Rancho Vistoso Blvd. Lighting

by Lou Gard

For some time SCOV residents have been wondering if and when the street lighting on Rancho Vistoso Blvd. would ever get repaired. There are three circuits of lights on the portion of Rancho Vistoso Blvd. running through SCOV. One of the circuits was repaired several years ago; that circuit, the middle one, runs along Rancho Vistoso Blvd. from near Silverton Ave. to a little bit southeast of Crossbow Dr. The other two have not been repaired due to lack of Town of Oro Valley funds.

The problem with all three circuits is that the conduit running between the light poles has collapsed and needs to be replaced and the wiring pulled through. While repairing the first section it was discovered that the wiring running up the light pole to the street lights also needs to be replaced.

There is some good news. The Town of Oro Valley has budgeted funds (\$450,000) for the second section which runs from near Silverton Ave. east toward Welton Dr., approximately 24 lights. That second circuit section is going out for bids shortly and is due to be completed some time in the summer of 2019.

The third circuit runs from southeast of Crossbow Dr. down Rancho Vistoso Blvd. to the SCOV side of the Big Wash. The Town of Oro Valley has put that repair into their five-year plan, possibly to be completed in the 2021-2022 time frame. The timing of this circuit repair could be moved up or extended depending upon money available and other pressing issues within the town.

On another subject, residents are continuing to come to events in the Activity Center (AC) with just one person in the car. On February 6, when residents attended the talk on "Modern Terrorism," the parking lot was full down to the Welcome Center, and several cars were parked on Silverton Ave. There were many who could not get into the AFC or the Artisan Center due to lack of a parking space. Please attempt to share a ride with another person or couple who you know has similar interests regarding an event at the AC. Residents finding parking spots will appreciate your thoughtfulness.

Community Associations Principles

Even though we live in an association, you might be surprised how many of our neighbors—owners and renters alike—don't really understand the fundamental nature of common-interest communities. We know that many others, including the media and government officials, lack a true understanding of the community association (or condominium) concept.

Community Associations Institute (CAI), a national membership organization that represents the best interests of common-interest communities like ours, developed 10 basic principles that answer three essential questions: What is the basic function of a community association? What are the essential obligations and expectations of homeowners? What are the core principles that should guide association leaders?

I'm confident you'll recognize our community while reading these principles.

1. Associations ensure that the collective rights and interests of homeowners are respected and preserved.

2. Associations are the most local form of representative democracy, with leaders elected by their neighbors to govern in the best interest of all residents.

3. Associations provide services and amenities to residents, protect property values and meet the established expectations of homeowners.

4. Associations succeed when they cultivate a true sense of community, active homeowner involvement and a culture of building consensus.

5. Association homeowners have the right to elect their community leaders and to use the democratic process to determine the policies that will protect their investments.

6. Association homeowners choose where to live and accept a contractual responsibility to abide by established policies and meet their financial obligations to the association.

7. Association leaders protect the community's financial health by using established management practices and sound business principles.

8. Association leaders have a legal and ethical obligation to adhere to the association's governing documents and abide by all applicable laws.

9. Association leaders seek an effective balance between the preferences of individual residents and the collective rights of homeowners.

10. Association leaders and residents should be reasonable, flexible and open to the possibility—and benefits—of compromise.

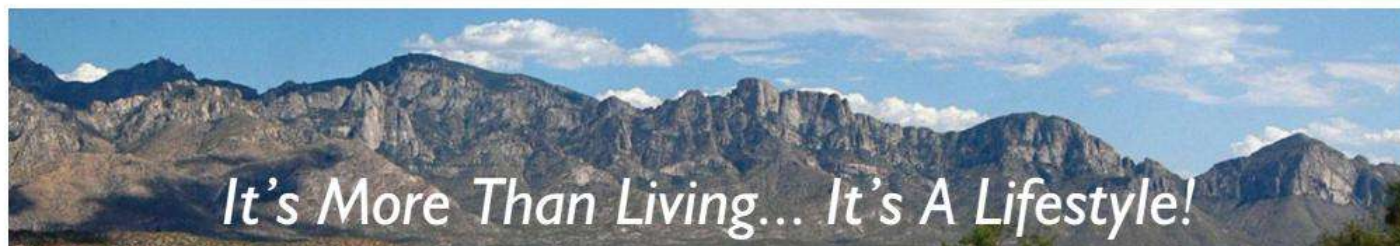

Fundamentals can be downloaded at www.caionline.org/governance/fundamentals.pdf. For more information about Community Associations Institute, go to www.caionline.org.

