Getting the Message Out

by John Wilson

"The single biggest problem with communication is the illusion that it has taken place."

—George Bernard Shaw

One comment I've heard occasionally is that the Board needs to "improve communication" with the community. Effectively communicating with approximately 4,000 residents can be a challenge. I can assure you that we are exploring new approaches by which such communication might be facilitated, and you will be hearing more about that in the near future. So how is the best way to get information to the residents of SCOV? A very large majority of residents have signed up to receive the weekly email newsletter, "This Week in SCOV" (TWISCOV), sent out by our General Manager, Mr. Mark Wade. If you are not among them, I urge you to sign up for it at the SCOV website (www.suncityorovalley.com). Many who do not receive TWISCOV electronically get a hard copy, available at various places in our community. Surely, TWISCOV is a useful communication mechanism, and that is why I am periodically contributing what I hope will be timely comments for inclusion in TWISCOV. If you have a question or concern, please contact me at wilsonjend1961@gmail.com, and I will address it in a future issue of TWISCOV, respond directly or direct your inquiry to someone who might better respond to that inquiry.

"Little effort is needed to create a rumor, but a much greater effort must be made to deny it." —Eraldo Banovac

Certainly one important purpose for communicating is to quash unfounded rumors that arise. If unchecked, these can cause unnecessary dissension and confusion within our community. If you hear a rumor, whether it sounds outlandish or not (and believe me, I've heard some dandies), please ask for the source of that information. If it seems unreliable, is just "I heard" or "someone said," maybe you might want to check into it further. Or please let me know, and I will address it directly in TWISCOV or, if more appropriate, by a personal email response.

Thank you for giving these remarks your consideration.

General Manager - Mark Wade

mwade@suncityorovalley.com 520-917-8080

It's About that Time Again

About 35-40% of our residents will be leaving for cooler country very soon. We had snow clear down here at the end of February so no need to be in a hurry. I know from personal experience that the snow can fly clear until Mother's Day or later up north. If you are among those who will start their annual migration, I wish you well and hope your summer is full of safe travels.

Please remember to arrange for your home to be taken care of in your absence. This past year, the Association's Community Services Coordinator's office sent out 1,699 courtesy notices. This number is slightly up from the previous year by 8%. The landscaping around your home will need continued care, and everyone who remains on property throughout the summer appreciates the community looking good all year. It is handy if someone checks on the inside of your home as well. Be sure Administration has your emergency contact information just in case we need to contact you about your home during the summer. I have had to contact a resident who was in such a hurry to get out of town that they left their home with the doors unlocked and the garage door open. I'm sure glad we were able to get ahold of them by way of their emergency contact number.

If you are remaining in the community for the summer, I look forward to seeing you. Many activities will still be going on, so be sure and read both the *Tipster* and my weekly email, "This Week In Sun City Oro Valley" (TWISCOV). If you are not signed up to receive TWISCOV, please stop by the Welcome Center and the staff can help you get signed up. Also, remember to drink plenty of water and put on your sun blocker. If you are aware of residents who live alone, we appreciate neighbors who take the time to check in on each other to make sure we're all OK. It's one of the things that makes this community so wonderful.

Wherever you are this summer, please remember to beware of scams. They are everywhere, and many target our generation. We see it on the news with regularity. Let's be sure it is not us on the news, because we have taken extra caution when approached with "opportunities."

Safe and happy summer to all of you.

SCOV Library—A Community Favorite

By Kate Cusumano, Librarian

The Sun City Oro Valley Library is a dynamic hub of our active retirement community. With a 15,000-item collection that includes not only books, but videos, audio books, magazines and puzzles, we have something for everyone. State-of-the-art computer software enables residents to view our collection and reserve books and videos from a home computer, tablet or cell phone. Part-time paid Librarian Kate Cusumano directs a staff of around 50 volunteers who work a few three-hour shifts per month, leaving plenty of time for clubs and other activities. Artwork by residents, from paintings and wood carvings to gourd work and stained glass, is on display, and many pieces are for sale. Contributions from the Sculpture Club are the most recent addition.

Much of the furniture was made by members of the Woodworking Club, including the beautiful rolling book carts behind the circulation desk, and the endcap displays at the end of the rows.

The library runs on donations. The Friends of the Library (FOL) raise over half of the dollars used to purchase materials. Generous cash and book donations from residents are welcome and appreciated. The Institute of Learning in Retirement funded the computers and buys many books and educational videos. No money comes from the Association. The biggest fundraiser of the year is the eagerly-anticipated Spring Home Tour, which showcases ten SCOV homes that have undergone major renovations. Over 400 residents get ideas for their own home-remodeling projects by touring homes in the morning and afternoon and perhaps meeting at The Views Restaurant for lunch or happy hour afterwards.

The library also sponsors talks by authors throughout the year. Ten authors spoke last year discussing their latest books of fiction, history, medicine and mystery, including beloved bestselling local author J.A. Jance. An Art Lovers Book Club program is hosted jointly by our library and the

Saddlebrooke and Dewhirst-Catalina Public libraries. The FOL sponsored two successful Great Reads book talks this year and plans to make those a biannual event. The first focused on some of the best books of the last two years, and the second highlighted books of 40 authors featured at the 2019 Tucson Festival of Books. The large crowds at each talk show how much our residents enjoy reading and talking about books. Beginning last year, the FOL sponsored a bus to the Tucson Festival of Books for its members.

