven different organizations, even with the Sewing Room closed for several months due to COVID. We love what we do and invite anyone who loves working with a fun-loving group. Basic sewing skills are required, and we provide orientation for using the sewing machines and sergers. Several long-standing members love to assist new members if sewing skills need a boost. Come and join us. We follow safety protocols and mask wearing.

2021 looks to be a better time. Hope is the only way to cope. Thanks to all of you for your great support. We look forward to seeing old friends and new, as we work together to bring joy to those we support. The sun still shines and the moon still rises.

We are still meeting to put all our love in the little bears we create and children love. Come join us to complete our task.

Happy Valentine's Day month. Though we haven't had a meeting since March, members have been machine embroidering at home or in the Sewing Room. One of the fun things about machine embroidery is that we are able to select de-

signs and then add words. Putting our grandkids' names on things is the most popular. February is the month to make all things with hearts. Watch your email for announcement of a February meeting or other Machine Embroidery events.

Pet Beds

Jan Bohe 520-825-9725

Tue., 1-3 PM, Artisan Center/Sewing

A group of dedicated women come together on Tuesday afternoons to make pet beds. We have a lot of fun working together and invite you to join us. We cut up small fabric pieces and mix them with polyester fiberfill to put in a sturdy pillow-like case for a comfy bed for the animals at the Humane Society of Southern Arizona. They are completely washable and dryable and come in various sizes. Some fabrics are wild, but we say the dogs won't know the difference. The good news is that we completed and delivered 225 beds in 2020, despite COVID-19 restrictions. We feel good that this fabric is not going to the landfill. To reserve your space, call Jan, as we can have 10 attendees now.

Quilters

Carol Guibert 520-404-1462

Second and Fourth Tue., 1 PM, Desert Oasis/Ocotillo

On Tuesday, February 9, 1 PM, Desert Oasis, we will finally get back to meetings. Peg Bushong will be giving a lecture on the use of stabilizers and backings. There will be a sign-up again, so that we don't surpass our designated room capacity number for meetings. There are several demos and workshops planned, but the dates are still open due to COVID. Hopefully, there is a light at the end of the tunnel for all of us.

We will still be working in the shops making toys for the children and keeping ourselves busy. You need to sign up if you want to be in the Sewing Room. Looking forward to seeing more of you as the weeks go by.

Keep shopping with Amazon and Fry's, so we can get our reward monies.

If by chance you are clearing out cloth or yarn from your stashes, Seniors for Kids could use some for the work we do. Thank you to the entire community for all you do.

The Tapestry Hooking and Fiber Arts Club meets Tuesday mornings in the Sewing Room. The group decided not to meet in the months of December and January due to the increased cases of COVID. Hopefully, by the time this article is published we will be meeting again. If you are interested in being part of our group, contact Coni Arseneau or Carrie Wiley. Club members are also members of the Thimblelenas Club.

The picture shows a project in progress by Coni Arseneau. These are mug rugs or coasters that are 4 x 4 inches. One question that is always asked of our group is, "How long did it take you to make that?" Coni repaired a rug for a Sun City resident

who asked, "How long do you think it took to complete this rug?" which was probably 2.5 x 3 feet. One mug rug took Coni around four to five hours to complete; you do the math.

Kari's simple silver earrings.

If you are a member and haven't returned to the shop for a while because you feel rusty, not to worry. The silver earrings pictured are really easy to make. It took just a few steps using the tools and equipment we have in the shop. 1) Cut two pieces of silver the same size. 2) Stamp the back with your initials. 2) Grind/file the edges until smooth. 3) Punch a hole at the top of each piece. 4) Hammer the silver to get a unique look, or leave plain. 5) Curve the silver slightly by

using a wooden block mold and soft hammer. 6) Polish. 7) Get or make a pair of pierced earring wires and you are done. If I can do it, so can you. Come on in and give it a try.

We are collecting dues for 2021, so stop in or mail your check to our Treasurer, Barb Grey, 2358 E. Indian Town Way.

