A Non-Golfers Perspective

by Debra Arrett

I was not a golfer when I moved here. I still am not a golfer. However, one important reason I chose to buy a home in SCOV was that it had a golf course. It was apparent that golf course communities like SCOV had higher property values, and that higher value was reflected in all the amenities, the homes and even the residents. Some 16 years later that is still true.

Even as a non-golfer, I benefit and appreciate our pristine golf course. When driving on the streets or walking on the sidewalks, the glimpse of the rolling green still takes my breath away. With the non-golf activities on the golf course and the ability to take a golf cart ride or walk on the cart paths, before and after play, I can take in all its beauty.

I am not alone with that appreciation. The 2018 Homeowner Survey data shows that 84% of the respondents rated golf course maintenance important or extremely important. Golf Course Superintendent Michael Kropf does a superior job of maintaining The Views with about 20% less water than other Tucson-area golf courses. The maintenance over the past 30-plus years became more difficult and costlier due to the condition of the golf greens. That is unfortunate. If USGA-approved greens had been constructed in the beginning, we would not have the problem today. The soil structure did not have the proper layers of rock, sand, soil and drainage found in the USGA-approved greens you will find in all other Tucson-area golf courses. Del Webb built courses on the cheap. Renovation of the greens has already taken place at many of Del Webb's Sun City golf courses. With the use of reclaimed water required by Oro Valley, the improper soil structure and drainage became even more problematic. The salt build-up cannot be flushed by water.

The need to renovate the golf greens was recognized years ago, and experts determined it had to be done by 2020. Last year, the Board named a Golf Greens Reconstruction Committee with chair Howard Schulz and mem-

bers Patti Horning, Debbie Huffman, Doug Kimble, Diane Malchow, Barbara Nye Ross and John Rowe. Since then they and staff members have worked diligently researching all the options and consulting numerous experts.

The project is not cheap. Based on three preliminary bids, it will cost \$1.2 million. The money will come from funds already set aside. There will be no special assessment. The renovation of the golf greens must be approved by the membership and will be on the March 2019 ballot. Between now and then, you will have multiple opportunities to attend forums to learn more about the project and to ask questions. Watch for future announcements, and I hope to see you there.

Ramblings

The holidays are well under way. Oh, how we look forward to this wonderful time of the year. It is a good time to remind everyone that driving golf carts in the community is limited to those with a driver's license. Traffic laws still apply if you are driving a golf cart on the streets of SCOV.

We will have many friends, family and guests visiting our community during this month. Many of your guests and friends will be out enjoying our nice weather. Some may go for a walk and others for a bike ride. Some may be out for a golf cart ride. Whether you are riding a bicycle, driving a golf cart or other type of vehicle, please remember to slow down and drive safely.

I'd like to give a shout-out to all those who volunteer to help our community. We have so many and to list them all would be next to impossible, but I want all of SCOV to know that we could not provide all that you enjoy here without these fantastic people. Here are some but not all of the positions they hold:

- Board members
- Committee chairs and members
- Club leaders and club members
- Posse leader and members
- Activity and social volunteers
- Educational volunteers.

All of you who volunteer know who you are, and I thank you all.

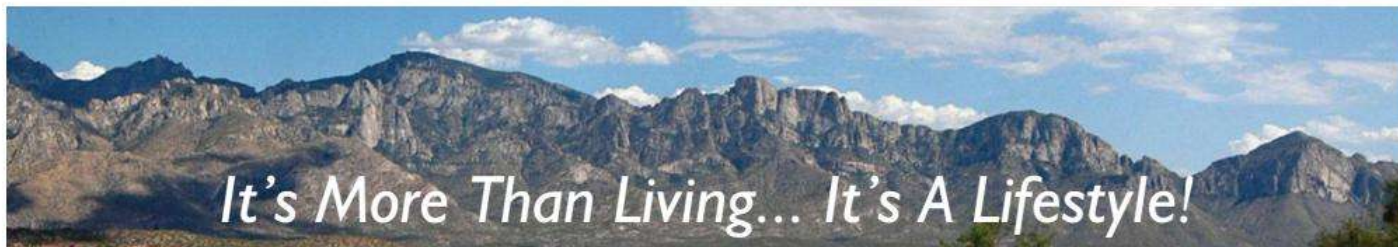

Recently I was interviewed for an article on civility in HOAs. It is a great thing that here at SCOV the problems we have in this area are few and far between. I'd like to thank all of you for treating each other and staff with kindness and respect, even when we may disagree.