Cheerful volunteers are happy to help you at your library.

You might ask, "What does our library have that the nearby county libraries don't?" Easy access and personalized contact. You can walk or drive your golf cart, pop in after a swim, hike, play a round of golf or pickleball game. We treat you like a neighbor, because that's what you are. Is there a book or movie you'd like us to purchase? Write it on the Request List. Over 70% of requested items are purchased. Are you temporarily laid up after knee surgery or another injury or illness?

Let us know if we can pick up your overdue items or bring you something to read or watch while you heal. Forget to bring your SCOV facility card? No problem as long as you're in our database. You can even use your key fob to check out items. In addition, the collection is specifically tailored to our demographic, and our waiting list is normally much shorter than the public library.

Our library, with its beautiful quartz-topped circulation desk staffed by two smiling volunteers is definitely a hub for the community. Residents stop by not only for books, videos, magazines or puzzles, but to pick up a *Tipster*, get free tickets to author events, read the *Wall Street Journal* or The Sunday *New York Times*, find out what the SCOV Book Club is reading, get a Tootsie Roll or chat with friends. We love being one of the first stops on the Ambassador Tours. Stop by for a book, a movie, a chat or a Tootsie Roll soon, neighbor.

Distinguished Service Award Recipients: Jack and Sally Evert

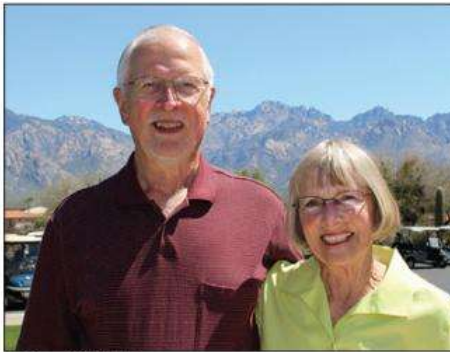

By Ted Hood

The Board of Directors voted unanimously to honor Jack and Sally Evert as the 2019 recipients of the Sun City Oro Valley Distinguished Service Award.

Both Jack and Sally have demonstrated extraordinary volunteer service for the betterment of SCOV. Jack and Sally enthusiastically embrace the guiding principles of SCOV. They are well informed on key community and financial planning issues and promote intellectual and service programs. Jack and Sally go beyond just serving, they have served with a passion for over 17 years for the continued well being of our community.

Jack has served on the Board of Directors from 2008-2011 and was appointed to the Board to fill a vacancy in 2018. Jack also chaired the Long Range Planning Committee, Properties Committee, Government Affairs Committee and the Chalk Creek Committee. Jack has also been a member of Special Projects, ARC, Nominating, Elections and the Prevail Committees.

Sally is chair of the ILR Sampler Committee, a member and past chair of the GAC, former member and co-chair of the ARC, and current co-chair of the Future Housing Committee. Sally serves as secretary of

Jack and Sally Evert

the Seniors For Kids Club which acts to serve needy children.

Both Jack and Sally have been members of the Posse for 17 years, and volunteer for events like the Pancake Breakfast, ILR Samplers and the Great Discussions group.

Jack's volunteerism on the various committees has had a direct impact on the SCOV community by improvements to the Chalk Creek erosion problems, installation of the solar panels, revenue produced by the AT&T cellular lease of the Clock Tower, and the establishment of electronic voting for SCOV elections.

Sally helped to revitalize the Government Affairs Committee into a viable resource for the community. Most importantly, Jack and Sally totally support each other on their various committee assignments.

Jack and Sally Evert didn't just win the Distinguished Service Award through 17 years of continuous service; they earned it.

Congratulations to Jack and Sally Evert.

SCOV Awards

Thank you for the great response to the vote for Best of the Northwest. The Views Golf Club took first for Best Golf Course. In the category of Best Oro Valley Restaurant, The Views Restaurant took 1st. Sun City Oro Valley came in 2nd behind Splendido for Best Active Living Community. Congratulations to the golf course and restaurant for being the best. We already know this, but it's nice to share the news with Northwest Tucson. The award logo you see above is used in our marketing.

SCOV has received other awards as well. In 2018, both the homeowner association and the golf course, were selected as first by the Reader's Choice, an award presented by the *Arizona Daily Star* newspaper. Another award from 2018 was from 55places.com, a website for active adult living, voted SCOV as one of the most affordable places to live.

Awards and recognition is well and good, but the real winners are each of you who are a part of this vibrant, healthy community. Thank you, again, for all you do to make SCOV a wonderful place to live.

Winter to Spring

As I write this, I have no idea what the weather will be like on April 1. I do know that, soon, many of our winter residents will be returning to their other homes. We wish them safe travels. It is also the time that clubs start to vote on new officers/leaders. Remember to turn in the names of new officers and club rosters to Coco Sullivan. If you no longer want to receive messages for club presidents/leaders, you need to go to the SCOV website and remove your name, using your password.

