From The Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Can I Trust the Board?

by John Wilson

About a year ago, the Board was considering a difficult and controversial issue. I received an email from a resident about the matter, which included the statement: "I don't trust the Board to do the right thing." That sentence has stuck with me ever since. For me, it raises concerns much deeper than the particular issue that was under consideration. For starters, what is the "right thing"? Input from residents on any issue is always a welcome and valued factor in reaching any decision. Clearly the author of that sentence meant that the "right thing" was the outcome that he favored. But the corollary is that if the Board decided otherwise, that would be the "wrong thing."

As we all know from experience, things are not always black and white, and if after thoughtful consideration, the Board decided on the "wrong thing" (in the view of this resident), were they really wrong? But I was troubled even more by the fact that the resident did not "trust" the Board. To me, trust is pretty basic. I knew my fellow Board members, and I knew first hand how they were trying to work their way through the myriad of things to be considered as they formulated a decision on the issue.

Each Director volunteers a considerable amount of time to studying issues affecting our community, and then renders a decision that he or she believes to be in the best interests of that community. There is no question of personal benefit, nothing to be gained by any Director for making a decision on any basis other than the perceived benefit to our community. Some may disagree with the decision, but I hope they will at least make the effort to understand the reasoning behind that decision. They might be surprised to find themselves less certain of what the "right thing" really was. I am sure that any Director would welcome the opportunity to explain the basis for their vote. Trust is indeed basic to positive human relationships, including governance of our community, and the requisites for that trust include open communication and a willingness to consider the opinion of others.

How Are We Doing Here at SCOV?

In looking at how our community is doing, it is good to look at the big picture and compare ourselves not only locally but nationally as well. Here are some interesting facts I thought may interest you.

The latest *National and State Statistical Review* shows there were 342,000 HOA communities in the USA with 26.3 million homes/units and over 69 million residents in 2016. The value of those homes is estimated at \$5.545 trillion and annual assessments are over \$88 billion with \$25 billion being put into reserve for future repairs. The study shows approximately 9,000 associations like ours here at SCOV are considered to be large scale, that is, they have a minimum of 1,000 lots and/or homes, 1,000 acres and/or a minimum annual budget of \$2 million. They must meet two of the three criteria.

The study estimated 21.3% of Americans lived in common-interest communities. In Arizona it is estimated there are over 9,500 HOA's with 1,917,000 residents.

According to Community Associations Institute, studies show the average large scale association (LSA) has seven board members and their boards meet 13 times per year. How does SCOV compare? Our Board has seven board members and met 13 times in regular and study sessions.

The average number of standing committees for LSAs is nearly nine and the average number of ad hoc committees is 2.9. Here at SCOV we have at total of 23 committees with four of them being standing committees.

According to the report, all LSAs use policy governance or modified policy governance as the form of governance with 43.8% using the modified version. We use the modified version here at SCOV.

Ninety-three percent of LSAs report they have a favorable relationship with local government and public officials. Here at SCOV we have a very favorable relationship with the new Oro Valley mayor, vice mayor, town manager and her assistant. I generally meet/consult with at least a couple of these individuals monthly and a town council member reports at our Board meetings monthly from October to April.

By the looks of things, we are doing pretty darn good. Congratulations SCOV, on being such a great community.

How Many Chefs and Cooks Does It Take To Make the Broth?

by Paul Mercer

The Views Restaurant is the go-to place in SCOV for breakfast, lunch and dinner (7 AM-8 PM, daily). The kitchen remodeling is complete. Want to have coffee after a workout with friends? It is ready for you. How about a cold beer after the first nine? With or without a snack? Later, meet up with friends for drinks and appetizers at the Happy Hour, 3-6 PM, with reduced prices on many items.

Like the rest of the amenities in SCOV, The Views Restaurant (or TVR) is high-quality in all segments of its operation, from food procurement and preparation to presentation and finally, desserts. Almost all of the menu items are made from scratch, including broths, sauces and salad dressings, except Caesar. This is a healthy alternative to many other restaurants, and ingredients are locally sourced whenever possible. There are also seasonal foods found whenever they are available, such as strawberries in December. The menu changes twice a year, in November and June. Also keep in mind, the kitchen will make adjustments for gluten-free, nut free and other allergies if they are notified ahead of time. Ask for the Nutritional Information Sheet for data on some popular menu items.

Working together with the food purveyors, new items are added often, or as needed. These tend to have a life of their own, from introduction to main course and eventually to just occasional visits as specials. There are customer comment cards available to guests, so be sure to fill them out. They are a valuable resource to the staff, measuring every aspect of day-to-day operations. Requests are the basis for adding to the menu. Remember the saying "Keep those cards and letters coming, folks." They matter. Also, there are monthly special events with their own inventive

menus, such as New Year's Eve, Halloween, or most recently, the July Fourth Holiday BBQ held outside near the Terrace. Wine "Try and Buys" are also regularly featured events. Three mixology classes are to be featured this summer. All dates are published in the *Tipster* calendar insert and posted on the bulletin boards and website.