Why Sun City Oro Valley?

By Don Teiser

SCOV has much to offer beyond spectacular views. Backyard sunset photo by Larry Clark

Nestled between five mountain ranges and half a mile above sea level, Sun City Oro Valley is on the northern edge of the Sonoran Desert. Although it is a desert, it is a very green one. The climate, the greenery and the views all urge you to get outside and hike, bike, swim, picnic, play tennis, pickleball, golf or other sports in a beautiful place.

It does get warm here in June and July, but with a 30-minute drive to the 9,000 foot Mt. Lemmon you can be back in springtime quickly. July and August bring our monsoon season which is what keeps this area so green. The rest of the year we have the best climate in the U.S. with cool nights, low humidity, bug-free moderate temperature days, gentle breezes, fresh air and over 350 days of sunshine.

But we don't have everything. We don't have tornadoes, snow storms, hurricanes, earthquakes, tsunamis, Lyme disease and other challenges. No need to bother with neckties and three-piece suits. We pride ourselves on being "Tucson Casual." This also means a slower and more-friendly pace of life with much less traffic than you see in other areas of the Southwest.

What about the Town of Oro Valley? It is the "Safest City" in Arizona according to FBI crime data. It is also very well managed, winning loads of national awards for fiscal management, and it has almost everything most folks need. We are just minutes away from Tucson, I-10 and the airport.

What about home prices? Tucson home prices average about \$173,000 compared with about \$223,000 in Phoenix and \$359,000 in Palm Springs.

Sun City Oro Valley was recently recognized as one of the top 10 Active Adult communities in the U.S. when compared with over 2,000 other similar communities. This is not by accident. We have been working for over 25 years to provide an abundance of high quality, modern and welcoming facilities, amenities, activities and clubs to offer something for everyone. No other community in Arizona offers what we have here.

Think of what we have here:

- A fabulous and beautiful 18-hole golf course with views from every hole.
- A newly expanded and remodeled restaurant with great food and superb service.
- The Aquatic and Fitness Center with an Olympic-sized pool, dance studios, weight room, a myriad of fitness machines, racquetball court and spa.
- The Artisan Center with a state-of-the-art wood shop, pottery studio, sewing room, silversmith and lapidary workshop, stained and fused glass shop and other artisan areas.
- Dedicated billiards, pickleball, tennis, mini-golf, POP Tennis and bocce ball facilities.

Your decision to choose Sun City Oro Valley is an easy one. Your decisions about how to ration your time when you get here is the hard part. This is what you have always dreamed of and more.

Asst. General Manager - Robin Coulter

Code of Conduct

Just a reminder that as a member of this community you are expected to abide by a code of conduct outlined in the Homeowner Handbook. I was recently reminded of this code and felt it would be a good to share it in the *Tipster*. The Homeowner Handbook can be found on our website under Members > Documents.

This Code of Conduct has been established by the SCOV Board of Directors to identify responsibilities of members and their guests when using SCOV facilities and common areas and in digital and written interaction. To protect the ambiance and enjoyment for all those who use SCOV property and interact digitally, the following actions are not permitted against any other member, guest or staff:

- The use of loud, profane, indecent or abusive language, physical abuse, threat, harassment or like activities.
- Actions that result in unsafe conditions or practices, uncivil or discourteous manners, willful misconduct, or actions that unfairly or unreasonably impair the rights or privileges of other users.
- Interference with staff functions, procedures, or discipline of staff.

Violations of these or any other rules of SCOV will result in disciplinary action as outlined in the Master Declaration, including but not limited to, a disciplinary hearing before the Board of Directors, suspension of membership privileges, and/or monetary fines.

Complaints regarding programs, personnel or the actions of others may be filed in writing in the Administration office.

Happy Holidays

Many plans are in the making for the season for both personal parties or Association events.