Landscaping Suggestions

If you are one of the residents who escapes our upcoming late spring/summer heat, we really encourage you to consider engaging a landscape maintenance company to attend to your yard during your absence. By doing this, you are being considerate of your neighbors and avoiding any Courtesy Notices sent by the Association. If you are new to our community and have not yet experienced the monsoon season and its ramifications, be aware that weeds, debris and suckers want to take over if not addressed on a consistent basis.

Another consideration: if you have not already applied pre-emergent to your property, it is not too late if you make sure to water it in once it is applied. This watering is extremely important to the efficacy of the product. Talk to your landscaper about the different products and their effectiveness in our region.

Throughout the year, our office receives many complaints on the condition of landscaping at rental properties. If you depend on a renter to pull weeds, clear yards of fallen plant/tree debris and cut off any suckers as part of your lease agreement, our experience shows that often a renter does not feel it is a priority. We suggest that you include professional landscaping services as a part of your lease.

Library usage was up from October 2018 through February 2019. In addition to a 6% increase in circulation and a 7% increase in patron visits, the number of online patron visits went up 27%. This last statistic contributed to a 26% increase in completed reserves, or items placed on hold and successfully picked up. It is heartening to see this strong increase in the number of patrons who have learned how to take advantage of our many online capabilities. For those of you still hesitating, did you know that when you have an account with the library you can access our database from the comfort of your own computer or device to accomplish the following?

- Search the library catalog
 - See a list of new items
 - Place items on hold or cancel hold items
 - See what you have checked out and the due dates
 - Create a wish list of items for future checkout
 - See a history of all items you have checked out which can be sorted by author or title

Obey Cardio Machine Time Limits

During busy times of day, many gyms limit cardio sessions on machines, usually to 30 minutes. Refusing to step off af-

ter your designated time impacts the person waiting behind you and simply isn't fair. Cardio machine time limits are put in place for a reason, as they ensure the opportunity for every exerciser to make the most out of their time at the gym, especially during peak hours. You want to train smarter, not longer, so if you're hopping on the elliptical with a 30-minute time limit, make the most out of the time you have by kicking up the intensity with intervals. Many studies show these shorter workouts burn more calories for hours afterward. Any questions about Association-sponsored fitness classes, call Lonnie Davis, Fitness Supervisor, 520-917-8073.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2. Tuesday, April 9, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, April 10, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Association Committees

Help Needed

This Help Needed section seeks volunteer help for various Association Committees. You must be an owner/resident to serve.

Neighborhood Pride Committee (NPC) is seeking residents who are interested in keeping our community beautiful. Do you take pride in living here? If so, the NPC could use you as a member. It takes 3-4 hours a month to serve on the committee. Owning a golf cart is not necessary, but it would be helpful. If you are interested and would like to join us, or if you have any questions, call Tempe Johnson 825-6994, or Katy Mosier, staff liaison 917-8058.

First Wed., 11:30 AM, WC1
afc@suncityorovalley.com

Use of the gym and pool continues to grow as residents realize how convenient it is to use the clean, well-equipped work-out and recreational facilities. The number of visits to the AFC has more than doubled from 6,069 recorded visits during January of 2008 to 12,694 in January of this year.

Discussion of recommendations for further improvements took place at the March meeting of the AFC Committee. These included adding additional equipment, such as another a rowing machine to the gym and an additional hot tub to the pools.

Some usage restrictions were also discussed, since it became necessary to sanitize both the main pool and the Desert Oasis pool due to foreign matter found in the pools. Age and maturity of children who are guests was considered and will be discussed at the April meeting to determine if further restrictions are needed. Sanitizing the pools requires that they be closed and shock chlorinated, which is both inconvenient and costly.

Architectural Review

Lorie Puffett 415-902-1133 lpuffett@gmail.com
Second and Fourth Tue., 2 PM, WC3

Architectural Review Committee (ARC) needs you. We are seeking several volunteers to join the ARC. The committee is responsible for ensuring that all changes, improvements and alterations to SCOV lots conform and harmonize with the existing surroundings, residences, landscaping and structures. We meet twice per month to consider homeowner applications for exterior improvements to lots. Committee members are also expected to meet with homeowners prior to meetings to discuss proposed projects. Another ARC function is to act as the first level of appeal for disputed complaints. Committee members must also be or become familiar with the use restriction and architectural control sections of the Master Declaration and with the Development Standards. Interested? Please submit an application at www.suncityorovalley.com/members-login/committees/.

Community Directory

Chair Lisa Collins 812-344-4773 scov.community.directory@gmail.com
www.scovaz.com/members/services/directory/

Did you know SCOV pays nothing for the paper directory? The publisher finances it with ad revenue, but as more peo-

ple use the Internet, fewer businesses buy ads in directories. At some point, the publisher will quit. We will then need to decide if we want to pay for a paper directory ourselves. In the meantime, let directory advertisers know that you use the directory and appreciate their support of it.

Did you know our directory is on the SCOV website? Find your neighbors' names, or all the people from your hometown, or whatever you seek. The incremental search box will display results as you type.

Are you included in the directory? New homeowners are unlisted by default. To add or update your information, complete the online form "To change your directory listing..." or fill out an orange card at the Welcome Center. You can choose to have certain information unlisted in the paper directory and/or online.