It's More Than Living... It's A Lifestyle!

Something for Everyone

By Rick Price, Director of Golf

Sun City Oro Valley is a community of family and friends. One of the great things about our community is there is something for everyone. If you have an interest, you most likely will find some like-minded people who share your interest.

SCOV is the ninth-rated best value active adult community in the United States according to www.55places.com. We discovered this fact during our study and community presentations on the greens reconstruction project for the golf course. When you consider the number of active adult communities in the country, this is an outstanding rating.

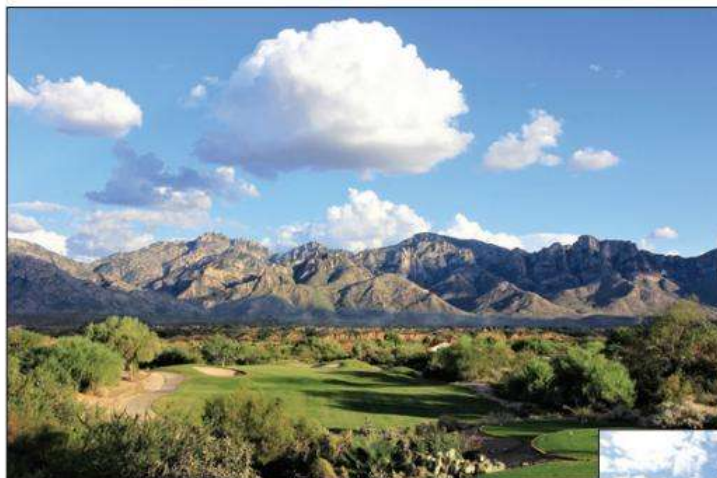

Another fact from the study is that based on our point-of-sale system approximately 40% of the residents in SCOV have enjoyed some aspect of the golf facilities. In such a diverse community, having four out of ten residents enjoy golf in some capacity reflects well on the active lifestyle here and the quality of the golf facilities we offer.

One of our goals at The Views Golf Club is to make the game accessible to as many people as possible. We know that golf is as much a social experience as it is an athletic experience. Toward that end, we've created a wide variety of activities for golfers and non-golfers alike.

For our traditional players, there are both 9-hole and 18-hole leagues for the women and the men. These leagues are fun and competitive with social storytelling, meals and an occasional drink or two as standard fare after play is done.

For all levels of golfers, we offer several fun and easy ways to experience what golf is all about:

- If you're a non-golfer, just beginning or even a golfer who wants to improve, we offer weekly clinics on the full swing, irons, short game and putting.
- Our weekly Chip & Putt events are great times for getting out on the course, chipping and putting on the course and enjoying the spectacular views and social time after the round on the restaurant terrace. This event has attracted over 434 registrants since its inauguration last year.
- Casual golfers enjoy the game and are more relaxed regarding the competitive aspects of golf. They get together weekly for nine holes of low-pressure golf and a

monthly event with dinner.

- A new program called "Golf 45" has begun on Saturday afternoons, where players can experience success by starting each hole from just 100 yards off the green. The goal is to score 45 or lower in nine holes before moving out to 150 yards, and so on.

- Strictly social events include Yappy Hours for our

four-legged friends, and demo and club fitting days. Enjoy our fall and winter golf fairs, putting contests and even a helicopter golf ball drop.

- Golf fairs are a great time to try the latest equipment
- Walk or run in our annual 5K fundraiser, dress up yourself and your golf cart for the Cart & Treat Halloween event and enjoy the weekly barbeque cookouts on the driving range in the fall and winter.
- 18 holes of miniature golf offers fun for adults and kids of all ages.

Our most important promise to our residents and guests is, "Golfing experience that provides professional and friendly service, mountain views and excellent conditions."

The Views Golf Club is one of the best maintained and beautiful facilities in Arizona, thanks to Mike Kropf, Course Superintendent, and his dedicated team. We have been awarded The Best of the Northwest by the *NW Explorer* newspaper and GEM award from the Arizona Women's Golf Association.

These awards are nice; however, our best reward is having the residents of Sun City Oro Valley enjoy our facilities. The number of golf rounds, revenue and pass holder memberships continue to increase. We welcome you to join us for all the fun activities and golf.

All Those New Faces

Have you had the feeling that when you look around SCOV there are lots of new faces? If you have, you would be right. Since 2012 SCOV's population has changed by almost 60%. Yes, that is correct. Over half of you are new to SCOV in the past six years. For those of you in the new group, welcome, we're glad you're here. For those of you in the seasoned group, enjoy meeting new friends and neighbors. This is an exciting time to be living here, so much to do, so many great people to meet.