Our January TAD Management show brings a new way to purchase tickets online. You will see a URL in the event description following certain performances listed in the Coming Events section of this *Tipster* indicating how to purchase tickets for certain events. For your information, All TAD Management shows will have theater-style seating in the future. Get ready for a great year. My best to you and your families as we gather to celebrate holidays.

Revised Development Standards

On October 23, 2018 the SCOV Board approved changes to the Development Standards. Please familiarize yourselves with these updates. You may access the document on our website under Members > Documents > Development Standards. Paper copies are available at the Welcome Center.

One of the most important areas of updating is in Article 2.1.e. During construction, debris shall be disposed of daily or stored in a covered container located in the driveway. The container shall not extend into the sidewalk area. Building material shall be stored out of sight in the garage or in the backyard of the house.

With all the remodeling projects that are going on it is not unusual to be surrounded by trucks, dumpsters, pallets of building materials and the disturbance that is associated with the work being accomplished. At times we need to ask for neighbors' patience and tolerance when they have already reached their limits, because a project is delayed with little or no activity. Keeping your neighbors informed about your project timeline is not only courteous but in some cases imperative.

The large number of homes that have new owners in the last six years, coupled with the aging of our community has resulted in updating both the interior and exterior of a large portion of homes in our community. The good news is that this increases the value of those homes and possibly yours.

Getting Ready for Flu Season

Proper hand washing is one of the most effective ways to prevent colds and flu. Start with warm water and anti-bacterial soap. Work the lather for 20 seconds, paying extra attention to fingernails and jewelry. Singing "Happy Birthday" twice is a good way to judge the time. Then rinse and dry your hands. Disposable towels are best, so you can use them to turn off the water. This will protect you from putting germs from the faucet right back on your hands. Another easy way to protect yourself is to keep your hands away from your face. Specifically, avoid touching your eyes, nose and mouth. These are the areas where cold viruses gain entry into your system. Keeping your hands away will keep any cold germs on them away as well. If you need to touch these areas, wash your hands before and after.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, December 11, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, December 12, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Active Health

Judy Greenberg, 631-974-4375, gfam5@yahoo.com

Nov.-May, Second Tue., 1:30 PM, WC1

www.suncityorovalley.com/members-login/committees/active-health

To me, mindfulness is being aware of what's happening at the present moment. This includes being aware of your surroundings. If you paid attention to where you were parking and then noted some clues to help you find it later, it would have made it easier to find your spot.

Mindfulness is a brain/mind training that can be done by anyone. It has no religious affiliation nor does it require a belief in the Almighty. It literally changes the wiring in our brain, so that over time, many benefits of mindfulness become permanent.

Please join us Friday, December 14, 1 PM, Auditorium, when SD Khalsa introduces us to the benefits of mindfulness.

The next meeting of the Active Health Committee is Tuesday, December 11, 1:30 PM. Please join us. We are always looking for new members.

Activity Center Renovation

Chair Ed Zwerling ACRC@suncityorovalley.com

First and Third Tue., 10 AM, AC/Hohokam Room

The Activity Center Renovation Committee (ACRC) has completed the data gathering phase to better understand the needs of the community, and we are now entering into the recommending stage. Unlike previous SCOV renovations we have multiple clubs, some with conflicting desires, competing for space and resources. We have listened to all of the comments and suggestions from the individual residents; this will play a major role in creating an affordable state-of-the-art multipurpose activity center.

We are working with a design firm and architect through a general contractor to produce conceptual drawings and preliminary cost estimates. We will be given element costs and alternate proposals. They will be soliciting additional information from the various stakeholders to help better understand their specific requests.

We will soon be announcing our first community-wide presentation to show our progress and address any concerns you may have.

ACRC meetings are open to all residents, and we encourage comments from the audience.

Aquatic Fitness Center Advisory

Chair Stan Shopa

First Wed., 11:30 AM, WC1

afc@suncityorovalley.com

At our November meeting, Lonnie Davis reported on the usage of our cardio machines. Our most used machines are the treadmills; the ellipticals and recumbent bikes follow, with the upright bikes being the third most-used. The usage is primarily during the morning hours until approximately 11 AM. Then, for a period from 3 to 4 PM, the usage increases. So, the best time, if it works in your schedule, is to plan on using the facility between 11 AM and 3 PM in order to have better access to those machines.