Food and Beverage

Chair Barb McNeill bjmac68@gmail.com

Oct.-May, First Fri., 2-3 PM, The Views Terrace

The Food and Beverage Committee is researching several projects for recommendations which will result in improved conditions and added ambiance to The Views Restaurant.

Bistro lights will be added on the patio. Permanent infrared heaters are planned for the terrace, as well as an additional sun/shade screen. More portable heaters will be moved to the patio for the busy winter season. Noise abatement solutions for the lounge are in progress.

A covered, raised herb garden outside the northeast side of the terrace is on the wish list. We hope to have rotating resident art throughout the restaurant to improve the ambiance. A professional hanging system must be purchased for this project. While not in the current budget, with the introduction of Friends of the Restaurant (FOR,) we hope you will want to help with donations toward these projects. More information will be available as we continue to define FOR in our Food and Beverage Charter.

Friends of the Library

Lynne Davis lynnedavis100@gmail.com

Pat Brown patbrown630@gmail.com

This winter season has been an active period for Friends of the Library, and the board wishes to thank all of the volunteers and the community members who have participated in the activities. Our SCOV Library has a wealth of books, videos and more, all because of the generosity of this community. We celebrate volunteers in April, and we will begin planning for another winter season of fun.

Gift Shop

Co-Chairs Don Jovag 520-762-6030, Elaine Deeter 520-825-5388

Gift Shop 520-917-8051

Shop hours: Mon.-Fri., 9 AM-4PM; Sat., 9 AM-12:30 PM

www.suncityorovalley.com/gift-shop/

Spring is here and the Gift Shop is blooming with new items for gifting and beautifying your homes. Featured artists for April are Don Jovag and Joan Kelley.

Don is well-known for his food-safe wooden bowls and platters that feature intricate designs he creates with different colors and varieties of wood. When you actually feel one of these bowls, you get an appreciation for the quality of his work and his meticulous attention to finish and detail. Don also makes platters, urns and segmented wooden bracelets.

Photographer and potter, Joan Kelley, makes decorative and functional clay items as well as photographic greeting and note cards. Although photography has been her second nature, a love of

Don Jovag and Joan Kelley pottery has taken over for the past 18 years, balancing mud play with clean digital imaging. Check out her cards with yawning bobcats and prancing quail as well as her varied pottery pieces.

Government Affairs

Chair Laura Dore 520-338-1016 lucylb53@comcast.net

Second Wed., 1 PM, WC1

The Government Affairs Committee invites politicians or subject matter experts to provide educational forums for SCOV residents. Topics may include water and land usage, utilities, taxes, safety or other issues impacting the quality of life in our community. Residents who have topics of interest may submit ideas to Laura Dore.

Greens Reconstruction

Chair Howard Schulz schulz2008@outlook.com

See online Board and Committee meetings calendar for dates/times

Questions you asked at the Greens community forums:

With the changes to the greens, will irrigation systems need to be moved? Fourteen of the greens will remain within the current irrigation network. Four will have minor extensions (including the putting green) to the existing irrigation system. The green on Hole No. 11, will have a new irrigation system. This new green location will move play and golf balls away from the homes located on the left side of the hole.

Is the cost of \$1.2M in 2020 dollars a firm number? This cost was developed after receiving budget estimates from three construction firms that do this type of work. Our architect has worked with all three firms on greens projects. There were 25 similar line items detailed in each cost estimate. The budgetary numbers were within 15% or \$175K of each other. In December 2019, detailed design drawings in the form of a request for proposal (RFP) will be sent to contractors who do this type of work, and final bids will be requested.

Who will be on site to monitor workmanship and supervise greens construction? We have a contract (included in the \$1.2M) with Mike Gogel, our golf course architect, to oversee construction work and grass grow-in. He has experience as a contractor who does this type of work and experience as an owner's representative to ensure that quality and costs of the project are successfully monitored. Our General Manager will have ultimate oversight of the project.

Loan Room - Community Assistance

Third Thu., 3 PM, WC1; Loan Room hours: Tue., Thu., 8-9 AM

www.suncityorovalley.com/members/services/loan-room/

These next weeks are some of the busiest of the year for the Loan Room, so we suggest you make reservations as early as you can. Many of our children's items are already spoken for, as our residents have family visiting for spring

break. The Loan Room has medical items of all types available to our residents in addition to rollaway beds, mattresses, tables and chairs, car seats, pack 'n plays and high chairs. Our website has a more complete list of items for loan. Your SCOV card is necessary to make reservations or pick up items. Please feel free to come and see what we have in your Loan Room.

Marketing

Chair Pete Coy 360-739-4100 petecoy@gmail.com
First Wed., 2 PM, WC1

Some of the new marketing ideas that are being explored by the Marketing Committee include an online apparel site where residents can order SCOV apparel from the website, steps to reduce rumors in our community such as an active FAQ button on the website, podcasts to provide information to residents and prospective buyers, a new web video of SCOV and a revised committee charter. We are also discussing how to create more diversity in our community through our marketing efforts. Our next meeting is Wednesday, April 3, 2 PM, WC-1.