If you're interested in the statistics, here goes: ownership changed in 2012 by 7.15%, 2013 by 8.64%, 2014 by 8.52%, 2015 by 7.8%, 2016 by 9.45%, 2017 by 8.32% and 2018 8.24%. Cumulatively those changes add up to a 58.12% increase. Special thanks to David Johnson for compiling these stats.

Courtyard Sale

It's that time again to turn what you no longer need into cash. Our annual Courtyard Sale is Saturday, March 30. For future reference, the sale is always the last Saturday in March. This sale has become known as the "Why did I bring this to Arizona?" sale. A few reminders to those who are new to the community. If you are participating in the sale have your table set up and ready to go no later than 6:15 AM. Most are set up between 5:30 and 6 AM. You must use only the table you purchased, no other tables allowed. To rent a table for this event, come to the Activity Center, Monday and Tuesday, March 18 and 19, 9-11 AM. The tables that you rent are 8 feet long. Please remember, only service dogs are allowed in the public spaces. So come to the sale, have a donut and coffee sold by Seniors for Kids and look around. A truck from Big Brothers Big Sisters will be on site at 10:30 AM to take any donations of items that you don't sell.

Inspections of Your Home

Several people in our community may take advantage of this time of year to list their homes in hopes of a sale. Perhaps they are thinking of moving to a different SCOV house or else moving closer to their families in other states.

If you are listing your home, please contact Karen Loffredo, Community Services Coordinator. She may be reached by email kloffredo@suncityorovalley.com or 520-917-8087; she will contact a member of the Architectural Compliance Team (ACT). That member will review just the exterior of your home, so you understand any deficiencies that need to be addressed. This mandatory ACT Listing Inspection will give you a chance to correct any Association governing document violations before a sale. Once you have corrected any issues, you may arrange a re-inspection prior to an escrow, so your home's exterior has a "clean bill of health."

If you are just curious whether your home meets the requirements of the Development Standards and the CC&Rs, please arrange an ACT Courtesy Inspection. Whatever in-

formation is gathered at this time is given to you and is not shared with the Association. It is up to you whether you act on any deficiency. The good news is that at least you become aware of what is acceptable or not, so you can be proactive if you decide to sell your home in the future or just want to bring it up to snuff.

Our library has around 2,300 videos, including movies, television series, documentaries, foreign films, exercise videos and more. With the Oscars just announced we are focused on getting the award-winning films, as well as those nominated for the major categories. In the last month over two dozen new videos have been put on the shelf, and another dozen are expected in the coming weeks. To see what's new in video, go to www.suncityorovalley.com/, click on "Library," scroll down and click on "Link to Online Catalog/Account." Click on "All Time Periods" and select "New items within 30 days" then click on "All Forms" and select "DVD." Hit the "Search" button and you will see all our latest videos. You will have the option to reserve items from that screen.

Do you wish you could read books to a long-distance grandchild? Technology and our library make it possible. One SCOV resident shared with us that she checks out picture books from our library and reads them by Skype to her grandchild hundreds of miles away. Check out our charming selection of children's books and give it a try.

Why Should I Get the LF Connect App?

LF Connect lets you control your own workout experience; for example, if you want to do a workout that is not programmed on the machines, simply create, share and personalize your own, manipulating time, speed and intervals. You can use LF Connect (App or computer) to create your workout at home or even on the way to the gym. When you arrive your workout is ready to go. The LF Connect App also allows you to log your strength session as well as record any exercises you do outside the gym. Use the app to record your run or bike ride. Each resistance machine will have a QR barcode to scan, then simply record your sets, reps and weight, keeping your workout logs all in one place.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, March 12, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, March 13, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Judy Greenberg, 631-974-4375, gfam5@yahoo.com

Nov.-May, Second Tue., 1:30 PM, WC1

www.suncityorovalley.com/members-login/committees/active-health

On Friday, March 15, 1 PM, Auditorium, the Active Health Committee is hosting a presentation on Alzheimer's by Daniel Horzempa, M.D. Most of us believe that Alzheimer's/dementia is a condition that cannot be successfully treated. The good news is that since 2012, individuals with Alzheimer's or dementia have been successfully treated by a team of researchers at UCLA, headed by Dr. Dale Bredesen. Hundreds of medical providers across the U.S. have since been certified in the use of this protocol to treat Alzheimer's. Dr. Horzempa is a graduate of the Integrative Medicine Program at the U of A. He is currently treating several patients in the Tucson area using the Bredesen protocol. Dr. Horzempa will discuss the evolving science that has accumulated over the past 30 years which has brought us a more complete understanding of what drives the development of Alzheimer's. To illustrate the practical application of this multifaceted, individually tailored program, he will review case studies of several of his patients and how they are progressing.