Please put this on your calendar if you have an interest in these topics.

Architectural Review

Lorie Puffett 415-902-1133 lpuffett@gmail.com

Second and Fourth Tue., 2 PM, WC3

There are many exterior projects that require prior written Architectural Review Committee (ARC) approval to ensure compliance with the SCOV governing documents. These projects include, but are not limited to, room additions, patio covers, window and door replacements, shade screens, walls, fences, gates, landscaping, lighting, shutters, gutters, downspouts, spas and swimming pools. All design, style, color, dimension and material decisions should be made before submitting your project for ARC approval. On October 23, 2018, the SCOV Board of Directors approved several revisions to the Development Standards. Please be sure that you consult the current version of the Development Standards before compiling your project information for ARC approval.

Did you know that SCOV pays nothing for the paper phone book? The publisher sells ads in the Business White and Yellow pages and is responsible for the contents of those pages. The publisher decides each spring whether it's profitable to continue. Let the advertisers know that you appreciate their ads, and keep your fingers crossed for next year.

Last year, there were over 340 changes to the directory. Even though the paper phone book is updated just once per year, you can update your listing in our online directory at any time. The online version is updated monthly, thus always has the most current information.

Do you need someone's email address or unit number? Those are included only in the online directory, not in the book.

To update your listing, login to the directory and complete the online form "To change your directory listing..." or fill out an orange card at the Welcome Center.

Election

Election 2019

The Election Committee is preparing for another election cycle. There will be three director positions, and we expect at least one initiative for your consideration. The vote will be electronic unless you have opted out of all electronic communications from the Association. If you vote by hard copy, the ballot must be mailed to Florida. The Association is no longer accepting paper ballots in the Administrative office.

The candidate interview videos will provide the opportunity to see and hear the candidates. There will be a web page under Member Services > Vote March 2019 with information.

In February, there will be at least two forums where questions will be asked of the candidates so you can get a feel for their understanding of and passion for SCOV. These forums

will also be available as videos.

More details on the candidates and initiatives will be provided as we get closer to the election.

Fourth Mon., 1:30 PM, WC3

Please note that this month the committee will be meeting Monday, December 17, 1:30 PM. Committee agendas, minutes and financial reports are posted on the SCOV members-only website. Typically, the current monthly agenda is posted on the Monday prior to the meeting date. The committee will be developing further recommendations to be forwarded to the Board for consideration. In December, the committee will review the potential benefits of developing a new position for purchasing and contracting. If recommended and the board concurs, then the new position will be included in the FY 2019-2020 budget planning. In January, there will be a review of the Capital Fund including its sources of funding, funding levels and its adequacy to address potential new projects. Please contact Sharon Miller for more information.

Food and Beverage Advisory

Chair Barb McNeill bjmac68@gmail.com

Oct.-May, First Fri., 2-3 PM, The Views Terrace

The Board of Directors approved a business plan for the restaurant that included hiring additional staff, with the table-to-staff ratio lowered, so that more attentive service is provided to customers. A fall-out from that is that individual wait staff are making less money, especially during the slower business months.

We live in a community where most residents appreciate good service and are very generous. As incredible as it may sound, occasionally, some groups leave no tip. Most customers now tell us your expectations are being met and exceeded. Please continue to reward your hard-working staff with the current standard: a minimum of 20% of your pre-tax bill. Happy staff members gladly provide the outstanding service we expect.

Enjoy the special events The Views Restaurant is putting on for the holidays. The seasonal rework of some menu items will tantalize your taste buds. Thanks to Phyllis Austin for providing the special table decorations for all these events.

As the holiday season continues, be sure to pop into the shop to see if you can find that right gift to take to the next party or for someone special in your life. Featured artists this month are Julie Holtry and Elaine Deeter.

Julie makes jewelry and note cards. Her trademark is her pendant dragonfly made of dichroic fused glass which dons the necks of many local residents. She says, "I think I have a dragonfly for every outfit I have. They are such fun to wear!" She also makes crystal earrings in the shape of decorated fir trees for the holidays.

Elaine began creating greeting cards for her personal use before offering them in our Gift Shop. She enjoys seeing people appreciate her work and hearing how their friends and family like receiving a handmade card. Each card is unique, and many seasonal themes are woven throughout her work.