Those of you who are members of the Astronomy Club, or who have been a guest at our monthly meetings will remember Bob Cratty. Bob was one of the early leaders of the club, and in 2010 was instrumental in beginning what was to become the club's major outreach program, the partnership with the Coronado K-8 Elementary School in Catalina. Bob, along with Harland Goertz, who died in 2019, began the program of providing each fifth grade student with a high-quality astronomical telescope. Bob and Harland also began assisting teachers in the classroom with the Arizona-mandated astronomy curriculum. Countless hours at the school and the distribution of over 900 telescopes attest to the value of the club-school partnership. Sadly, Bob passed away in December. Coronado School and the Astronomy Club are thankful to Bob and Harland for their contributions. We miss them.

The Great Books Club offers an opportunity to discuss challenging ideas raised by our reading of classic texts. The selections, from an anthology published by the Great Books Foundation, are short to moderate in length, enabling focused, in-depth conversations. Our February selections are varied: a physicist's essay on the relationship between physics and philosophy, and *The Playboy of the Western World*, a play by Irish playwright John Millington Synge.

As of early January, we are meeting outside, on the back patio of Catalina Vista. As conditions change, we may switch to Zoom meetings. Members are kept informed by email of our meeting location. Contact Maryfaith or Barbara for up-to-date information.

Politics and the pandemic have been the focus of so many poems for so long that a change in theme and tone is most welcome. Poets Corner member James Pavlakis offers a new perspective on self-reflection in this engagingly creative poem with a clever and meaningful title:

The Wrong-Righter

Truth / in a black cape / comes to me / aggressively.
Not one blink / in his accusing stare.

He wants to talk / so he can teach. / I'm the blackboard;
/ he's the chalk.

This time / it's my beautiful first wife / in a messy previous life.

He says / don't give me her faithless / dids and didn'ts / It was you.

You left first / into heroic dreams / expecting her / to wait

patiently / at peace / until you emerged / with the Golden Fleece.

I say / Yes, I agree. / I see I was wrong.

He backs away / slowly / to admire his success.

Like Zorro / the wrong-righter.

Democratic Club

Second Sat., 1 PM, Activity Center/Navajo (meetings are suspended during the pandemic)

Of course, members of the SCOV Democratic Club were delighted to see Joe Biden and Kamala Harris inaugurated on January 20. But we also stay dismayed at the fracturing of our politics.

During this year, we will seek to have discussions and debates within our Democratic Club, and with those we disagree with, here in SCOV and beyond. We do this to advance the cause of liberty and justice for all in our great democracy.

Our face-to-face meetings are suspended for now, but we will continue to communicate in other ways.

Happily, we announce our board members for 2021: Richard Kopp, Pat Brown, Nate Norris, Carolene Mitchell, Francine Saccio, Joel Moorhead and Maureen Salz. Our treasurer, Nate Norris, is collecting club dues for 2021. Please send \$10 with your name, email, address and phone number to him at 13985 N. Sutherland Way, Oro Valley, AZ 85755.

This month features Huck. He came to member Janet Bitter through Northwest Boxer Rescue. He is their second boxer. During his first year, from what they can piece together, he was in Oklahoma, Montana (where he was surrendered to a shelter) and then Washington. They got him one day before his first birthday. He is 100% boxer. White boxers used to be routinely euthanized because about 20% are born deaf. Huck has perfect hearing, although sometimes he pretends not to. His favorite thing (besides his people) is his piggy. Huck celebrated his seventh birthday with an ice cream from Dairy Queen. He also loves kids, the beach and chasing deer and birds.

If you would like to join our club, contact Marj or Carol mentioned above. Pay 2021 dues by the end of this month.

VP Shelley Bredau 917-754-5637 sbredau@gmail.com
<https://sites.google.com/view/scov-garden-club/home>

Have you noticed your house plants lately? Take a look at them. If the leaves are yellow, you are giving them too much water. If the leaves have brown edges, they are telling you to water more. Boil some water with eggshells, and it compares to any commercial plant food. Open your spice cabinet and get the cinnamon to sprinkle on the dirt in your potted plants. It will prevent the powdery mildew. If your plant is spindly and leaning, it wants more light. Take care of these indoor plants now because soon it will be time to work outside.

Unfortunately, the Garden Tour planned for April 10 is canceled. We'll look forward to a tour in 2022. Our face-to-face meetings are suspended for now, but we continue to communicate by email.