Neighborhood Pride

Chair Tempe Johnson 520-825-6994
Third Tue., 2 PM, WC3

Yes, It's Here

Spring did get here, and it's time to make sure those empty pots in front yards are filled with living plants, cactus or flowers. With all the rain we had early this year, weeds are popping up everywhere. When weeds are small, they are easy to remove. Wildflowers are allowed in our community until after they finish blooming, at which time they too need to be removed. Trim any trees that block stop signs or shrubs which overhang the sidewalk or street, as they also grew during our winter rains. Remember, no artifacts of any kind are allowed in front yards.

Winter residents should be sure that someone maintains your yard during the summer months, so your home looks cared for while you are away. Do notify Administration of your summer address in case they need to reach you. Continue to take pride in your property even when you are not on site, so that it will look just as nice upon your return as when you left.

What is an artifact? Statues, depictions, artificial flowers, decorative yard ornaments or other man-made artificial decorations are not allowed in front yards. They may be placed on top of front or street-facing courtyard walls. Refer to Development Standards Section 2.17 xiv.

Posse

Chair Larry Clark 520-404-7664 2larryclark@gmail.com
First Tue., 3 PM, Desert Oasis
www.scovaz.com/committees/posse/ (must be logged in first)

The weather has warmed up, and our reptile friends are out and about, maybe inside your garage if you left your door up last night. The Posse patrols your neighborhood every night, and if we find your garage door open, we will call. Last year we found 719 open doors. Please be sure we have the correct phone number for your address and let's keep those doors down.

Preserve and Enhance Lifestyle and Property Values

Chair Don Stewart 618-980-3878 bethsdad81@gmail.com

Your Piece of the Puzzle. Your 1/2488th.

When you purchased your home in SCOV, you purchased a fraction of a community. Conceptually, you purchased a fraction of an activity center, a fraction of an aquatic and fitness center, a fraction of the common areas, a fraction of the sports courts, a fraction of the restaurant, a fraction of the golf course. You are not asked to maintain any of these pieces of the puzzle, your annual HOA payment does that for you. However, you also purchased a fraction of the view that we all moved here for, and the community expects you to maintain that piece of our puzzle. This would not be the case if you purchased a home with nothing or no one around you for miles and miles. But you didn't. You purchased a piece of our community.

Imagine this: picture a puzzle with 2,488 pieces, fully assembled, with one piece missing. You would probably return that puzzle to the store and expect a refund of your purchase price. And rightfully so.

SCOV's true value is the sum of its (puzzle) parts.

Next meeting is Friday, April 5, 3 PM, WC1.

Properties

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, WC1

The Chalk Creek Wash is the largest wash in our community. In the past, heavy storms caused damage to the wash and golf course in addition to threatening homes. As a result, a program was established to maintain the wash and minimize the threat from heavy storms. A key element to the ongoing maintenance of the wash is a series of inspections to determine the condition of the creek and identify potential threats to surrounding properties. The Properties Committee together with HOA staff and experienced experts in these matters participate in the inspections. The Properties Committee works on a variety of tasks like this during the year. Our next meeting will be Thursday, April 18.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

It has been an interesting fall and winter season with the worst weather on record for cooler temperatures, rain, and even closed a couple days for snow. Here it is, already April, and some of our residents are heading back to their other homes. Hopefully we will get back to our normal beautiful golf weather and enjoy the rest of this month.

If you like playing golf in the afternoon, please look for a very special promotion later this month that will be available

to purchase for only 13 weeks. It's a promotion that will last for a few years to encourage our residents and guests to play afternoon times that would be available throughout the year.

The Greens Reconstruction Committee has been diligently communicating the progress to the community on the greens project. We ask for your continued support especially from all our community golfers and annual pass holders during the construction period. The schedule for reconstruction of the greens would start in the spring of 2020 through overseeding. We would reopen the entire course and greens in October 2020.

However, I just want to be clear that the golf course will not be closed during construction. Once the project begins, the golf course will be open for play as a par 70 with a maximum distance of approximately 5,500 yards. We will be preparing the temporary greens well in advance in order to provide the best quality putting service possible.

The greens project is essential to the long-term success of our community and golf course. Thank you for your support.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

April is the time of year the golf course begins the transition from the overseeded winter ryegrass to the underlying Bermuda grass. The goal is to slowly remove the ryegrass and promote the growth of the Bermuda grass while still providing good golf course conditions in May and early summer.

The process of transitioning from the winter ryegrass to summer Bermuda grass involves many steps that actually starts in September and lasts until the Bermuda grass is healed in July. Seed rates have been greatly reduced over the years to provide less competition between grasses. Fairways are being rotated to skip overseeding allowing extra time to recover. Overseed preparation is significantly reduced to prevent injury to Bermuda grass before seeding even occurs.

Irrigation is monitored very closely to prevent injury to the Bermuda grass in late spring as the temperatures start to rise. If the ryegrass is watered too heavily, the underlying Bermuda grass gets weaker and declines. If the ryegrass is not watered enough, the salts build up in the soil also leading to Bermuda grass decline.

A mix of chemicals are applied starting in March to weaken the ryegrass. This reduces competition and allows the Bermuda grass to come out of dormancy easier. A different chemical is then used in May to completely remove the ryegrass and poa to allow the Bermuda grass a chance for full recovery.

