From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online. Board meetings are open to residents.

Garden Club Beautification Committee

This month I want to give a shoutout to a group of residents who are working to make our community more appealing to the eye.

As you walk around SCOV, notice several areas where there have been upgrades in the decorative landscaping.

The Beautification Committee, a sub-committee of the Garden Club, is responsible for adding to the visual enjoyment in our beautiful community. This is a new project for the Garden Club, and they are a very enthusiastic group. All too frequently, when people spend their time on these endeavors, they go unrecognized. This Committee started by taking over the eleven large blue planter pots located in the walkway of the AFC toward the pool. The circular in-ground planters on the pool deck were then cleared out and five beautiful large blue pots have been planted for swimmers to enjoy. The boulders were placed for accent.

Bringing attention to the new cactus fountain is the next project in the pool area enhancement. The committee has also replaced the ground cover in the Artisan Courtyard next to the whimsical totems, done in collaboration with the Clay Club and the Stained/Fused Glass Club. They have also placed two large blue planters on our newly refurbished Kiva patio. These potted plants are looked at every day by a member of the club, and they are hand-watered as needed. All of the plantings are maintained by the Committee, some for irrigation, some are hand-watered on a daily basis.

This hard-working group will be changing plantings at various times of the year to keep things looking fresh. They have worked well with our Common Area Maintenance crew on many of the changes and they often help with the plantings. They say they have just begun and have their eyes on other areas, as well.

If you have plants that no longer work for you, consider donating them to the Garden Club for possible use; they will be grateful for the thought. The Beautification Committee would like to express its gratitude for all the positive feedback and ask that residents please not water the plants

General Manager - Sandy Seddon

sseddon@suncityorovalley.com 520-917-8080

We have a new Service and Support Committee. Many thanks to those of you who have volunteered to serve on Emergency Preparedness. You can find their complete charter on our website, but their mission is to prepare a SCOV community emergency response plan for the risks appropriate to the area, along with making recommendations for individual household emergency plans. A community emergency response plan (CERP) is a written document that outlines the steps a community will take before, during, and after an emergency. It helps communities manage local activities to reduce the risk to people and property.

I now have one full month under my belt at SCOV. There are many moving parts, and I am working as quickly as possible to understand all aspects of the operation. While I may not know everything, I do know one thing: we must work together using responsible leadership for the well-being and smooth operation of the community. It is about balancing the needs and desires of individual members with what makes the most sense and will benefit the community as a whole. That sounds simple enough, but it is not always the case.

Listening to everyone is fundamental to responsible leadership, especially in a homeowner association. I am confident that moving forward we can create an environment where members are more likely to engage, participate and contribute positively to the community. It is not just about hearing words; it is about understanding the context, the concerns and the emotions behind them. This empathetic approach can lead to more harmonious and effective governance. Let's work together.

Finally, it is hot out there. Remember, by the time you feel thirsty, you are already on your way to dehydration. So, keep a bottle of water handy and take regular sips throughout the day. Eat water-rich food such as fruits and vegetables. Avoid excessive beverages like alcohol and caffeine. Enjoy the rest of the summer and here's to early fall.

It's More Than Living... It's A Lifestyle!

A Magical Monsoon Season

by Carla Green

Photo by Laurie French

This 2024 monsoon season has been a captivating spectacle, showcasing the awe-inspiring power and unpredictability of nature. Southern Arizona is known for dramatic thunderstorms, heavy rainfall, and sudden flash floods. The monsoon is a vital component for our climate and brings much-needed moisture to the dry landscape.

The rain not only nourishes the land but also fills the air with the earthy scent of creosote, a fragrance that is synonymous with the Sonoran Desert after a rainstorm. However, this year's monsoon has been particularly remarkable, marked by a series of extremes that leave everyone living here in awe.

An unexpected twist happened this year with monsoon starting early in June and by mid-July the monsoons are in full force, bringing with it a dramatic shift in weather patterns triggering a cascade of powerful thunderstorms, lighting and even a tornado or two in some parts. The usually lush and vibrant desert landscape remained parched most of the year, with temperatures soaring well above average. Many feared that the monsoon season would be a dud like last year, leaving Oro Valley and surrounding areas withering in the heat.

