Memories of the Way We Were

by Joy Huxtable

As I look back on the past year, Barbra Streisand's song, "The Way We Were," keeps playing in my head. Some of the lyrics: "Smiles we gave to one another"... "Can it be that it was all so simple then?".... "Remember the way we were".... "Memories may be beautiful, yet what's too painful to remember, we simply choose to forget." These words resonate as I think about what our community has gone through.

In March 2020 SCOV, like much of the world, closed its facilities due to the pandemic, and as a result many long-planned activities and events had to be canceled for the health and welfare of our residents and staff. These changes to our normal routines were difficult. Many residents supported the reasons for the closures, cancellations and implementation of new safety protocols, while others disagreed. As the weeks and months passed and the increased number of COVID cases and deaths dominated the news, some residents started to chafe at the restrictions while others became more concerned for their health. The memories of what life was like before COVID when life was "more simple and people smiled more" were starting to fade.

Some residents became more critical of both the Board and Management. They were also less tolerant of their neighbors. Often the Board and Management would get caught in the middle of neighbors with different beliefs, each wanting the Board/Management to put a stop to the other peoples' behavior. What happened to our community that most of us thought of as paradise? As Barbra would sing: "It was all so simple then."

As I count down the final months of my three-year Board term, I reflect on the honor it has been to serve on the SCOV Board and this past year as Board President. I also remember the stress of serving during a pandemic and the toll it has taken on our members, staff and families. Nobody can adequately prepare you for the tough decisions you will have to make as a Board member or the criticism you will receive from some in our community. To say the past year has been a challenge would be an understatement.

Votes to elect new Board members are now being cast. It is a good time to remember that those running for the Board are not just residents of our community. They are our friends and neighbors. They volunteered to serve on the Board because they love their community and want to give back and help maintain its high quality, as well as work to meet the needs of future generations. Hopefully, next year's Board will have it easier as more people get vaccinated and life slowly returns to normal, or as Barbra would sing: "The Way We Were."

What Gives the Association the Right to Tell Me What to Do?

In a nutshell: the association declaration and state law.

Community associations have a governmental component. Like a city or county government, a community association has a charter—called the declaration. The declaration encompasses bylaws, master declaration and other documents that give community associations their legal foundation.

These governing documents obligate the association to preserve and protect the assets of the community. To enable the board to meet this obligation, association governing documents also empower the board to make rules and define the process for adopting and enforcing them within limits. Governing documents also establish parameters for the nature and type of rules the board can make.

State law gives associations the authority to make rules. These are called common interest community statutes, and they apply to condominiums, cooperatives and homeowners associations.

Remember, however, that the Board can't make or enforce any rule that is contrary to the governing documents, local ordinances, state law or federal regulations. Remember also that the Board makes rules on your behalf to protect your investment, your home.

The SCOV Board works diligently to fulfill its fiduciary duty using the tools of the governing documents. They spend many hours on your behalf governing and setting the course for the future of this community. If you get a chance, they could sure use a pat on the back and your encouragement.

It's More Than Living... It's A Lifestyle!

Oro Valley – An Arizona Gem

by Marsha Dean

SCOV residents know that living in Oro Valley is perfect for the active adult lifestyle. Sunny weather permits many year-round outdoor activities such as hiking, biking, golf, tennis and pickleball. If you venture outside SCOV, there's still plenty to do right in Oro Valley.

Outdoors

Just about a mile down Rancho Vistoso Blvd. from SCOV is Honey Bee Canyon Park. Experience the Sonoran Des-

ert, discover petroglyphs and other cultural treasures. The park includes three miles of hiking trails, a historic rock dam and rentable ramadas www.orovalleyaz.gov/Government/Departments/Parks-and-Recreation/Parks/Honey-Bee-Canyon-Park.

Catalina State Park sits at the base of the majestic Santa Catalina Mountains with its entrance off Oracle Road near Tangerine Road. The park is a haven for desert plants and wildlife and nearly 5,000 saguaros. The 5,500 acres of foothills, canyons and streams invites camping, picnicking and bird watching—more than 150 species of birds call the park home. The park provides miles of equestrian, birding, hiking, and biking trails which wind through the park and into the Coronado National Forest at elevations near 3,000 feet. Much of the surrounding area was burned in a wildfire in June 2020, resulting in the closing of some trails. See what's open before you go www.azstateparks.com/catalina.

Sports

With the Santa Catalina Mountains acting as a backdrop, you can enjoy golf in a spectacular setting. Right here at SCOV is the 18-hole [The Views Golf Club](http://www.theviewsgolfclub.com) which is owned by the Association and financially stable. Annual memberships are offered along with daily play open to the public. The course receives frequent recognition as a favorite in north-west Tucson www.theviewsgolfclub.com.

