September in the Pro Shop

Annual Pass Holders - September means overseed and our special this month is \$1 off re-gripping. Grips can be ordered through the golf shop and you will receive \$1 off the normal \$3 per grip labor charge. Typically, a 2 day lead time for receiving grips from manufacturer and then 1 day for the actual re-gripping. Get those worn grips re-gripped and watch those scores improve.

September Pro Shop hours

The Pro Shop will be open for normal hours 6am-5pm through Sunday September 16. We will be closed September 17 & 18 and re-open for a limited schedule 9am-12 noon September 19-October 7. The course and pro shop will re-open (cart path only) October 8th. During overseed the range will be open (mats only) beginning September 19.

This is a good time to purchase a range card. You can purchase 20 large buckets for \$125 (a savings of \$1.75 per bucket) or 50 large buckets for \$250 (a savings of \$3 per bucket)!

Pro Tip **From Tim Lochner**

The downtown effect

One of the keys to putting is understanding the "downtown effect". The Views Golf Club was built in such a way that it has a slight tilt toward downtown Tucson. This will affect the speed of your putts when putting towards Tucson. They will be faster. The opposite will be true putting away from Tucson. It will also effect the break when putting west to east (left to right) or east to west (right to left). When in doubt, remember the "downtown effect".