Wet mouse Photo by Sheryl Hester

The skies over Sun City Oro Valley turned dark and ominous at a moment's notice, as lightning illuminated the desert nights and thunder echoed across the valleys with high winds. We have experienced several days of torrential downpours, leading to a significant spike in rainfall. The city recorded one of its wettest monsoons on record, with some areas receiving over ten inches of rain in just a few weeks. Driving

throughout Oro Valley and the surrounding areas there have been many fallen trees, but the desert blooms, green mountains and thriving cacti have been breathtaking with the backdrop of rainbows and sunsets, plus the smell of the desert in the rain is unmatched. With all the dangers, the magnificent spectacle of the desert monsoon is something marveled at by all.

Exciting News: SCOV Transitioning to Northstar Software

We are thrilled to announce that SCOV will transition to a new software platform called Northstar for managing our HOA functions. Many HOAs, including SaddleBrooke Two and The Highlands, are also moving or have moved to this platform. Our new GM, Sandy Seddon, was already implementing this software at her previous HOA before joining us here at SCOV. Northstar has become an industry standard, addressing many functional needs of HOAs.

Northstar offers an integrated website and app, providing real-time information for residents. You'll be able to update your information, such as summer and winter addresses, check account balances and track the status of applications (ARC) with ease. This new platform will consolidate many of the current software tools we use for communications, reservations, ticket sales and more. The new website will continue to provide board meeting and committee meeting minutes, agendas, and other valuable resources, with expanded features rolling out toward the end of the year.

Northstar is currently in initial meetings with our staff and resident IT team to understand our processes. They will soon set deadlines for information gathering and start setting up the software, website and app.

We aim to launch the new website in November, which is an ambitious goal, but we are working diligently towards it. A team of resident experts is collaborating with staff throughout this process and will assist residents when it's time to introduce the new website and app.

Thank you for your support as this exciting transition is made.

The plethora of new titles coming out this fall is very exciting: Author, Louise Penny, *The Grey Wolf* (Chief Inspector Gamache); Richard Osman, *We Solve Murders* (Thursday Murder Club fame); Michael Connelly, *The Waiting* (A Renée Ballard and Harry Bosch Novel). Perhaps though, you've missed some of the summer best sellers that we have in our library.

Did you read *When Women Ran Fifth Avenue* by Julie Satow? This is "A glittering, glamorous portrait of the golden age of American department stores and of three visionary women who led them, from the award-winning author of *The Plaza*."

How about the much anticipated *Eruption* by Michael Crichton and James Patterson? "Michael Crichton, creator of *Jurassic Park*, *ER*, *Twister*, and *Westworld*, had a passion project he'd been pursuing for years, ahead of his untimely passing in 2008. Knowing how special it was, his wife, Sherri Crichton, held back his notes and the partial manuscript until she found the right author to complete it: James Patterson, the world's most popular storyteller."

In large print we have Tom Clancy's new title, *Act of Defiance*. "When U.S. intelligence reports there's something going on in Russia, President Jack Ryan and his youngest daughter, Katie, determine the Russians are about to launch a super missile submarine, and the race is on to find its location and decide if it poses a threat to the continental U.S."

Not sure what you've missed? Just ask our wonderful volunteers for assistance; they love to help you out.

Increase the amount of muscle in your body. For every extra pound of muscle you put on, your body uses around 50 extra calories a day. In a recent study, researchers found that regular weight training boosts basal metabolic rate by about 15 percent. This is because muscle is metabolically active and burns more calories than other body tissue even when you are not moving. Training with weights just three times a week for around 20 minutes is enough to build muscle. Not only will you burn more calories you will look and feel better.

Special Note from the AFC:

Orientation on how to use the gym equipment is held Thursday, 1 pm, so stop in and sign up. Classes are limited. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC. AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, September 10, the AFC pool and spa will be closed for cleaning and shock treatment, reopening the following morning at the regular time. Tuesday, September 24, AFC Spa will be closed for cleaning and will reopen at 1 pm.

Wednesday, September 11, the Desert Oasis Pool will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Meet fourth Wed., 2 pm Summer Hiatus

Things have certainly changed in the housing market in the past year. What has not changed much is the value of homes in Sun City Oro Valley. This is due in large part to individuals taking pride in their homes and property. Keeping your home and yards looking good is not easy. It takes commitment and resources. If there is something on the outside of your home you are considering doing, please be sure to check with the Architectural Review Committee (ARC) for any required approvals. Not only will they ensure that the project is done to current standards, but you won't be surprised when it is time to sell your home and the required inspection is done. The time spent getting approval will be well worth it.