Southern Arizona's premier Oro Valley Aquatic Center features an Olympic-sized pool and a splash pad for kids. Teams from around the world participate in training camps, and USA Synchronized Swimming has hosted multiple events at this competition-level venue. Triathletes come here year-round to train for the swimming portions of their races www.orovalleyaz.gov/Government/Departments/Parks-and-Recreation/Facilities/Aquatic-Center.

In the center of town, Naranja Park is a popular 213-acre multi-use, family-friendly facility featuring an archery range as well as two dog-walking areas and two courses for walkers/hikers. There's an area for radio-controlled model aircraft along with two multi-use fields for soccer, rugby, lacrosse or football www.orovalleyaz.gov/Government/Departments/Parks-and-Recreation/Parks/Naranja-Park.

Entertainment

Spend your Saturday morning at the Heirloom Farmers Market at Steam Pump Ranch. Southern Arizona regional farmers, ranchers and artisan food producers participate every week. With an average over 30 vendor stalls and over 700 customers, this open-air farmers market offers high-quality farm products, and diverse local products www.heirloomfm.org/markets/oro-valley.

Oro Valley offers an abundance of restaurants—many are locally owned and offer unique southwestern fare. You can enjoy one of Tucson's oldest Mexican Food traditions at El Charro Cafe www.elcharrocafe.com/locations/oro-valley.

The Gaslight Music Hall is a local favorite and not far from SCOV. They offer a

wide variety of musical acts; many are tribute shows performed by local talent. During the pandemic, they have offered drive-in shows where patrons can enjoy great music in a safe, outdoor setting www.gaslightmusicall.com.

Many venues have been under COVID restrictions during the past year. Check before you go to confirm if facilities are open and what safety precautions you may need to observe. Enjoy Oro Valley.

COVID Vaccine

There has been much dissemination of information about vaccines over the past month. Many have braved the appointment registration websites with success. Some have experienced frustration. This endeavor to provide the vaccine to Pima County is on a magnitude that hasn't been seen in our culture for a while. Information about the vaccine can be found in many places. SCOV has provided a webpage since the beginning of COVID to keep you updated, not only on our work within SCOV to provide a safe environment, but with information from the Town, Pima County, the State and beyond. As the situation is ever changing, it may be helpful to visit the page again to review the updated information. The information regarding the vaccine is revised when new vaccination sites are made available to SCOV residents. As you may know, some of the vaccine comes from federal sources and some comes through Arizona State Department of Health Services via Pima County. Their rules are different. At the writing of this article, the federal vaccine can be given to those 65 and older while Pima County vaccine is targeting the most vulnerable starting with ages 75, then moving down to 70 and so forth. Keep checking our home page, www.suncityorovalley.com under Hot Topics and COVID-19 for the latest information and quick links to vaccine sites.

Is It Really a Year?

Hard to believe that COVID has changed our lives for a year. We hope that all the suggestions that have been put forth, along with Zoom presentations have brought some relief from boredom. Please contact me at psarpalius@suncityorovalley.com with any suggestions that you may have to enrich the lives of all residents. New ideas are always welcome and encouraged. Stay safe.

Email Housekeeping

If there is an emergency such as an irrigation water leak, SCOV staff will try to reach you by telephone. However, if we are unable to reach you, we will send an email to you. Sun City has recently installed new software, and your files were transferred from the existing software. However, we have experienced many instances recently where residents' email addresses are no longer valid. If your email has changed in the last year or so and you have not updated it with us, you could be missing out on valuable information concerning your property.

We have a new email address used for ARC and In-House Submittals which you should add to your contact list so our emails do not go into your junk mail. Please include this email for SCOV in your contact list and use it for any correspondence regarding submittals: scoroval@ciiramail.com. We appreciate your help in this matter.

kcusumano@suncityorovalley.com 520-917-8083

I am incredibly proud of the Library volunteers working since June to keep our Library open. Their performance in February was nothing short of heroic. The circulation desk has always operated with 100 percent volunteer power, but by mid-January there were fewer volunteers willing to come in, precipitating a return to curbside-only service and closing the building.

The requirement to quarantine every incoming item for 72 hours is overwhelming, and the shelves holding them are overflowing. If you've benefited from curbside pickup, you know Tuesday-Friday mornings (10 AM-Noon) can be hectic. For safety, volunteers now answer the circulation desk phone by using the speakerphone instead of the handset. It gets chaotic when three phone lines light up at once, requiring calls to be placed on hold and juggling back and forth between callers.