See Workshops and Classes on page 13 for a musical meditation class sponsored by the Active Health Committee.

Activity Center Renovation

Chair Ed Zwerling ACRC@suncityorovalley.com

First and Third Tue., 10 AM, AC/Hohokam Room

In March there will be two community presentations explaining the progress of the renovation plans so far for the Activity Center, as well as our path forward. They will be

held in the Auditorium on Thursday, March 7, 10:30 AM, and Thursday, March 28, 10 AM. We will be hiring an architect and other professionals to assist us in creating conceptual drawings for future community discussions; however, we will not be prepared to discuss costs or financing at this time. See the flyer in this month's *Tipster* for more details.

The ACRC meets the first and third Tuesday in the Activity Center/Hohokam Room at 10 AM. Please check the SCOV calendar for changes.

Aquatic Fitness Center Advisory

Chair Stan Shopa

First Wed., 11:30 AM, WC1

afc@suncityorovalley.com

For first time visitors and new residents in SCOV, the Fitness Center is a popular place. It's modern, clean and well-equipped. The following is an update on the usage of just three pieces of equipment during January of this year:

Equipment	Total Distance	Total Hours	# of Workouts
Treadmills	3776 mi	1219 hrs	3558
Ellipticals	3520 mi	816 hrs	2251
Upright Bike	4489 mi	430 hrs	1137

In addition to the above, there are numerous other pieces of quality equipment for maintaining strength, balance and stretching. There is also a racquetball court. The pool, hot tub, locker room and showers are all right there. The Fitness Center is open every day 5 AM-9 PM. A residence card is necessary to enter.

Architectural Review

Lorie Puffett 415-902-1133 lpuffett@gmail.com

Second and Fourth Tue., 2 PM, WC3

If you are planning an exterior home improvement project, please be sure to consult the latest version of the Development Standards (October 23, 2018) for any guidelines that may affect your project. There are many exterior projects that require prior written Architectural Review Committee (ARC) approval to ensure compliance with the SCOV governing documents. These projects include, but are not limited to, room additions, patio covers, window and door replacements, shade screens, walls, fences, gates, landscaping (including new/replacement plantings of any trees, shrubs, vines or ground cover plants that are not on the approved plant list), lighting, shutters, gutters, downspouts, spas and swimming pools. All design, style, color, dimension and material decisions should be made before submitting your project for ARC approval.

Food and Beverage

Chair Barb McNeill bjmac68@gmail.com
Oct.-May, First Fri., 2-3 PM, The Views Terrace

We all know that SCOV is a caring community. Here's how that was recently demonstrated at The Views Restaurant.

One of our regular customers, who eats at least twice a day with us, had not been seen for several days. Staff contacted me to see if someone could do a wellness check on this fellow. Sure enough, neighbors knew that he fell in the night and was taken to a care facility. His regular wait staff misses him and hopes he will be able to return home soon.

Everyone is enjoying the ambiance the new bistro lights provide on the Terrace. Additional heaters are there for more comfort during the winter evenings. Do not move the tables and heaters without staff assistance, as the heating coil can damage light bulbs and connectors. Please let staff seat your groups and rearrange the heaters, as needed.

Nutritional information (calories, fats, sodium, protein) for some of our menu items is now available at the hostess desk.

Gift Shop

Co-Chairs Don Jovag 520-762-6030, Elaine Deeter 520-825-5388

Gift Shop 520-917-8051

Shop hours: Mon.-Fri., 9 AM-4PM; Sat., 9 AM-12:30 PM

www.suncityorovalley.com/gift-shop/

With spring fast approaching, we invite you to visit the freshness of the art in the Gift Shop. Featured artists this month are Janice Moll and Mary Murck.

Janice's transition from the Midwest to the Sonoran Desert inspired her to capture as much of her new environment as she can in her art. She now attempts to represent the desert world around her as she experiences it in daily life. Since moving to SCOV, Janice discovered clay and mixes hand building with her wheel-thrown pots.

Growing up, Mary loved art, but it was on hold for her until in her 40s, when she discovered clay. Her hand-built pieces are imaginative and useful. "My designs are mostly utilitarian, but I love doing decorative things as well. I really love angels and birds. The angels are representational, more folk art, while the birds are whimsical and fun."