Food and Beverage Director Aalt Brouwer is responsible for The Views Restaurant, including the ambience of the place, not always an easy task because of the

number of people who visit daily. On Sundays, 4 to 7 PM, he presents a popular karaoke show in the Lounge.

Chef Paul Blackwell brings a professional and natural understanding of food and technical aspects of preparation that are presented on your plate for you to enjoy. Chef has put together an energetic and enthusiastic kitchen staff who are all on the same page: pleasing you, the customer.

Rounding out the cooking staff are Marvin Brisbin, Stephanie Burton, Olivia Cordova, Darrell Hall, Dallis Parks, Azura Romero, Mike Stanfield, Demetrius Vasquez and Manny Vasquez who all bring their creativity and culinary skills. These well-trained staff members join with all restaurant staff to make your visits both pleasant and memorable.

Seating is easy. Just walk in and you will be greeted by a smiling host who will guide you from there. There are tables in the Dining Room, Lounge, Terrace and Patio. On Friday nights, happy hour and dinner seatings may require a wait. There is also a community table for singles, newcomers and others to socialize while enjoying their meal. All this contributed toward TVR being named 2019 Best (restaurant) of the Northwest by the local weekly newspaper, the *Explorer*.

And oh, the answer to the headline question: all of them.

Website Features

One of the most used features of our website is the Member Services section. This is where to find just about anything you're looking for, such as the vendor list, community directory, how to rent your home and other items. Try it out for yourself, and see how convenient it is to use.

Member Services: By going to Members/Member Services, you have access to lots of information and resources provided by our Association and committees. You can find information for your home, guests, safety, health, catering and more. Take a look at this page, you will find it very useful.

Directory: On the Member Services page is the community directory. If you are accessing the community directory from your smart phone, you can click on a phone number to call without having to tap in the number listed in the directory. Also, you can search this system for a name or a street, etc.

Vendor List: This fabulous service, provided by the Consumer Referral Committee, provides a list of those valuable vendors for air conditioning, plumbing, etc. This list can also be searched by vendor type or name, etc.

The items above are provided by our various Association committees and staff. However, the committee functions such as minutes, agenda, reports, etc., can be found under Members/Committees. The services our committees provide can be found by going to Members/Member Services (you must first be logged in as a member).

The site is updated multiple times a day. It is intended to be a valuable tool for you here in SCOV. Enjoy and use this new amenity.

Controller - Randy Trenary

The fiscal year for the Association ended June 30, 2019. As in the past, the financial statement for June is not included in the August *Tipster* due to time constraints for completion of year-end procedures. Financial statements can be found on our website www.scovaz.com and in our SCOV Library.

An audit will be conducted in September, and the complete audited financials will be available on the website and in the SCOV Library before October 31 as mandated by the Bylaws. A copy will also be available in the Administration offices.

Money Matters will return with the September issue of the *Tipster*. Questions? Email rtrenary@suncityorovalley.com or call 520-917-8060.

Drinking Water

Most summer 911 calls are for residents who are dehydrated. We can't stress enough how important it is to drink water all year, especially in the hot summer months. You should drink some water at least every 30 minutes. If you are thirsty, it's too late. Whenever I have out of town guests, I really stress this point. If a guest complains of headaches or feeling sluggish, remind them to drink water. They may not be accustomed to the low humidity and dry heat of summer. Avoid that 911 call, and keep drinking water.

Are You Compliant with the Governing Documents? Thinking of Selling your Home?

If you are contemplating the sale of your home, please be aware that you need to arrange a Listing Inspection of the exterior of your home by the Architectural Compliance Team (ACT) by calling Karen Loffredo in the Community Services Coordinator office at 520-917-8087.

A member of ACT will come to your home looking for such items as: enough landscape rock covering bare soil; yard landscape pruned and free of weeds, fallen plant debris and suckers; needed building repairs; house, fencing or gates needing painting; window screens free from holes or sun-scorching, etc. These are just a few examples. Please refer to your Development Standards and the Master Declaration for complete expectations.

A copy of the completed Listing Inspection is mailed or emailed to you. If you have deficiencies and you correct them before you have an escrow, you may arrange for a re-inspection, so when our HOA reports to the title company, the property is given a clean bill of health. If a property has gone to escrow prior to any corrections, the violations will be listed in the compliance report, and the buyer will inherit deficiencies not corrected by the seller.