You would be amazed to see what's required of volunteers to get that book or movie out to your car. Our three-person morning team works like this: one volunteer answers the phone and calls out the patron's name, the next volunteer retrieves the item(s) and checks it out, and the third bags the item(s) and takes it curbside to the patron with a smile and a *Tipster* in hand. It requires a skilled and efficient team of volunteers to make this procedure work smoothly, while also answering calls for assistance with hold items and adding new residents to the system.

On Mondays, the Library lobby is open to residents for getting puzzles and magazines while following mask, hand-sanitizing and social distancing protocols. You can help us by learning how to use the online catalog or assisting a neighbor who can't. A "how-to" video to get you started or provide search tips to perfect your skills is on our website. Our Library is open because volunteers stepped up and met the challenge.

Randy Trenary, Controller

Designing Your Own Cardio-Focused HIIT Workout

Putting together your own high-intensity interval training (HIIT) workout can seem a bit overwhelming, so if you're unsure on where to start, follow these simple guidelines:

- Always start with a two-to-three minute warm-up.
- Select your total workout time based on how many minutes you can commit to the complete workout. The optimal time to perform these workouts is 25-30 minutes.
- Choose the intensity of your work segments. These work segments should last long enough for you to reach and maintain 80-95% of your heart rate maximum.
- Choose your favorite cardio exercises to perform during your work segments. These can be equipment-free, such as jump squats or mountain climbers, or include cardio equipment, such as a rowing machine or jump rope. Other examples include push-ups, sprinting in place, box jumps, burpees, jumping jacks or high knees.
- Determine your rest period time. Begin with 30-45 second rest periods and work your way down to 10-12 second rest increments.

Remember, HIIT workouts are more exhausting than regular endurance workouts, so proper recovery time is crucial to reap the full benefits. I suggest starting out with HIIT workouts one to two times per week coupled with your other workouts throughout the week, consisting of steady state cardio and strength training exercises.

It is always important to consult your doctor before starting any new exercise routine. Remember to start out slowly as you build confidence and feel more comfortable with each movement in order to prevent injury and maximize your cardio-focused HIIT workouts.

Architectural Review

Kris Ahlstrand 510-693-5502 ARC@suncityorovalley.com

Zoom meetings Second and Fourth Tue., 2 PM

An increasingly common complaint voiced to the Architectural Review Committee (ARC) is the diminishing mountain views as neighbors' trees and shrubs grow taller and wider. Please give thought to where you are planting trees, and if any will grow to obscure your neighbor's coveted and precious mountain views. Consider trimming mature trees that have grown into massive view blockers. The height limit for new trees in SCOV is 25 feet at maturity.

The palo verde is native to Arizona but is prohibited in SCOV. They can grow well over 30 feet high and equally wide. If a palo verde, or any prohibited plant, volunteers/appears in your yard, it must be removed. Many plants that were originally allowed in SCOV are now prohibited due to a variety of reasons including height at maturity. Know our Prohibited Plant List. See SCOV Development Standards, Landscaping Section 2.18. You can find our governing documents and community rules on the SCOV website www.suncityorovalley.com. Choose Members > Documents > Development Standards to read online.

Look for knowledgeable and helpful Master Gardeners in Pima County. They can be found at www.extension.arizona.edu/master-gardener. If you have questions about what trees to plant, how to cut them back, or which trees are drought tolerant, give them a call. They can also help you avoid selecting trees with root systems that can do considerable damage to your foundation.

The ARC is looking for members to join our team. If you are interested in guiding our community to preserve our lifestyle, please contact the ARC at ARC@suncityorovalley.com.

Are you a new resident or have you moved within SCOV? I use the monthly SCOV Resale Report to update the directory database. Those who have sold their homes are removed from the database, and the new owners are added as unlisted by default. This includes those who move within SCOV.

Why? Many people own more than one house here. Some of these multiples are temporary while the owner buys a new house and sells the old one. Others are permanent and used as rentals. And others are bought to rehab and flip. Thus, all new owners are unlisted by default.

To add or update your information, the preferred method is to complete the online form "To change your directory listing..." Otherwise, you can fill out an orange card at the Welcome Center. You can choose to have certain information unlisted in the paper phone book and/or online.

Vendors should email Susanna Moran to inquire about applying to be on the Vendor List.

Thank you for all the new and renewed memberships, and

especially so many extra donations included with your dues. This money goes directly to support Library programs and materials, including books, videos, and audios. Donations and dues are the only source of funding for our wonderful Library, and with both library book sales and video checkout revenue significantly reduced due to the pandemic, these donations are much appreciated.