Architectural Review Committee

Dennis Bell 408-476-8291 ARC@suncityorovalley.com
Meetings: second and fourth Tue., 2 pm

Let's talk about walls and fences. For privacy and protection our Master Declaration (M.D.) and Development Standards (D.S.) allow walls and fences, subject to ARC approval before installation. There are limits. Walls in front courtyards are limited to a height of 3 feet 6 inches; on the sides or rear the limit is 6 feet. Walls must also use approved masonry or be covered with stucco painted to match the house. Fences have the same height limits as walls and must be selected from approved ornamental iron types painted the approved weathered brown color. There are more details, which you can find in the M.D. and D.S. documents. Start your submittal for any new or changed wall/fence on the suncityorovalley.com website. Contact our Architectural Coordinator, Katy Mosier (520) 917-8058 with any questions.

Chair Marlene Branz 618-670-1063 conduct@suncityorovalley.com

The Code of Conduct Review Board Policy BOD-034 has been revised to reflect the evolution of the Boards' first year of operation. The purpose of this Board policy is to investigate complaints filed by members. To file a complaint, look in the Members' section of the SCOV website. You can find the Code of Conduct in the Owners and Resident Handbook page 5.

Issues not covered by the Code of Conduct Review Board process include law enforcement issues, SCOV Facebook posts, ARC issues and any conduct outside of SCOV boundaries. SCOV Clubs are encouraged to have their own Code of Conduct enforcement processes.

Electric Bike to be raffled off

A talented group of our Sun City Variety Theatre has been rehearsing this summer to present a Staged Reading of a play sponsored by author Louise Penny. They are donating their time and talents with all proceeds from ticket sales going to our Library. The performances will be November 2 and 3 with Friends of the Library (FOL) members getting a reduced rate. FOL members will also get the chance to win a copy of the new Louise Penny book.

If you've been thinking of purchasing an electric bike this coming holiday, take a chance on the bike raffle we are running for the Library. Raffle tickets will be available October 14 to November 9 with the bike being on display from November 4 to 9. More information on both these events will be coming.

September begins the return of our seasonal residents as well as cooler air. The Gift Shop welcomes you back. Featured this month are Pat Bloom and Charlene Meyers. Charlene has had a varied career as an entrepreneur. First, a catering business in PA for 17 years, then moving

to Hawaii where her photography hobby turned into a business. In 2020, her newest hobby is fused glass, specializing in ruffled vases, pocket wall vases and creating items using plants that she has dried and covered in fine glass before being fired. Pat got hooked on clay when she took a class in sculpture. "I liked the creativity of working with clay and that led to slab and wheel work. It is a never-ending process that you can get lost in for hours. "I like knowing my functional pottery can be put in the microwave, oven and dishwasher safely."

Mark your calendars for bargains galore at our first Monday Madness sale of the season including jewelry, wood, fused glass, pottery, fabrics, cards and much more. We set up in front of the Gift Shop. This is an easy and convenient way to shop while supporting your resident artists and local charities. We hope to see you.

Summertime Happenings

Monsoon season is almost gone, but.....

The monsoon rains arrived, bringing a wave of weeds. Stay alert for desert broom and spurge and make sure to remove them early. It's crucial to be proactive about the weeds in your yard. With the summer rains here, trees are growing more. Remember to trim tree branches to at least seven feet above sidewalks to prevent obstruction for pedestrians and maintain visibility for stop signs at intersections. Most bean pods have dropped and should be cleared from your yard.

Is your house number hidden by plants? In case of an emergency, it's important that your address is easily visible. For safety reasons, please trim any foliage that may be covering your house numbers so they can be seen from the street.

Our committee wants to express a sincere thank you to all the residents who consistently work hard to maintain their yards throughout the year, especially during the hot summer months. Keep up the great work.

Director of Golf Maintenance - Michael Kropf

mkropf@suncityorovalley.com 520-917-8063

September is the time of year that golf course maintenance shifts its priorities. Instead of trying to grow healthy Bermuda grass on the tees and fairways, the focus changes to slowing down the Bermuda grass in preparation for overseeding. Healthy Bermuda grass provides a great seed bed for the germinating ryegrass seed versus a thin stand of Bermuda grass that exposes the seed to heat and a lack of moisture. However, if the Bermuda grass is still rapidly growing while the ryegrass is trying to establish it will out-compete the new seedlings and cause the ryegrass canopy to thin out.