Greens Reconstruction

Chair Howard Schulz schulz2008@outlook.com
See online Board & Committee meetings calendar for dates/times

The results are in, and the turf doctors (greens agronomists) agree the outlook for our greens is serious. Because our greens were constructed in a push-up manner using native soils, the soil has become tightly compacted allowing salts to build up and roots cannot grow.

While surface grasses looked good after the recent over-seed, this result cannot be sustained. It is difficult to predict when the grasses will deteriorate, but it will occur. It is concerning that we already saw signs of Bermuda grass dying on the front of No. 2 green this past summer.

The agronomists recommend reconstructing the greens to provide adequate drainage and proper sub-soil materials. This includes removing the top 12 inches of green material, installing a sub-surface system of drainage piping and back-filling with graded sands to allow roots to grow and water to infiltrate.

After reviewing the information and numerous reviews with architects and agronomists, our committee, both golfers and non-golfers, recommends to go forward with this project. We believe the benefits strongly outweigh the costs and want to share the information with you. If we allow our greens to deteriorate, revenues will decline and costs will increase. Nobody wants that to happen.

This project will be voted on in early 2019, and we will continue with our communications to educate voters on the details and benefits of going forward. Hope to see you at our upcoming presentations.

Marketing

Chair Pete Coy 360-739-4100 petecoy@gmail.com
First Wed., 2 PM, WC1

The Marketing Committee welcomed several new members. We are exploring new ideas on how to keep SCOV popular with prospective home buyers as well as reviewing what has been done in the past. The committee was excited to learn that SCOV has been rated as one of the top-ten active adult communities in the USA among over 2,000 others. They were also excited to learn that real estate values were up by about 8% in 2017 and up again this year. We still have room for a few more creative members who want to help us market our community.

Third Tue., 2 PM, WC3

'Tis the Season - Once Again

Here we are again at the end of our calendar year, and the Neighborhood Pride Committee wishes you a most happy holiday season. Our community is looking absolutely beautiful, and we should feel very proud of the way we look; not only to ourselves and our neighbors, but also to those individuals who visit us considering buying and moving here. We sincerely thank you for your cooperation in helping to make SCOV such a wonderful place in which to live.

With the holiday season upon us, we hope you enjoy your families, your friends and neighbors, and especially our beautiful community. 'Tis the season once again, and the Neighborhood Pride Committee hopes you have a joyous one and a happy New Year.

Nominating

Chair Jan Dunbar, jjdun2@gmail.com

The Nominating Committee is dedicated to ensuring a strong and vibrant future of our community by soliciting qualified candidates for election to our Board of Directors. In November, we identified some excellent candidates to replace three retiring board members this spring, but throughout the year, we are looking for residents interested in serving on our Board. We will announce our proposed slate by December 22. If you wish to be added, you may file with Chairperson Jan Dunbar before January 1, a petition with at least 25 signatures of SCOV members in good standing.

Preserve and Enhance Lifestyle and Property Values

Chair Don Stewart 618-980-3878 bethsdad81@gmail.com

The Task Force to Preserve Lifestyle and Property Values has completed a draft approach to mitigate impairment of our wonderful, and valuable views caused by nearby construction. We have labeled such construction "Permanent Improvements."

After extensive research, including benchmarking with other similar communities nationwide, we have a proposed definition of what constitutes a view. With that in hand, we are now able to offer a process to quantify the degree of view impairment and bring opposing parties together to resolve the situation in an amicable, neighborly manner. Our ultimate goal is to give views an equivalent place at the table along with other property rights, a delicate task indeed.

With this draft proposal in hand, we are now ready to receive input from residents. This will be done via focus panels to be conducted in early December. Participants were solicited with staff assistance via email. They will be given an overview of our draft and invited to comment. Their suggestions will be incorporated into a final proposal which will then be presented to the Board for approval followed by a vote of our residents.