While some of our winter and spring activities have been cancelled, we are proud to have hosted our first "Great Views" program, an hour-and-fifteen-minute video produced and narrated by SCOV resident Garry Buck on video gems in our Library film collection. A video link to this members-only treasure was shared with FOL members on Valentine's Day.

Membership runs from January 1-December 31 each year, so your membership now will ensure you are ready for our activities this coming fall.

Featured artists for this month are potters Jen Garvin and Melanie Stinson.

Jen's pottery story started when she retired to SCOV in 2017. "Once I got my hands dirty with clay that was it! Pottery feels similar to gardening, using mud and dirt to create something out of nothing. Creating garden art, totems, and bird houses is where I have the most fun."

Melanie started painting around age five and discovered clay in art school. "From the moment I sat at one of the wheels I knew I was hooked." After college, she started a studio in her home. "After a 20-year hiatus, I retired and wanted to pursue clay again. Luckily, we found Sun City in 2018. Pottery is my passion and therapy. Sometimes things happen without really setting a plan in my head. I think that is when creativity really happens."

Loan Room - Community Assistance

Chair Gay Russell
Third Thu., 3 PM, WC1; Loan Room hours: Tue., Thu., 8-9 AM
www.suncityorovalley.com/members/services/loan-room/

A year ago in the middle of March, the Loan Room closed and remained that way until July. During that time we opened on an as-needed basis for medical items for residents of SCOV. Since reopening, most of our loaned items have been medical with few visitors or parties among our neighbors. We are beginning to see an increase in requested children's

items and a few tables and chairs, in addition to a steady increase in medical items. We remain open on Tuesdays and Thursdays, 8-9 AM. Reservations can be made up to two months in advance either on our website or in person at the Loan Room. Masks are required, and we request you bring help with you to load or unload items from your car. We look forward to seeing you in the Loan Room, located at the end of the Cart Barn. Please recycle your aluminum cans in the blue bins around our neighborhood as this supports our free service.

Chair Martha Cray marthacray77@gmail.com
Second and fourth Wed., 10 AM, on Zoom

The purpose of our Committee is to develop and recommend to the Board a rolling 5-to-10-year plan to maintain and further enhance the quality of life for current residents, while ensuring SCOV remains competitive in attracting additional active, involved people to our community. Committee documents, past agendas and minutes are available on the SCOV website. Our meetings are open to all residents.

It Always Arrives

Spring always arrives, and the following are spring cleaning reminders concerning personal yards:

- Trees must be trimmed up at least seven feet over sidewalks.
- Plants should not extend out over sidewalks, and frost-damaged parts of shrubs and trees should be cut off and removed.
- Wildflowers are allowed until after they have bloomed, at which time they need to be removed.
- Cracks in driveways, sidewalks, and where the cement meets the asphalt in the street are the responsibility of homeowners to keep weed-free.
- Hedges, anywhere in the yard, are not to be over six feet tall.
- Make sure your house number is visible from the street and that all lights in the fixture are lit, so it may be seen at night.
- Outside light bulbs are not to exceed 250 lumens per Oro Valley regulations.

Thank you in advance for heeding the above and for continuing to take pride in your property.

www.scovaz.com/committees/posse/ (must be logged in first)

It is difficult to write an article not knowing when the Posse patrols will resume. Vaccinations have begun and some of our residents have gotten theirs. A few residents do not believe in vaccines. The only decision the Posse board has to make is how do we keep our volunteers safe? Do we begin patrols once all volunteers have been vaccinated? How will we know, as medical records are confidential. Do we wait until volunteers feel safe? Do we ask only volunteers who live together to begin patrols? Do we wait until the government tells us it is okay to resume all activities? This is not easy. Who knows what is best? For now, the Posse is still not able to begin patrols, as our goal of keeping volunteers safe is too uncertain. Please continue to look out for your family, friends and neighbors. Be safe and stay healthy.

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, via Zoom

It's been a year since the committee last met in person. For the past five months, we've met via Zoom and those meetings have been informative and productive. Better yet, the committee has continued to carry out routine tasks including Chalk Creek Wash, facilities inspections, solar system monitoring and special studies as deemed appropriate by the Board, committee or staff. We will continue to meet via Zoom. Please see the calendar on the SCOV website for scheduled meeting dates and times.

