Staying Mentally, Physically and Socially Alive at SCOV

by Mike LaBarbera

Recent U.S. census estimates show the median age rose in most states last year, where one in six Americans are 65 or older. As our population ages and the youngest of the baby boomers are retiring, the states need to plan for social services, health and housing challenges for older residents. Advances in medicine, healthier eating, exercise and social interactions play a large part in our quality of life as we age.

The U.S. Census Bureau estimates that by 2030, the number of older adults is projected to increase by almost 18 million, meaning one in five Americans is projected to be 65 years or over. Charles Schwab Modern Wealth Survey 2023 asked respondents what wealth meant to them, and 40% said well-being.

SCOV has many opportunities to help us age in place. Exercise, stretching, meditation, tai chi and yoga classes can help with our balance. Active sports like pickleball, tennis, water volleyball, table tennis, racquetball and POP tennis can help improve agility and reaction times. Indoor card and table games, plus playing musical instruments can improve our mental capabilities. Artisan, bocce, golf, singing and dance clubs all provide opportunities for social interactions. The more a person socializes, the healthier they can become as we build up antibodies that help protect our immune system and boost feelings of well-being.

Everyone knows a Debbie Downer or Chicken Little who can negatively affect our health. If we focus on looking for fault in others and our community, it can be depressing, tiresome and stressful. We are at the stage in our lives where we want to enjoy our golden years. Making new friends, improving and maintaining our health, and engaging in the many opportunities in SCOV, we can stay mentally, physically and socially active. An overwhelming number of residents support our Board, Administration, and operations; with the myriad of activities to choose from, SCOV is a treasure trove for a healthy environment and mental happiness.

Saturday, November 11, is Veterans Day. Our community has resident veterans from WWII to the Gulf War. They have sacrificed for our country by defending our freedoms and rights as Americans. If you see or know a veteran, thank them for their service.

It's More Than Living... It's A Lifestyle!

Stay a While

by Marsha Dean

In the October *Tipster*, General Manager Mark Wade spoke about shared spaces and how they benefit the community.

A great example of such a space is The Bistro Coffee & Wine Bar, which was a new addition to the Activity Center when it was renovated over the past few years. We'll celebrate the one year anniversary of the Activity Center reopening and the launch of The Bistro in January 2024.

As renovation plans developed, the Sun City Vistoso Community Foundation saw that a bistro would be a great use of a major estate gift from Irmgard and Gunther Mueller. What better purpose than to use the gift to enable a space where SCOV residents can gather and enjoy each other's company? Thanks to the Muellers and the Foundation board, The Bistro Coffee & Wine Bar became a reality.

As part of the planning process, residents met and provided input on their desires for the Activity Center renovation and the need for a casual space that served coffee and wine was expressed. Often people wanted a coffee or latte after an exercise class and a place to enjoy their beverage while reading the morning newspaper. In the afternoon and evening, people expressed that it would be nice to have wine and beer service available when there are events in the Auditorium.

A committee of residents held tastings to select the coffee, tea and wines that would be served. Samples of the selected coffee from Momento Coffee Co., a family-owned coffee roaster based in Chandler, Arizona, were offered at the grand reopening along with small tastes of the selected wines. Teas come from Maya Tea, a Tucson company.

It took a few months for residents to start using the wonderful new amenity, but now it's often a regular part of the day for many. No need to dash to Starbucks for an iced latte when you can have one made to order right at The Bistro. In addition to the exercisers, many pick up a beverage or bite on their way to or from a meeting, concert or after a game of golf or racquetball. Those who want to enjoy the outdoors can take advantage of seating on the adjacent patio or the Kiva Patio. There is even a service window open a half hour before the Activity Center opens except Saturday,

when it's open an hour earlier. Perfect for a gourmet coffee to go for your golf game.

This summer many expressed, "Wouldn't it be nice to have some refreshing ice cream on the hot afternoons?" The Bistro and The Views Restaurant manager Janet Blackwell responded by stocking frozen treats. They can also be counted on to have seasonal items such as pumpkin spice flavors, and you can look forward to peppermint as the holidays approach.