Bermuda grass growth is slowed down in several ways. Fertilization is stopped on fairways and tees around the first week of August. Mowers are vertically mowing to thin the canopy which slows the rapid growth and density. Growth regulators are applied that limit excess growth as well. The week prior to overseeding another growth regulator is applied that puts the Bermuda grass into a state of dormancy. This allows the mowers to scalp the Bermuda grass down so the ryegrass seed can better enter the canopy and eventually germinate.

This summer the collars around the greens were mowed at rough height instead of fairway height. Golfers were complaining about the balls rolling off the greens especially in the winter when the Bermuda grass goes dormant. Hopefully, the taller grass has helped resolve that problem. With the Bermuda grass still not healthy enough to be overseeded and successfully transitioned back to Bermuda grass, the collars are not going to be overseeded this year.

Play Wed. am

After our club event in late July, we celebrated with three of our members who each recently made a hole-in-one. Congratulations to Steve Latusek, Pete DenBoer and Bill Cocanour for that "1" on their scorecards. This calendar year, our members have made nine aces in league play through July, more than one per month. At this pace we should have a few more coming up. Who will be next?

We'll have two events in September before the overseeding. Our club will resume league play right after The Views Golf Club reopens in October.

We have more than 140 members, and it is a great bunch

of guys. If you'd like to know more about joining our club, contact our membership chairman Ron Mitzel 402-694-9071 or grandparon48@outlook.com.

Men's Nine-Hole Golf Club

Pres. Tod Milton 520-256-0962 theodore.r.milton@gmail.com

In a couple of weeks, the course will close for overseeding. Then on October 10 the 9 Hole League will open its first league game of the new season. We will be driving on cart path only for a couple of weeks, but we can all do that to get back in the swing.

The picture this month is to remind all of us that it does occasionally get somewhat chilly in southern Arizona so begin pulling your winter golf paraphernalia out of storage to

get ready, and be well dressed like the golfer pictured.

Our first league meeting and bash is Thursday November 14, around 11 am so mark your calendars.

If you have not joined the league, please do so during the first week of October and come and play. We are looking forward to a great season. And remember, "Half the time, twice the fun."

Fourth Thu., 1 pm, Desert Oasis www.foundationscov.org

From the smallest seed in the desert, beauty is produced for us to enjoy as well as for the creatures and habitat nourishment. We all benefit from the small seeds.

The Sun City Vistoso Community Foundation is very similar. Thanks to the generous donations of seeds from our residents, your Foundation has made almost two million dollars in grants since its founding in 1998.

Be it the beauty of lights at Christmas, music from the grand piano in the auditorium, large-print books in the library, financial support for area food banks, cancer research, wheels for kids, dolls and clothing for victims of domestic abuse, assisting residents with tax returns or domestic issues, equipment and supplies for over 75 clubs and activities, and the list continues. In addition, the habitat of our community is better as a result of sponsorship of Dispose-A-Med and paper shredding days. We can't forget The Bistro, thanks to a generous estate gift to the Foundation.

During the November fund drive, or anytime, remember to include "seed" in your giving plan for the Foundation.

Sun City Vistoso Community Foundation is independent from SCOV, both financially and operationally.

Clay

Pres., Mary Murck 612-205-0084 mmurck@earthlink.net

Dirty kiln shelves can be a problem when firing glazed pieces. Loose pieces of fired clay can become airborne, fly around in the kilns then possibly stick to pieces being fired.

How does the Clay Club keep those kiln shelves so clean? Due to the diligent efforts of our members, the shelves are treated with a kiln wash and if needed, are sanded and ground down to remove bits of melted glaze. Applying kiln wash helps our pieces

from sticking to the shelf if there are any drips from the glazes.

Sara Harney is pictured applying kiln wash. Other members completing this task are Kevin Harney, Bob Arms and Marti Friday.

Our next general meeting will be Thursday, September 5, 1 pm, Activity Center/Kiva. This will be our first meeting since May, so many different topics will be discussed. Please join us.

Coni Arseneau created the two masks in the picture using a different finish on each one. A piece of cardboard that protected a piece of furniture in shipping was used as the armature. Coni uses a flat- black matte acrylic paint as the foundation prior to applying the finish. The mask on the left was painted with various colors of metallic acrylic paint. The mask on the right was finished with a metallic wax paste, which is generally applied using an amount on the finger rubbing it over the object. Coni used a paintbrush to apply the wax.