Tipster Editorial

Chair Karen Koopmans 520-818-6337 skkoopms@gmail.com

How do we prepare the *Tipster* for publication? The contributors submit articles on the SCOV website by the eighth of the month. Marsha Dean, our SCOV Communications Coordinator and editor, reviews the articles as she enters them into the *Tipster* format, highlighting issues for the editorial committee to consider. She chooses the color theme and cover photo. Next, she divides the copy into five parts for teams of *Tipster* editors to review—to ensure the articles meet *Tipster* Article Standards, are clear in meaning and useful to the community. Submitters are consulted if significant changes are needed. After team members have consulted with their partner, Marsha uses their edited copy to make the indicated changes. Next, the second draft. The chair and a member of the committee review the entire issue for additional editing. Marsha again revises the copy, arranges the ads and photos, and it's off to the printer. We work hard to present an attractive, easy-to-read *Tipster* to our SCOV community.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

It is no secret that golf can be played while maintaining social distancing, which has helped golf to thrive during the pandemic. When the virus forced lockdowns in March 2020, Arizona Governor Doug Ducey kept golf courses open by declaring them essential businesses. As part of his executive order, clubs had to close many indoor areas and facilities, but their courses remained open for business. For the most part, courses in the state did more than stay open. Many saw their businesses thrive and even expand in some cases. Virtually all courses have reported an increase in the number of rounds played since the onset of the virus earlier last year.

Golf is big business in the state. According to a 2016 study from the University of Arizona, golf contributes \$3.9 billion to the state's economy every year. And that number has increased to date. At The Views Golf Club, we were already trending in increased rounds of golf year after year. We continue that growth trajectory.

For whatever reason, whether it be curiosity, passion or mere boredom, more Arizonans are playing golf in 2020-

2021 than many years past. Even then, the older demographic typically associated with Sun City has not stopped playing golf despite the possible increased vulnerability to the coronavirus.

With mostly outdoor interactions and small playing groups, golf can adapt to even the most stringent social-distancing requirements. COVID-19 protocols make the game safer during the pandemic and are not changing the way golf is played.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

March is the beginning of the golf course maintenance busy season. The weather begins to warm up, and the chances of rain decreases. These changes in weather conditions lead to many new challenges on the golf course, including a growth surge of grasses,

Poa Annua seed production, and new construction areas starting to green up.

The warmer weather causes the soil temperatures to rise which releases more nutrients from the soil to the grass. The problem is the grass begins to grow faster than it can be mowed. This leads to higher fuel and labor costs for the increased rate of mowing, and more grass clippings that need to be cleaned off the fairways. The warmer weather also starts the Poa Annua bloom on the fairways. One of the ways to slow the grass growth and control Poa Annua flowering is by spraying a growth regulator.

However, the warmer weather also starts greening up the Bermuda grass that wasn't overseeded this past winter. The new greens will slowly start to grow and green up as the soil temperatures warm up. This growth will help regulate green speeds by adjusting mowing height and frequency, as well as start producing organic matter to help make them softer. Also, the non-overseeded aprons will begin to grow which will help smooth the turf around the greens.

The driving range tee will begin to grow in March as well. Golfers will be allowed off the mats as soon as the grass can begin recovering from divots.

Consider donating those shares to the Foundation and save on tax consequences. Don't need all of your coming stimulus check? Think of a donation to the Foundation. And of course, a cash donation is always welcome. The quality of life of all residents will be enhanced. If your club or organization has any specific needs, talk to one of the Foundation Board members as to how the Foundation can help you.

Do you have a *Thank You Corner* or *In Memoriam* submission for the *Tipster*? These can be submitted online using the *Tipster* Article Form at www.suncityorovalley.com/news-info/the-tipster/submit-article/

Pandemic Pantry

We have been surveying interest through "This Week In SCOV" for a possible cookbook of recipes born out of cooking that residents are doing during the pandemic. If you haven't submitted an interest form, please do so this month so that we can determine the feasibility of the project. This would be a professionally printed cookbook with recipes from residents in the community. With some cooking more and trying new recipes, we would love for you to share them. Please vote at www.bit.ly/cookbooksurvey. There has been great interest, but at least 200 submissions are needed to proceed with the project.

Please stop by the Clay Studio and Glaze Studio windows to see beautiful pieces of both thrown and hand-built pottery. For education purposes, we now have a glaze room window displaying examples of combination glazes. You have lots of fun when you mix things up.

At this time, we regret that we are still unable to hold orientation for those wanting to join the Clay Club. We are hopeful that later this year we will again be able to welcome new members into our club.