The Listing Inspection is good for 90 days from date of inspection. If the home doesn't enter escrow within 90 days, a new inspection will be required.

An inspection of your property can also be arranged if you are only thinking about selling your home. This inspection is called a Courtesy Inspection and is arranged in the same way. However, these inspection results are handed directly to you and are not incorporated into your resident file. It gives you a heads-up about what your property might need to ensure a smooth Listing Inspection, which must occur when you decide to put the property on the market.

Summer is a good time to catch up on all the TV series you missed or movies you intended to see but never got around to. Your chance of finding what you want is good since many residents are away. Here's what's hot right now besides the temperature: in TV series, *Longmire* (Seasons 1-6), *The Handmaid's Tale* (Seasons 1-2), *Blue Bloods* (Seasons 1-7), *Game of Thrones* (Seasons 1-7, and *Outlander* (Seasons 1-4); and in movies: *The Wife*, *Green Book*, *Bohemian Rhapsody*, *On the Basis of Sex*, *Mary Queen of Scots*, *Upside*, *Fighting with My Family*, and *The Mule*.

It's also a good time to discover a new author or revisit an old favorite. Here are some new and old authors with new releases on our shelves this summer. In mystery, *Lock Every Door* by Riley Sager and *The Last House Guest* by Megan Miranda; in literary fiction, *On Earth We're Briefly Gorgeous* by Ocean Vuong and *Normal People* by Sally Rooney; in beach reads, *Summer of 69* by Elin Hilderbrand and *Under Currents* by Nora Roberts; and in nonfiction *The Pioneers* by David McCullough.

Recreation and Fitness - Lonnie Davis

ldavis@suncityorovalley.com 520-917-8073

Why It's Important to Stretch

Stretching keeps the muscles flexible, strong and healthy, and we need that flexibility to maintain a range of motion in the joints. Without it, the muscles shorten and become tight. Then, when you call on the muscles for activity, they are weak and unable to extend all the way. That puts you at risk for joint pain, strains and muscle damage. For example, sitting in a chair all day results in tight hamstrings in the back of the thigh. That can make it harder to extend your leg or straighten your knee all the way, which inhibits walking. Likewise, when tight muscles are suddenly called on for a strenuous activity that stretches them, such as playing tennis, they may become damaged from suddenly being stretched. Injured muscles may not be strong enough to support the joints, which can lead to joint injury. Regular stretching keeps muscles long, lean and flexible, and this means that exertion won't put too much force on the muscle itself. Healthy muscles also help a person with balance problems to avoid falls.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2. Tuesday, August 13, the AFC pool and spa will be closed

for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, August 14, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Monthly meetings will resume in November

The Active Health Committee has several exciting presentations planned for the winter season with a great line-up of well-qualified presenters that "walk-the-walk."

We are looking for a few new members on our committee to make this upcoming season the best that it can be. If you are looking for a volunteer activity with the focus on helping our residents stay active and healthy, please contact Rita Menet.

The AFC Committee meetings will reconvene on October 2.

A very worthwhile health and fitness newsletter for our age group is *The Gray Iron Newsletter*. This is a free newsletter sent twice a month to your email. The link is: www.senior-exercise-central.com. No products are sold or recommended on this site. Straightforward information is provided.

As a reminder, when using the AFC pool, avoid laying on and going over the lane guides. Go under. The lane guides are not designed to support a person's body weight. They do break, and are very costly to repair.

As always, the committee values and invites your input.

Architectural Review

Marlene Branz 618-670-1063 mbranz@mac.com

Second and Fourth Tue., 2 PM, WC3

Please be aware there will only be one Architectural Review Committee (ARC) meeting in August on Tuesday, August 13, 2 PM, WC3. Deadline for submittals is Tuesday, August 6, 11 AM. Open hours for submittals to be reviewed by the Community Services Coordinator are weekdays 9-11 AM. All submittals must be presented in person.

ARC members continue to review the Development Standards to ensure they are aligned with the Town of Oro Valley Zoning Codes, support changing technologies and design styles, and correctly reference the SCOV Master Declaration. We welcome new ideas and requests from our homeowners, which are considered for inclusion in the Development Standards. The ARC will present recommendations for Development Standards changes to the Board of Directors in October.

What's so great about the online directory? The paper phone book is updated just once a year, but the online directory is updated monthly. Email addresses are included online only, not in the book. You can even access the directory on your smart phone, which means you have a community directory in your pocket.

The directory is located in the members-only area of our website, so you need to log in to access it. Scroll down to the actual listings. There you will find the directory's incremental search box, which will display results as you type. To see additional columns, such as hometowns and emails, use the horizontal scroll bar at the bottom of the listings or swipe left and right on your touchscreen.