Government Affairs

Chair Laura Dore 520-338-1016 lucylb53@comcast.net

Greens Reconstruction

Chair Howard Schulz schulz2008@outlook.com
See online Board and Committee meetings calendar for dates/times

The Greens Reconstruction Committee is continuing according to their charter. Phase I was completed with the three community forums held in January. Phase II (detailed construction bid documents and requests for proposals) is ex-

pected to be completed by year end 2019. This will be followed by final Board (BOD) approval of the project scope, construction plan and recommendation of a construction contractor along with chartering of an implementation team.

The BOD decided that this project is a repair and replacement of an existing asset, and as such the cost of \$1.2M will be paid for by monies from the Asset Reserve Fund. The BOD planned that monies would be available for this project. The Asset Reserve Fund is estimated to total \$5.2M at the end of the current fiscal year (6/30/19).

If you could not attend one of the recent community forums, please take advantage of the video on the SCOV website where our golf architect, Mike Gogel, explains the project details. He details how the costs were developed and the cost savings that were included. Mike has managed numerous golf reconstruction projects throughout the United States, which have all come in on time and under budget. Our committee wants our community to have the same results.

You can access the video by going to the SCOV website and log in as a member. Go to Member Services, click on Golf Greens Renovation and access the January 2019 video presentation. If you have trouble finding it, please ask a committee member.

Neighborhood Pride

Chair Tempe Johnson 520-825-6994

Third Tue., 2 PM, WC3

What Always Arrives?

Spring always arrives, and here are spring cleaning reminders concerning personal yards:

- Trees must be trimmed up at least seven feet over sidewalks and not block visibility of stop signs.
- Plants should not extend out over sidewalks, and frost damaged parts of shrubs and trees should be cut off and removed.

- Cracks in driveways, sidewalks and where the cement meets the asphalt in the street are the responsibility of homeowners to keep weed-free.
- Hedges anywhere in the yard are not to be over six feet tall.
- Shrubs near the entrance of a driveway should be cut to less than 42" in height so as not to block visibility of vehicles and walkers.
- Make sure your house number is visible from the street and that all lights in the fixture are lit, so it can be seen at night.
- Outside light bulbs are not to exceed 250 lumens per Oro Valley regulations.

Thank you for heeding the above and for continuing to take pride in your property.

Preserve and Enhance Lifestyle and Property Values

Chair Don Stewart 618-980-3878 bethsdad81@gmail.com

The Task Force to Preserve and Enhance Lifestyle and Property Values was organized around two pressing questions: 1) How to maintain the quality environmental setting currently available to us, keeping SCOV a highly marketable and forward-looking place to live and 2) To answer the concerns of balancing the homeowners' rights to modify or update homes and landscapes with the neighbors' rights against encroachment. After several resident surveys, focus groups and forums, procedures have been developed by the task force relating to permanent improvement changes supported by Master Declaration language revisions currently on the ballot. Please vote and, if approved, the task force will move on to view obstructions related to vegetation.

Properties

Chair Rich Oaks richoaks114@gmail.com

Third Thu., 9 AM, WC1

Semiannual inspections of SCOV facilities are one of the Property Committee's primary functions. Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

Why do you play golf? Sometimes people say they play golf for one reason and then their behavior does not match the reason why. You will enjoy the game most if your behavior aligns with your purpose for playing.

Let's start with purpose, your intention toward which you are always striving. For example, you play golf to have fun; second, to enjoy people; third, to appreciate the beauty around you and fourth, to compete against yourself and others.

An additional principle necessary to enjoy and play better golf is patience. When things start going wrong during the round, impatience will not only affect your "purpose" behavior, but it also keeps you from reaching your goals. If you are patient, it's amazing how things will work out.

When you are patient, you have a different way of looking at things. Impatience often results in poor decision-making and behavior.

Another principle is perspective. You understand what is essential in any given situation. In golf, like life, we can fool ourselves into thinking it's all about results, that who we are is what we accomplish. Instead, we should remember that golf is a game where you can get some good breaks and bad breaks whether you deserve them or not. You can learn a lot about others and yourself while playing golf. If you maintain a positive attitude in golf, even when things may not be going well, I promise that it will carry over to other areas as well.

Next time you play golf, have the mindset that your purpose is to have fun, enjoy others, appreciate our beautiful views and the friendly competition. These will guide you as you gain perspective on why you play the great game of golf.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

March is the beginning of the golf course maintenance busy season. The weather begins to warm up, and the chances of rain goes down. These changes in weather conditions lead to many new challenges on the golf course including a surge in growth of grasses, increased wet and dry areas and Poa Annua seed production.