Sculpture

Pres. Laurie Lichaa 520-991-9953
Mon., 9 AM-5 PM, Catalina Vista/Art Studio

The Sculpture Club meets on Mondays in the Art Room in Catalina Vista and can participate in the Open Art Studio on Tuesday, Wednesday and Thursday from 9 AM-1 PM. If you are interested in becoming a member of our club, contact Laurie Lichaa, president. Club members have sculptures in the display case outside of the Art Room in Catalina Vista and in the SCOV Library.

The picture is a recently completed project by Dave Dame. He describes the three sculptures as his idea on modern Kachina heads. Dave mounted the Kachina heads, and then framed the work. Dave is highly creative; he started this project by sketching out his ideas on paper. He built the armature/structure and then applied the sculpey and added the details to the polymer. This project is an excellent example how you can make a sculpture that can be hung on the wall.

Did you know there are great benefits associated with sewing? According to a newsletter article last year in *MindFood*, sewing encourages mindfulness, reduces stress and anxiety, and improves eye-hand coordination. Additionally, sewing helps improve the brain's ability to grow new brain cells and also increases dopamine in the brain, which makes us feel more positive. Oh, and did I mention that sewing also helps fight dementia? By joining any of our sewing clubs listed below, you'll also be gaining new friendships and camaraderie. So, what's not to like about sewing? We always welcome new members. You need not be the creative type or know how to run a sewing machine. If you are interested in becoming a Thimblelenas member or learning more about any of our clubs, stop in to the Sewing Room during any listed club time when a monitor is available. See you there.

Button, button, who has some buttons? Casa Amigas is in need of buttons, but only one inch or larger, please. A couple of our members sew colorful, fabric makeup-size bags to donate to girls on the Tohono O'odham Indian Reservation in Sells, AZ. They add fun embellishments such as ribbon and large buttons. Right now we are in need of larger buttons. So if you still have a button jar, like many of us do, search for the large ones and donate to Casa Amigas. Please bring to the Sewing Room. Thank you in advance.

Tapestry Hooking and Fiber Arts meets Tuesday mornings in the Sewing Room. The group did not meet in February due to COVID, and we are not sure when the club will meet again. If you are interested in being part of our group or are interested when we will be meeting again, please contact Coni or Carrie. Our group is one of the groups under the umbrella of the Thimblelenas Club.

The picture is a recent tapestry project completed by Carrie Wiley using the picture above the tapestry. This is a quote from Carrie that was the inspiration for this project: "The landscape is of Cathedral Rock and Oak Creek from a vantage point

that we saw when hiking around Sedona." Carrie made the tapestry into a bench pad. Notice how she was able to use shading in the water to illustrate the reflection of the mountains.

Astronomy

Pres. Allan Mashburn 435-219-0042 scovastronomy@gmail.com
Oct.-May, Third Thu., 7 PM, Activity Center/Navajo
www.scovastronomy.com

The Astronomy Club is known for its outstanding speakers. One of our past speakers has just received an award which typifies the kind of international renown enjoyed by faculty of the UArizona Astronomy Department.

Professor Chris Impey just received the AAS Educational Prize by the American Astronomical Society for his educational impact both nationally and internationally over many years. The prize noted his outstanding teaching of thousands of students at UArizona and worldwide via the web, along with his countless talks and articles.

Many people know that the Dalai Lama has an interest in science and astronomy in particular. A few years ago he invited Chris Impey to teach a three-week course in astronomy for his monks. They became good friends. Chris later wrote a book about his time teaching the monks called *Humble Before the Void*. It is a great read.

It's been a tough year of trying to combat the virus but we're hoping that we're finally winning the fight. Meanwhile, here's an excerpt from "Point Me Toward Tucson" by Poets Corner member John Padgett that celebrates our city and

the way things used to be:

"...Give me a cup of coffee / and point me toward Tucson.
/ If we get there for breakfast / let's hit the Crying Onion or /
maybe Jerry Bob's. / If it's lunch time let's do Mexican, / go
to Marisco's, the Mosaic / or even to Lupe's up in Catalina. /
If we don't arrive 'til supper / let's do Italian at Guiseppe's / or
a steak at the El Corral... / We are anxious to see the sites
again; The Desert Museum, Botanical Garden, / or Tohono
Chul Park... / When I think of that good old town / I recall all
we've been missing... / So I've got a cup of coffee / and we
are rolling / on the road to Tucson.

Democratic Club

Richard Kopp 520-342-6633 richardkopp@mac.com
Second Sat., 1 PM, Activity Center/Navajo (meetings are suspended during the pandemic)

Most Arizonans can be proud of the way we hold elections in Arizona. Diligent work by county recorders and poll workers keep the vote accurate and secure, yet achieving the goal of holding free, fair and full elections remains a struggle.