The Tapestry Hooking and Fiber Arts group meets Tuesdays, 9-11 am, Sewing Room. The group provides materials and instruction for those interested in learning hooking.

If you think you might be interested in learning to rug hook, you might ask yourself the following questions. Do you like working with your hands? Do you have the patience to finish a project? Are your hands capable of handling repetitive motions/movements? Can you sit for a couple hours with a project in your lap doing the same motion repeatedly? If you answer yes to these questions, you should give hooking a try. Hooking is easy to learn. Probably the most difficult part for

beginners is learning to control the tension and maintaining a consistent height of the loop. Come give it a try.

Our bi-monthly quilt meeting will begin Tuesday, September 10, 1 pm, Desert Oasis. We have had an eventful summer with informal gatherings every Tuesday with members giving mini-workshops and demos each week. A September meeting will be held with the quilt club shifting from its informal meetings to a more structured agenda. A request will be made for volunteers to form a nominating committee to select a president (or co-presidents), a program chair and other positions in the group. Some members have already stepped up to help such as a quilt show chair, secretary, and treasure table chairs. The new officers will take over in January 2025.

Instructor JoAnne Bowman shows the "River Plate" to be made.

We offer many classes for all skill levels. All classes are geared toward teaching new techniques for working with glass. We even offer a "Surprise Class" in which the student signs up for a class, not knowing what the project is until they get there. This is always a fun class for everyone. As we think about the holidays and gifts, we have even been offering an ornament class. Pictured is instructor JoAnne Bowman showing class members an example of a river plate they will be making. Although everyone is given

the same instructions, each student will design their piece using their own creativity. Or, they can copy the instructor's pattern. It is amazing the different designs created. Stop by the studio and sign up for the Beginning Fused Glass class. Hope to see you in the studio soon.

WOODWORKING

Woodworking

Pres. Claudia Case cjcase@gmail.com
VP Karen Curry 708-822-3057 kindheart77@att.net
Next meeting Thu., Oct 10, 9 am, Location WC3

www.scovwoodworkingclub.com

The time is approaching when seasonal club members will be returning, and the lazy days of summer in the woodshop will become a crowded, busy place again. So while it is relatively quiet, we are recommending that all members re-familiarize themselves with rules and procedures the club has put into place for their safety as well as to ensure the proper care and use of the equipment. Most of that information is at: www.scovwoodworkingclub.com/safety.html and www.scovwoodworkingclub.com/shop-rules-and-procedures.html.

Also, many of the machines have safety and operating instructions specific to the machine posted near the machine, and the www.scovwoodworkingclub.com/equipment.html page leads to more information about individual machines. Our bylaws have been changed, so it is important to check them at www.scovwoodworkingclub.com/bylaws.html. We hope everyone will work safe, smart, and realize full enjoyment of the woodshop and the equipment.

Wood Carving

Lapidary/Artisan, Saturday 9 am-Noon

The summer heat is on, so join us as we carve in the air-conditioned Lapidary room. If woodcarving is new to you and you would like to explore it, stop by and one of us would be happy to assist you with any questions and allow you to try to make a few chips. Contact Dick and he will set you up with a carver mentor as you embark on this fascinating hobby.

Thursday, September 19, 7 pm, Activity Center, Dr. Bashar Rizk will present, "OSIRIS-Apophis Explorer Mission: Close-up of an Asteroid." On April 2029, its orbit will bring it closer to Earth than the moon or our highest-altitude satellites. NASA's Center for Near-Earth Object Studies

(CNEOS) computes orbits of objects to support NASA's Planetary Defense Coordination Office, and has ruled out any Earth-impact risk by this asteroid for at least the next 100 years. This free event is open to everyone.

To join the Astronomy Club, please send \$12/household to Sherwin Koopmans, Treasurer, 14180 N Alyssum Way. Astronomy Club members please mark your calendars for Stars & Pizza in the golf course parking lot Tuesday, October 8, 6 pm. The pizza will precede a night sky session conducted by Will and Katelyn Clodfelder, who each have BS degrees from The University of Arizona in astronomy, and who started the business Stars on Wheels. Email Steve Nash at snashmd1@yahoo.com for free reservations.