To update your information, complete the online form "To change your directory listing" or fill out an orange card at the Welcome Center.

Consumer Referral - Vendor List

Susanna Moran scovconsumerservices@gmail.com

The Vendor List is on the website. After logging in, go to www.suncityorovalley.com/members/services/vendor_consumer-referral/. The Vendor List was formerly the Consumer Referral List.

The Vendor List may also be viewed at the monitor's desk in the Activity Center during business hours. Please check the Vendor List, as changes are made frequently.

Vendors should email Susanna Moran to inquire about applying to be on the Vendor List.

Finance-Budget

Chair Carol Gloriosa cgsco@gmail.com
Fourth Mon., 2 PM, WC3

The committee is not scheduled to meet until September, however, members continue to review the monthly Association financial statements. Starting in October, the committee will meet on the fourth Monday of the month, 2 PM. Meeting agendas, minutes, monthly financial reports and the Board-approved Association 2019-2020 Annual Budget are posted on the SCOV members-only website. Please contact Carol Gloriosa for more information.

Food and Beverage

Chair Barb McNeill bjmac68@gmail.com
Oct.-May, First Fri., 2-3 PM, The Views Terrace

Food & Beverage (F&B) Committee announces the following three projects are approved for implementation: an additional wait station, a retractable sun shade for the Terrace and baby diaper changing stations for both restrooms. We are also conducting a trial of hand-watered herb pots for kitchen use on east and south exposures of the Terrace and assessing javalina interest, prior to submitting a final proposal.

The F&B Committee Charter was approved to include

Friends of the Restaurant (FOR). This is similar to Friends of the Library. Residents will be able to donate funds directly to the SCOV Controller, to implement approved projects which are not included in the current year's budget. More details to follow.

Other projects being investigated include: front door window tinting, table centerpieces made by the Clay Club, awning and stage modifications for outside entertainment, wood meat/turkey smoker and another outdoor TV for the Terrace.

It's still hot, hot, hot in Sun City. How about some "beach" reads, a thriller that tingles your spine, a comedy that tickles your funny bone, a mystery that keeps you guessing or maybe a history that gets you thinking? Books create a wonderful world that can do all of these things and can maybe even make you forget the heat. Your SCOV Library provides books, movies and audio books to keep you entertained and enlightened.

In case you didn't know, all of the funds to buy the books, videos and audio books comes from donated funds: membership in Friends of the Library, participation in Friends events like the Home Tour, individual donations of books and/or money, purchase of books and videos that are always for sale in the library and grants from community organizations like Institute of Learning in Retirement. Pat yourselves on the back residents. Your generosity keeps our library first class. Thank you. Good reading, watching and listening.

www.suncityorovalley.com/gift-shop/

The Gift Shop remains a cool oasis to visit. Come in to see new work and browse through summer offerings. The featured artist this month is Charlotte Landis.

As an award winning artist specializing in watercolor, Charlotte has found her voice by painting the subject of her fondest childhood memories. As a young girl, she spent countless hours with her parents maintaining and nurturing their garden. This passion for nature continued into adulthood eventually inspiring Charlotte to become a master gardener. Intrigued with the movement and arrangement that she found in nature, she delights in highlighting the details she discovers in the earth. Charlotte's paintings come to life as she invites the viewer to take a closer look. Charlotte has been painting in her studio since 2007. She has become a juried member of Southern Arizona Watercolor Guild and a member of Southern Arizona Arts Guild.

What Happens Every Summer?

Rain and winds come every summer. Help keep a watchful eye out, and report any damage to Administration so homeowners may be notified. Pesky weeds seem to appear overnight with the monsoon season. Please remove them as soon as possible, and try to make every effort to stay ahead of the weed situation in your yard in the next few weeks.

Did wind from the storms cause excessive tree debris in your yard? Keep your driveway and the sidewalk swept so that your home doesn't appear vacant and become an invitation to a burglar.

Is there standing water in your yard? With our summer rains, it's important to drain ponds and/or fountains in yards if you are away to eliminate standing water where mosquitoes can breed. Check other items outside your home which may collect rain, such as buckets, empty flower pots and other containers, to be sure they are not holding standing water.

Thanks for your help in our extremely hot summer months.

Posse Squad C leader, Larry Lee, is another amazing volunteer who joined the Posse when he was recruited by former Posse chairman, Jack Nelmark. Larry stated "Jack was a retired sergeant major in the Marines and not someone you could easily say no to." That was 16 years ago. Asked why he continues to serve on the Posse, Larry said, "Sun City Oro Valley is a community of volunteers working hard to keep our community a great place to live." He stated he likes being involved, and the small amount of time and effort it takes is something every community resident should take pride in doing. Larry also helps with the American Red Cross blood drive at SCOV. Both volunteer activities keep him connected, and he enjoys volunteering. Join Larry and our other Posse volunteers in making a difference. Six hours a year (two 3-hour patrols) is all the commitment we ask. You are wanted.