Lately, The Bistro has become an alternate happy hour spot. Gather with a few friends and enjoy a glass of wine. For those wanting something to nosh on, The Bistro has charcuterie boards for sharing. You also may be entertained by someone noodling on the baby grand in the Kachina Lounge.

Architects refer to places you may want to sit awhile as sticky spaces. The Bistro Coffee & Wine Bar has become one of these. Don't just grab an iced coffee and go. Sit, visit with a friend or wander around enjoying the art displays. This is a shared space for everyone to enjoy.

How about sharing a charcuterie board with your friends?

one of these. Don't just grab an iced coffee and go. Sit, visit with a friend or wander around enjoying the art displays. This is a shared space for everyone to enjoy.

Safety

The Copper Center has a generator that can power the building in times of electrical outage. While a formal plan has not been developed at this early date for usage of the building during emergencies, it can be used any time as a cooling station for SCOY. This use will be incorporated into the Emergency Response Plan that was developed in collaboration with the Town of Oro Valley several years ago. The plan is being reviewed this year. Once the review is complete it will be implemented with staff training and resident communications.

Back by popular demand, the Library will hold its annual Southwest Book Sale. We have hundreds of books on bird-watching, hiking, plants, animals, gardening, cooking and travel. We also have a large selection of fiction titles with a southwest theme, some written and signed by local authors. The sale starts Tuesday, November 7. Hurry in for the best selection.

The Library welcomes two authors during the month of November. Robert Ronning will discuss his new book, *Wild Call to Boulder Field*. The main character, Wade, a disgruntled park ranger whose golden retriever goes missing, in turn creates an ordeal forcing him to look far beyond the typical barriers between man and wildlife. Friday, November 3, 10 am, Catalina Vista.

Back in the day, Bisbee was a hub of mining and shipping, a city of immigrants. Now a hub for artists, entrepreneurs and tourists, Virgil Hancock will take you on a visual and historical journey of Bisbee. This presentation takes place on Thursday, November 30, 12:30 pm, Activity Center/Navajo and Hohokam rooms.

Cardio

Cardio workouts help the heart pump blood more efficiently throughout the body. It is also excellent for lung health, which makes them more efficient at delivering oxygen to the blood, muscles and brain. Studies have shown that regular aerobic exercise, such as using a fan bike, can reduce stress, elevate your mood, improve sleep and improve self-esteem. Cardio workouts release chemicals called endorphins, which trigger positive emotion. There's no better way to build leg muscles than using an Airdyne bike. This bike can impact core-strengthening muscles like your glutes, back muscles and abdominals, as well as leg muscles including calves, quadriceps and hamstrings. Moving the handlebars on an Airdyne bike can build up your triceps, shoulders and biceps while you ride. Building your leg muscles this way is easy on the joints of your feet, knees and ankles without pounding so much on the pavement.

Architectural Inspection Group

Conveyance Coordinator Jack Mooney 520-917-8087, scoroval@ciramail.com

Ever wondered what violations are found when a home is being inspected during a listing/escrow inspection? While there are many items Architectural Inspection Group inspectors must look at during the inspection, here are some of the more common violations that they find:

- Items added without SCOV approval such as patio covers, gutters, fountains, firepits or fences.
- Metal fencing or gates that need repainting.
- House needs painting—both partial and whole house.
- Damage to stucco, trim or moldings.
- Driveway coating in need of repair or recoating.
- Paver or concrete work is uneven, cracked or poses a tripping hazard.
- Plants overhanging property lines, overgrown bushes near driveways, hedges over six feet tall and plant debris.
- And the most common are weeds and bare soil areas without groundcover.

If you have any questions about these or other violations, contact the Conveyance Coordinator.

The Gift Shop is looking forward to sponsoring the annual Art and Craft sale on Saturday, November 11, 9 am-3 pm, and our Open House Friday and Saturday, November 24 and 25, 10 am-4 pm.

Featured this month are Mary Murck and Cindy Silverlock. Mary loved art as a kid and always enjoyed hand work and projects. "Busy establishing my career, art was on hold for me until in my 40s, when I discovered clay. The pieces I made by hand became my favorites. I could make any shape, and create objects in my own imagination." Her designs are mostly utilitarian such as bowls, plates, mugs, and vases. "I really love angels and birds and draw my own designs and patterns. The angels are representational, more folk art, while the birds are whimsical and fun."