Havurah

Pres. Barbara Hamm 520-989-0062
www.havurahscov.org

Several months ago Havurah appealed to its membership for donations that would go to a needy family assigned to us by the Jewish Federation of Tucson. Not only did we reach our goal for the Mitzvah Magic Program, but we exceeded it, and will be able to give generous donations at Passover and Rosh Hashanah, too. Many thanks to our generous Havurah community for opening their hearts to such a worthy endeavor. The holiday of Purim begins the evening of Thursday, February 25. It commemorates the victory of Esther and Mordechai over a plot by the Persians to destroy the Jewish people around 475 B.C. Normally a joyous and celebratory time for our club, we probably will not be able to party this year due to COVID. Keep checking our website for updates. Stay safe and healthy.

Sec. Sue Harrington 218-226-8441 sueellenharrington@gmail.com
Tues., 3 PM, Catalina Vista

The Mindfulness Meditation Club currently meets Tuesdays, 3 PM, outside at Catalina Vista (COVID protocol/ weather permitting) and online. The format is 15 minutes of mindfulness discussion followed by 25 minutes silent sitting meditation, 10 minutes walking meditation, 25 minutes sitting meditation. We understand that one hour of silent meditation is not for everybody, so we encourage everyone to come regardless of their experience level or schedule, as it is acceptable to come or leave quietly at any time.

We are a diverse group from the Christian community (centering prayer), Buddhist community (zazen), and secular community (mindfulness meditation). If you wish to learn more, come 10 minutes early or contact us. We welcome all to come and steep themselves in the insights that come from the stillness of meditation.

Come join us as we would love to have your presence. Contact Sue Harrington for an online invite and/or more information.

All veterans, male/female, private to general, one military assignment or retired, National Guard or reservist, combat or non-combat.

Meetings are held in the Activity Center due to increased membership, returning seasonal residents, and to provide a safe environment for members to attend meetings. Currently, masks are required while in SCOV buildings. We inform club members of VA entitlements and review relevant issues

by email and during monthly meetings.

On December 19, three club members laid wreaths on Veteran grave sites at the Marana Veterans Cemetery.

If you have a worn, faded or tattered U.S. flag, drop it by Mike LaBarbera's home, 2145 E. Bighorn Mountain Dr., and

he will see that it is properly disposed. Leave it by the front door wrapped inconspicuously, so the flag is not visible.

Exercise

Aqua Tone

Marcia Polley 520-818-9073
 Irmel Wheeler 520-334-0957 (cell) irmel5596@gmail.com
 Tue., Thu., Sat., 9 AM, AFC/Pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements performed in the water. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

We meet Tuesday, Thursday and Saturday, 9 AM in the winter, 8 AM in the summer, at the AFC pool. There is no fee to join the club or the class. The teachers are club member volunteers. Being able to do a basic swim stroke is very helpful. Items used in the class are buoys, boards, noodles, balls and a fitness band: you'll need to bring your own. A band can be purchased from Marcia for \$5. We assign an experienced member to a newcomer to help with learning the various movements. You will get a good workout in a fun class.

Arthritis Water

Pres. Sherry Olivier sherryolivier55@gmail.com
 Sec. Joy Sawyer joymaesawyer@comcast.net
 Mon., Wed., Fri., 1 PM, Oct.-Mar.; 10 AM, Apr.-Sep., AFC/Pool

Our club performs gentle water exercises designed by the Arthritis Foundation to help with range of motion, which are great for those of us with arthritis, fibromyalgia, replaced joints, etc.

Currently, we have a rotating schedule, which allows 19 of our members who signed up to fill the 15 pool reservations that our club is allotted for our classes. Unfortunately, we will not be accepting new members until after the COVID restrictions are lifted. The current pool restrictions have been very difficult to deal with, but we're happy that the pool is open. Please note: The outside air temperature must be 77 degrees or higher for the class to be held. We meet at 1 PM.