VP Maryfaith Fox 612-414-7789 maryfaith.fox@gmail.com
Oct.-Apr., First and Third Wed., 2 pm, Catalina Vista/Mt. Lemmon

October is around the corner, seasonal residents will start to gather again to discuss challenging ideas raised by selections from a range of classic and contemporary authors. We will be continuing our readings from *Great Conversations 4*, a publication of the Great Books Foundation. Our October 2 reading is a short story by Jewish Brazilian writer Clarice Lispector, may cause us to consider our reactions to human differences and our conceptions of the past. Newcomers always welcome; contact Maryfaith.

Not So Silent Book Club

Tammy Barnett 530-228-0214 tammybarnett@sbcglobal.net
Second Sun., 2:30-4 pm, Desert Oasis/Ocotillo

New members are always welcomed to check out our book club. Members take a turn sharing about a book they are reading, or have recently read. There will be a diverse genre of books that get discussed. Quite often, members bring books that they want to loan or just give away. So come join us this month. Meet some new folks, and enjoy hearing about new and interesting books to read. We meet the second Sunday of the month, Desert Oasis/Ocotillo room. Email either Tammy Barnett, tammybarnett@sbcglobal.net or Karen Washabau, kfwashabau@gmail.com.

Mon., 10 am-noon, call for location or invitation to Zoom

Poets are observers of the world around them as well as the interior world of their personal experiences and emotions. Composing poems about life's trials can often be cathartic. Poets Corner member Christa Lubatkin has been unafraid to express every aspect of what she has been experiencing, using a host of poetic metaphors and provides inspiration to others unwilling or unable to write or even speak about their problems. Newcomers are always welcome to join the group via Zoom. The following selection is an excellent example and offers exactly what the title promises:

"Hope".

prayers in mid-air, waiting for answers

a sparrow hungry for a worm
a hand-full of stones wanting to be gold
a well-wish on a card
a scribble in the margins of his chart

hope, lost and found and lost again
a head held high
a knee down, a diamond ring
prancing tip-toes on a high wire

hope is the struck match
igniting my cold fire

It is time to donate to the yearly boutique for Emerge Center for Domestic Abuse to be held October 26. Collection boxes will be out the last two weeks of September and the first two weeks of October at Catalina Vista, Desert Oasis and the fitness center. Please donate "gently loved" blouses, jackets, sweaters, shoes, purses, jewelry, hats and scarves and miscellaneous items. No men's clothing, ladies' dresses, skirts, pants or shorts please. If you have any new items such as household, sheet sets, new clothes or anything

victims can use, email Cathy. We also need shopping bags with handles for the boutique. The first fall meeting is Tuesday, September 10, 9 am, Welcome Center, WC3. There will be three speakers from Emerge to provide information and answer questions. Emerge needs your help as government funds have been cut and they will run out of places to house abuse victims.

SCOVConsciousAging@gmail.com
Wed., 9 am-10:30 am, Activity Center/Navajo

Club Officers (left to right): Laurie, Marcia, Jill, Phyllis & Renee

Conscious aging is about the inner work of reorienting ourselves as we turn from our roles we assumed while managing careers and tending families, to turning inward and cultivating a deeper awareness of who we are now. Our goal is to discover how to face the known and unknown challenges of aging. With the help of our

community, we are pondering the questions: Who am I? What are my values? What do I believe? What matters most to me? This inner work is supported by mindful movement such as qigong, guided meditation, and book study, which draws from psychology, sociology, metaphysics, philosophy, and meditation. Conscious aging is about accepting who we are now. Our meetings consist of a short period of easy mindful movement, followed by guided meditation, and discussion. Please contact Phyllis for information, or email the club.

Havurah in Hebrew means friendship. We are a club that is inspired by Jewish traditions and culture. To that end, we hold holiday parties and dinners, brunches and a yearly member-only gala. You don't have to be Jewish to join, and we promise a fun time for all. We had a great time at our summer movie night. Our new board is hard at work planning exciting programming for the fall, winter and spring. Keep an eye on our website and the Tipster for details. Enjoy the season.