Are there problems with voting security in Arizona? And, do we have instances of voter suppression? To help us understand the issues raised by those dissatisfied with Arizona's voting procedures, Secretary of State Katie Hobbs will speak to us at our March meeting on Saturday March 13, 1 PM. We hope you can join us on Zoom. Open to all.

Our treasurer is collecting 2021 dues. Please send \$10 with your name, email, address and phone number to Nate Norris, 13985 N. Sutherland Way. Oro Valley, AZ 85755. Thanks for joining.

This month features Pax. He came to Peggy Perkins as a seven month old foster through Portuguese Water Dog (PWD) Club of America Rescue. He brought with him a tremendous amount of baggage. She thought it would only be a short-term foster, because he was so young and would be placed quickly. He is her ninth PWD and the second one to come to her to be rehomed. Pax will be four in April, and though they are working through a number of poor habits, he knows his boundaries. He's come a long way but still has a ways to go; she feels so fortunate to be his forever home.

Currently, masks are required in SCOV buildings. We have guest speakers who cover a range of topics, and inform club members of VA entitlements and review relevant issues by email and during monthly meetings.

If you have a worn, faded or tattered U.S. flag, drop it by Mike LaBarbera's home, 2145 E. Bighorn Mountain Dr., and he will see that it is properly disposed. Leave it by the front door, wrapped inconspicuously, so the flag is not visible.

As we continue along with a minimum schedule, watch for news in club emails and in the SCOV weekly newsletter about dance lessons to complement our regularly scheduled Wednesday open practice sessions. The open practice sessions are held in the Auditorium and begin at 4 PM. Observe SCOV COVID guidelines for masks and distancing. Club members facilitate the sessions.

If you're cooped up and looking for a little something other than the daily walk or trip to the pool or gym, give ballroom a try. It's great exercise. It's great socially. Come dance with us.

Membership Marci Gutierrez marci.gutierrez57@gmail.com
Activities in Auditorium and outside

As of early February, the 65+ group in SCOV has not been able to sign up for COVID-19 vaccine. We have canceled dances through March. At our next board meeting we will discuss holding a dance outside in late March. Meanwhile, the two-step and swing classes are going well. We are holding classes in the Auditorium with masks and social distancing.

Stay safe, practice your dancing and look for Kactus Kickers on YouTube.

Exercise

Aqua Tone

Marcia Polley 520-818-9073
Irmel Wheeler 520-334-0957 (cell) irmel5596@gmail.com
Tue., Thu., Sat., 9 AM, AFC/Pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements performed in the water. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

We meet Tuesday, Thursday and Saturday, 9 AM in the winter, 8 AM in the summer, at the AFC pool. There is no fee to join the club or the class. The teachers are club member volunteers. Being able to do a basic swim stroke is very helpful. Items used in the class are buoys, boards, noodles, balls and a fitness band: you'll need to bring your own. A band can be purchased from Marcia for \$5. We assign an experienced member to a newcomer to help with learning the various movements. You will get a good workout in a fun class.

Arthritis Water

Pres. Sherry Olivier sherryolivier55@gmail.com
Sec. Joy Sawyer joymaesawyer@comcast.net
Mon., Wed., Fri., 1 PM, Oct.-Mar.; 10 AM, Apr.-Sep., AFC/Pool

Our club performs gentle water exercises designed by the Arthritis Foundation to help with range of motion, which are great for those of us with arthritis, fibromyalgia, replaced joints, etc.

Currently, we have a rotating schedule, which allows 19 of our members who signed up to fill the 15 pool reservations that our club is allotted for our classes. Unfortunately, we will not be accepting new members until after the COVID restrictions are lifted. The current pool restrictions have been very difficult to deal with, but we're happy that the pool is open. Please note: The outside air temperature must be 77 degrees or higher for the class to be held. We meet at 1 PM.

Energetic Exercise

Donna Clark 970-946-1048
Mon., Wed., Fri., 8-9 AM, Auditorium

Put a spring in your step with Energetic Exercise. Join with SCOV friends, new and old, as we enjoy a wonderful workout with instructor Sally Martinez. She really knows how to get us seniors moving.

Following the COVID directives now in effect, only 30 are allowed to attend. We are now using SignUpGenius for class registration. Each month members will receive an email with a link to sign up for classes. Resident members only. No late arrivals. We start promptly at 8 AM. Masks worn at all times. Bring exercise equipment for the day and a bottle of water in a small bag.