Properties

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, WC1

One of the objectives in the Properties Committee charter is to monitor and make recommendations regarding energy efficiency for common area and Association facilities. Over the past several years, the committee has conducted studies and made a number of recommendations that have reduced the Association's use of electricity. Examples include the recent installation of LED lighting in parking lots and the previous installation of LED lighting at the pickleball courts, the racquetball court in the AFC and the Auditorium. LED lighting uses less electricity and has longer useful life compared to conventional lighting. In addition to using less electricity, these lighting retrofits provided added cost savings due to decreased maintenance requirements and reduced cooling loads for the indoor projects. The Properties Committee works on a variety of tasks like this during the year. Our next meeting is Thursday, December 20.

Call the Pro Shop 520-825-3110 to set up your starting time.

Our goal is to have you enjoy the golf course through some new fun and affordable programs. We are offering a new Introductory Golf Pass designed specifically for the casual and non-golfers interested in taking the next step in playing more golf.

Try our one-month golf pass for \$149. It includes playing golf after 3 PM any day of the week, ten buckets of range balls and one complimentary golf clinic. If you're ready to commit further, we are offering a 5-month golf pass for \$549. This pass includes golf after 3 PM any day of the week, unlimited use of the driving range as well as three complimentary golf clinics. Both golf passes may book starting times five days in advance based on availability. There are no green fees, and if you have a private cart, there are no cart fees associated with your pass. However, if you need to rent a golf cart, the price is \$7. You also receive 10% off on all merchandise in the Pro Shop.

Join us for our fun and social Chipping & Putting league Thursday afternoons. Ask us about the "Golf 45 Program" that introduces you to the game working from the green back to the tee. We look forward to seeing you on the course.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

December is historically the time of year when the temperatures get cold enough to start having frost. Just a reminder on what frost does to the grass and procedures to follow when a delay occurs.

Walking or driving on frosted grass causes damage to green leaf tissue which eventually leads to the grass dying. When the non-overseeded areas go dormant and turn brown they are no longer susceptible to frost damage, but the overseeded fairways, tees and greens can be damaged. Every cold morning that frost is possible, a message will be left before 6 AM on the frost delay phone line stating what the conditions are on the course and how those conditions will impact the golf. If the temperature is cold, but the frost is not that bad, we might not have a delay, but, instead, the golf carts could be restricted to the cart path for a determined amount of time. If the frost is more severe, the delay will reflect the earliest time the golf course can be prepared for golf and ready for play to start. Sometimes, the greens need to be mowed, and each day the pins need to be moved before golfers can begin play.

Additional reminders are that the putting green, driving range tee and chipping area all have overseeded grasses, so they will also be closed until the Pro Shop is notified of their opening. Remember to check with the Pro Shop for specific tee times because they try to catch up during the rest of the day.

Golf Advisory

Chair Doug Kimble 520-825-3172

First Wed., 2 PM, WC3

Check with the Pro Shop for the many weekly fun events and clinics they have to offer. It's a good way to meet new friends and have a great experience.

The winter months mean later tee times, shorter days and a busy golf course. Remember to arrive at least 30 minutes before your tee time and check in with the Pro Shop. The blue stakes on the golf course are for entering and exiting the fairways.

Many members are unaware that there is a volunteer group of golfers that repairs divots, ball marks and other daily damage done by golfers who forget to repair their own damage. With increased play, this becomes a bigger task for the volunteers, so do your part in taking care of your course and repair your divots and ball marks.

If you have any questions or concerns about the golf course, attend one of our meetings or contact your league representative.

Happy holidays from The Views Restaurant. In the spirit of the holidays, we wanted to share a recipe to make your holidays a little more magical. Nothing says the holidays to my family and me like a good Old Fashioned. What can I say? I grew up in a bourbon family. I created this recipe a few years back and have enjoyed it around the holidays since. We hope that you enjoy.

Cranberry Spice Old Fashioned

Created by Aalt Brouwer

Ingredients

1 orange wedge	1/2 oz. simple syrup (equal parts sugar and water)
13 cranberries	
2 pieces crystallized ginger, minced	4 dashes Peychaud's bitters
2.5 oz. bourbon (I use Buffalo Trace)	ice

Directions

In a cocktail shaker, muddle 10 cranberries, orange, ginger and simple syrup. Add bourbon, bitters, then ice. Stir 'til well combined but not watered down. Strain over fresh ice and garnish with the remaining 3 cranberries.

We hope to see you at our Holiday Wine Dinner Monday, December 10, 5 PM. Happy holidays and safe travels.