The warmer weather causes the soil temperatures to rise which releases more nutrients to the grass. The problem is the grass begins to grow faster than it can be mowed. This leads to higher fuel and labor costs for the increased mowing, and more grass clippings to clean off the fairways and approaches. The warmer weather also starts the Poa Annua bloom on the fairways, approaches and greens. One of the ways to slow the grass growth and reduce Poa Annua flowering is by spraying a growth regulator. This chemical offsets the price of continued mowing and provides a higher quality turf.

Another issue in the spring is the increase of dry and wet areas in the fairways. These problem areas occur due to large amounts of play during the winter causing compaction combined with warmer temperatures. Fairways have already been deep tined aerified in February and will be done again in March. This process penetrates the soil about seven to nine inches allowing water and air to the roots. The wet areas are alleviated

by allowing the water to enter the soil, and the dry spots are less severe with the water reaching the roots.

Golf Advisory

Chair Doug Kimble 520-825-3172

First Wed., 2 PM, WC3

March will bring warmer weather, and our golf leagues will start having their league and guest tournaments. Check with the Pro Shop for earlier start times for your league play. Pace of play is very important in having an enjoyable round of golf, so always keep up with the group in front of you. Please keep your carts on the cart paths not on the grass along the edge of the paths.

There are several fun events for social golfers offered by our Pro Shop. These include a Chip & Putt outing every Thursday, casual golf once a month and other events. Check with the Pro Shop for more details.

If you have any questions or concerns about the golf course, attend one of our meetings or contact your league representative.

Introduction to Tai Chi – Free Class

Thursday, April 4, 10-11:30 AM, AFC/Studio 1. Tai Chi is an ancient Chinese tradition that involves slow, focused movements. Art League

Co-Pres. Caryl Thornton 520-638-7024, Carol Nagel 520-825-3097

The process of displaying art in our Activity Center and Desert Oasis is complex. We enjoy these facilities in part because of the efforts of the Art League. All the art is displayed with thought, a style more appropriate to a living room than a gallery.

This month the Fine Arts Studio artists are featured in the Activity Center and the Clay Club potters continue their dis-

play at the Desert Oasis. April will be the first of our theme shows for 2019 in the Activity Center. The focus will be "Up Close." Members of Art League-associated clubs are encouraged to participate.

Orientation as needed

Clay Club members are honoring spring in SCOV by creating a flock of hummingbirds ready for display in their homes and gardens. Each bird was formed from a similar pattern, but each projects its own personality. This month the club features wall pockets and planters at the Desert Oasis. These are hand-built for indoor and outdoor walls. One creative use is in the kitchen, as storage for kitchen utensils. The pottery wheels are in continual use, and the pottery and glaze studio windows always have an exciting display of new work. Stop in at the club in the Artisan Center to sign up for orientation, and you will be the next pottery star.

The Fine Arts group gathers in the morning; however, we invite you to bring a lunch and stay for the afternoon or come only in the afternoon if this fits better into your busy schedule.

Some of our members have exhibited in juried shows and won prizes, but this is not a qualifier for joining in the fun and productivity.

The men featured in this photo are Salvador Hernandez and Lee Sopwith (standing). We have artists working in many different mediums and styles providing a lively dialogue.

We all welcome you to visit, observe, listen to the critiques at 11 AM and decide if we're right for you. Bring your materials and find a comfortable spot.

Japanese Flower Arranging

Donald Marier 520-825-4878 dolmar21@gmail.com
Nov.-May, Second and Fourth Mon., 2-4 PM, Catalina Vista/Pusch Ridge

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials.

Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Sigrid Flatness 425-213-6689 sigridkf@gmail.com
Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

If you knit or crochet, Tuesday afternoons might be a way to learn new techniques or find a new pattern to try. Several of us are working on a variety of projects, and we love to share with others what we've been doing. You would be amazed at some of the things that knitters make these days. It's back in vogue. If you want to brush up on your skill level or try a new technique, you'll find help in our group. Come and enjoy a relaxing time with us.

Second Fri., 8 AM, Catalina Vista/Pusch Ridge
www.scovaz.com/clubs/modelers

During a recent Modelers Club meeting, member Tom Mehring gave a photo-illustrated recounting of the train trip he and his wife, Kaye, took last spring when they returned to Wisconsin from Tucson. They traveled from Tucson to Los Angeles and then along the southern California coast. They then connected with the Amtrak Empire Builder in Portland, and took that storied train across the northern U.S. on to St. Paul.