Mary Murck

Cindy works in glass and has written a book on self-actualization. Unfortunately, we don't have a photo of Cindy with her art, so stop in the Gift Shop to see her creations.

Government Affairs

Chair Earl Vittitoe 309-360-1601 scovga@gmail.com

Second Wed., 1 pm, WC1

www.suncityorovalley.com/committees/government-affairs/

On September 28, SCOV residents met with members of the Oro Valley Police Department at The Views Restaurant for Coffee with a Cop. This was an informal event where residents were able to ask questions about public safety and engage with the department. The officers shared information about criminal activity, traffic and public safety. Hyundai and Kia vehicle owners were given steering wheel locks to address the theft vulnerability of those vehicles until the companies implement a fix. Coffee with a Cop is a regular event sponsored by the Government Affairs Committee. A set schedule cannot be established due to officer availability, but will be announced a month in advance. Since space is limited at the restaurant, free tickets will be provided to manage attendance.

Nearly Finished with Flower Making

By the time this is published, all the flowers will be made, and we will be ready to start installing the lights within a few weeks. We hope to bring even more life to our new Kiva area outside while also lighting up The Bistro. It's been fun making these lights, and it'll be fun to clean them out of my house. Hope you love our display this year.

Loan Room - Community Assistance

Chair Gay Russell
Third Thu., 3 pm, WC1 (currently not meeting)
Loan Room hours: Tue., Thu., 8-9 am
www.suncityorovalley.com/members/services/loan-room/

Our SCOV Loan Room is a special service available to all residents, something most HOAs do not provide. The Loan Room is staffed by volunteers and financed by donations and the aluminum can collection program. As we begin to get busy this fall, remember to make reservations for the items you need up to two months in advance, either on the website or in person at the Loan Room. We try to keep a sufficient number of medical items for all SCOV needs but the number of tables, chairs, beds and children's items is limited. Come for a tour and see what we have for short-term loans. Also, remember to recycle your aluminum cans in the blue recycling bins around our centers.

Long Range Planning

Neighborhood Pride

Jack Mooney 520-917-8087 scoroval@ciramail.com
First Wed., noon, WC3

The Neighborhood Pride Committee (NPC) will be touring this month starting Sunday, November 5. During this tour, teams will be looking at yard debris, suckers under trees and artifacts. Artifacts are defined as "ornamental objects, showing human workmanship or modification" as defined in section 1.3 of the Development Standards. For further information about artifacts, please see section 2.18.C.15 of the Development Standards. Teams may report any violations that they observe while touring, but will be focusing on these three items in November.

As a reminder, homeowners who live on corner lots are responsible for maintaining their side-facing yards. Please be sure to address any items in those yards that need attention.

Any questions about the NPC, the touring, or Development Standards can be referred to the Covenants Coordinator.

Give Back to Your Community

Would you enjoy giving back to your community by serving on our Board of Directors? As you know, the soundness and quality of our community depends on good volunteer Board members.

Your Association is seeking potential candidates for the Board of Directors. The March 2024 vote will fill two director positions, serving three-year terms. According to our By-laws (5.1) there are two ways to become a candidate for the Board of Directors, through nomination or through petition.

Through nomination (prior to December 22): If you are interested in being considered by the Nominating Committee or to suggest others, please fill out a Statement of Interest available from the Administration office.

Through petition (prior to January 1): If you would like to be placed on the ballot through the petition process, you must be a member in good standing with a written certification of eligibility from the General Manager and complete a petition with signatures of 25 Association members in good standing. A copy of the petition is available from the Administration office. Once the petition is received, the General Manager will certify eligibility.

Thank you for your consideration in running for the SCOV Board of Directors or for providing names of individuals you feel would make excellent Board members.

November is a month to give thanks. My thanks to the Posse board members Lorie Puffett, David Ilse, Tom Garlinghouse and Barb McNeill. Thanks to General Manager Mark Wade and our great SCOV staff. We express our appreciation to Chief Kara Riley and all the men and women of the Oro Valley Police Department who deserve high praise for all they do to keep us safe. The Posse has fabulous volunteers who serve our community by going out on patrols throughout the year. My thanks to each of you. For more information on the Posse, call Linda Simón.