Energetic Exercise

Donna Clark 970-946-1048

Mon., Wed., Fri., 8-9 AM, Auditorium

Have a heart, both happy and healthy, with Energetic Exercise. Following the COVID directives now in effect, only 30 are allowed to attend. We are now using SignUpGenius for class registration. Each month members will receive an email with a link to sign up for classes. Resident members only. No late arrivals. We start promptly at 8 AM. Masks worn at all times. Bring exercise equipment for the day and a bottle of water in a small bag, please.

You'll enjoy the fun variety of aerobic and weight exercise plus lots of balance and stretch moves to help our bodies be strong and flexible. Whether you are a golfer, play tennis, dance or just appreciate being able to get around comfortably to the many activities you enjoy, Energetic Exercise will help you be in better shape for them all.

Unfortunately, we can have no new members or guests at this time.

Unused tickets may be used. New 12-punch cards will be for sale after each class for \$30 paid by check or cash (exact amount).

Fitness Swim

Contact: Dave Goodman goodman@sfu.ca

Tue., Thu., Sat., 6:45-8 AM, AFC pool (suspended until further notice)

Workouts are suitable for master swimmers, triathletes and those who would just like to participate in swim workouts. Please ensure you have medical clearance to participate in vigorous physical activity prior to joining. We welcome new members.

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Guess what? It's already the second month of 2021 and time to consider a new exercise routine. Why not try the SCOV Pilates Club mat classes? They are offered in the AFC Mondays and Thursdays. The exercises strengthen your core (abdomen and back muscles). You will also notice that you have better balance, more muscle tone and increased stamina. People ask, "Can the benefits from the stretching and strengthening exercises done in class, really develop the body's core, increase spine mobility and build flexibility?" The answer is a definite yes. We have two very experienced instructors, and the cost is only \$8/class, with annual club dues of \$20 pp. Please join us or stop by and just watch. Call Mary.

Scrabble

Jan Fischer 520-825-2401 fischer_janice@comcast.net
Fri., 1-3 PM, Desert Oasis

It would appear that we may have finally traversed through a year of isolation, reading everything we were able to find or binge watching television all day until our eyes were bleary may be coming to an end.

Were you aware that there is a North American Scrabble Championship? Did you also know that starting out players are afraid to draw the letter "C" because "C"s don't make any two letter words? But *Readers Digest* states that the "C" starts more words than any other letter in the alphabet, except "S." It also combines with the letters H, L, R and S and ends a lot of adjectival words. So it is a very powerful letter.

We would like to invite any of you to join us for an afternoon of fun, comradery and making new friends. It is not necessary to be a good speller, just a social individual wanting to get out of the house for awhile. Please join us.

www.vistosocyclists.wildapricot.org

Vistoso Cyclists Club has over 200 members. We ride year-round to preplanned destinations in Tucson and surrounding cities. We use both city streets, the Loop Trail and other designated bike trails. Occasional away rides start from a distant location. Weekly, a mountain bike option takes a few of us to the Tortolita rangelands, containing some of the highest-rated single-track bike trails in the nation. Our group-ride options are from 25 to 50+ miles. We always take time for coffee and conversation somewhere on these rides. Our Women on Wheels (WOW) group have their own agenda providing routes of 12 to 30+ miles.

Our club sponsors social events, participates in Wheels for Kids and is involved with the Interfaith Community Food Bank.

If you are a resident and love to ride your bike, check out our website, or call one of us.

www.scovbirding.wix.com/birdersgroup
 Next meeting Fri., Feb. 26, 4 PM, Catalina Vista/Art Studio

Arizona is gifted with the beautiful seed-eating Northern Cardinal. While the name implies a bird of the north, it is really a bird of the eastern USA and is rarely found in the western states—southern Arizona being an exception. The 'northern' in the name is to distinguish it from a 'southern' species found in South America.

We are an activity-oriented group, and all SCOV residents are invited to join us and learn more about the birds in Arizona. Below is a list of upcoming bird outings. If you are interested in going on any of these field trips, be sure to contact the trip coordinator for details at least three days in advance. These field trips are currently only open to residents and with the requirement that we social distance, wear masks and no longer carpool until the pandemic subsides.

Hello fun. Welcome men and women. No experience necessary. Bring your own equipment. Easy to learn and the more you play, the better you get. Did you know seniors 70 and older pitch from a shorter distance with less effort and more accuracy? The shorter distance also makes the game more fun for women. YouTube has several videos of everything related to horseshoes. Check it out.