Prepare & Share - Dinner Club

Pres. Debbie Kotlarek dlkotlarek@gmail.com 262-899-5810
www.scovprepareandshare.weebly.com

Members of the club enjoy getting to know some of their SCOV neighbors and friends who enjoy cooking and eating interesting food. Themed dinners take place December through March in member's homes. Everyone brings part of the meal, so there is not a huge effort for the host. In July, we celebrated National Ice Cream Day with an ice cream social where ice cream and various topping flavors were offered. We are looking forward to the October 19th Tailgate Party and the November 2nd Caribbean Vibes Kickoff Dinner. If you have questions or would like information on joining contact Debbie Kotlarek at the email above.

Our club's residence tours this summer have been a great success. September 11, we conclude with a visit to Campa-na Del Rio on River Road. Sunday, September 22, 2 pm, Navajo Room, those who went on tours and others who may be considering a senior residence will get together to discuss and review the residences we toured. We discovered many differences between them. Some require buy-ins, some are simply monthly rentals. There are different meal plans, levels of care offered, and staffing variations. When you get to know the differences, you will learn what you prefer. You can plan in advance rather than choose hastily during an emergency, or even have someone else choose for you. Many

residences exist that we did not visit. Should our club plan more tours through the winter? Come help us make a plan.

Mark your calendars now for Saturday, September 14, when Cactus Kickers will host their next country western dance featuring Wild Ride band 6-8 pm in the Auditorium.

This is a pay-at-the-door event and all are welcome: dancers, non-dancers, music lovers and curious onlookers. Cost is \$10 pp. BYOB and snacks. It'll be open seating.

Coming this fall, a short series of introductory classes demonstrating basic country-western-style dancing, mainly two-stepping and country waltz. These are easy to learn and will get you boot scootin' onto the dance floor immediately. Dances are held monthly.

A refresher class for some review will also be offered. These classes will be held in October-November for four weeks. Registration dates will be listed in the October Tipster, or contact kksco@gmail.com now to express your desire for lessons.

Exercise

Aqua Tone

Irmel Wheeler, 520-334-0957, irmel5596@gmail.com
 Tue., Thu., Sat., 8 am, AFC/Pool

Aquatone is a toning water workout that incorporates a variety of rhythmic body movements. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

There is no fee to join this club or the class. The teachers are club member volunteers. Participants should be able to do a basic swim stroke. Items used in the class are buoys, boards, noodles and a fitness band. Most of these items are available at the pool. We assign an experienced member to a newcomer to help learn the various movements. Come enjoy a great workout in a fun class.

Arthritis Water

Pres. Norma Waters normawaters1@hotmail.com
 Vice Pres. Andrea Houston ahoust2@lsu.edu
 Summer Hours - Mon., Wed., Fri., 10:05 am AFC/Pool

Our summer meeting time is 10:05 am. Come join us Mondays, Wednesdays and Fridays. We meet when the air temperature is 77 degrees or warmer, as recommended by the Arthritis Foundation.

Our club performs gentle water exercises which target all muscles and are used by several health organizations to increase strength and balance and to increase mobility and flexibility.

Water exercise is especially helpful to manage arthritis, fibromyalgia, replaced joints, etc. Some new members have expressed surprise at how quickly the first couple of sessions increased their abilities to move. Others comment on improved stamina.

New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear "I came for the exercises and love all the friends I have made."

The yearly dues are \$5 and your first class is free. There is not a fee per class.

Energetic Exercise

Pres. Anne Palmer 520-289-9140 palmersaz03@gmail.com
 Mon., Wed., Fri., 8-9 am, Activity Center/Auditorium

Energetic Exercise Club meets every Monday, Wednesday and Friday, 8-9 am year-round, in the spacious Auditorium. The goals are to improve and maintain cardio fitness, muscle tone and strength through instructor-led classes. Sally Martinez has instructed in SCOV for 30 years. She is the best. The classes offer complete flexibility for all levels of fitness. Fitness equipment is used in the class, but always optional. Dress is casual with sport shoes required. Annual membership is \$3. Members then buy 12-punch cards for \$30, payable to the instructor. Both the membership application and punch cards are available at the class. Newcomers can try a first class for \$3. Members receive a monthly calendar that tells the focus for that day. All are welcome.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
 Mon., 3 pm, Thu., 1:30 pm, AFC/Studio