Properties

Chair Jack Evert jackevert439@gmail.com
Next meeting Thu., Nov. 16, WC1

Many of you are probably aware of the Lion's Head fountain located just at the base of the clock tower; however, you may not be aware of the costs for maintenance, water and electricity for pumping. Although a pleasant amenity (who wouldn't like the sound of burbling water), its location means that most of us don't get to enjoy it often. Since there are few association functions planned for the patio adjacent to the fountain, it doesn't get much eye time.

Considering all of this, the Properties Committee has decided to conduct a study of the fountain so that a cost/value determination can be made on its future. The options might include: convert it to a garden (the Garden Club has indicated an interest), reduce its size, or complete necessary maintenance and keep as is.

The results of this study will be forwarded with recommendations to the Board for a final decision.

Director of Golf Maintenance - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

The first part of November is when the golf course has dried up from the water used during overseeding. The ground is firm enough to allow the golf carts off the paths and onto the fairways. Cart traffic has been controlled the last few years using a system of blue stakes to direct golf carts on and off the paths. This would be a good time to refresh everyone on the rules associated with the blue stake gates to help minimize confusion.

Each hole will have a set of blue stakes at the start of the hole and at the end of the hole. These are gates where golf carts will pass through to both leave and return to the cart path. Once the cart leaves the path through the gate, it will drive straight to the fairway. The cart will remain in the fairway until it reaches the other end of the fairway, where it will leave through the exit gate. However, if driving the rest of the fairway is unnecessary, exit at any time 90 degrees straight to the cart path.

Last year #2 and #9 had areas staked for no cart traffic. This test was a big success in preventing severe turf damage normally suffered on those two holes. Since the test was such a success, those areas will again be staked off this winter. Additionally, the end of #4 fairway where it narrows will be staked off from cart traffic for the same reason.

Community Foundation

Pres. Carol Johnson 425-343-7138 FoundationSCOV@gmail.com
Fourth Thu., 1 pm, Desert Oasis www.foundationscov.org

At the August meeting, the Foundation board approved a grant request from The Views Golf Club and the Women's and Men's 9- and 18-Hole Golf Clubs for the purchase of a second aerification fountain to be installed in the right side pond of the 10th fairway.

The rationale for the request was to improve the health of the pond for the fish, provide control of algae and enhance the view from The Views Restaurant area for residents.

The board approved the grant with the understanding The Views Golf Club was responsible for installation, maintenance and repair.

This month residents will receive the Foundation's annual appeal letter. Please consider supporting your Foundation with a generous gift.

Clay

Pres., Bob Arms 907-290-0287

www.scovclayclub.com

After an especially challenging year, Maria Welch is happily back participating in Clay Club. Maria noted, "I'm really grateful that I've been asked to help again with clay orientation. The orientation team tries very hard to help newcomers have a positive clay experience. Even if someone hasn't touched clay before, there's always something to focus on and make it that person's goal."

Maria is pictured with her many colorful and distinctive pumpkins. She enjoys making pumpkins because "they can be used for decor throughout the fall. And also, because they require hand-building, I can design the pumpkins myself. It's great fun to create the designs and see it all come together."

Our holiday social is coming up. Mark your calendar for Friday, December 15, 5:30-7:30 pm, Activity Center/Hohokam and Navajo Rooms. Watch for sign-up sheets in the Clay Studio later this month.

Japanese flower arranging, ikebana, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Jane Fairchild 520-909-5069 janemail11@yahoo.com

Mon., 2:30-4:30 pm, Activity Center/Hohokam

If you have a knit or crochet project, or would like to learn, come join us. An ongoing group project is making crocheted mats out of plastic shopping bags. You can participate in this project by cutting the bags into strips, stringing the strips into plastic yarn (plarn) and/or crocheting them into mats.

If you wish to donate bags, flatten clean Fry's, Safeway or Walmart bags and stack them by color. You can then fold all the stacks over into one; no need to fasten them together.

Jane Fairchild (left) and Renee Baker display a crocheted sleeping mat made from plastic bags at the SCOV Club Fair in September.