Overall, the golf course should continue to have better playing conditions during the early part of summer. Any areas that still need to be repaired will be done in June and healed by the middle of July.

Golf Advisory

Chair Doug Kimble 520-825-3172

First Wed., 2 PM, WC3

April is a month we should all enjoy. The Bermuda grasses are green and growing; the tight lies are not so common now. The golf leagues are finishing up their league tournaments this month. There will continue to be a lot going on for anyone interested in playing in golf leagues. The Pro Shop will continue offering many golfing events such as casual golf, chipping and putting, clinics and other fun golfing events.

A thank you goes out to all who have served on the Golf Advisory Committee this year. We are an important communication link with the golfers, nongolfers, Pro Shop, maintenance crew and administrative staff.

Enjoy our wonderful golf course and take pride in it by fixing ball marks on greens, divots in fairways, raking sandtraps, and using golf etiquette.

Clubs at SCOV are only as good as the members within the clubs, and the 18-Hole Women's Golf Club is no exception. Rob Ransom and Eileen Buskirk and their fabulous committee with the support of the whole community were proud to announce that Change for a Cure raised \$16,377.50. Give yourselves a hand if you were one of the many who donated money or time for a worthy cause. We thank you.

March 5 finally brought a beautiful day for annual Member/Guest Golf Tournament.

Thirty-two teams enjoyed golf, lunch and plenty of prizes and the ever-popular money tree. The event was co-chaired by Patti Thompson and Cathy Morrow and a slew of helpful hands from the club. That's the thing that is so special about our club; ladies are always ready to pitch in, no matter the tasks. Thank you, ladies.

We are in the process of finishing up the President's Cup matches with only a few left before we congratulate the winner. Our Club Championship was decided the end of March. April will bring a changing of the guard with a new team of officers to lead us into 2020.

Our club has had the pleasure of being invited to other local 9-hole invitationals at The Highlands, Mountainview and Ventana Canyon; another great reason to join us.

I would like to thank you all for the continued support we have received. I am truly thankful for the comments and gratitude you have shown my team. I would like to boast about them for a few moments. First and foremost, we have received our first "perfect" on quality of service ever. That means that every comment card we received for the month was marked "meets expectations." Second, we have had a 97% satisfaction rating for food quality. Those two things make or break a restaurant. The rest we continue to work on. Included in our business plan is addressing the decor and noise levels of the restaurant. I personally look forward to seeing this restaurant thrive in the way all residents envision it.

Art League

Co-Pres. Caryl Thornton 520-638-7024, Carol Nagel 520-825-3097

The mission of the Art League is to create a good-looking exhibit with the works available for a particular show. Good placement, good lighting or a premium spot cannot be guaranteed. The participating artists understand the restrictions of the Activity Center and the Desert Oasis facilities and cooperate fully with the decisions of the Art League.

For April, in the Activity Center, the theme is "Up Close." We are sure this exhibit will intrigue our SCOV community and their guests. The Clay Club will refresh their display in the Desert Oasis.

Next month will feature another theme show in the Activity Center, "Adobe Structures." For the members of the clubs who belong to the Art League, it is time to get those creative juices flowing.

Tuesday, April 9, Clay Club members will travel to SaddleBrooke for a morning of pottery sharing. In addition to all the fun, this event allows our two clubs to share enthusiasm, amazing clay art, new project ideas and cutting-edge techniques. Be sure to keep an eye out in the Clay Studio for details of this event.

It gives us great pleasure in knowing the exhibits are well received by the SCOV community. Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and

graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials.

Learn from certified instructors at your own pace and make creative arrangements for your home.

At our meetings, you will see what we are about, and you may enjoy a cup of coffee and a sweet roll. From time to time we schedule field trips of interest to modelers.

Mon., 9 AM-5 PM, Catalina Vista/Art Studio

The clay sculpture group meets Mondays in the art studio in Catalina Vista. Stop by and see the projects in process and completed projects in the display case. Aleda Haug is teaching a class for members on sculpturing the human body. Participants are learning to sculpture a head or body. Along with the class, she is showing films that illustrate the structure of the human body starting with bone, then the muscles and finally adding the skin. Members are replicating this process with their clay sculpture. Class members are learning how complex the human body is and how it changes with movement. Thanks go to Aleda for providing her time and expertise in helping us learn to refine our sculpting skills. Feel free to stop by the studio to see what we are doing.

Pfaff Training Mel Wheeler 520-334-0957
Mon.-Fri., 9 AM-Noon and 1-4 PM, Sat., 9 AM-Noon, Artisan Center/Sewing

The Sewing Room has really been humming lately. As you can see by reading the articles below, there are lots of things being made, and everyone has a good time doing it.

Our HQ Sweet 16 quilting machine has been billed as the "best selling sit-down quilting machine." Regina Bechard gives excellent training on the quilting machine, and its popularity is growing. Any Thimblelenas member can be trained on this machine. Stop any time the room is open to learn more about us. Monitors on duty are always happy to give you a short tour. Seasonal residents and renters are welcome to join us. For your convenience the Sewing Room is open for general use Friday, 9 AM-Noon and 1-4 PM, and Saturday mornings.