Are you a golfer? Are you twisting on drives, squatting and leaning over to pick up balls? Golf movements are required and repeated. The results can be overused, weak muscles and imbalances affecting legs, hips, arms, shoulders, and back. Over 60? Your game is probably affected with shorter, less accurate drives. Stamina decreases, and muscle strains, pulls and tears occur. For years, elite golfers (Tiger Woods, etc.) have turned to Pilates, an essential training tool to stay balanced and improve performance. Like golf shots, Pilates is based on movement from the body's center or core (trunk, shoulders, abdomen, pelvis). As you strengthen your core, hip rotation improves your range of motion and back stability. Other results? Powerful, more accurate golf shots and a symmetrically muscled, flexible, strong body. Pilates is a full-body exercise with very little joint strain. Call Mary 520-638-7916, or just come by and watch a class

Tai Chi

Gail Barr 303-995-7485 SCOVTaiChi@gmail.com
Thu., 10-11:30 am, AFC/Studio 1

The fall Tai Chi session begins October 10 and runs through December. The course consists of ten classes led by Sensei Donna Drazenovich, 2nd degree black belt in karate, and Assistant Instructor Kyt-Tee Kohout. Each 90-minute class begins with 30 minutes of Qigong followed by 60 minutes of Tai Chi instruction. Instruction for beginners is given separately from those students more experienced. You may observe the first class before committing to the full course.

Tai Chi is a gentle, low impact mind-body exercise. It is both a martial art and meditation and is known for its health benefits. Many medical professionals recommend Tai Chi for improving balance as well as building muscle strength and reducing stress. Please check with your doctor if you have any medical concerns.

Practice sessions are offered year-round to support our club members. For more information, email SCOVTaiChi@gmail.com or contact Gail.

The Western Tanager is an occasional summer visitor to SCOV. It is one of three tanager species regularly seen in Arizona. All species of tanagers are striking, but the male Western Tanager (shown) is considered the most beautiful. Southeast Arizona is the southern limit of its breeding range, while the northern limit includes most of the western Canadian Provinces. As is true of all

the tanagers, its song can easily be mistaken for an American Robin.

We are a 120 plus member, activity-oriented group. All SCOV residents are invited to join us on our field trips to learn more about the birds in Arizona. We are about to exit our summer hiatus and will restart scheduled trips again next month. If you are interested in knowing more, contact Peggy Smith, 520-344-0991, as well as ask to be added to our mailing list.

Hiking

Pres. Jacob O'Neill jakemponeill@gmail.com
Scheduled hikes are posted on the website
www.scovhiking.org

Hikers take in the beauty of the Santa Catalina mountains.

Although September is known as the beginning of the fall season, it's still plenty warm out for hiking. Hike leaders will offer a variety of hikes this month to accommodate all levels of hikers and take into consideration the weather conditions. If you are new to

SCOV and the hiking club, please sign up for an orientation hike with one of our volunteer leaders. You will find out more about the club, meet some great people and set out on a not-too-difficult hike. Orientation hikes will resume this month, see our website for those dates. September hikes will also be listed on the website. Hikes range from A level (most difficult and longest) to E (short, level, good terrain). There's a hike for everyone. Our website is full of information, the monthly schedule, board meetings, social events and much more. See www.scovhiking.org and we look forward to seeing you on the trail.

The Life They Always Wanted

Your Life, Your Rhythm

We looked forward to our retirement, and happily gave up household chores (so long, home repairs!) in exchange for quality time together. Now a chef makes our meals, gardeners groom the grounds, and our days are filled with fun classes, group excursions, and happy hours. Best of all, we can slow dance whenever we want.

TAKE ADVANTAGE OF STUDIO LIVING!

Have you considered the many benefits that come with
community living?

MORE SOCIAL ENGAGEMENT

Research indicates that residents spend more time engaging with
their neighbors when they live in a studio apartment.

EASY TO FURNISH AND MAINTAIN

Less is truly more. Bring just what you need to simplify your life.

LOWER COSTS OVERALL

Our amenities and services are the same no matter what size
apartment you live in. Lower monthly rent means more to spend on
what matters most to you!

SAFETY BENEFITS

Less furniture and clutter mean fewer obstacles to navigate, which is
known to help prevent falls.

**Come and visit us to find out more about studio living.

"We can't thank you enough for the great job you & your team did in marketing our house in Sun City. We don't know if it was due to your incredible prominence on the web, the vast resources of the Long Realty organization, or your own personal charm, but there was never a shortage of potential buyers wanting to see our house. We suspect the key to your remarkable success is not only your wealth of experience in the real estate business, but also your unfailing warmth & graciousness and the day-to-day contact you provide."