The committee members who are here this summer are working in conjunction with the ARC on proposed revisions to the Development Standards, which are needed to fully implement the process authorized by residents on the March ballot regarding views. Proposed changes to the process will be developed by using previously submitted ARC submittals for improvements to develop the process for the upcoming implementation and notification letters. Revision of the process is needed to ensure standardization and fairness of the results.

The next full task force meeting will be in September, date and site to be determined and communicated on the SCOV website calendar.

The official monsoon season in southern Arizona is here, which means we need to be careful. Hydration is vitally important during our summer heat, let's be prepared for possible dust storms, flash floods and lightning.

Be sure to stay safe while out on the course during the monsoon season. Check the forecast and check it often, download a reliable radar app and seek shelter immediately if you're not able to get off the golf course in time. Don't worry if you can't finish your round; we are happy to give you a rain check credit to complete your game another time. The important thing is to be safe and use your best judgment when the weather is questionable.

The American Legion is hosting their annual event Saturday, August 31. It will be a 7:30 AM shotgun, using the entire course for the morning. If you're interested in supporting or playing in the event, you can go to their Facebook page www.facebook.com/OVAmericanLegionPost132.

Overseeding is right around the corner. We close the golf course for play September 23 and reopen October 14. We will be cart path only for a couple of weeks after opening. The Pro Shop will be open limited hours during that time.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

August will bring a smile to the faces of all the golfers who had to endure the fairway recovery from transition in June. All of the work the maintenance staff performed to aerify, topdress, and re-grass the bad areas of the fairways will be realized during the months of August and September. The monsoons bring a higher level of humidity and occasional rain that really encourages the Bermuda grass to grow quickly. The irrigation water should be reduced which will allow the sprigs and sod to dry out and become ready for mowing. Once the mowing starts, these areas will fill in and level out, resulting in very good playing conditions. All of the frustrations from the course being thin with some wet areas will be gone and the golf course will be in great condition for the rest of the summer.

One disadvantage of the increased humidity and rain during the monsoons is that the Bermuda grass in the roughs and fairways that was already healthy will start to grow faster than it can be mowed. This results in an increase of grass clippings, and the grass turning a yellow color because it is getting mowed too low on the plant causing it to scalp. To slow this surge of plant growth, a plant growth regulator was sprayed during July. This will keep the growth to a minimum which will reduce the mess in the roughs while also keeping the grass a nice green color.

Golf Advisory

Chair Beth Allen 520-639-8845

Sep.-May, first Wed., 2 PM, WC3

Our golf course is the best it can be under our summer heat. Mike Kropf and his crew are trying hard to keep our fairways and greens in great shape. We can be proud of the work they are doing. If you are playing early in the day, please remember to avoid the very wet areas when driving your cart on the fairways. Stay away from the roped off areas under repair. The greens are being plugged to move the salts from watering through the soil to encourage stronger root growth. To continue to keep our course looking good, obey the 90 degree cart rule, repair your ball marks and fix your divots. The next Golf Advisory Committee meeting will be held Wednesday, September 4.

Monsoon season is upon us, and we are looking for ways to stay cool and refreshed. We have included some must-try items to the menu to help cope with the humidity, such as the cucumber rosemary press cocktail and the strawberry balsamic salad. Remember, water is always a must. This month we will be offering a mixology class to learn how to make your favorite cocktails at home as well as a local beer pairing dinner featuring Uncle Bear's Brewery.

If you haven't seen the spectacular artwork at the far end of the bar yet, it is a must see. Around the 4th of July we had a mural painted adding a sense of character and depth to the bar area.

Our featured employee this month is Charlene Notman; she has been working at the restaurant since January 2002. She and her husband have been married since 2011 and actually got married right here on the 1st Hole tee-boxes; together they have four children between the ages of 15 and 20. When she's not working Charlene enjoys camping with her family and riding side-by-sides and quads. Upon her retirement she wants to travel the states, Hawaii in particular.

There you will learn of our history of giving and how easy it is to become a donor using your debit or credit card. Further, you might want to consider a direct donation from your IRA using your annual Required Minimum Distribution. Talk to your financial planner on how to do this and the tax advantages for you. Steve Perkins with award. Photo by Laura Hackenbrock

Vistoso Photo Club has its annual award night each May. The Sal Ficalora Award is given to a member who contributes great photography and significant time and effort to further the growth and betterment of the club. This year's winner was Steve Perkins.