Good exercise, good people and friendly competition.

We are glad 2021 has arrived. Our members are anxious to get back to normal. The new board of directors are: Pres., Tony Masterjohn; VP Training, Doug Brown; VP Committees, John McConnaughey; Treas., Sigrid Flatness and Sec., Nancy Vander Ark.

A little history on our two new officers. Doug Brown was born in Washougal, WA. He started working for Crown Zellerbach paper mill which lasted 40 years. He married his wife Laurie in 1979. They have two sons who live in the Portland and Vancouver areas. His hobbies are hiking, biking and pickleball.

Nancy Vander Ark moved to Oro Valley in 2018 from Phoenix. She has been married to her husband Cliff for 48 years. They have three children, two daughters and a son.

With 87 new members last year and 352 paid members, ladder play and round robin continue to be popular, and we will need more courts to accommodate the participation.

Due to the continuing coronavirus pandemic, the club has postponed, for the foreseeable future, all tournaments and all social events previously planned. Announcements will be made when it again will be safe to resume these activities that we so dearly enjoy. Fortunately, open play continues for men and women. In addition to safety practices, especially social distancing, that members have applied for months,

the club requests that members take two additional steps when playing with the men's or women's groups: a) wear a mask except when playing and b) register when arriving to play. The registration will be important for contact tracing if a member tests positive.

All SCOV residents are welcome to use our wonderful tennis courts. If you have questions about our club or would like to join, send an email to Ron Martin.

Ron, Steve, and Larry being safe at the courts.

We are looking forward to getting back on the court whenever it is safe enough for us to play. Hopefully by late spring or summer, we will be able to start up again.

Wallyball is a fun game for both men and women to play.

It's a great calorie-burning sport and it helps build and tone muscles. It's good for your balance, too. We normally play Competitive on Tuesdays, 12:45-3 PM and Recreational on Fridays, 12:45-3 PM.

As we all wait patiently, think about joining us on the court, hopefully in the near future. Please check our website or give one of our officers a call. Be safe and play safe.

to full capacity play. Our hope is that this new year will bring us back to some sort of normalcy. I was asked by a new member if we shut down January and February. I believe he was surprised when I said, "no." We've never done that. We are willing to play under some not so pleasant weather conditions at times. We might have to call ourselves the Polar Bear Club for the winter season, but it hasn't stopped our fun or enthusiasm for the game. Give us a call or stop by and peek in the fence to watch. Unfortunately observers are not yet allowed on deck.

RV Club - Sundowners

Acting Pres. John McConaughy 503-580-2465
Captain.Faisua@gmail.com
www.sundownersrvclub.org

Membership meetings second Mon., 9 AM, on Zoom. Watch your emails for instructions on how to join.

How Do Full-time RVers VOTE?

Sundowners need to vote on bylaws and new club officers.

The Sundowners board is proposing changes to the bylaws, which need to be passed by two-thirds of the members who attend the Monday, February 8, Zoom meeting. The biggest change is to change the board member's term from one to two years, and to stagger the terms by holding the election of the President, Treasurer, and Social Chair in odd

years, and the election of Vice President, Secretary, and Trip Coordinator in even years. We also better defined "At-Large" board members, and required these to be ratified by the membership.

We need candidates for the 2021 board elections on March 8. Assuming the new bylaws are passed in February, this will be the President, Treasurer, and Social Chair. If the bylaws are not passed, then all six board member positions need to be voted on. Please step up if you can possibly contribute your time and energies to running our club.

YOTO/Northwest Auxiliary

Kris Cohen 520-818-2582 krisandearl@msn.com

A Qualified Charitable Distribution (QCD) preserves a way to donate money to Youth On Their Own (YOTO) and enjoy tax benefits under the new tax law.

Traditionally, people who contribute to charity itemize deductions and receive a tax benefit. Under the new law, people may be better off using the new, larger standard deduction.

If you are 70½ or older, you can transfer up to \$100,000 from your IRA to charity tax-free as a QCD, which counts as your required minimum distribution but isn't added to your adjusted gross income AND still get the new, sizable standard deduction against other income. It's a win-win.