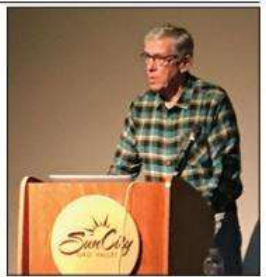

Photo by Tom Prall

All SCOV residents are welcome at our monthly meetings. During any day, if the lights are on and someone is in the Modelers Room, stop in. At our meetings, you will see what we are about and you may enjoy a cup of coffee and a sweet roll. From time to time we schedule field trips of interest to modelers.

Sculpture

Pres. Laurie Lichaa 520-812-0198
Mon., 9 AM-5 PM, Catalina Vista/Art Studio

Stop by the clay sculpture studio in Catalina Vista on Monday mornings to see some of the clay sculptures in progress. Recently we have had a packed studio so there is a lot of creativity taking place.

Last month we shared information on preparing the armature using a brazing process. Aleda Haug has researched alternative methods in preparing an armature. She is teaching a class for current members using a technique that uses smaller gauged wire and apoxie sculpt, which has the adhesive power of epoxy. This technique eliminates the brazing process and when using a smaller gauged wire, it makes it easier to build the armature. Aleda will be guiding class members in refining the details of a body or head in clay. Stop by and view some of our completed projects in the display case outside of the studio.

Stop over any time the room is open to learn more about us. Monitors on duty are always happy to give you a short tour. Seasonal residents and renters are welcome to join us. Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

Some of our Casa members recently delivered the first set of items they made to the Tohono O'odham Sunrise House. This included walker bags, tote bags, fleece blankets, sets of throws and pillows, girls' dresses, hats, scarves,

baby blankets and sweaters. The members received a request for vests for the younger girls for part of their school uniforms and for sturdy tote bags for the older girls. On our next trip we will also include sleeper blankets for the younger children. The Sunrise House is a family resource center in the Tohono O'odham Nation. The schools are part of the Baboquivari Unified School District in Sells.

If you still have that top sheet where the bottom sheet gave out and it's in good condition, please donate it so we can make crib sheets for the various charities we support.

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com
Wed., 1-3 PM, Artisan Center/Sewing

The Cheer Bears are marching together to willing, happy, cheerful new arms to receive the love they deserve. Each bear is made with love to be passed to their new owners and spread joy around Oro Valley and Tucson. It is our group's hope that the recipients receive that joy.

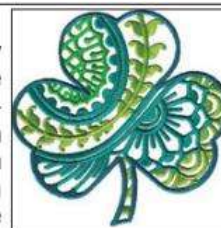

If anyone would like to join us on any Wednesday from 1-3 PM in the Sewing Room at the Artisan Center, there is always room at the table or machines and a need for more hands to bring the love from our donated materials. A special thank you goes to the Seniors for Kids for sponsoring our financial needs when purchasing material, tools and such.

We will be distributing some of our bears this spring and more next fall. We break beginning in May, but start up again in October. Hope to see you soon.

Those interested in the Tapestry Rug Hooking group, please come to the Sewing Room on Tuesday mornings, except for the last week of the month when we meet in the Sewing Room on Thursday afternoon.

Prior to transferring a design to the material, we will discuss the types of materials that are used in hooking. Materials used in tapestry rug hooking are linen, monk cloth, rug warp cloth and burlap. Most of our current members use cotton warp cloth, which is the most popular backing for the size of wool and yarn that most use. Carrie Wiley uses a thicker cut of wool and/or yarn in her projects. She has used both linen and burlap which typically has a much larger weave to accommodate the thick-

We thank Norma Dennart (photo), who demonstrated how grocery bags are crocheted into a 3' x 7' mat and distributed to the homeless. Seven hundred bags are needed to make one mat.

We celebrate March and April birthdays for Debra Dirks and Randy Ebertz. Debra moved to SCOV from Minnesota in 2011 when she joined Show 'n Share (SnS). Her Project Share crafts are knitting and various sewing projects. She learned to make greeting cards after joining our group. She enjoys the camaraderie of SnS. Randy moved to SCOV from North Dakota in 2017 and joined SnS in 2018. She makes greeting cards and is an avid reader. Randy enjoys the company of SnS ladies.

Members work on portable crafts, and we love to show our creations and share our ideas. We meet year-round and welcome new members. No dues.

She is also co-director of NASA's OSIRIS-REx mission to the asteroid Bennu. Launched in 2016, the probe is now circling the asteroid and will return a sample to earth in 2023.