Steve's interest in photography goes back to his father and uncle, both WWII veterans who began representing Japanese photography firms. Both were subjected to criticism for dealing with a former enemy.

Steve's primary interest is landscape photography. He works at getting the best image he can on location. He is not fond of sitting for frustrating hours in front of a computer fixing things.

We have monthly competitions. The subject of the month may be "open" or "assigned." Although landscapes are Steve's favorite, he feels the assignments expand his creativity.

Steve is currently investigating mirrorless cameras; apparently his Canon 6D is getting heavier as it ages.

The Tapestry Rug Hook group meets Tuesday mornings in the Sewing Room. We are an active group throughout the summer. We welcome new members and any interested people to come by and see our art. If you are interested in trying to hook, we provide materials and instruction to get you started. You can learn more about our group by visiting our website listed above or come by to see us Tuesday mornings.

In the picture are two cutters that the club owns and uses to cut wool fabric for hooking. The cutter on the left cuts a #3 width. In today's market, this cutter, new, would cost around \$600. The cutter on the right has interchangeable cutting discs ranging from a #3 to #8.

The increase in the number determines the increase in the width of the cut material.

Fri., 9 AM-Noon, Catalina Vista/Mt. Lemmon

Long time member, Marion Nelmark, will be moving from SCOV to Chicago in August to be near her family. Marion has lived in SCOV since 1996 and has attended Show 'n Share (SnS) since 1997. She was the group leader for five years and has shared her talents on many project shares. Marion is proficient in a variety of crafts, is a wonderful teacher and enjoys learning new projects. In July, we thanked Marion for her many contributions to SnS and wished good luck to her and her family in the future.

We celebrate August birthdays for Sue Koch, Jule Gill, Winnie Doerfer and Linda Anderson.

At Show 'n Share, members work on portable crafts. We enjoy showing our creations and sharing our ideas. We meet year-round and welcome new members. No dues.

As of this writing, the monsoons are building. The air is thick with humidity. Come to the cool studio and join some friends in keeping cool and dry. We held a Mardi Gras plate class and a Christmas plate class last month.

Seeing so many creative and very different one-of-a-kind pieces makes one think that the neighborhood is getting very artsy. When our friends return from their travels, they will bring new ideas with them.

If you haven't dropped by, pay us a visit and see what we're making. See you in glass.

Wood Carving

Astronomy

Pres. Allan Mashburn 435-219-0042 scovastronomy@gmail.com
Oct.-May, Third Thu., 7 PM, Activity Center/Navajo
www.scovastronomy.com

The Astronomy Club of SCOV encourages you to join with them in reducing light pollution here in SCOV.

Turn down your outside lights and learn about light pollution. This is a problem for our surrounding and important observatories: Kitt Peak, Mt. Graham, Mt. Hopkins and Mt. Lemmon, due to the increasing night lights from Tucson. Light pollution not only affects observatories but devastates wildlife. It may also harm your health and wastes energy. For more information, visit www.darksky.org.

Our popular guest speaker series will start on October 17. Enjoy the summer skies.

Outdoor lighting can be dark sky friendly:

- Light what you need
- When you need it
- No brighter than necessary
- Fully shielded to point downward

VP Maryfaith Fox 612-414-7789 maryfaith.fox@gmail.com

Oct.-Apr., First and Third Wed., 2 PM, Catalina Vista/Mt. Lemmon

The Great Books Club provides an opportunity to engage in thoughtful and lively discussions on a wide range of topics. The anthologies published by The Great Books Foundation contain short selections from classic works of nonfiction, fiction and poetry. These readings provide the stimulus for our discussions of the great ideas contained in great literature.

Our current book is *Great Conversations 1*, available from the Foundation or other online sources. We will reconvene October 2 to discuss a selection from Alexis de Toqueville's *Democracy in America*. All SCOV residents are welcome to join us.

SCOV Book Club

Pres. Glenda Jackson 925-640-7312

Contact: Cynthia Kartman 414-732-3063 kartmania1@me.com

First Mon., 1:30 PM, Catalina Vista/Mt. Kimball

Our August selection is *Killers of the Flower Moon* by David Grann. In this Pulitzer Prize winning book, Grann relates the shocking story of how oil-rich Osage Indians in 1920s Oklahoma were systematically murdered, sometimes by their own family members, to gain control of their wealth.

In September, our selection is the 2017 award-winning novel *Sing, Unburied, Sing* by Jesmyn Ward. In its review *Publisher's Weekly* praised Ward's novel, saying, "Ward tells the story of three generations of a struggling Mississippi family in this astonishing novel... Their stories are deeply affecting, in no small part because of Ward's brilliant writing and compassionate eye."