This effort on your part greatly streamlines the cutting and crochet process. Do not include newspaper bags as they do not work for this project. Bags can be dropped into a basket on Jane Fairchild's front porch any time at 1750 E. Crown Ridge Way.

Sculpture

Dale Foster 520-825-0707 fosterdale1248@gmail.com
Mon., 9 am-5 pm, Catalina Vista/Art Studio

The Sculpture Club meets on Mondays in Catalina Vista/Art Studio. If you are interested in becoming a member or learning more about our club, stop in on a Monday morning or contact Dale Foster. Our sculpture pieces are in the glass case and Art Studio window inside Catalina Vista, a showcase outside of the Library and on display inside the Library.

The club uses Sculpey Polymer Clay for making sculptures which hardens when placed in a preheated oven at 275 degrees and baked for 15 minutes per quarter inch of thickness. The club has an oven shown in the picture, for members' use. One consideration when making a sculpture is the size of the piece so that it can fit in the 22" H x 30" W x 17.5" D oven. The picture on the right is a sculpture of "Luna", a female mountain lion designed and sculpted by Gayle Franklin. Gayle was lucky that Luna fit in the oven which gives you an idea of the sculpture's size.

The Tapestry Hooking and Fiber Arts group meets on Tuesday mornings in the Sewing Room. If you are interested in our group, stop by. The group provides materials and instruction for those interested in learning hooking. People involved in other arts using fiber are invited and encouraged to join our group.

The picture depicts a project recently completed by Sue Joyce. The picture to the left is her completed project and the picture on the right

shows the couch pillow she made with it. To make the pillow, Sue removed the fabric sewn to the rug warp. She then pressed the project using a damp pressing cloth and an iron at the wool setting. The pressing of the hooked item is important because it helps give it a finished patina and even out the loops. Sue then added backing and stuffing material to finish the pillow.

Rich Rozehnal hoping this turquoise will remain on the trail for others to enjoy

Most members of our club are longtime rockhounds or become rock collectors and amateur geologists after joining. Many will stroll the mountain trails, the desert and beaches and accumulate a collection of interesting rocks. They will come back to our shop and slice them into slabs with our lapidary saws. Some will show amazing color and design and will be finished into beautiful gems and jewelry. And many will be, well, just rocks and returned to the landscape. While hiking in the Catalinas, our president, Rich, saw a beautiful turquoise encased in a two ton rock. He hopes this one will remain in nature for at least another 1,000 years.

Stop by the shop and speak with a monitor about joining our club. New member training is held monthly on the second Tuesday and Wednesday.

Nancy has been a member of our glass club for only two years, therefore, we commend her for her bravery and the success of this very attractive end result. If you have ever had a similar experience, come to see us. You will be amazed and pleasantly surprised at what you can create with glass. The Great Books Club members enjoy discussing ideas generated by close reading of literary classics. We're sometimes enlightened, sometimes puzzled, often challenged, but always enjoy the stimulation of a good discussion.

Our November readings from the anthology "Great Conversations 4" are from ancient writers Plato and Plutarch. Selections are usually about 30 pages long and provide enough material for a hour or two of conversation.

Newcomers are always welcome. Contact Barbara or Maryfaith for more information.

Poets Corner

Sharyn Rafieyan 520-331-1092 srafieyan@comcast.net

Mon., 10 am-noon, Zoom

Death is a difficult subject for most of us to contemplate, but club member Christa Lubatkin tackles it beautifully without mentioning it at all in a poem that brings to mind Emily Dickinson's "Because I Could Not Stop For Death," where she's riding in a coach. Christa's "In alien land" offers her own unique spin with a loved one sharing the cart:

Yes I can
sit in the cart with you, rattling
down this patch of rock-strewn road.

Hold the lamp high,
dim the wick,
soften the light.

Trapped together
on this stretch
of alien land.

Our passports cleared.
One to stay,
one to go.

Resident poets are welcome to join our Zoom group—just request an invitation.

We are really looking forward to the beginning of the season for the Prepare & Share Club. The kick-off dinner will take place Friday, November 3, Catalina Vista. Members and potential members have recently received the application to participate this year, and will need to return it prior to that date.

Members of Prepare & Share enjoy getting to know some of their SCOV neighbors and friends who enjoy cooking and eating interesting food. Themed dinners take place monthly in members' homes. Since everyone brings part of the meal, it is not a huge effort for the hosts.