If you are leaving for the summer: be sure to cover or leave running any water feature in your yard to avoid stagnation and mosquitoes.

Casa Amigas

Sigrid Flatness 425-213-6689
Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

Our Casa members have taken on a new project. We will be making sleep sacks. These are wearable blankets and will be made out of fleece for the colder months and of a lighter fabric for the warmer ones.

Some of these sleep sacks will go to the Sunrise House on the Tohono O'odham Nation and others to "More Than a Bed" which supports foster, kinship and adoptive families and the children in their homes by providing for practical needs.

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com
Wed., 1-3 PM, Artisan Center/Sewing

As May nears, our Cheer Bear group is losing its many winter workers as they head back to the cooler parts of the country. We will be suspending our meetings in May. That doesn't mean that all work will cease, but it will greatly decrease.

Our newest project is to make weighted Cheer Bears that were requested by Leslie Chace for the Casa de la Luz hospice facility. The added weight comforts the patients and calms them during their anxious moments. This project will be in conjunction with the Cheer Bears we make that are stuffed with poly fiber fill and donated to the children. It is warming to see the bears are expanding in demand.

If anyone would like to join us again in October, mark your calendars for Wednesdays from 1-3 PM in the Sewing Room at the Artisan Center. We can always use more hands to bring the love from our donated materials.

If you are cleaning out closets, we can use large pieces of washable/dryable fabric (nothing smaller than 16" x 16") for the pillow cases we make. We snip fabric sewing scraps and add fiber fill for those soft, warm beds for the Humane Society. Both the cats and dogs waiting for adoption there or in foster parent's homes appreciate the beds we make. We

have a great time talking, snipping and stuffing. Why not join us? A \$5 check made out to Thimblelenas will enable you to be a member for 2019.

Quilters

Carol Guibert 520-404-1462

Second and Fourth Tue., 1 PM, Desert Oasis/Ocotillo

Our quilt show was another outstanding success with large crowds both days. It takes many hands to put this together each year and a big thanks to everyone who helped.

Our raffle quilt was won by SCOV resident, Verne Luther, who had just celebrated a birthday; so this quilt was an added gift. Many of our members are leaving for the summer, but we will continue to have our bimonthly meetings with Penny Burroughs giving a class on incorporating a panel in a quilt. Signups are at the meeting.

Most of our members draw their chosen design onto the material used for hooking. The design transfer does take some time and might sound intimidating. There are kits available for purchase online that come with a design printed on the material and all the wool or yarn needed to complete the project. Carrie Wiley has completed several projects that were purchased as a kit. The picture with this article is her most recent project using a purchased kit. Carrie would be happy to share information about her experience using kits.

Astronomy

Pres. Allan Mashburn 435-219-0042 scovastronomy@gmail.com
Oct.-May, Third Thu., 7 PM, Activity Center/Navajo
www.scovastronomy.com

Thursday, April 18, Dr. Glenn Schneider from the U of A Steward Observatory, will teach us how his team, using spectrometers and various scientific instruments, searches for habitable planets. Habitable planets, circulating distance stars, can be identified as not being too hot or cold and have the necessary chemical make-up to substantially support life. The Kepler telescope ran out of fuel in October and was an important tool in astronomical planet research. Astronomers are looking forward to NASA's James Webb Space Telescope due to launch in 2021.

The question is no longer, is there life beyond Earth? It's a pretty sure bet there is. The question is, how do we find it? Today we have confirmed 4,000 exoplanets. There are more planets than stars. There are 100 billion stars in the Milky Way alone and at least 25 billion places that life could take hold and our galaxy is one among trillions.

Poets Corner

Sharyn Rafieyan 520-825-6762 srafieyan@comcast.net
 Mon., 9:30-11:30 AM, WC3

Poets generally employ figurative language to express a feeling that delivers a message. In "Dreamers" Poets Corner member, James Pavlakis, uses the title as an indication of what the poem is really about, although it, too, is subtle and conveys more than one meaning. Its seeming simplicity belies the underlying complexity and depth. It begs to be read more than once and calls for reflection:

"Sound asleep / some boys and girls / silver and gold / glide up and away / through a high, bright-blue sky

Wide awake / other boys and girls / copper and bronze / lean into the dark and stare / not gliding anywhere"

New members are always welcome.

Second Sat., 1 PM, Activity Center/Navajo

Karen Cesare, Central Arizona Water Conservation District Board Member, is the guest speaker for our April meeting. The Central Arizona Project (CAP) is a 336 mile long system of aqueducts, tunnels, pumping plants and pipelines, and is the largest single resource of renewable water supplies in Arizona. It is designed to bring about 1.5 million acre-feet of water from the Colorado River to Central and Southern Arizona every year. More than 5 million people, or more than 80% of the state's population, live in Maricopa, Pima and Pinal counties, where CAP water is delivered. Come and hear the latest information on a topic that affects all Arizonans.

Food and monetary donations for Impact of Southern Arizona

Annual dues are \$10 pp. Checks should be made out to SCOV Democratic Club and mailed to treasurer, Sandy Salz, 1816 E. Crown Ridge Way, or brought to the meeting.