Who's your granddaddy? Who's your grandmommy? Were they saints or sinners? Did they work on the family farm or in the family store? The hot, steamy month of August is a great time to start or continue researching your ancestors. Take advantage of the cool Genealogy computer lab and library to find out the answers to these questions. The Genealogy Club subscribes to GenealogyBank.com and Newspaper.com which have digitized copies of newspapers from big and small cities across the United States. Don't just research vital statistics, find out who your ancestors really were. If you are a club member, check out the club website for days and hours that the library is available. Not a member? Poets Corner

Sharyn Rafieyan 520-825-6762 srafieyan@comcast.net

Mon., 9:30-11:30 AM, Desert Oasis

Angélica Borrego, age 14, composed this amazing and alarming poem, recently published online, with the nostalgic title, "Summer Days." Printed here by permission of the author and Rattle.com.

"The days are getting longer / the shorts are getting shorter / the taste of freedom on my tongue / like lemon // The taste of summer / that warms your bones / and freckles your cheeks / scraped knees / the sound of chalk against cement / surrounds you / like a hand to be held // These longer days / these shorter shorts / they're signs / of self-determination / of throwing away the rulers that measure our skirts / of tearing up the homework that stresses out minds / and starves us of creativity // My shoulders are not a distraction / but the boy holding a gun to my head is / we fear not education / but the lack-thereof that fills the seats of democracy // Our hands are held to the sun / in an act of self-preservation / and fear / for our generation / straining our voices / but their backs are turned / and our words don't reach them / we are the lost hope / the age of renegade."

Her eloquent plea for help reflects the power of poetry.

At this time of year donations for Impact of Southern Arizona always hit a critical low when many residents head out of town for cooler locations. Please remember to bring non-perishable food items or monetary donations. Your generosity is always appreciated.

Triple digit temperatures have finally arrived, so stay hydrated and safe during this monsoon season. We look forward to seeing you as the political landscape also starts heating up.

Would you like to get to know some SCOV neighbors who share your interest in cooking and dining? Our dinners in members' homes provide relaxing fun as we explore various cuisines such as Moroccan, Thai or South American. We also could get creative with more ambiguous themes like food from movies. Since everyone brings part of the meal, it's not a huge effort for the hosts. Please visit our website to see photos and details and make some theme suggestions for next year. We are open to new ideas.

Each year is different in the desert, but the month of August is typically known for heat, wind and rain. It's also a blooming month for cholla, Indian paintbrush, barrel cactus, organ pipe, desert aster and AZ poppy. If you are thinking of making jelly or sauce, the prickly pear cactus is at the peak of ripeness this month.

Watch for the gila woodpeckers making new holes in the saguaros. They cut new holes in late summer in preparation for spring when they harden and become dry, ready for a new family.

Deadhead roses and flowering plants. Fertilize potted annuals, container cacti and succulents with a low nitrogen fertilizer. Continue enjoying colorful blooms such as trumpet flowers, morning glories, scarlet creepers and many others.

Folk Dance

Harvey Gardner 520-308-5616 savear@gmail.com
Fri., 10 AM-Noon, AFC/Studio 2

Folk dancing is more fun than a treadmill and healthful exercise for balance, muscle, mind and mood. For most dances we hold hands in a circle to perform non-gymnastic steps to the enchantingly fascinating music and rhythms of diverse cultures (including our own). Neither partner nor prior experience needed. Typical dance sessions consist of 15 folk dances with instructions. Sitting out dances to rest is always acceptable. Drop by and come in to watch and see if this internationally-popular dance form is right for you. To see us in action online, do a Google search on FDCSCOV YouTube.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Summer is a great time to commit to a core strengthening exercise routine. Why not try Pilates? Small summer classes offer a really great opportunity to learn. Sun City offers Joseph Pilates method mat classes twice per week on Mondays and Thursdays. The benefits that come from performing specific strengthening and stretching exercises strengthen the body's core muscles (your abdomen and back). The exercises increase spine mobility and build flexibility. More benefits include better balance and muscle tone and increased stamina. Because the classes are designed for seniors, all exercises can be modified and are taught by two experienced instructors. The cost is \$8/class with annual club dues of \$20 pp. Please join us or just come by and watch. Call Mary.

Vistoso Cyclists boasts membership of nearly 200 riders. We ride year-round to preplanned destinations in Tucson and surrounding areas, using both city streets and dedicated bike paths. Occasionally away rides start from a distant location. Weekly mountain bike options take a few of us to the beautiful Tortolita rangelands, containing some of the highest-rated single track bike trails in the nation. Our group ride options are from 25-50 miles, and we always make time for a coffee stop midway. Those who ride with the Women on Wheels group have their own agenda providing routes of 12-30 miles.