You'll enjoy the fun variety of aerobic and weight exercise plus lots of balance and stretch moves to help our bodies be strong and flexible. Whether you are a golfer, play tennis, dance or just appreciate being able to get around comfortably to your many activities, Energetic Exercise will help you be in better shape.

Unfortunately, we can have no new members or guests at this time.

Unused tickets may be used. New 12-punch cards will be for sale after each class for \$30 paid by check or cash (exact amount).

Fitness Swim

Contact: Dave Goodman goodman@sfcu.ca
Tue., Thu., Sat., 6:45-8 AM, AFC pool (suspended until further notice)

The Fitness Swim Club provides a vehicle for swimmers to participate in a group swim workout. We generally go 2,400 to 3,000 yards per workout, mostly freestyle. Some do more, a few do less.

Workouts are suitable for master swimmers, triathletes and those who would just like to participate in swim workouts. Please ensure you have medical clearance to participate in vigorous physical activity prior to joining. We welcome new members.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Understanding the principles of Pilates takes a little time and patience as some of the exercises are different from other forms of exercise, but they are fun, interesting and challenging. Pilates can actually become addictive. It teaches proper balance, breathing, focus on your core (your abdomen and back muscles) and movement control. The constant movement from one exercise to another results in developing more strength and stamina. Even posture is improved. The spine lengthens and joint flexibility and mobility increase. Two experienced instructors teach the mat Pilates classes and they will modify for individual issues, if necessary. The cost is only \$8/class and annual club dues are \$20 pp. Please stop by and watch a class. Call Mary.

March is the month when the cheerful Lucy's Warblers start hanging around SCOV. While often difficult to see, if you hear a new bird song and it seems to be everywhere, it is probably a Lucy's. Spending the colder months in Mexico, it comes north to breed in tree cavities or nesting boxes—

mostly here in southern Arizona.

We are an activity-oriented group, and all SCOV residents are invited to join us and learn more about the birds here in Arizona. Below is a list of upcoming bird outings. If you are interested in going on any of these field trips, be sure to contact the trip coordinator at least three days in advance for further details. Times listed are departure times from the back of the Administration building.

 The Pits at Catalina Vista

Hello fun. Welcome men and women. No experience necessary. Bring your own equipment. Easy to learn and the more you play, the better you get. Did you know seniors 70 and older pitch from a shorter distance with less effort and more accuracy? The shorter distance also makes the game more fun for women. YouTube has several videos of everything related to horseshoes. Check it out.

Good exercise, good people and friendly competition.

Pickleball

 VP Training Doug Brown wizisland@comcast.net
 Sun.-Sat., 8 AM-9 PM www.scovpb.org

Did you know pickleball membership in the U.S.A. has grown to over 3.46 million players? One of the fastest growing sports in the U.S.A., pickleball has simple rules and is a combination of tennis, badminton and ping-pong. Pickleball has a short learning curve. Both

singles and doubles can play. More and more tennis and golf players are taking up the game. Since this is an outdoor activity, it is great for social distancing.

The club has orientation and training for all stages of the game. We had 19 new members join in January with a membership of over 346. Even through wind, rain and low temperatures this month, we still had a total of about 1,600 members playing on the courts.

If you are bored staying at home, try playing pickleball. Our members are friendly and willing to help out, so you can improve your game. For more information, contact Doug and check our website.

The club has continued to postpone all tournaments and social events previously planned due to the coronavirus pandemic. Announcements will be made when these activities will be resumed. Fortunately, play continues during scheduled and open play times. All players are asked to continue the following safety practices: a) maintain social distancing, b) wear a mask except when playing and c) register when arriving for men's or women's scheduled times.

Our club and members are proud to highlight our support for three SCOV clubs that provide charitable services for organizations in our broader community. In January, our club raised a total of \$1,065 for Casa Amigas, which provides

Competitive Tue., Recreational Fri., setup 12:45 PM, play 1-3 PM, AFC/Racquetball Ct.
www.wallyball.us

The Wallyball Club wishes everyone a happy St. Patrick's Day.

With a little luck from the Irish, we may be playing again soon. But until we hear from the CDC and Association to say it's safe to be on the court, we will not be playing until then.

Let's all be safe and smart during this virus.

Wallyball is a fun game for both men and women to play. It's a great calorie-burning sport, and it helps build and tone muscles. It's good for your

balance, too. We normally play Competitive on Tuesdays, 12:45-3 PM, and Recreational on Fridays, 12:45-3 PM.

As we all wait patiently, think about joining us on the court, hopefully in the near future.

Please check our website or give one of our officers a call. Be safe and play safe www.wallyball.us.