Members of the Prepare and Share Dinner club "traveled" to Southern Italy last month through our culinary talents. One group of diners started with an antipasto plate and bruchetta, followed by caprese salad with homemade balsamic vinegar dressing. The pasta course was an interesting new pasta shape covered in a special family secret Bolognese marinara sauce. Dessert was a traditional tiramisu and, of course, limoncello. If this is making your mouth water and you would like to join our club, it's not too late. We will have our end of the season get together Friday, April 5, 6 PM, Activity Center/Navajo and Hohokum Rooms. Please call president Colin Kaltenbach 520-292-2254 if you would like to join us. We welcome new members.

Pres. Sharon Heaps sharon2golf@gmail.com
www.scovaz.com/clubs/ukulele

Your Sun City Strummers had a great time presenting our Spring Sing-Along concert to our enthusiastic and appreciative audience to whom we offer sincere thanks.

Some of the songs represented a "journey" around our great country: from the "Salinas, CA" mentioned in "Me and Bobby McGee," to New Orleans, "City of New Orleans." Our rendition of "Alabama Bound" – Hanalei, Hawaii - interspersed with songs from the hey-day of the Platters: "Only You" and "Twilight Time," while including many country favorites like Jimmy Buffett's "Margaritaville" and Patsy Cline's "Crazy."

We had featured performances from the great talent resident in our club, from the always-appreciated hula dancers to solos, duets and some featured play from larger groups within "The Strummers." We owe a special thanks to our monitors; sound engineer Doug, Wade and Rudy who worked tirelessly for two days to set us up for a truly professional sound.

Can it really be April already? The dance season is winding down: classes finished in March with graduation certificates and awards. We had two dances here and other opportunities off campus. Persnickety and Boot Barn saw revenues increase as we shopped for boots, bandanas and blue jeans. Hey that sounds like a good name for a dance!

Friday, April 12, the KK are hosting Boots, Bandanas and Blue Jeans. Clear Country will provide the music, Bub's Grubb will provide, well: the grub. Doors open at 5:30 PM, dancing from 6:30-9:30 PM. Tickets will be on sale in the AC Thursday (members only) and Friday before the dance.

It's also time to think about joining the board. Meetings are once a month, and a packed house of dancing friends is a great reward for the time given to help. If you're interested, please send a note to KKSCOV@gmail.com. Remember it's always OK to volunteer a friend without their knowledge.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Joseph Pilates once wrote "physical fitness is the first requisite of happiness." To get the full benefits of Pilates, a person should understand the application of the basic principles. This takes a little time and patience as the exercises can be different from other forms of exercise. They are fun, interesting and challenging. Pilates can even become addictive. It teaches proper balance, breathing, focus on your core (abdomen and back muscles) and movement control. The constant movement from one exercise to the next results in your developing more strength and stamina. Even your posture is improved. The spine lengthens and joint flexibility and mobility increase. SCOV has two experienced instructors who teach the mat Pilates system and can modify many of the moves for us, if necessary. The cost is only \$8/class and annual club dues are \$20 pp. Stop by and watch a class. Call Mary.

Our next session begins April 4. Our regular 10-week class begins the following Thursday. Newcomers, please contact one of our co-chairs for class details.

Pickleball

Pres. Jeff Rusch jffrusch@yahoo.com

VP Membership Dave Burnham dburnhampton@gmail.com

www.scovpb.org

Sun.-Sat., 8 AM-9 PM

April is National Pickleball Month. If you're looking for some great exercise for your mind and body, pickleball can't be beat. Playing pickleball allows you to work on your balance, agility, reflexes, and hand-eye coordination without putting excessive strains on your body. Pickleball is a wonderful alternative for older players who previously played other racquet sports, but have physical limitations such as hip, shoulder, knee or other joint problems. Games are quick allowing time to relax and talk with new friends. Pickleball is more social than other games because you are never far from your partner or opponents. This makes it easy to converse while playing. Turn off your television and get off the couch. We will teach you our game and even lend you a paddle and balls. Go to our new website to sign up and learn to play. Your grandkids will thank us.

contributes to a good cardio workout. We encourage you to come give it a try. Our club has patient and experienced members who can provide coaching sessions, and it might be just the activity you're looking for. We hope to see you on the court.

After our cold rainy winter, the warm weather is back. Time to return to the Desert Oasis pool for water volleyball. Although we try to play every week, the 40 degree temps aren't very inviting. On Sunday, April 7, our club will host the water volleyball team from the Highlands at Dove Mountain. The competition is always fierce for the first few games, but then we mix the teams up for a more social game. If you are interested in playing water volleyball, stop by and watch.

YOTO/Northwest Auxiliary

Kris Cohen 520-818-2582 krisandearl@msn.com

A Qualified Charitable Distribution (QCD) preserves a way to donate money to YOTO and enjoy tax benefits under the new tax law.

Traditionally, people who contribute to charity itemize deductions and receive a tax benefit. Under the new law, people may be better off using the new, larger standard deduction.

If you are 70½ or older, you may transfer up to \$100,000 from your IRA to charity tax-free as a QCD, which counts as your required minimum distribution but isn't added to your adjusted gross income and still get the new, sizable standard deduction against other income.

It's a win-win.