We sponsor social events, participate in Wheels for Kids charity and are involved with fundraising for the Interfaith Community Food Bank, raising over \$43,000 last year.

Pickleball

Pres. Jeff Rusch jffrusch@yahoo.com
VP Membership Dave Burnham dburnhampton@gmail.com
Sun.-Sat., 8 AM-9 PM www.scovpb.org

Easy to learn, easy to play is what they say about pickleball. Small court and lower net make it easy for players to master the court. Only one-fourth the size of a tennis court with light weight paddles and balls. It only takes two or three steps to cover your half of the court since play is most often doubles. Serves are underhand making it easy on the arms and shoulders.

Couples like to play as most games are played coed. Small court makes for small talk while playing and while watching. Games are short and normally only last 10-15 minutes giving time to rest between games. What other paddle game can you learn in one hour and play for the rest of your life? Our club has lessons on demand during summer with free loaner paddles. Contact us for more information or go to our custom website.

One longstanding and fun tradition of the Tennis Club is to conduct three tournaments for club members: mixed doubles, men's doubles, and women's doubles. Champions of these three tournaments were celebrated at the club's meeting this spring.

Champions of three tennis tournaments

Treas./Sec. Chris Baird cbaird6224@gmail.com
Recreational Wallyball: Wed., Fri., 1-3 PM, AFC/Racquetball Court
Competitive Wallyball: Tue., Thu., 1-3 PM, AFC/Racquetball Court

Why Wallyball?*

"Wouldn't your life be better if you could look forward to your cardiovascular exercise rather than looking for ways to get out of it? It is difficult to find exercises that will both strengthen your heart and lungs, and are fun and social. Treadmills, stationary bikes and ellipticals get the job done, but they are solitary and just aren't much fun. Wallyball is a soft competition sport played with co-ed teams of four. Not only is it social but one hour of Wallyball burns 408 calories for a 150 pound person. Because of the running and jumping involved in regular play, Wallyball provides great health benefits like increased bone density, stamina, weight control and balance." *Courtesy of sequoiahealth.com/wallyball.

VP John McConaughy 503-580-2465 Captain.Faisua@gmail.com
www.sundownersrvclub.org
Second Mon., Oct.-May, 9 AM, Catalina Vista

First the club news. There is none, as most of us are cruising around in our RVs, escaping the 100 degree temperatures of Tucson. The next club trip planned is Cochise County ghost towns, November 11-15. New members welcome, call Larry or John and we will get you on-board. Check out our website for tips and vendors for RV storage, repair and other RV services. Next general meeting is Monday, October 14.

While on our big RV road trip, we ran across these merry prankster wannabes outside Moab. They were finishing up rafting trips on the Colorado and Green Rivers. I don't know where they were going next, but it was obvious they were getting there in style.

"School's Out Forever!" Ken Kesey would be proud

Pre-emergent weed control will be sprayed in the common areas in August or September, depending on rain forecast. Sprayed rocks will be a blue-ish green. Please keep pets off the rocks when you observe this color.

Visit OroValleyAZ.gov and click on the large CIVICREC banner at the top of the page. All users will need to create a new account, and then you're set. For questions or assistance, please call Parks and Recreation at 520-544-1900.

Vistoso Helpful Hands

Barb McNeill 520-825-0677 bjmac68@gmail.com

One of our clients shared a tip that some of you may not know about: Online grocery ordering from Walmart.com. She placed her order and the same day a neighbor picked it up at the mobile pick-up site in the parking lot, where they load everything into the car. The website is easy to navigate. Typing in a key word allows you to see all items in stock, so you can choose brand, size, etc. Safeway, Fry's and Amazon offer similar services. It is a great option for folks who are mobility disabled.

If you need assistance, call 520-447-0077. If we cannot answer, leave your name and number for a call back.

Wheels for Kids

Dick Swain 920-217-2610 or Tom Terfehr 520-789-7243 www.azwfk.org

Wheels for Kids is a 501(c)(3) charity dedicated to providing rehabbed bicycles for kids in need in the Tucson area. To date, we've provided over 2,200 bikes to various other 501(c)(3) charities who then distribute the bikes to their clients. Some of our partner organizations are Youth On Their Own, El Grupo, Refugee Focus and Tucson Boys and Girls Club. Wheels for Kids is a total volunteer effort. We need mechanics. If you are interested, we'll train you. Visit our website for more information and how to donate bikes or financial support. Help kids experience the same joy you had when you got your first bike.

Support YOTO when you shop through Fry's Community Rewards Program. Sign up with your V.I.P. Card on the Fry's website and select YOTO as the organization you support using code 27567. Once enrolled, you'll earn rewards for YOTO every time you shop with your V.I.P. Card.