Bob Cratty (pictured) is retiring following ten years of enriching the lives of many children at Coronado K-8 School by opening up the night skies to them. Bob made the first contact with the school and was instrumental in providing and funding all fifth graders with telescopes. The phenomenon of the Internet of Things (IoT) is where everything is connected and your phone or tablet provide that world interface. In February's general meeting, we investigated the IoT's voice activation world of Alexa, Google Home, Cortana and Siri and their use in home automation.

This March, we will expand IoT by discussing the growing world of Artificial Intelligence (AI), where the computers and devices are able to perform tasks normally requiring human intelligence such as visual perception, decision making or language translation.

Membership is required for help sessions, classes and the right to join the ListServ (online bulletin board). See the club's website homepage.

Dues for 2018-2019 are \$10/household. Send checks, not cash, to Dave Johnson, 2427 Nasturtium, with the application form, available outside the CLC (Computer Learning Center) in the Welcome Center. You may download it from the club's website. Renewing members do not need to fill

out an application form if your personal information has not changed.

VCS club will again take your used ink cartridges for a recycle program. Drop them off in the basket just outside the CLC.

Please note: computer help is available to members by calling the help desk number 520-329-7661. We provide this option, so we can match a Help Desk Assistant to your specific problem. This information can also be found on the VCS website shown above.

Poets Corner

Sharyn Rafieyan 520-825-6762 srafieyan@comcast.net
Mon., 9:30-11:30 AM, WC3

Surely everyone has heard this quick fix for transforming your troubles: "When life hands you lemons, make lemonade." Poets Corner member Elise Asch applied a similar principle to a recent tragedy that befell her daughter, turning an unfortunate accident into a clever rhyme that finds some good in the bad.

Rachel's feet

"What a treat to meet your feet / and learn they're not entirely obsolete / though they cannot take a hike / and do not even look alike / they have saved you from a dangerous trip / Antarctica ice could make you slip / and likely cause a broken hip!"

Good news about other members: Jan Fuller and Christa Lubatkin have had several poems presented in online publications. John Padgett composed the songs for a CD produced and performed by his friend, Jody Adams, and Jim Pavlakis published a book of poetry entitled *Lines of Sight*. Congratulations to all.

If you like to dance to fun music and tap your feet to the beat, come try our "Totally Tapping for Fun" beginner class.

Western - Kactus Kickers

Pres. (acting) David Isle
Membership chair (interim) Preston Sheriff
email: kksco@gmail.com

The Valentine's dance was a sea of swirling red. There was great food, romance and even some magnificent dancing.

The March dance, "It's Spring: Time to Kick a Little Kactus," is Friday, March 8. Doors open at 5:30 PM, with music provided by Clear Country, and dancing 6:30-9:30 PM.

Dance classes continue on Thursday evenings. It's amazing to see how far we've come in such a short time. Some of us can even do the Two Step basic without saying "quick quick slow slow" out loud anymore. Forgive me for bragging. The Monday practices are helping and so are the men-only classes before the beginner's class on Thursdays.

It's almost time to elect officers for next year. Please consider volunteering for a place on the board or as a committee chair to help this group continue to grow and provide great opportunities for all SCOV boot stompers. Send questions about how you can get involved to kksco@gmail.com.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Joseph Pilates once wrote "physical fitness is the first requisite of happiness." To get the full benefits of Pilates, a person should understand the application of the basic principles. This takes a little time and patience as the exercises can be different from other forms of exercise. They are fun, interesting and challenging. Pilates can even become addictive. It teaches proper balance, breathing, focus on your core (abdomen and back muscles) and movement control. The constant movement from one exercise to the next results in your developing more strength and stamina. Even your posture is improved. The spine lengthens and joint flexibility and mobility increase. SCOV has two experienced in-

structors who teach the mat Pilates system and can modify many of the moves for us, if necessary. The cost is only \$8/class and annual club dues are \$20 pp. Please stop by and watch a class. Call Mary.

Town of Oro Valley

Don't Leave Valuables in Vehicles

Oro Valley Police Department wants to remind everyone to remove all valuables from your vehicle and be sure to lock them at home and away. If you have a garage, but choose to park outside, be sure to bring your garage door opener with you inside your home, so the bad guys don't have access to your home if your vehicle is broken into.

There's still time to make your voice heard in OV

Do you have one minute a month to help make Oro Valley even better? Resident input is essential to the Town's decision-making process, so we've launched a new online tool to make sure we're hearing from the entire demographic spectrum. With the new FlashVote platform, you can take a one-minute survey (no more than once a month). Survey responses are anonymous and will provide statistically valid information for Council and Town leadership to make important decisions regarding Town operations and services.