Thank You Corner

Mere words cannot express the profound caring that comes pouring out of this community after the death of my husband. Over the years we have read this column, but until you experience the depth of the love personally, you only then understand this meaning. Remember, Bill, "You Still Light Up My Life."

Karen Hasselbach

A huge thank you to our restaurant manager and kitchen supervisors who made a week-long commitment to help Vistoso Helpful Hands (VHH) provide food service for a home-bound resident. Two meals a day were lovingly prepared and delivered by 13 dedicated VHH volunteers. It's this caring attitude that makes SCOV the place we love to call home.

Barb McNeill, VHH Chair

To all our friends and neighbors in Sun City: In the time of our grief, the Pidone family, Michael, David, Tracey, Todd and Michael II, have just two words that mean a lot to us. Thank you.

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials.

Wed., 1-3 PM, Artisan Center/Sewing

This year is fading fast, and the Cheer Bear folks are back in full swing. They have donated 35 bears to the Northern Arizona Family Abuse Center in Winslow. They have also donated 50 bears to the Seniors for Kids toy distribution drive. We would like to thank the Seniors for Kids for their financial support. They provided funds to buy all of our needed flannel for the 2018-2019 year. We purchased enough yardage to create about 200 bears, so with the leftover from last year we will be having bears marching out the doors of the Sewing Room and into the hearts of children throughout Arizona.

Our little group is growing so if you are interested in joining us please stop in the Sewing Room at the Artisan Center on Wednesday at 1 PM. You will find a joyful group ready to greet you and include you in the fun.

Our December book selection is *The Lost Letter* by Arizona author Jillian Cantor. Moving between 1938 Austria and 1989 Los Angeles, this novel connects a grim history to a more hopeful present through the tale of two sets of star-crossed lovers. The result is a captivating historical novel.

We're delighted that Ms. Cantor will join us via Skype for ½ hour at 1:45. Members and guests, please be prompt so we can start on time.

Our January 2019 book is *Varina* by Charles Frazier, the best-selling author of *Cold Mountain*. *Varina* is a historical novel about the life and times of Varina Howell. She married a wealthy older landowner and anticipated a quiet plantation life. That landowner was Jefferson Davis. We experience the trauma of slavery, the Civil War and Reconstruction through Varina's eyes.

Holiday times can be the happiest or the saddest, depending on your situation. Poets have helped us deal with either or both of these emotions, helping themselves in the process. Poets Corner member Peggy Barnes-Phifer has written a purely celebratory poem that should lift the spirits of anyone who reads it. May all "My Joy" readers find reason to celebrate this year.

"Ain't nobody gonna / steal my joy / You can rain on my parade / break my favorite toy/ but you know.../ I'm at the height of my life / and I ain't coming down / You can sell me a smile / if it comes with a crown / There's no mountain on earth / that I can't climb / no words in the world / that I can't rhyme / With God as my pilot / I'll soar the lofty skies / count blessings like raindrops / rebuke all the devil's lies / I've got miles to go... / Yee-Haw / Oh Boy / ain't nobody/gonna steal my joy!"

Our first event of the new season was our kickoff dinner held November 9. Old and new members mingled over their favorite beverages sharing summer stories and meeting new friends. The food was catered by Bubb's Grub, following our Western BBQ theme, it was "finger lickin' good."

At this meeting we chose four themes for our home-hosted dinners in December, January, February and March. It will be another fabulous year of foods from around the world as well as regional favorites from the USA.

Our club currently has 48 members. Please join us for great food, lively discussions and the opportunity to make some more new friends here at SCOV. Looking ahead; we will have two more events for the whole club. Mark your calendars now for the spring luncheon February 20 and the end of year dinner April 5.

Folk Dance Club of SCOV

Fri., 10-11:30 AM, AFC/Studio 2

Folk dancing is more fun than a treadmill and healthful exercise for balance, muscle, mind, and mood. For most dances we hold hands in a circle to perform non-gymnastic steps to the enchantingly fascinating music and rhythms of diverse cultures (including our own). Neither partner nor prior experience needed. Typical dance sessions consist of 15 folk dances with instructions. Sitting out dances to rest is always acceptable. Drop by and come in to watch and see if this internationally-popular dance form is right for you. To see us in action online, do a Google search on FDC-SCOV YouTube.