Themes for the four months will be announced at the November event, with the first meal being held in December.

If you have questions, or are interested in joining, please contact Debbie Kotlarek at the number shown above.

Our fall and winter meeting time is 1 pm. We meet when the air temperature is 77 degrees or warmer, as recommended by the Arthritis Foundation.

Our club performs gentle water exercises which target all muscles and are used by several health organizations to increase strength and balance, and to increase mobility/flexibility.

Water exercise is especially helpful for arthritis, fibromyalgia, replaced joints, etc. some new members have expressed their surprise at how quickly the first couple of sessions have already increased their ability to move, and others are commenting on improved stamina.

New members are always welcome. The yearly dues are \$5, and your first class is free.

Energetic Exercise

Pres. Anne Palmer 520-289-9140 palmersaz03@gmail.com

Members receive a monthly calendar that tells the focus for each day, such as aerobics, cardio tone or interval training. Equipment such as hand weights, resistance band or fitness circle adds variety and is always optional. Everybody moves at their own pace and adjusts to individual needs. Dress is exercise casual with sport shoes required. Membership in the Energetic Exercise Club costs only \$3/year, and then members purchase a 12-class punch card for \$30. Newcomers can try a first class for \$2.50, and maybe even stay for the coffee social at The Bistro every Wednesday. Members who feel ready to serve on the EE board are encouraged to step up now.

Exerciser Pieter Rooker is energized by a monthly medley of birthday songs.

The actual Pilates exercises result in benefits that can't be beat: better balance (fewer falls), more flexibility (joints move again), increased muscle tone (you're stronger) and more energy and well-being. The instructors oversee us at all times and have modifications for the most strenuous exercises for anyone with limitations. Cycling renews us. Getting outside in the clean air, taking in the incredible mountain views and biking with friends are some of the reasons we choose to live here. Oro Valley is one of the greatest biking destinations in the country. Wide streets, gorgeous bike paths, clean air and desert beauty draw cyclists from all over the country.

Cycling here is a dream come true for members of the Sun City Vistoso Cycling Club (VCC). With over 250 members and organized group rides four days per week, there's a ride for everyone.

We support three local charitable organizations: Wheels for Kids, El Grupo and the Interfaith Community Food Bank. VCC volunteers build or repair and deliver over 400 bikes to kids in the Tucson area every year through the Wheels for

Kids (WFK) program. WFK's 40 volunteers have delivered over 4,600 bikes to charities such as Boys and Girls Club, Casa de los Niños and More Than a Bed. New volunteers are welcome.

For more information or to join, please visit our website. Ride. Have fun. Be safe.

Treas. Jim Steinmetz 440-552-6173 vintner731@gmail.com
Tue., Thu., Sat., 8:30-10:30 am, Desert Oasis

POP Tennis is a game of strategy, ball control and consistency if executed well. More importantly, it's fun. Played on a 60 ft. by 27 ft. court, it utilizes tennis scoring with a softer tennis ball and paddles a bit shorter than tennis rackets. The smaller court results in less stress on the knees, while the underhand serve is much easier on the shoulders. We have players in their 50s, 60s, 70s and 80s. The one thing they all have in common is that they get good physical exercise while enjoying the laughter and camaraderie of the club. If you would like to check us out, stop over at the Desert Oasis any Tuesday, Thursday or Saturday morning at 8:30 am. If you like what you see, we'll let you get out on the courts to hit a few balls. Caution: Once you try it, you may be hooked.

This game may be beneficial to your health and wellness

Wallyball is volleyball played on a racquetball court. With three to five players on each side, it is fast, fun, and a great workout that tones muscles and improves coordination. Players use the walls to

create angles on shots but cannot use the ceiling or back wall of the opposing team.

We welcome new members, both men and women. Come see if the game is for you.

As the seasonal residents return, water volleyball becomes even more intense. Year after year players return for the fun and laughter. Come by and watch. You may be compelled to join in the fun so bring your suit. Before long you will be part of the group.

What is Halotherapy?

Also known as salt therapy, it is a natural, non-invasive therapy that involves inhaling microscopic salt particles.