Thu., 1:30-3 PM, Activity Center/Dance Studio

Wanna be a hula girl? A jazz dancer? Shine with a soft-shoe? In keeping with the commitment of teaching a diverse repertoire of dance styles and routines suitable for various SCOV club events, we're learning and performing a hula for the Ukelele Club's December 7 Christmas show in the Auditorium. Any SCOV hula dancers who'd like to join us in the future? We'd love to hear from you.

Beginning December 8, the class will take a holiday break, and will resume Thursday, January 10, 1:30-2:30 PM, in the Activity Center Dance Studio. Come and join us for balance and posture conditioning, learning new routines, and especially to experience the joy and privilege of dancing together. Check the January *Tipster* for the winter/spring schedule. We love to welcome new dance members, so come on over and check us out. My teaching method accommodates all levels.

Please bring your used, recent magazine issues to the Library where they can be enjoyed by others before they are recycled.

We accept the last three issues for monthly and last four issues for weekly magazines.

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Fall is here, and it's time to overcome all that holiday stress by exercising. Twice a week we have professional instructors come to SCOV and teach Joseph Pilates mat classes. The Pilates exercises strengthen your core as well as your entire system of bones and joints and are not just sets of simple exercises. Your abdominal muscles, arms, back, hips and more are strengthened and toned. This allows for better posture, flexibility, strength and balance. The classes are one-hour total body workouts and include many warm-up stretches. One of the best things about Pilates is that all of the exercise movements can be modified to suit your activity level. Our instructors are very helpful with this. The cost is only \$8/class and the annual club dues are \$20 pp. Please stop by and watch one of our classes or call Mary with any questions.

Hiking

Orientation hike guide Meg Gerken 520-638-7204
 Pres. Byron Wolffing 520-284-7889
 Visit www.scovhiking.org to see all scheduled hikes.

More than 100 hikers attended our fall picnic on a glorious day for hiking and socializing. Mileage awards were also given, starting with 100 mile patches for those just beginning their hiking careers here. A couple hikers reached the 1,500 mile mark, one 4,500 mile award was given. But one awardee received a standing ovation: Leslie Esparza was recognized for 11,000 hiking miles with the SCOV club. She joins her husband Bob at that elite level, far beyond anything the rest of our members ever hope to achieve. The Esparzas, club members for over 20 years, just retired as hiking guides after 18 years of leading hikes. They are not done hiking, however.

As you see, we have hikes for all abilities. If you are interested in joining, call Meg Gerken for the required orientation hike. For more information check out our website.

Pickleball

Pres. Jeff Rusch jffrusch@yahoo.com
 VP Membership Dave Burnham dburnhampton@gmail.com
www.scovpickleballclub.wildapricot.org

Why is Pickleball the fastest growing sport in America?

- It is easy to play and can be taught in one session.

- You don't have to be an Olympic athlete to play well as the court is small (badminton size; one fourth the size of a standard tennis court).

- You meet lots of people up close and personal; you are never more than 15 feet apart.

- Easy enough that you can chat and joke while playing.

- Clubs have the best hours of the day and members can reserve open times in the court schedule.

- Pickleball is a low stress physical activity.

- Players range in age from 9 to 90.

- Equipment is minimal with paddles priced from \$10 to \$150.

- Plus, it is just flat out fun.

- Lessons are free with loaner paddles.

Club dues are \$10 pp per year. Contact Dave Burnham for more information.

YOTO/Northwest Auxiliary

Kris Cohen 520-818-2582 krisandearl@msn.com

You can help Youth On Their Own (YOTO), the Tucson nonprofit strive to eliminate barriers to education and empower local homeless youth, homeless through no fault of their own, to stay in school.

How? Bring \$25 gift cards or new twin-sized blankets to the Activity Center lobby Wednesday and Thursday, December 5 and 6, between 9-11 AM. Cash and checks to YOTO will be accepted.

For 32 years, YOTO has supported the high school graduation of this unique demographic by providing financial assistance, basic human needs, and one-on-one guidance. Through community support over 16,000 homeless youth have remained in school and pursued opportunities for self-sufficiency.
